

MEDIA RELEASE

Charlotte - NC – January 14, 2022: In addition to sharing winter weather pet safety tips, we also are sharing an alert that the shelter is again full of dogs. Finding empty kennels in stray dogs is our largest challenge right now. We have approximately room for 8 more dogs. We would like to ask the community to come by tomorrow prior to the winter storm and pick out a dog to take on a winter weather Staycation. Taking a adoptable dog on a Staycation opens a kennel for another dog coming in. A Staycation is literally saving two lives: the life of the dog on the Staycation and the one it makes room for.

We currently have 41 cats, 6 kittens, 153 dogs in our care.
