

MEDIA RELEASE

Charlotte, NC – Thursday, June 9, 2022. The Charlotte-Mecklenburg Police Department's Animal Care & Control (AC&C) was notified by our liaison with the Mecklenburg County Health Department that a rabies alert notification will be sent out tonight at 7:00 p.m.

The alert will be sent to residents on or near **Kilborne Drive, Charlotte 28205. A raccoon in this area of Mecklenburg County tested positive for rabies.** There were no domestic pet exposures and one human exposure.

If you have any questions regarding potential human exposures, please contact 980-314-9214 (Carson R. Phillips) or 980-314-9210 (Jose Pena).

This is the **9th** animal in Mecklenburg County this year to test positive for rabies.

AC&C would like to take this opportunity to remind pet owners of the importance of keeping your pet's rabies vaccination up to date. North Carolina rabies law requires that all owned dogs, cats and ferrets must be vaccinated against rabies by four months of age ([NCGS 130A-185](#))

Additionally, AC&C offers a free monthly clinic for Mecklenburg County residents to have their pets inoculated against rabies. This clinic takes place the second Saturday of each month from 8:00 a.m. to 10:45 a.m. at the animal shelter located at 8315 Byrum Drive – Charlotte, NC 28217. \$10 Microchips and free pet I.D. tags are also provided at this clinic.
