Council Agenda

Monday, April 23, 1990

1 00 PM - Council-Manager luncheon
2 00 PM - Citizens hearing
2:30 PM - Council meeting

ITEM NO

1 Invocation

PUBLIC HEARING

2 Conduct a public hearing to obtain the views of property owners and citizens on the proposed amendment to the plan for services for Municipal Service District 1

At the February 26, 1990 Council meeting, City Council voted to hold a public hearing in accordance with state law on the proposed amendment to the plan for services for Municipal Service District 1

Written notices were mailed to each property owner in the district on March 19

City staff prepared a Report on the Amendment to the Plan which was filed with the City Clerk on March 23

Notice of the hearing was published in the Charlotte Observer on April 12

The amendment to the plan will permit Municipal Service District 1 tax funds to be used for the following projects

1 The renovations, alterations, maintenance, and operations necessary for the leasing and disposition of Cityfair and its garage
Council has established the Cityfair Real Estate Committee to direct those activities required to responsibly lease and/or otherwise dispose of Cityfair.

2 Downtown revitalization projects identified in the Urban Design Plan, Center City Charlotte adopted by Council on January 8, 1990

Upon the disposition of Cityfair, the garage, the Carolina Theatre site, and/or the land underlying Cityfair, and the payment of other obligations, funds may be available in excess of those expended by the City Council may determine to fund those projects identified in the Urban Design Plan with these or other Municipal Service District 1 tax funds.

Schedule

In the budget workshops beginning May 1, Council will need to discuss whether they will use Municipal Service District 1 tax revenues as a method for funding Cityfair. On June 11, when the budget is adopted and the tax rate set, Council will need to determine whether to raise the tax on Municipal Service District 1 to fund Cityfair and approve the amended plan for services to permit this.

Clearances

Economic Development

3 Conduct a public hearing on the private sale of two City-owned parcels of land to Gulf South Development Group for $10,750.

B Recommend approval of the sale of the two parcels of land to Gulf South Development Group for $10,750.

Public Hearing Required

The transfer of land by a private sale is authorized by N C G S 160A-457(4), and requires that a public hearing be held to consider such a sale.

Two City Parcels

Two parcels acquired by City.

245 Victoria Avenue - a 4,250 sq ft parcel acquired as part of Third Ward Redevelopment Plan.
415 North Summit Avenue - a 6,500 sq ft parcel acquired as part of Five Points Redevelopment Plan. (The Five Points parcel is where the 24 units of affordable housing were built by a joint venture partnership which included Gulf South Development Group, NCNB-Community Development Corporation and John Crosland Company.)

**Gulf South Proposal**

**Purchase** - Gulf South Development Group, represented by Mr. Vincent James, submitted a proposal to purchase the two parcels for their current appraised value of $1.00 per square foot for a total of $10,750.

**Proposed Use** - Gulf South Development Group proposes to build two three-bedroom homes with a sales price of approximately $61,000 each. The Housing Partnership has provided a letter of commitment to the developer for construction, first and second mortgage financing in order to sell these houses to persons making between 45 through 60% of the City's median income and on the City's master waiting list for assisted housing.

**Housing Use** - The redevelopment plans and the approved special project plans for both Third Ward and Five Points identify these parcels for single-family infill housing.

**Endorsements** - The development proposals for both parcels have been endorsed by the respective neighborhood organizations located in Third Ward and Five Points.

**Funding**

Proceeds from the sale of these two parcels will be deposited into the Community Development Fund for future land acquisition.

**Clearances**

The attached mandatory referral report was approved by the Planning Committee of the Charlotte-Mecklenburg Planning Commission on April 17, 1990.

Attachment No. 1
4. A Conduct a public hearing to obtain the views of citizens on a proposed ordinance to amend the Charlotte Housing Code

B Recommend adoption of the proposed ordinance to amend the Charlotte Housing Code

Time Savings

Approximately 150 code enforcement cases annually change ownership in the middle of the code enforcement process. Adoption of this ordinance will shorten the time for these cases by 60 to 90 days by allowing us to file code enforcement actions in the lis pendens file (a public record of pending legal actions) which will notify a prospective buyer that we have an action pending against the property.

Code enforcement action will be recorded in the lis pendens file where the dwelling unit is

(1) ordered demolished,
(2) boarded-up or open and vacant,
(3) within a census tract that is targeted under the City's concentrated code enforcement program, or
(4) likely to change ownership during the code process based on prior experience with a property owner.

Funding

It is estimated that $1,500 will be spent annually to record 150 code documents in the lis pendens file. These funds will come from the current operating budget appropriation.

Clearances

The ordinance has been prepared by the Legal Department and reviewed and approved by the Community Development and Legal Departments.

5. A Conduct a public hearing to abandon a portion of Robin Road

B Recommend adoption of a resolution to abandon a portion of Robin Road

Petitioner: Mr. Walter G. Lineberger, Mr. and Mrs. Robert G. MacMartin and Mr. and Mrs. Robert C. Green

Right-of-way to be Abandoned: A portion of Robin Road

Location: Between Westbury Road and Montclair Avenue.
Reason To incorporate right-of-way into adjoining residential lots thereby, providing proper maintenance

Clearances Private utility companies - No objection
Residents Association of Providence Park - No objection
City departments - Review has identified no reason that this closing would

1 Be contrary to the public interest, or
2 Deprive any individual owning property in the vicinity of Robin Road of reasonable ingress and egress to his property as outlined by NCGS 160A-299

Funding No City funds are involved

A map is attached.

Attachment No 2

POLICY

Recommends an amendment to the tri-party agreement to build owner-occupied housing in the Greenville neighborhood which would allow up to 25% of the houses in each phase to be made available at market rates to persons earning over 60% of the median income.

Tri Party Agreement

On September 25, 1989, City Council approved a tri-party agreement between the Charlotte Housing Authority, the Charlotte-Mecklenburg Housing Partnership and the City of Charlotte to build 35 single family, owner-occupied homes on an annual basis for the next three years.

NCNB Community Development Corporation was selected as the developer with the John Crosland Company as the builder for the project.

The agreement states that homes shall be sold in the following order of preference to:

families residing in public housing earning 45% or more of the median income,

families enrolled in a transitional housing program,

families on the Housing Authority master waiting list with income of 60% or less of the median income.
The Housing Partnership was to solicit and consider comments and suggestions from the residents and resident organizations in the Greenville neighborhood.

The suggestion was made to allow up to a maximum of 25% of the total homes built in each of the three phases be made available to be purchased at market rates by families earning over 60% of the median income, thereby helping blend the neighborhood composition.

If the homes are not sold within 90 days at market rate, they will be made available to lower income families.

NCNB Community Development Corporation will be responsible for selling the market-rate homes.

The City and Housing Partnership will not be involved in financing the market-rate homes.

Letters from NCNB Community Development Corporation and the Greenville Homeowners Association requesting an amendment to the tri-party agreement are attached.

Clearances

Community Development Department, Housing Partnership and Housing Authority

Attachment No 3

Consider a policy for use of sidewalk pavers in the Central Business District.

On April 9, 1990, Council approved a replacement paver system for the Tryon Mall sidewalks. The pavers are 4 1/2" x 9" laid in a herringbone pattern with a mottled rose color. The City maintains the Mall sidewalks.

Council is asked to consider a policy for use of sidewalk pavers on the streets adjacent to the Tryon Mall, the idea being to extend the aesthetics of the Mall to the primary pedestrian corridors. The streets are as follows and are shown on the attached map.
Church Street  
College Street  
100 block of streets crossing Tryon between  
Stonewall and Eighth  
Trade Street between Graham and McDowell (included  
following Council's discussion at the April 9  
Council meeting)

Option A. Maintain the status quo

This option would allow developers to choose any sidewalk  
material, including Mall pavers

City forces would continue to maintain only pavers on the  
Mall, property owners outside the Mall maintain their  
sidewalks through an encroachment contract with the City  

Planning staff would approve appearance of pavers proposed  
by developers  

Engineering staff would approve installation of pavers  

With the exception of Planning's approval of the appearance,  
the above points represent the current policy  

Option B. Require that Mall pavers be used in the Central  
Business District locations mentioned above

New construction or renovation of an existing building where  
the cost exceeds 50 percent of the current value would  
trigger the paver requirement  

Sets uniform standard for primary uptown streets, Planning  
staff feels uniform pavers is the most desirable condition  

When Mall pavers are required of a developer, the City  
Attorney advises that the City must assume maintenance  
responsibility, there is no way to predict what the long  
term maintenance needs and costs would be  

Construction and maintenance would be simpler with a uniform  
standard along the streets  

Some existing buildings already have different pavers such  
as NCB/Radisson, First Union Center, and the Federal  
Reserve Bank
Option C. - Allow developers to choose between Mall pavers or standard concrete in the locations outlined above.

Limits use of pavers to the Mall Standard.

Developers could be required to maintain the pavers since they have the option to use concrete.

Attachment No 4

Recommend that Council accept the recommendations of the Ad Hoc Citizens Advisory Committee for Transit Management RFP and Services.

The Ad Hoc Citizens Advisory Committee for Transit Management RFP and Services has completed its phase two report on transit services. (Attachment 1 is a list of the committee members.) Recommendations in its phase 1 report on the proposed RFP for transit management were previously presented to Council and incorporated into the RFP process.

The committee:

held a public forum on January 8, 1990 and received comments from 13 persons on the transit management Request for Proposals and on transit services in general,

received written comments on transit services from 22 citizens, and

met on February 6 and 13 to discuss the citizen suggestions which they had received on improving Charlotte Transit service.

Minutes of these meetings have been previously sent to Council.

Attachment 2 is a summary of the recommendations from the citizens committee concerning transit services. The recommendations include:

1. Create a Transit Oversight Committee
2. Implement changes to the service extension process.
3. Study the concept of an uptown shuttle.
4. Investigate the transit mall concept and transfer policies.
<table>

<tbody>
<tr>
<td>5</td>
<td>Trash Collection on Buses - We have asked Charlotte Transit to proceed with implementation of this suggestion</td>
</tr>
<tr>
<td>7</td>
<td>Driver Identification - Charlotte Transit is investigating several possibilities for identification for the drivers. Each will have a name tag or badge within the next few months</td>
</tr>
<tr>
<td>8</td>
<td>Posting of Information - Information notices now are posted at two locations in the buses. We also are investigating additional racks for schedules and other &quot;take one&quot; information</td>
</tr>
<tr>
<td>9</td>
<td>Employee Suggestion Program - Charlotte Transit already has in effect a suggestion program for employees. It will be reemphasized through regular notices to the employees and more prominent display of suggestion boxes and other methods of transmitting suggestions to management</td>
</tr>
</tbody>
</table>

**Further Study**

The following committee recommendations require further study. More detailed information on each recommendation is attached.
1. **Transit Oversight Committee** - Transportation staff will review this idea and come back to Council with a recommendation.

2. **The Service Extension Process** - Staff will investigate more frequent service adjustments and report back to Council.

3. **Uptown Shuttle** - A report will be provided to Council within the next three to four months.

4. **Transit Mall/Transfers** - A report on progress in this area also will be available within the next three to four months.

5. **Hub Concept** - We will report to you through normal processes of service change and budget consideration as information is available.

6. **Bus Shelters** - Information will be provided as the Urban Design Plan is implemented.

Council is asked to accept these recommendations and to direct staff to continue their work on examining the feasibility of the recommendations.

**Clearances**

Charlotte Department of Transportation

Attachment No 5

9.

**Recommend acceptance of the report from City Council's annual retreat, "Strategic Visioning for Charlotte 1990," and direct staff to submit an update report in September.**

**Council Retreat**

The City Council retreat was February 2-3, 1990. The February 2 session was a day-long strategic visioning exercise aimed at highlighting key issues facing Council and identifying steps Council could take in the coming year.

**Summary Report**

The attached report, "Strategic Visioning for Charlotte 1990," is a staff summary of the first day of the retreat. It combines the comments made by the two sub-groups of Council members in their separate and joint sessions, within a framework of the major issues identified by Council in the exercise.
An interim report, "1990 Charlotte City Council Retreat: Follow-Up Report" was given to Council in February, summarizing issues raised during both days of the retreat and the follow-up actions that were to be taken.

Recommendation

Council is asked to accept this report as a staff summary of its workshop. The Manager's Office will bring this report back to Council's attention in September with a progress evaluation. It is anticipated the update of the 2005 Plan will begin in January, 1991, Council may wish to use this process as a means to consider public involvement.

Attachment No. 6

10 Recommend cancelling the May 7 Council workshop.

Only one item was proposed to be discussed at the May 7 workshop - the preliminary cultural study report. Council's calendar will be very heavy during May because of budget workshops. We felt the May 7 workshop could be cancelled and the cultural study report handled at a budget workshop.

BUSINESS

11 Recommend approval of Option A and authorize the City Manager to expend $2,890,000 in Innovative Housing funds by entering into contracts to fund three projects selected by the Innovative Housing Committee totaling 202 housing units and also authorize the City Manager to finalize negotiations to complete the contracts.

Innovative Housing Funds

September 11, 1989 - City Council approved a policy framework for expending Innovative Housing funds not allocated to the Housing Partnership. The policy allocated $1.5 million to develop 50-75 affordable housing units with proposals being solicited by the Innovative Housing Committee using the Request for Proposals (RFP) process.

February 26, 1990 - The RFP was approved by City Council. RFPs were mailed to 27 persons on February 28, 1990, and an RFP announcement was placed in The Charlotte Observer on March 4, 1990 and the Charlotte Post on March 8, 1990.
March 30, 1990 - ten proposals were received from six developers on 14 different land sites. The land sites are listed and the features of each proposal are given for the 14 sites on Exhibit A, which is attached. Nine items of criteria required by the RFP are listed under each land site. (A small map is attached with Exhibit A, a large map will be available at the Council meeting.)

April 10, 1990 - the Innovative Housing Committee reviewed the proposals. Seven of the 14 sites were eliminated for the following reasons:

1) not in compliance with the City’s Housing Assistance Plan,
2) no evidence of site control,
3) no evidence of ability to finance the project

Of the remaining seven sites, the committee selected four sites (three proposals) in the following priority ranking (See Exhibits A & B)

(1) Developer - Ned Bishop - Carocon Corporation
Site (requires rezoning) - Carmel Road & Carmel Forest Drive (C T 30 03)
Project - 48 units providing priority assistance to 40% or less of the median income
Total Cost - $2,396,659
City Loan - $1,300,000

(2) Developer - Crosland Properties, Division of the Crosland Group, Inc
Sites (2) - York Road at Sandy Porter Road (C T 59) & Knights Bridge Rd (C T 58 02)
Project - 104 units (both sites) providing priority assistance to 40% or less of the median income (52 units) and 60% or less of Charlotte’s median income (52 units)
Total Cost - $5,489,500
City Loan - $950,000

(3) Developer - Charlotte Housing Authority
Site - Park Road and Seneca Place (C T 31 03)
Project - 50 units providing priority assistance to 40% or less of the median income.
Total Cost - $2,499,162
City Loan - $640,000

A site map for each of the three proposals is attached as Exhibit C. The Assistant Superintendent for Planning and Research has advised that these three proposals will have no negative impact on the Charlotte-Mecklenburg schools (See Exhibit D.) Also attached as Exhibit E is the Planning staff's review of the proposals.

The following three options have been developed for Council's consideration:

**Option A** - Authorize the City Manager to expend $2,890,000 in Innovative Housing funds by entering into contracts to fund three projects in priority ranking selected by the Innovative Housing Committee totalling 202 housing units. (The Innovative Housing Status Report on funds is attached as Exhibit F)

**Option B** - Authorize the City Manager to expend $1,300,000 in Innovative Housing funds by entering into a contract to fund the Bishop/Carocon Corporation proposal, the Innovative Housing Committee's #1 priority ranking, to develop 48 housing units

**Option C** - Reject all proposals

**Option A Recommended**

The Innovative Housing Fund has an unspent balance of $3,278,833 (see last page of Exhibit F) For this reason enough money is available to fund more than one project. Since the City has received several proposals that comply with City Council's recently adopted Housing Policy Plan, Housing Assistance Plan, and Land Acquisition Policy, it is recommended that the City Council approve A to fund three projects in priority ranking selected by the Innovative Housing Committee

Option A authorizes expending $2,890,500 of the current funds available in the Innovative Housing funds (see Exhibit D) leaving a balance of $388,833 to fund small projects until June 30,
Request for Council Action

To the City Council from the City Manager

Recommends: Fast Track Schedule for Old Coliseum Reuse

City Manager's Office

This request should be reviewed according to the following categories:
Background and Explanation of Request Source of Funding, Clearances, Bibliography

The Ad Hoc Council Committee for the old Coliseum has reviewed the Laventhol and Horwath report on the possible usage of the building and has recommended that the City prepare a Request for Proposal (RFP) to be sent to individuals interested in operating the facility. In all our inquiries and discussions with members of the private sector, there is mention of a minor league hockey franchise becoming a primary tenant. We have learned that the old Coliseum is currently not equipped for ice making capabilities which could require an extensive construction period to install. Therefore, in order to accommodate any possibility of ice hockey this fall, we are offering the following schedule:

<table>
<thead>
<tr>
<th>Date</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>April 23</td>
<td>Council approves the proposed process and schedule</td>
</tr>
<tr>
<td>April 25</td>
<td>Ad Hoc Council Committee reviews and approves RFP</td>
</tr>
<tr>
<td>April 26</td>
<td>RFP mailed to interested groups and individuals</td>
</tr>
<tr>
<td>May 9</td>
<td>Receive responses to RFP</td>
</tr>
<tr>
<td>May 10</td>
<td>Council reviews responses to RFP at budget workshop session</td>
</tr>
<tr>
<td>May 11</td>
<td>Staff begins negotiations with successful respondent</td>
</tr>
</tbody>
</table>
We have been told, by potential lessees, that the fast track schedule is the only way the old Coliseum can possibly be retrofitted with ice making equipment in time for the 1990 ice hockey season.

The schedule and process involved in negotiating a successful contract with a lessee preempts the City from spending a great deal of time advertising for responses to the RFP. This narrows down the major legitimate respondents to those entities which have previously expressed interest in the old Coliseum and have done the necessary ground work to furnish us a viable proposal. The fast track schedule will also authorize staff to mail RFP's after the Ad Hoc Committee reviews and approves the document Wednesday, April 25 (each Council member is invited to attend the 5:15 p.m. workshop). Council will have the final authority in selecting a potential lessee.

If Council approves the proposed process and schedule outlined above, we will immediately begin to notify everyone who has expressed an interest in the old Coliseum.
12  (b)  Approve the use of bonds, notes and financing under applicable North Carolina law including North Carolina General Statutes Section 160A-20 as methods of financing the acquisition of said land (including related interests in land), including financing, issuance and all other costs necessary in conjunction with such financing and authorize appropriate City officials to investigate and negotiate the selection and terms of such financing.
1990 The proposed CIP includes an additional $45 million for FY91

As requested by Council, the Community Relations Committee staff has reviewed the three proposals and their comments regarding changes to the neighborhoods as related to racial composition are attached as Exhibit G.

The Innovative Housing Committee ranked the three projects in priority ranking because each of the projects is contingent upon receiving tax credits from the North Carolina State Housing Finance Agency; and, due to the expected State-wide competition for the tax credits, there may not be enough tax credits available for Charlotte to receive and fund three projects. However due to the mix of the projects recommended (Private, Private/non-profits), the projects should be competitive.

It is requested also that the City Manager be given the authorization to finalize the negotiations on each project funded to insure compliance with Council’s goal on long-term availability in repayment of the City’s loans to recycle funds.

Funding City Innovative Housing Fund.

Clearances The Innovative Housing Committee on April 10, 1990

Attachment No 7

12 Recommend acquisition of property for proposed Convention Center.

Trade Mart/Young Ford Site

As part of our Convention Center process, Council determined that the best possible site for the proposed Convention Center is the area known as the Trade Mart/Young Ford site. Since this decision, we have been negotiating with the property owners of the proposed site and have received purchase contract offers for a nominal fee - $500 per parcel. The offers for the Trade Mart/Young Ford site as well as a letter of commitment from Norfolk/Southern Railroad are all contingent upon the legislature approving our request for authorization to levy an additional 3% occupancy tax and a 1% restaurant tax. If the
legislature does not approve our request during the 1990 session, the purchase contracts will be null and void. If the legislature does approve our financing alternatives, we will close the acquisition of the subject property on or around September 1, 1990.

Financial Advisor Report

We have hired a financial advisor, Evensen Dodge, to verify the adequacy of funding from the proposed new taxes. They report that the City can finance with moderate risk a project costing approximately $153 million and still have $15 million for annual marketing expenses. The financial advisor's estimates of long-term debt capacity are based upon a conservative model which does not project growth in revenues beyond 1996.

Cost Estimate

In an April 17, 1990 report to the Coliseum Authority, The FWA Group estimates the Convention Center project cost to be $157,600,000. This updated cost estimate is close enough to our financial advisor's estimate of acceptable debt to suggest that the project is feasible. The total estimated financial commitment for acquiring the entire site is as follows:

1. Trade Mart Property $9,475,000
2. Young Ford Property $11,416,000
3. Norfolk/Southern Railroad property $6,360,000

   TOTAL $27,251,000*

   * This amount is to be adjusted after final surveys.

Council Action

Council authorization to execute purchase contract agreements for the Young Ford property and the Trade Mart property will commit the City to acquire these properties once the legislature grants our financing request. We have a similar agreement with the Norfolk Southern Railroad but cannot get formal approval until their board meets after May 1990.

Approval of this item will enable us to be on schedule with all the critical variables previously identified in the Convention Center process.
13  Recommend the purchase of 311 acres of land for $850,000 from F & R Oil Company, Inc for a public parking facility or convention center vehicle staging area, or both, or other public purposes.

(a) Approve the purchase by the City of approximately 311 acres of land (including related interests in land) located on South Cedar Street at its intersection with Dunbar Street for a price totaling up to $850,000, for use in connection with a proposed stadium or convention center, or both, as a parking facility site or convention center vehicles staging area, or both, or other public purposes, including, without limitation, acquiring option(s) or entering into purchase contract(s) with respect to such land acquisition.

(b) Approve the use of bonds, notes and financing under applicable North Carolina law including North Carolina General Statutes Section 160A-20 as methods of financing the acquisition of said land (including related interests in land), including financing, issuance and all other costs necessary in conjunction with such financing and authorize appropriate City officials to investigate and negotiate the selection and terms of such financing.
Recommend the purchase of 3.11 acres of land for $850,000.00 from F & R Oil Company, Inc., for surface parking for the proposed NFL football stadium.

NFL Stadium
In October of 1989, City Council began purchasing land for a proposed NFL stadium.

VIP Parking
The development agreement with Richardson Sports makes the City responsible for providing 1,200 parking spaces for use by the Richardsons on NFL football days.

   This is the first of several parcels that will be purchased for surface parking for the proposed NFL stadium.

   It has been determined that in this area, surface parking is cheaper than constructing a parking deck.

   A preliminary environmental evaluation of the land shows that it is clean.

   This price is competitive with other land purchases that have been made recently in this area.

Funding
Sufficient funds for this purchase are in the NFL Football Stadium Capital Account.

Clearances
Purchase has been reviewed by staff in the Engineering Department, Real Estate Division and City Attorney's office.

Consider the request of the Charlotte Sister Cities Committee to fund a display/exhibit area for gifts presented to the City of Charlotte by our sister cities and adoption of an ordinance appropriating $29,905 for the display system.

Need
Appropriate display area for art pieces, gifts, and documents which have been presented to the City of Charlotte by our sister cities of Arequipa, Peru, Krefeld, West Germany, Baoding, People's Republic of China.

Number of gifts
To date some 75 items have been collected. Not all will be displayed at once, the exhibit will change from time to time.
Location. Level two of the Government Center adjacent to the Conference Center.

Person Responsible for Inventory and Changing Exhibit:
Executive Director of Charlotte Sister Cities, Inc. CMGC to be responsible for outside cleaning and light bulb replacement only.

Display Design: Gaines Brown Design, suggested by the Mint Museum, designed a display system which has been approved by the CMGC building architect (see attached letter).

Price: $29,905 which includes design fee, construction drawings and installation.

Completion Date: September 1, 1990 with dedication planned for September 28 when City officials will welcome visiting dignitaries from each sister city who will be in Charlotte to participate in opening ceremonies for an International Art Exhibition sponsored by Charlotte Sister Cities.

The chairman of the Sister Cities Committee will be at the Council meeting and will have available renderings of the display design.

Funding: General Fund Contingency, balance $142,450.00
The Sister Cities Committee will attempt to locate a private sponsor to assist with up to $10,000. However, the committee cannot guarantee this funding.

Clearances: Charlotte Sister Cities Committee, Public Service and Information, General Services, Mint Museum, CMGC architects.

Detailed information is attached.

Attachment No. 8

---

The City Attorney advises that agenda items no. 15 through 32 may be considered in one motion. However, any member of Council may request that an item be divided and voted on separately.
PERSONNEL

15

Recommend adoption of a resolution amending the Summer
Recreation Pay Plan.

Summer Recreation Pay Plan

The summer recreation Pay Plan was last amended in 1987. Salary data collected indicates that
current salaries for summer recreation employees
need to be adjusted to remain competitive

Amendment

The recommended resolution will increase existing
pay ranges by 4 percent. Due to recruitment
difficulties, it is recommended that Lifeguard and
related supervisory positions of Head Lifeguard
and Pool Manager be raised to the next highest pay
range. This will necessitate the addition of Pay
Range 97 to accommodate the new pay range for Pool
Manager

Funding

Additional funding of $7400.00 needed for this
fiscal year is available in the Parks and
Recreation budget for. Additional costs for July
and August, 1990 and June, 1991 will be included
in the FY91 budget

Clearances

Personnel Department.

BUDGET ORDINANCE

16

Recommend adoption of a budget ordinance totalling $6,950,000
for Discovery Place Phase II Expansion

Discovery Place Expansion

In November, 1988, Charlotte voters approved $9
million in Cultural Facility Bonds to expand
Discovery Place. The expansion was subsequently
divided into two phases:

- Phase A - the Omni max Theatre and exhibit
  space,
- Phase B - a parking deck and geological park

Accelerated Construction

Originally the project was planned to be
constructed in fiscal year 1992, however, on
March 27, 1989, Council approved accelerating a
portion of the project (Phase A) to fiscal year
1990. This was done to coincide with the
fundraising schedule and purchase of Omni max
equipment
Phase A
$9 Million
On January 8, 1990, Council approved advancing the total City contribution of $9 million for the construction of Phase A. Discovery Place is responsible for the full funding of Phase B, which is projected to cost $6.1 million.

Council Action
This action appropriates the remaining funds required for the Phase A construction budget. Bid awards for Phase A are included in the following Bid list:

Pending approval, the project budget will be as follows:

<table>
<thead>
<tr>
<th>Source</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1988 Cultural Facility Bonds</td>
<td>$9.0 m</td>
</tr>
<tr>
<td>Discovery Place Contribution</td>
<td>4.9 m</td>
</tr>
<tr>
<td>Total</td>
<td>$13.9 m</td>
</tr>
</tbody>
</table>

The $13.9 million appropriations are as follows:

<table>
<thead>
<tr>
<th>Previously Appropriated</th>
<th>Today's Appropriation</th>
</tr>
</thead>
<tbody>
<tr>
<td>City $5,950,000</td>
<td>City $3,050,000</td>
</tr>
<tr>
<td>Disc. Pl. 1,000,000</td>
<td>Disc. Pl. 2,900,000</td>
</tr>
<tr>
<td>Total $6,950,000</td>
<td>Total $6,950,000</td>
</tr>
</tbody>
</table>

Clearances: Budget and Evaluation

BID LIST

Recommend adoption of the bid list as shown. The following contract awards are all low bid and within budget estimate unless otherwise noted. Each project or purchase was authorized in the annual budget.

A. Aluminum Sheets

Recommendation. By Purchasing Director and Director of Department of Transportation that the low bid, Korman Signs, Inc., Richmond, Virginia, in the amount of $62,668.80, be accepted for award of contract on a unit price basis.

Project Description. This proposed purchase is for 1,020 sheets of aluminum to be used to fabricate various quantities and sizes of street signs.

Source of Funding: General Fund - (Department of Transportation-Operations)
B Riding Lawn Mowers

**Recommendation.** By Purchasing Director and Director of Parks & Recreation that the low bid, **Smith Turf & Irrigation Company**, Charlotte, N. C., in the amount of $105,128.00, be accepted for award of contract.

**Project Description.** This proposed purchase is for six 72" and seven 52" replacement riding lawn mowers to be used by Parks & Recreation Department to maintain the hundreds of acres of parks in the City. These parks must be mowed 15 to 20 times per year.

**Source of Funding.** Capital Equipment Fund - (Parks and Recreation-Operations)

---

C Eastway Drive/The Plaza

**Intersection Improvements**

**Recommendation.** By the City Engineer that the low bid of $704,663.68, as submitted by **Ferebee Corporation**, be accepted for award on a unit price basis.

This Major Intersection Improvement Project will add a right-turn-only lane and an additional left-turn lane to the southbound approach of Eastway Drive. No lanes are being added to the northbound approach of Eastway Drive, but a radius improvement is being made for the right-turning movement to The Plaza outbound. A right-turn-only lane will be installed on the westbound approach of The Plaza.

**Source of Funding.** General Capital Improvement Fund - (TSM Intersections 1987 Street Bonds)

---

D Randolph Road at Billingsley Road

**Intersection Improvements**

**Recommendation.** By the City Engineer that the low bid of $90,631.17, as submitted by **Asphalt Associates of Charlotte**, be accepted for award on a unit price basis.

**Project Description.** This Minor Intersection Improvement project consists of widening along Randolph Road at Billingsley Road along with minor drainage alterations due to widening, and sidewalk and curb and gutter removal and replacement.
Source of Funding: General Capital Improvement Fund -
(Minor Intersection Improvement Program - Pay-As-You-Go Tax Levy and Powell Bill Funding)

E Discovery Place Omnimax Engineering

Recommendation: By the City Engineer that the following contracts negotiated with the low bidders be accepted for award.

GENERAL
M. B. Kahn Construction Co., Inc $6,237,457 Columbia, S. C.

MECHANICAL
Alpha Mechanical, Inc.
Charlotte, N. C. $262,640

PLUMBING
Alpha Mechanical, Inc.
Charlotte, N. C. $303,950

ELECTRICAL
Watson Electric Co., Inc.
Charlotte, N. C. $753,280

TOTAL $8,237,927

Project Description: These contracts are for the construction of the Discovery Place Omnimax addition.

Source of Funding: General Capital Improvement Fund -
(Discovery Place Phase II Expansion - 1988 Cultural Facility Bonds and Discovery Place Contribution.)

F Sanitary Sewer Construction Charlotte-Mecklenburg
1989 Annexation - I-77 Area West Utility Department

Recommendation: Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by Rea Brothers, Incorporated of Pineville, North Carolina, in the amount of $357,329.04 be accepted for award of contract on a unit price basis.

Project Description: Construction of this project will extend sewer service to the remaining portion of I-77 area which was taken into the City in the 1989 annexation program.

Source of Funding: Water and Sewer Capital Improvement Program - (Annexation I-77 Corridor North)
18  Recommend approval of a contract for up to $500,000 with HDR Engineering for an environmental assessment of the proposed NFL practice field site, conditioned upon the approval of Elliott Schwartz, the current property owner, of the contractor and the contract price.
Recommend approval of a contract for $500,000 with HDR Engineering for environmental assessment of the proposed NFL practice field site.

NFL Stadium

October 30, 1989 - the City began purchasing land for the NFL stadium in uptown Charlotte. The development agreement between the City and Richardson Sports commits the City to provide a practice field site adjacent to the stadium.

April 2, 1990 - City Council approved a contract with Elliot Schwartz for the purchase of a 13.34 acre tract. The contract commits the City to purchase 5.62 acres of the tract which is environmentally clean. For the remaining 7.72 acres which is known to be contaminated, purchase is contingent upon an environmental assessment and remediation cost estimate.

The contract with Schwartz requires him to reduce the price of the land by any cost of remediation and consultant fees in excess of $1,000,000. The cost of the recommended contract with HDR is included in the $1,000,000 allowance.

HDR Contract

HDR is recommended because of their extensive experience and knowledge about the Schwartz site. HDR prepared a general assessment of the site for the City for purposes of the land acquisition contract. That contract was approved by the City Manager.

Under the proposed contract HDR will prepare a remediation plan to address contamination in compliance with North Carolina Division of Environmental Management standards (NCDEM). These standards outline the process to be used including an assessment of environmental risks, options for remediation, and a cost estimate for cleanup.
After the remediation plan is complete and approved by NCDEM (estimated to take 6 months), the method of remediation will be known. An additional contract will be required for biddable plans and specifications to perform the cleanup. Timeframe for cleanup will be dependent upon the remediation method approved.

The proposed contract with HDR is based on hourly payments for risk assessment, remediation investigation, feasibility studies and remedial design as outlined by NCDEM. The hourly rates are within the range that is typical for this type of work. An hourly contract is being utilized since the amount of testing and other work necessary to determine the extent and magnitude of contamination or to satisfy NCDEM cannot be specified at this time. The City will be billed only for expenses incurred. NCDEM staff have indicated the total cost of the contract to be comparable to costs incurred on similarly contaminated sites elsewhere.

**Funding**
Sufficient funds for this amendment are available in the NFL Football Stadium Capital Account.

**Clearances**
This contract has been reviewed by City Engineering Department staff.

**AGREEMENT**

19 Recommend approval of an agreement with Woolpert Consultants for $139,950.00 to provide design services for Phase I improvements at Freedom Park.

**Freedom Park Master Plan**

On May 9, 1988, Council authorized Woolpert Consultants to prepare a feasibility study and develop cost estimates for the Freedom Park Master Plan. Council approved the plan on October 23, 1989. Improvements are to be made in phases.

**Phase I**

The recommended agreement is for the design of Phase I improvements around the perimeter of the lake, walkways, park benches, lake improvements and irrigation. These improvements were identified as a top priority in the Master Plan. The Woolpert contract is recommended by a committee of staff from the Planning, Engineering
and Parks and Recreation Departments using the Council-approved consultant selection process.

Woolpert's contract will include engineering design, mapping the park, field surveys, bid phase, and citizen update meetings.

**Funding**

Funding for this project is available in the Freedom Park Capital Account.

**Recommendation**

A Recommend approval an agreement with Post, Buckley, Schuh, & Jernigan, Inc for $562,561.00 to perform construction administration and inspection for the Eastway Drive/The Plaza intersection improvement project and the Colony Road Extension project.

The design of the Colony Road Extension project from Fairview Road to Carmel Road is complete and the project is scheduled to begin construction in August, 1990 after Council approval of the construction bids. The Eastway Drive/The Plaza intersection project is scheduled to begin construction in May, 1990.

Using the Council-approved selection process, a committee comprised of Engineering staff recommends that Post, Buckley, Schuh, & Jernigan be selected to provide construction administration and inspection services for Colony Road Extension and Eastway Drive/The Plaza intersection improvements.

**Funding**

Funds are available in the TSM Intersection Improvement Capital Account and in the Colony Road Extension - Phase I Capital Account.

**Clearances**

This agreement has been reviewed by the Attorney's Office and reviewed and approved by the Engineering Department.
Recommendation
Using the Council-approved selection process, a committee comprised of Engineering staff recommends that HDR Engineering, Inc. provide construction administration and inspection services for the following transportation and storm drainage projects:

South Boulevard/Sharon Lakes Intersection Improvement
South Boulevard/Hebron Intersection Improvement
Sterling Area, Phase I
FY90 Curb Improvements
Scofield Road Storm Drainage Project

Use of HDR's construction administration services will assist the City in monitoring the large number of engineering projects under construction this summer.

Funding
Funds for this agreement are available in the Minor Intersection, TSM Intersection, Small Area Plan, and Storm Drainage Improvements Capital Accounts

Clearances
This agreement has been reviewed by the Attorney's Office and approved by the Engineering Department
AGREEMENT EXTENSION

21 Recommend approval of a one year extension of service agreement with Johnson Controls, Inc for Airport terminal building automation and mechanical system for $173,200.00

**Agreement with Johnson Controls**

On March 28, 1984, Council approved an agreement with Johnson Controls, Inc for service and maintenance of the Airport terminal automation and air conditioning system which controls energy consumption. This system has centralized control of all heating, ventilating and air conditioning, lighting, fire safety and security alarm programs.

While routine maintenance, servicing and operation of building systems are performed by Airport personnel, the more complex elements of the building automation system, which require specialized tools and specialized training, are maintained through service contracts. Because of the proprietary nature of the computer software, only Johnson Controls can provide manufacturer computer software support in addition to other services required by the service agreement. This service contract has been extended annually since 1984.

**No Cost Increase**

The cost for these services for the one year extension has not changed from the previous year.

**Funds**

Airport Operating Fund. Approximately 80% of this expenditure will be reimbursed by the airlines and other tenants through monthly maintenance and operating charges.

**Clearances**

The project manager, Day & Zimmermann, Inc and the terminal architect, Odell Associates, concur in this recommendation.
AGREEMENT AMENDMENT

22 Recommend approval of an amendment for $452,476.00 to the agreement with Camp Dresser & McKee related to the expansion of the Walter M. Franklin Water Treatment Plant.

Contract: Expansion of the Franklin Water Treatment Plant
Contractor: Camp Dresser & McKee
Date Approved: February 22, 1988
Contract Amount: Not to exceed $2,147,464

Original Contract
The contract with Camp Dresser & McKee was to perform design and construction monitoring for the above project which would expand treatment plant capacity by 24 million gallons per day.

Additional Services
As the design for the 24 million gallon plant expansion began, additional services were required from the engineer to meet increased water demands prior to the completion of the plant construction.

These specific services were to fast track design certain pumping improvements which could be completed in 1989 and which could be used both in 1989 and 1990 to meet peak demands, and a filter study which resulted in State approved increased filter capacity. These additional services which were provided under the original contract are included in this amendment.

Funding: Walter M. Franklin Water Treatment Plant Capital Account

Clearances: The Utility Department Director recommends approval of this amendment to the agreement.

CONTRACT AMENDMENT

23. Recommend approval of an amendment to the contract with Black & Veatch for professional services related to the upgrade and expansion of Mallard Creek and McDowell Creek Wastewater Treatment Plants not to exceed $100,000.

Contract: Upgrade and expansion of Mallard Creek and McDowell Creek Wastewater Plants
Contractor: Black & Veatch
Date Approved: July 27, 1987
Plant Expansion

Council approved a contract with Black & Veatch for the upgrade and expansion of the Mallard Creek and McDowell Creek Wastewater Plants. A subsequent contract amendment was approved for design and construction phase services associated with both plants.

Contract Amendment

In the execution of the original contract, which was approved by the City Council on July 27, 1987, Black & Veatch has designed the upgrade and expansion of the Mallard Creek Wastewater Treatment Plant. By law, a plant expansion requires a new discharge permit prior to new construction. Upon application for the new permit, more restrictive discharge limits were indicated by the State of North Carolina. To address these permit obligations, an amendment to the Black & Veatch contract is necessary to provide design changes.

Funding

This amendment will increase the total not to exceed contract amount to $2,925,000.00. The sources of funds are Mallard Creek and McDowell Creek Wastewater Treatment Plant Capital Accounts.

Clearances

The Utility Department Director recommends approval of this amendment to Authorization No. 1.

BUDGET ORDINANCE/CHANGE ORDER

Recommend adoption of a budget ordinance for $335,689.00 and approval of Change Order #1 to the contract with Crowder Construction for the Parkwood Avenue Extension project.

Contract. Parkwood Avenue Extension
Contractor Crowder Construction Company
Date of Award April 25, 1988
Contract Amount $1,730,280.77

Change Order

Change Order No. 1 includes the cost of installing a supplemental drainage system required because of high water levels in and under the roadway system, pavement repairs, and construction of a new retaining wall required to relieve a sight distance problem at Parkwood and Belmont Avenue.

Funding

Delta Road Extension Capital Project.

Clearances

The Engineering Department and the Budget and Evaluation Department concur with this request.
REHABILITATION LOAN

25 Recommend approval of a loan agreement with Georgianna Campbell for $55,500 to purchase one of the Grier Heights Economic Foundation homes at 3024 Marney Avenue.

$55,500 Loan
Ms Georgianna Campbell, has made an application to purchase 3024 Marney Avenue. The loan amount to purchase the house and land is $55,500.

Detailed information along with an analysis of Mrs Campbell’s income and projected housing expense is attached. A summary of the Rehabilitation Loan Program is also attached.

Funding
Community Development Block Grant funds

Clearances
The loan application has been reviewed by the Community Development Department, and all criteria to qualify for financial assistance have been met by the applicant in accordance with the requirements outlined in the Community Development Standard Rehabilitation Loan and Grant Program.

Attachment No 9

HOUSING CODE ENFORCEMENT

26 Recommend adoption of an ordinance authorizing the use of in rem remedy to demolish and remove the dwellings located at 3916, 3918 and 3918 1/2 North Tryon Street (North Charlotte).

Detailed information is attached.

Funds for this action are available and a lien will be placed against the property for cost incurred.

Clearances
Community Development Department

Attachment No 10
HOUSING CODE ENFORCEMENT CORRECTION

Recommend that Council rescind Ordinance 2891-X authorizing the use of in rem remedy to demolish and remove the dwelling located at 1411 N Alexander Street and adopt a new ordinance indicating the current owner.

On April 9, 1990 Council adopted an ordinance authorizing the use of in rem remedy to demolish and remove the dwelling at 1411 N Alexander Street. The ordinance listed the incorrect owner. The City Attorney's office has advised that it will be necessary for Council to adopt a new ordinance which indicates the current owner.

Clearances Community Development Department

SPEED LIMITS

Recommend adoption of an ordinance amending City Code Section 14-131(c) to change the speed limit on three Charlotte streets.

35 MPH A lowered speed limit of 35 mph is recommended for Beatties Ford Road between LaSalle Street and I-85. This section has only four travel lanes of 10-foot width. Current national design standards provide that roadways of 10-foot width should have a 35 mph or less posted speed limit.

45 MPH Mallard Creek Road is basically a rural roadway. The City recently annexed a short section. The North Carolina Department of Transportation (NCDOT) has requested a 45 mph speed limit inside the City to conform to the State's posted speed limit for the portion of road outside the City.

35 MPH Pineville-Matthews Road between McAlpine Creek and Sardis Road is a thoroughfare, with a current speed limit of 45 miles per hour. In order to provide a safer work area during construction, a 35 mph speed limit is recommended. The street would be returned to 45 mph after construction is completed later this year.
STORM DRAINAGE

A  Recommend adoption of a resolution to repair the storm drainage system in the 1800 block of Northcliff Drive and assess a portion of the cost to the involved property owners in accordance with the Storm Drainage Repair Policy.

Location of Drainage Problem: 1832 and 1838 Northcliff Drive

Ranking: Moderate Priority

Improvements Made: Install 40 feet of 30-inch reinforced concrete pipe, line channel with 10 feet of rip-rap, and repair any driveway damage

Total Cost of Repairs: $23,500

City's Cost: $11,750

Involved Property Owners' Cost: $11,750

Hearing Requirements: No public hearing is required since all involved property owners signed the petition

Funding: Storm Drainage Repair Account.

B  Recommend adoption of a resolution to repair the storm drainage system at 3101 Dawnshire Avenue and assess a portion of the cost to the involved property owners in accordance with the Storm Drainage Repair Policy.

Location of Drainage Problem: 3101 Dawnshire Avenue

Ranking: Moderate Priority

Improvements Made: Installing approximately 60 feet of 30-inch reinforced concrete pipe to connect two existing pipes

Total Cost of Repairs: $17,000

City's Cost: City pays for 50 percent of improvements on private property ($8,500).

Involved Property Owners' Cost: Fifty percent of improvements on private property ($8,500)

Hearing Requirements: No public hearing required since all involved property owners signed the petition

Funding: Storm Drainage Repair Account.
SET PUBLIC HEARING

Recommend setting a public hearing for consideration of the FY91 Operating Budget and the FY91-95 Capital Improvement Program on May 10, 1990.

The recommended date for a public hearing to receive input into the development of the FY91 Operating Budget and the FY91-95 Capital Improvement Program is Thursday, May 10, 1990 from 5:00 p.m. to 6:00 p.m. in the Meeting Chamber.

PROPERTY TRANSACTIONS

Recommend approval of the following property transactions and adoption of the condemnation resolutions.

1 Project, F A.R Part 150 Airport Noise Compatibility Program-Residential Purchase
Owner(s), Michael D. Whitesides and wife, Trina Whitesides
Property Address, 5001 Withrow Road, Charlotte, N C.
Property to be acquired: 1.197 acres (52,141 3 sq ft.)
Improvements, 3 bedroom 1,875 sq. ft ranch home
Price: $66,500.00
Acquisition eligible for Federal Aviation Administration reimbursement.

2 Project, F A.R Part 150 Airport Noise Compatibility Program-Residential Purchase
Owner(s), George Meacham and wife, Marjorie Meacham
Property Address, 4624 Belle Oaks, Charlotte, N C
Property to be acquired: 672 acre (29,300 sq ft)
Improvements, 2 bedroom 1,316 sq. ft ranch home
Price, $58,000.00
Acquisition eligible for Federal Aviation Administration reimbursement.
3 Project: F A R Part 150 Airport Noise Compatibility Program-Residential Purchase

Owner(s): Furman L. Nash and wife, Faye M. Nash

Property Address: 4707 Belle Oaks Drive, Charlotte, N C

Property to be acquired: .637 acre (27,749 sq ft)

Improvements: 3 bedroom 1,517 sq ft. ranch home

Price: $78,500.00

4 Project: Park/Johnston Road Widening-Phase I

Owner(s): David E. Lackey and wife, Lynne M. Lackey

Property Address: 7827 Park Road

Property to be acquired: 6,877 sq ft. (.1579 ac) plus 3,767 sq ft (.0865 ac) temporary construction easement

Improvements: trees, shrubs, seeded lawn

Price: $26,000.00

Remarks: Zoned R-12, used as single family residential

5 Project: Shamrock Drive Widening

Owner(s): John Wesley Knight, Widower

Property Address: 2938 Shamrock Drive, Charlotte, N C

Property to be acquired: 251 sq ft (0.0058 ac) plus construction easement 2,325 sq ft (0.0534 ac.)

Improvements: two-commercial signs, parking, blockwall fence

Price: $12,475.00

Remarks: To acquire area for road widening. Zoned B-2, used as restaurant and laundry.

CONDEMNATIONS

6 Project: Idlewild Road Widening - Phase II

Owner(s): Idlewild Investment Company, and any other parties of interest

Property Address: 7920 Idlewild Road

Property to be condemned: 2,106 sq. ft (0.048 ac) 39 sq. ft. (0.008 ac) of permanent utility easement and 7,867 sq ft. (0.180 ac.) of temporary construction easement

Improvements: 1 story frame residence

Price: $10,450.00

Reason for condemnation. Condemnation is recommended in order for City to get clear title to needed right-of-way Property is under Court Order to be sold A 1 story frame residence containing 983 sq. ft. will be included in condemnation.
ITEM NO - 34 -

7 **Project:** Idlewild Road Widening - Phase II  
**Owner(s):** Robert C. Moore, and any other parties of interest  
**Property address:** 7124 Idlewild Road  
**Property to be condemned:** 98 sq. ft. (0.0022 ac) of  
permanent utility easement and 607 sq. ft. (0.0139 ac.)  
of temporary construction easement.  
**Improvements:** landscaping, brick planter and shrubs  
**Price:** $1,300.00  
**Reason for condemnation:** Property owner refused to accept City's offer based on appraisal. Owner submitted a counter offer of $9,000.00 or purchase total property for $80,000.00. Condemnation is recommended so that project will not be delayed. Property is zoned R-9 and used as residential.

8 **Project:** 1987 Annexation Sewer - Mineral Springs  
University Research Park Area 13  
**Owner(s):** Mack H. Rice, and any other parties of interest  
**Property address:** Mason Drive  
**Property to be condemned:** 4,109 sq. ft. (0.0943 ac) plus  
temporary construction easement 3,282 sq. ft. (0.0754 ac.)  
**Improvements:** none  
**Price:** $600.00  
**Reason for condemnation:** Zoned R-12 vacant. Property owner refused to accept City's offer based on appraisal.

**UTILITY CONTRACTS**

32  
Request approval of contracts between the City of Charlotte and the applicants listed below.

Items 1 and 2 are design agreements. Upon completion of these agreements, a reimbursable extension contract for the construction of a sewer trunk line and a water transmission main will be offered to the applicant. Utility and Planning Directors recommend approval.

1 **American Newland Associates, A California General Partnership By:** The Newland Group, Inc., By: American General Realty Investment Corporation General Partner, to construct 17,000 linear feet of trunk main to serve Ridge Road, located at Stony Creek Tributary from I-85, outside the Charlotte City Limits. Estimated Cost - $1,530,000.00  
**Sanitary Sewer Job No.:** 300-89-770

NOMINATIONS TO BOARDS AND COMMISSIONS

33 A. Firemen's Relief Board of Trustees - One appointment for an unexpired term replacing Donald M. Jones, ending January 18, 1992. Mr. Jones has not complied with the attendance requirements. Normal terms are for two years.

Attachment No 11

Attachment No. 12

C. Waste Management Advisory Committee - ONE RECOMMENDATION TO THE COUNTY COMMISSION for an unexpired term ending September 30, 1992, in the Legal Category. Mr. Thurston Frazier has resigned. Normal terms are for 3 years.

Attachment No. 13
APPOINTMENTS TO BOARDS AND COMMISSIONS

34. Adoption of a motion to recess the meeting for the purpose of going into executive session to consider the qualifications of the following nominees and to cast ballots making the appointments in accordance with G S 143-318.11.

The City Clerk will announce the results of the balloting when the meeting is reconvened.

A Auditorium-Coliseum-Convention Center Authority - One appointment beginning April 25, 1990. The incumbent, Edwin Peacock is not eligible for reappointment. Terms are for 3 years.

(1) John C. Fennebresque, nominated by Councilmember Wheeler
(2) Mel Watt, nominated by Councilmember Scarborough
(3) Charlie Dannelly, nominated by Councilmember Vinroot

Attachment No 14

B Certified Development Corporation - Two appointments beginning April 30, 1990. L R Miller, Jr in the Private Lending Institution category, and Clayton Lovell in the Business Organization category are not eligible for reappointment. Terms are for three years.

(1) Malcolm Graham in the Business Category, nominated by Councilmember Matthews
(2) George A Douglas, Jr in the Lending Institution Category, nominated by Councilmember Mangum
(3) J. Cameron Coburn in the Lending Institution Category, nominated by Councilmember Vinroot
(4) William Aikens in the Lending Institution Category, nominated by Councilmember Clodfelter
(5) Laura McClellie in the Business Category, nominated by Councilmember Scarborough
(6) Russell Fleming in the Business Category, nominated by Councilmember Hammond

Attachment No 15
C Civil Service Board - One appointment beginning May 15, 1990. The incumbent, Elloree M. Erwin is eligible for reappointment. Terms are for three years.

(1) Marvin Smith, nominated by Councilmember Martin
(2) Francis Pinckney, nominated by Councilmember Vinroot
(3) Rudy Torrence, nominated by Councilmember Campbell
(4) William Kennedy, nominated by Councilmember Campbell
(5) Melvin W. Labovitz, nominated by Councilmember Mangum

Attachment No 16

(1) Lorayne Fiorillo, nominated by Councilmember Mangum
(2) Wilson Cooper, nominated by Councilmember McCrory
(3) Margaret Creed, nominated by Councilmember Patterson
(4) James F. Cornell, nominated by Councilmember Hammond
(5) Malcolm Graham, nominated by Councilmember Martin

Brooks Ridge was nominated by Councilmember Matthews, but Mr. Ridge withdrew his name.

Attachment No 17

E. Charlotte Parks Advisory Committee - Two appointments beginning June 1, 1990. Mr. Robert Pennington has resigned, so one appointee will need to begin serving immediately. Roy Alexander is not eligible for reappointment. Terms are for three years.

(1) Lorayne Fiorillo, nominated by Councilmember Mangum
(2) Janet Levine, nominated by Councilmember Mangum
(3) Theresa N. Snowdon, nominated by Councilmember Wheeler
(4) Kevin Heisler, nominated by Councilmember Campbell
(5) James Bassinger, III, nominated by Councilmember Campbell
(6) Grant Whitney, Sr., nominated by Councilmember Campbell
(7) Robin Gaston, nominated by Councilmember Matthews
(8) Sam Byrts, nominated by Councilmember Matthews
(9) Gerald Lieberman, nominated by Councilmember Hammond
(10) Barbara Webster, nominated by Councilmember Clodfelter
(11) Malcolm Graham, nominated by Councilmember Vinroot

Attachment No 18
F  Spirit Square Board of Directors - One appointment beginning June 30, 1990. The incumbent, Joseph P Lacher, is eligible for reappointment. Terms are for three years.

(1) Joseph P Lacher, nominated by Councilmember Patterson
(2) Evelyn Johnson, nominated by Councilmember Clodfelter

Attachment No. 19

G  Zoning Board of Adjustment - One appointment beginning January 30, 1990. The incumbent, Evan Webster, does not want to be reappointed. Terms are for three years.

(1) Cyrus Johnson, Jr., nominated by Councilmember Patterson
(2) Otis Crowder, nominated by Councilmember Vinroot
(3) James Carter, nominated by Councilmember Hammond
(4) Barbara Howell, nominated by Councilmember Wheeler
(5) Russell Fleming was nominated

Attachment No. 20

Recommend adoption of a motion to hold an executive session after this meeting to confer with the City Attorney about a pending lawsuit in accordance with the State Open Meetings Law.
MANDATORY REFERRAL REPORT NO. 90-11
CHARLOTTE-MECKLENBURG PLANNING COMMISSION
COMMUNITY DEVELOPMENT SALE OF INFILL PARCELS
APRIL, 1990

PROJECT PROPOSAL AND LOCATION

The Community Development Department proposes to sell two lots: 4250 square feet at 245 Victoria Avenue (Third Ward) and 6500 square feet at 415 North Summit Avenue (Five Points). The lots will be used to place single family homes there, affordable to persons making less than 80% of the City's median income.

PROJECT JUSTIFICATION

This proposal seeks to implement the City's Housing Policy Plan by increasing the supply of affordable housing.

PROJECT IMPACT

There should be no significant land use impacts since these neighborhoods are established single family areas. Social impacts include more availability of affordable housing, thereby reducing the current housing need in the city.

RELATIONSHIP TO OTHER PUBLIC AND PRIVATE PROJECTS

The small lot on Victoria Avenue is zoned UR-1, which requires a minimum lot size of 5,000 square feet. This lot does not meet that minimum but appears to be a legally nonconforming lot which would not require a variance.

The funding for the housing to be built on these two lots is to come from the Charlotte-Mecklenburg Housing Partnership. The proceeds from the sale of the lots is to go into the Innovative Housing Loan Fund for housing for those earning 40% or less of the median income.

PROJECT COST

The total cost of the two homes to be built is approximately $137,500. Costs connected with the sale of these two lots are estimated to be $300 for surveying.

STAFF RECOMMENDATION

Approval.

PLANNING COMMITTEE

The Planning Committee unanimously approved staff recommendation.
This man is in the Municipal Services District.
April 4, 1990

Mr. Wendell White
Office of the City Manager
Government Center
600 East Fourth Street
Charlotte, NC 28202

Dear Wendell:

As the designated developer for the Greenville Community, NCNB Community Development Corporation agrees with existing Greenville homeowners that it is important to offer market rate houses along with the proposed affordable houses on the land currently owned by the City. We do believe that expanded neighborhood demographics is crucial to the successful development of the community.

We therefore propose that the first thirty (30) houses in the Phase I development in Greenville be set aside as affordable housing to be sold through the Charlotte-Mecklenburg Housing Partnership in accordance with its agreement with the City of Charlotte and the Housing Authority, and that the remaining Phase I houses (8 to 12) be reserved for prospective middle market purchasers. Also, we would continue to support this approach in Phases 2 and 3 of the Greenville development.

We hope that you concur with this philosophy and will present this request to Council in the manner your staff believes appropriate. Preliminary conversations with Pam Syfert indicate that Council action could be scheduled for April 23.

An NCNB Affiliate
Mr. Wendell White

Mr. O. Wendell White
City Manager
City of Charlotte
600 East Fourth Street
Charlotte, N.C. 28202

Dear Mr. White:

Having recently received a copy of a letter to you from Darrell Andrews of the Greenville Homeowners Association, I feel that several items concerning the development in Greenville should be clarified.

As you know, NCNB/CDC is our developer on this project. As much as possible, they have taken the lead in dealing with neighborhood issues. However, the Partnership has encouraged Mr. Andrews, and later Ms. Willie Smith, to participate in the proposal evaluation process. He has done so by attending several meetings of the Project Review Committee. Both Mr. Andrews and Ms. Smith spoke so eloquently of the Association's desire for a mixed income neighborhood that the Partnership Board of Directors voted (subject to approval by the City) to allow a period of time (90 days) that up to 25% of the proposed houses could be marketed to the general public.

During the latter part of January, Mr. Andrews wrote me a letter requesting that certain items be included in the houses. I responded to these requests on February 1. Some items were already included in the plans; we asked the developer for prices on some of the others; and still others would make the houses unaffordable.
Throughout this process, the Partnership has tried to balance a desire for the best house possible with the need to keep the majority of the houses affordable for families earning $45 - 60% of median income. Although we have not received final prices from NCNB/CDC at this time, we believe that we are near that point.

I have enclosed copies of correspondence with Mr. Andrews. I hope that we can reach some sort of compromise that is acceptable to all involved.

Thank you for your interest.

Sincerely yours,

Patricia G. Garrett
President

Mr. Wendell White  
Office of the City Manager  
Government Center  
600 East Fourth Street  
Charlotte, N. C. 28202

Dear Mr. White:

Over the past few months this community has met with the Charlotte-Mecklenburg Housing Partnership and the NCNB Community Development Department concerning the development of affordable homes to be built in the Greenville area.

During these meetings we have stated repeatedly that we feel that regular market rate houses should be built and made available as well as the proposed financing packages. This request has not been responded to at all.

Under the present plan by the Housing Partnership it is felt that the goals of the community to attract a cross segment of social and economic mixture will not be achieved.

As we have consistently stated from the initial plan for development submitted by the homeowners association, we feel that the housing packages should include financing packages that are attractive to a wide range of buyers. We have also asked that the houses be functional, livable and affordable.

No provision has been made at this point to allow for anyone wanting to purchase a home to be able to do so.

The present proposal does not allow for this flexibility in either the housing or financial packages.
It is vitally important that these concerns be addressed. We are asking for your support with the City Council, NCNB Community Development Department and the Community Development staff in the resolution of these matters.

If you have any questions, please phone me at 335-0151

Respectfully,

Darrell Andrews
President

CDOT, 12/7/89
Based on information gathered from open forum presentations, written correspondence from riders/interested citizens, and the committee's own experience, the Ad Hoc Citizens Advisory Committee for Transit Management Services recommends the following:

I. TRANSIT OVERSIGHT COMMITTEE

A Citizen's Oversight Committee for Public Transit should be created to review service issues, monitor the fidelity of the management company, and serve as a sounding board for the public. The Oversight Committee's primary function would be to:

A. Monitor complaints for patterns and trends and suggest ways to deal with recurring matters of concern.

B. Explore and suggest new service patterns and suggest improvements in service to management and/or Council.

C. Monitor the management company's fidelity to the letter and spirit of the RFP.

D. Serve as an independent forum for citizens to submit suggestions and make complaints.

E. Explore emerging issues in public transit and suggest strategies for dealing with them.

The composition of this new committee should be similar to the make-up of the current Ad Hoc committee. Membership on the Ad Hoc committee consisted of users, concerned citizens and major Uptown employers. Some city support would be required for providing necessary reports and performing limited research for the committee, but not to the extent that a dedicated city staff is required.

The Oversight Committee would not become involved in the daily operation of the transit system.

II. SERVICE EXTENSION PROCESS

The service extension/adjustment process should be streamlined, should occur three (3) times per year, and be oriented to the three (3) run picks annually.

Many of the comments and letters that were received by the committee dealt with the process of requesting service extensions. It is our understanding that September was the primary date for revisions since it coincided with possible driver assignment changes. This extension process currently occurs only once per year due to the long time frame for
receiving input, evaluating and costing extensions, make budget adjustments, and implement the change.

The Committee recommends that the City staff and the transit management company meet three (3) times per year to discuss service adjustments rather than the current once per year. These three meetings would be timed to coincide with driver run picks which take place in January, May, and September. To permit orderly implementation of changes, the process would need to be evaluated by the City and possibly streamlined.

III. UPTOWN SHUTTLE

The city should further study the concept of an uptown shuttle.

The current "No Fare Zone" program provides free uptown transit service along Trade Street from Mint to Kings Drive and along Tryon Street from Stonewall to 11th Street. While this current program provides a good service for those riders who ride just along either Trade or Tryon Streets, it is not perceived as being an attractive service if transfers are required such as riding the no fare service from Observer building on Tryon to CPCC on Trade.

Additional complaints on the service centered on abuse of the current service. Riders sometimes take advantage of the free service by either staying on the bus after it leaves the "No Fair Zone" or by attempting to obtain free transfers to other routes without having paid the regular fare to ride the bus. Although the riders are supposed to pick up a No Fare card and sit at the front of the bus near the driver, crowded conditions often make this difficult to enforce.

The Committee recommends that the City investigate the feasibility of establishing a true uptown shuttle service. The uptown shuttle service should be dedicated to moving people around the uptown area and would provide uptown workers with increased mobility on a more timely basis. Ideally, the shuttle would make loop within the uptown area rather than traveling the North/South, East/West axis of Trade and Tryon Streets. The new service would eliminate the need to transfer at the square and could be possibly be provided at a minimal or no cost to the user.

IV. TRANSIT MALL / TRANSFERS
The City Department of Transportation should further investigate the Transit Mall concept and the Mall transfer policies.

The Committee's primary concern is that the Transit Mall concept is not clearly understood by a large number of transit riders. Riders/potential riders do not understand where and how a proper transfer is to take place on the Transit Mall. Transfers appear to be inappropriately timed and coordinated in some instances, making it almost impossible to make a transfer without waiting a long period of time for the next bus.

In addition, the transfer policy in general, whether at the Transit Mall or at other transfer points, is not clearly understood. It also appears that the application of the transfer policy is sometimes inconsistent and arbitrary.

V. TRASH COLLECTION ON BUSES

Trash containers should be placed at the front of all buses. The City's current policy does not allow food or drinks on the buses. This often results in trash being discarded at the bus stop or in the bus shelters by riders prior to their boarding the bus. When food or drinks are carried onto the bus, there is no place for them to be discarded, also resulting in trash being either discarded at the bus stop or left on the bus.

The Committee recommends that trash containers or trash bags be placed at the front of all buses. This will provide the riders with an additional option for disposing of trash and should result in improved cleanliness of both the bus stops and the buses. Removal and disposal of the trash would be the responsibility of Charlotte Transit.

VI. HUB CONCEPT

The City should further investigate the current central transfer concept.

Is the one central transfer point concept really the best option? Does it make sense for the majority of transit riders to have to travel uptown in order to transfer and travel elsewhere?

The Citizens Committee would like to see the Department of Transportation investigate the feasibility of establishing smaller "hubs" around the city rather than the current
single hub concept at the square. An example of this might be a SouthPark hub. The Committee would also like the the City to investigate the possibility of additional crosstown routes such as the #29 UNCC/SouthPark or the #30 Westside/Crosstown routes. Both of these routes provide crosstown service from 6:00 A.M. to 6:00 P.M. without traveling to the uptown area.

VII. DRIVER IDENTIFICATION

The transit drivers should be issued name tags or numbered badges.

Comments were received relative to riders having no way to identify a particular driver because they currently did not have name tags on their uniforms. The city should provide either a name tag for each driver or a numbered badge. This would allow for easy identification of drivers, for both complaints and compliments to transit management.

VIII. POSTING OF INFORMATION

Transit information should be posted at both the front and the back of the buses.

Currently, when transit information is posted on a bus, it is usually posted at the front of the bus only. When boarding a bus and heading to the rear for seating, it is usually difficult to stop and read the information if it is posted only in the front. This could mean that only half of the bus riders are being exposed to the posted transit information.

When transit information is to be posted, the number of posters printed should be doubled and a second notice be posted at the rear of the bus. The cost should be minimal and should result in a greater number of people being exposed to the new transit information.

IX. EMPLOYEE SUGGESTION PROGRAM

The transit management company should implement an employee input/suggestion program.

The issue was raised that there currently did not exist a formal mechanism for allowing transit employees to provide input, comments and suggestions which could potentially help
improve the quality, productivity, and efficiency of the transit operation.

The Ad Hoc Committee recommends that the City support the implementation of an employee suggestion program at Charlotte Transit. The suggestion program would provide a formal method for transit employees to submit suggestions which could improve the transit operation. Suggestions could include such areas improving productivity and efficiency, reducing waste, improving quality, improving work procedures, or improving the work environment. The suggestion program should not be used for complaints, personal criticism, or items which benefit only certain individuals or work groups.

X. BUS SHELTERS

Further study should be conducted by the City to determine the adequacy of the Uptown bus shelters.

Questions were raised regarding the design of the shelters along the Tryon Street Mall. The committee was briefed on the history of the shelters and the fact that numerous groups have input into the appearance of the Uptown mall area. Concerns however center around the adequacy of the current mall shelters in regards to protecting passengers from rain and wind.

The Committee requests that further study be conducted to determine if improvements can be made to the current Tryon Street Mall shelters. Improvements should be directed towards making the shelters more functional in terms of rider protection, without adversely effecting the shelters appearance.

These recommendations have been directed towards transit service in general.
Recommendations of the Ad Hoc Citizens Advisory Committee for Transit Management RFP and Services Requiring Further Study

1 **Transit Oversight Committee** - This committee could provide a forum for citizen input to decisions regarding the Charlotte Transit System as well as for informing the public about CTS.

There may be some inadvertent overlap with the functions of the Special Transportation Advisory Committee (STAC) which has members appointed by the City, the County and United Way. The STAC is responsible for advising the three appointing agencies regarding service for the transportation handicapped.

**Action:** Transportation staff will review this idea and come back to Council with a recommendation.

2 **The Service Extension Process** - Responsiveness and flexibility, on the part of the transit system, to new or emerging service needs are critical. Simultaneously, the process of extending service, which involves realignment of driver assignments as well as adjustment of equipment, requires extensive management resources and time.

**Action:** Staff will investigate more frequent service adjustments and report back to Council results of the analysis.

3 **Uptown Shuttle** - The concept of an uptown shuttle has been discussed several times during the past four or five years. In each instance, the major issues have been the questions of cost and sources of funding. The shuttle possibility was raised again by Barton-Ashman Associates during preparation of the transportation section of the Urban Design Plan for Center City Charlotte. The shuttle concept is being reviewed actively by City staff and the Uptown Transportation Council, an arm of The Charlotte Uptown Development Corporation.

**Action:** A report will be provided to Council within the next three to four months.
4 **Transit Mall/Transfers** - The transfer policy on the Tryon Street Mall was established at the time the Mall was completed in 1985, with the intent of spreading the transfer activity to reduce congestion at the Square. This subject also was addressed by the consultant in the Transportation Section of the Urban Design Plan, and several suggestions were included for mitigating the crowding which persists. These recommendations are being evaluated, along with the transfer policy itself and methods for making it more understandable and effective.

**Action.** A report on progress in this area also will be available within the next three to four months.

6 **Hub Concept** - As the committee recognizes, the concept of several hub and spoke operations, centered at locations such as Southpark, has significant implications for Charlotte Transit's operation, which is currently focused on the Uptown CDOT's planning staff and Charlotte Transit management have examined the cost and projected ridership of both hub and spoke reorganizations of service and the addition of cross-town service (both of which fit together under some scenarios). A survey of employees in the Southpark area and of patrons at Southpark Mall is currently underway and will supply important information about the residences and trip origins of both groups. This information will be used in a continuing analysis of the feasibility of both cross-town and hub and spoke concepts.

**Action.** We will report to you through normal processes of service change and budget consideration as information is available.

10 **Bus Shelters** - As part of the Urban Design Plan for Center City Charlotte, Barton-Aschman Associates examined the adequacy of the shelters along the Tryon Street Mall. The consultant was particularly interested in the adequacy of the shelters in the 100 blocks of Tryon and Trade Streets to accommodate the number of passengers who desire to use them. Barton-Aschman recommended the redesign of these waiting areas to include additional shelters or benches to separate the passenger areas at the curb from walkways along building fronts. Department staff have obtained cost estimates from companies to provide these additional passenger amenities. Modifications to the shelter design itself would have to be coordinated with Uptown interest groups.

**Action:** Information on this topic will be provided as the Urban Design Plan is implemented.
STRATEGIC VISIONING
FOR
CHARLOTTE
1990

A Workshop Report From The Annual Retreat
Of The
Charlotte City Council
February 2, 1990
STRATEGIC VISIONING FOR CHARLOTTE

Background

On February 2, 1990, the Charlotte City Council participated in a day-long, focused group exercise. The purposes of this strategic visioning exercise were to highlight key issues facing Council, to talk about what Council members would like to see done about them, and to identify some steps that the Council itself could take in the coming year. The exercise followed a three-step process

- **STEP ONE** Identify the significant forces of change that are affecting Charlotte. "Our community is changing because of . . . ."

- **STEP TWO** Among these issue themes, what are the problems and opportunities raised by each, what is our expectation about what should be done, and what are some possible action steps by Council. "I would like a community that is striving to . . . ."

- **STEP THREE** How can City Council focus its actions in 1990 to meet these needs?

The twelve-member Council divided into two groups, each led by a staff facilitator. They discussed each step, first as separate groups and then jointly, culminating in a final session that led to the action steps for 1990. This document summarizes the separate and joint discussions in this exercise.

Step One: FORCES OF CHANGE

The year 1990 begins the last decade of the 20th century. What dynamic conditions will impact the community's future? The two groups of City council members discussed the various conditions, activities, and events that are shaping the character of our future. The individual trends that were identified in the discussion are clustered together and presented in a composite list below.

The basic question: *Charlotte will become a different place because of .*

- population growth
- rising land costs and higher housing costs
- increasing traffic congestion and commuting distances
- growing awareness of potential mass transit solutions
- impact of growth on public services and infrastructure
- growing interest in regional approaches to growth problems
- growing anonymity and impersonality of urbanization
- lack of permanence in jobs, locations, marriages
- feelings of disenfranchisement, tendency to tune out
- more focus on neighborhood level, rather than broad view of community, more concern for "my" needs, less for community
- entrenchment of NIMBY attitude ("not in my back yard"), especially for LULUs ("locally undesirable land uses")
- less interest in complex issues, the "USA Today mentality"
- high, intense interest in direct impact issues, and less interest in long-range issues
- revenue shortages
- diminishing public resources
- increasing aversion to rising taxes and fees
- public/private partnerships now an established way to do things
- role of volunteerism

- will need to use more local resources to solve problems
- local government will be expected to be more responsible
- local government will be expected to be more responsive
- leadership role is changing and becoming more short-term, single-issue, and high-visibility
- public seems to be more responsive to simplistic answers
- one view holds that Council should take bold, forceful action on major problems (focus on light rail rather than Cityfair)
- another view holds that smaller issues are important to the quality of life and are suitable for Council attention

- continued -
- strong local economy at present
- growing local participation in global economy
- local economy becoming less diverse
- dominance of white collar jobs
- continuing change in financial industry
- potential relocation of corporate headquarters

- less confidence in public education
- need for better-educated work force to maintain strong economy
- higher education standstill on doctoral programs

- decreasing quality of the natural environment
- increasing threat of environmental pollution
- federal and state governments mandate standards without providing resources

- changing family structure, increase in single-parent families
- increase of working women means increase in day care needs
- aging population
- shrinking labor force
- increase in homeless population and "street people"
- impact of crime and drugs on disintegration of community and family means increase in social service needs
- world-wide migration trends could have future impact on us as a growing urban area with expanding labor force needs
- population growth brings greater ethnic diversity
- population growth brings a more transient population

---

**Step Two: ISSUE THEMES**

The two groups then met jointly, reviewed the individual forces of change, and identified certain common features, or issue themes

- continuing growth
- capacity of local government
- adequacy of public resources
- increasing crime and drugs
- education expectations
- changing demographics
- quality of natural resources
- social conditions/family values

The groups then discussed the problems and opportunities inherent in each issue theme, expectations of what could be done about them, and possible action steps. The basic question in regard to each issue theme was "I would like a community that is striving to..." The following pages summarize the separate group discussions on these issue themes.
ISSUE: GROWTH

Summary

We expect growth to continue. The rate of growth, and the pattern of development, has a strong impact on our population mix and on our infrastructure of public facilities and services. The cost of accommodating growth is an issue, and so is the continuing need to plan for orderly, balanced growth.

Problems

- suburban growth can lead to deteriorating central areas
- rising land cost has impact on availability of low-moderate cost housing and employment variety (less manufacturing)
- masks poor education system/structural unemployment problem
- more homeless and street people
- increased pressure on law enforcement to combat crime/drugs
- traffic congestion
- potential solid waste problems
- pressure on infrastructure, higher service costs
- lack of planning focus, little time to look at big picture
- more difficult to reach consensus

Opportunities

- positions us to compete in national and global economy
- attracts more diverse population and work force
- increases the tax base
- higher national profile draws sports and cultural amenities
- stimulates more diverse economy
- generates mass transit opportunities, expanded air service
- strengthens influence in regional, state, and national affairs
- gives people-resources to deal with education, social problems

Expectation

We would like a Charlotte that strives to plan in anticipation of growth, in order to assure and maintain a high quality of life achieved for our diverse population.

Possible Action Steps

1. Clarify (define terms) and reach consensus on our vision of the form of city we want.
2. Complete the zoning ordinance revision this year.
3. Disseminate information on growth, so that the community understands the linkages between growth components (such as density and transportation).
4. Review and revive the Generalized Land Plan 2005 and pursue land use strategies that are sensitive to neighborhood needs, promote affordable housing near jobs, and provide opportunities for mass transit and mixed use development.
## ISSUE: LOCAL GOVERNMENT

### Summary
People expect more of local government and are holding it more accountable. But the nature of leadership is changing, and the role of city government itself needs to be clarified in relation to other institutions and governing bodies.

### Problems
- Leadership needs to look at bigger picture, the longer view
- Difficult to reconcile Council responsibilities with community expectations in sorting through big/little agenda issues
- Less public tolerance for mistakes (the stakes are higher)
- Diverse population makes it more difficult to achieve consensus
- Growing population makes it more difficult to focus on broad community concerns rather than specific neighborhood issues
- Nature of leadership is changing to single-issue, direct-impact
- Public may be searching for simple answers to complex problems

### Opportunities
- Public expectations creating more and better accountability
- Promotes need for improved leadership that balances community/neighborhood/individual needs
- Promotes need to "think larger" for coordinated policy direction
- Scale of problems leads to "regional thinking" to address them
- Less federal grants promotes need/opportunity for more public/private partnerships
- Pressure for innovative approaches to problem-solving

### Expectation
We would like a Charlotte striving to have a local government with clear and understandable roles, which has the trust of the citizens, operates with a coordinated local policy direction, and has clear goals and stated implementation strategies.

### Possible Action Steps
1. Work toward regional policy direction for regional issues, and regional funding for regional facilities. Specifically, work toward regional solutions for concerns in land use, transportation, waste management, and criminal justice.
2. Work toward more effective ways to explain Council decisions to the public, and to receive feedback in many forms.
3. Look at ways to improve Council's handling of agenda items and delegating responsibilities to staff.
4. Review the structure of government, specifically, move forward to a decision on consolidation of services.
ISSUE: PUBLIC RESOURCES

Summary
Citizens expect Charlotte to maintain a high quality of life through reasonable use of public funds and equitable delivery of services. As a growing urban area, there is also an expectation of increased services and improved infrastructure. However, with less federal and state aid there is more reliance on limited local resources to meet the demand; at the same time, there is an aversion to increasing taxes and fees.

Problems
- limited public services
- reduced service standards
- higher taxes
- lower quality of life
- regional/sectional conflict over resources erodes regionalism
- transfer of responsibilities from public to private increases an "us-them" attitude

Opportunities
- more opportunities for combined resources (public/private and City/County)
- more opportunities for community involvement, voluntarism
- increased service demand justifies higher taxes
- increased efficiency through (more/less) private contracting
- transfer responsibilities from public to private sector

Expectation
We would like a Charlotte that is a community with home rule and where services are fairly provided and the cost is shared in an understandable and fair manner.

Possible Action Steps
1. Pursue opportunities for functional consolidation of City and County services; in particular -- police services in 1990.
2. Review priorities of local government. Evaluate possibility of transferring some public services to the private sector.
3. Develop resources dedicated to specific services; e.g. transit, airport, convention center, housing.
4. Review service delivery in different geographic areas to assure fairness.
5. Set a target to reduce percent of budget funded by property tax. Develop joint City/County strategy for General Assembly action to shift reliance on the property tax.
6. Seek legislative authority for financing and operation of regional facilities.
ISSUE: CRIME/DRUGS

Summary

There is an increasing expectation for local government to take forceful action to reduce crime and, in particular, drug abuse.

Problems

- flow of drugs cannot be controlled
- increasing drug use related to increase in violent crime
- increasing drug use and crime requires more law enforcement
- drug use has negative impact on family structure
- complexity of local, state, and federal roles
- without action, the problem will only intensify

Opportunities

- could create unity through neighborhood and community efforts
- innovative approaches in law enforcement
- cooperative efforts to re-design criminal justice system to make it more efficient and effective
- involvement of schools in drug education

Expectation

We would like a Charlotte where people feel safe to live, work, and play in all areas of the community, and where decisions are not driven by fear of crime. In particular, we would like a Charlotte where people have no need for drugs, will not tolerate drugs, and get no benefit from drugs.

Possible Action Steps

1. Support a coordinated public program and total community effort for prevention and treatment of drug abuse. Give higher visibility and public support to drug education.

2. Empower the Drug Commission to evaluate all aspects of law enforcement and government, and to recommend improvements in programs.

3. Increase the number of policemen. Increase their visibility through foot, bicycle, or horseback patrols. Consolidate City and County police forces. Cooperate with private sector security forces.

4. Seek legislative authority for local property forfeitures for drug conviction (which now go to the federal government). Seek more innovative means for punishment.

ISSUE: EDUCATION

Summary
As education consumes more of the limited local resources, there is a feeling that more accountability is needed from the school system. There is also concern whether the school system can keep public confidence as it tries to balance growth pressures with the need to integrate public schools.

Problems
- growing perception that the quality of public education is diminishing
- lack of quality education can inhibit economic development
- lack of confidence in public schools can drain enrollment to private schools, and polarize haves and have-nots
- difficulties in maintaining integrated system can be divisive in the community
- gaps created by lack of family involvement

Opportunities
- greater interest by local leadership in education issues
- more pressure for innovative approaches
- need for supplemental private funding of education needs
- interest in major new university or expanded graduate programs
- community cooperation to support integration efforts
- support for adult education and job training.

Expectation
We would like a Charlotte that supports and expects an outstanding nationally recognized education system.

Possible Action Steps
1. School facilities should be coordinated with land use and demographic shifts. The School Board should integrate the planning of school facilities and locations with overall community-wide land use planning.

2. Encourage an effort of regional colleges and universities to develop a first-rate university PhD shared resources program. Request local college presidents to brief and advise City Council on ways the Council can help.

3. City Council should be a participant "at the table" in the ongoing dialogue on local education issues.

4. Implement Center City Urban Design Plan proposal for a technical high school in the center city, to support job training goals.
OTHER ISSUES

City Council focused most of their discussion on the five key issues described in the preceding pages. However, three other issues also surfaced, and these are summarized below.

NATURAL RESOURCES

Council members were concerned that we maintain the quality of our natural environment as we deal with pressures of growth and development. Failure to protect our natural resources could saddle us with poor air and water quality, inhibit economic development, and make the city a less attractive place to live.

Members urged such protective measures as the storm water utility to control flooding, improved emission controls and more transit use to reduce air pollution, and support for recycling.

CHANGING DEMOGRAPHICS

Demographics is an "issue" in the sense that a changing and growing population creates new or different service demands. Among the most significant trends are an aging population, a proportionately smaller labor force, more working women, and more single-parent families.

In addition, the proliferation of regional commuters creates a sizeable segment of the work force with little direct interest in Charlotte or obligation to pay for the facilities they use.

Council members wanted to assure that Charlotte would be a city that offers opportunities for a diverse population. This includes attracting industries that offer a variety of types of employment, and using such tools as land use planning and development standards to help assure a mix of affordable housing types.

SOCIAL CONDITIONS/FAMILY VALUES

This issue is difficult to articulate in concrete terms, but reflects a sense of concern that the changes we are experiencing -- changes in our community, in our neighborhoods, and even in the structure of our families -- can be stressful and pose a threat to our quality of life.

This stress is compounded by the fear generated by rising crime and drug use, and by uncertainty about whether public education and local government can meet changing expectations.

This issue, then, cuts across other issues identified by the Council, and calls for an awareness and sensitivity to their impacts on the quality of life.
Step Three: ACTION FOCUS FOR 1990

For each of the five key issues, the two groups of City Council members had discussed the inherent problems and opportunities, their expectations about what should be done about each, and some possible actions that might be taken.

In the final session of the day-long workshop, the two groups met jointly to develop some specific action steps on which City Council could focus in 1990. The list below was not formally adopted by Council, but represents a summary of the discussion.

### GROWTH

1. Complete the zoning ordinance revision process by the end of 1990.

2. Move toward a regional transportation authority. Work with other cities to encourage their involvement.

3. Identify the steps needed to proceed with light rail transit, and make a decision by the end of 1990 on what to do about light rail transit in the future.

4. Encourage ongoing dialogue with surrounding communities on a broad range of regional issues.

5. Establish a permanent committee of City Council to focus on regional issues and outreach.

### LOCAL GOVERNMENT

6. Resolve the consolidation issue and move toward a decision about the form of local government.

7. Review current service delivery to assure fairness for all geographic areas.

8. Review the term of office for elected officials.
9. Move toward consolidation of police and fire services

10. Identify and dedicate revenue sources for a functional area (e.g. housing, cultural facilities, convention center)

11. Discuss an action plan for new revenue sources with the Board of County Commissioners.

12. Develop a joint strategy with the County Commission for the 1991 General Assembly session to shift reliance on the property tax.

13. The development of a unified criminal justice system should be a high community priority, and City Council will call upon other participants to support a unified system.

14. Work with other governing bodies and agencies to develop a plan and coordinate funding for a region-wide anti-drug effort.

15. Work with the Board of County Commissioners to support the reappointment of the Citizen's Criminal Justice Committee.

16. Encourage community action, possibly by a regional coalition, to support action for a PhD university program.

17. Participate in the ongoing dialogue on local education issues

18. Support job training by fostering the technical school proposal in the Center City Urban Design Plan

March 19, 1990

Mr. Edwin H. Bishop, Jr., President
Bishop and Company
141 Scaleybark Road
Charlotte, NC 28209

Dear Edwin:

In response to your letter of March 9, 1990, my staff and I have studied the proposal and have the following comment(s).

Carmel Road Site:

This project is in Beverly Woods' attendance area. Beverly Woods (K-3) is paired with Barringer (4-6). As of today, the membership at Beverly Woods is 664 (71 white and 29 black).

Using your standards:
1. No negative impact.
2. No negative impact.
3. No negative impact.

I hope this information is complete. If not, please call me.

Sincerely,

[Signature]
Harold Deal
Assistant Superintendent
Planning and Research
March 22, 1990

Mr. Roger M. Lewis, Vice President
Development
Crosland Properties
P. O. Box 11797
Charlotte, NC 28202

Dear Mr. Lewis:

The project

4.51 acres south of Sandy Porter Road near its intersection with York Road (NC #49) in Southwest Charlotte

will have no negative impact on Charlotte-Mecklenburg Schools. We are in the process of locating a new elementary school in the southwest and would most likely designate this project as part of the new attendance area. Presently, Steele Creek and Amary James serve this area. Both are experiencing high enrollment for their capacities.

Sincerely,

[Signature]

Harold Deal
Assistant Superintendent
Planning and Research
March 22, 1990

Mr. Roger M. Lewis, Vice President
Development
Crosland Properties
P. O. Box 11797
Charlotte, NC 28202

Dear Mr. Lewis:

The project

3.534 acres in the inside of the Knights Bridge Road Circle about 1/4 mile south of Sharon Road West in South Charlotte

will not have a long-range negative impact on Bruns and Huntingtowne Farms Elementary Schools. Both schools presently have a 54/46 white/black ratio. The immediate impact may be to somewhat raise the black ratio at both schools. However, that would not exceed our standard of 15% above or below the system average of 60/40 white/black ratio.

Sincerely,

Harold Deal
Assistant Superintendent
Planning and Research
March 20, 1990

Mr. Larry A. Loyd, Assistant Executive Director
Charlotte Housing Authority
P. O. Box 36795
Charlotte, NC 28236

Dear Larry:

Tax Parcel Number 175-121-01

This area is in the Park Road (K-3) and Marie G. Davis (4-6) attendance areas. If this project is approved, it would not have a negative impact on these schools.

Thank you.

Sincerely,

Harold Deal
Assistant Superintendent
Planning and Research
March 29, 1990

Mr. Edwin H. Bishop, Jr.
Bishop & Company
141 Scaleybark Road
Charlotte, NC 28209

Dear Ned:

In response to your request, staff has reviewed the proposed site on Carmel Road to build 50 units of low income housing. The site is located in an upper income, predominantly white populated area in South Charlotte. This site is surrounded by upscale single family housing.

There is no area plan that encompasses this area. However, the land use recommendations of the 2005 plan calls for residential development to be maintained in this area. The project is consistent with land use objectives in the 2005 Plan. Also, it is a desirable location because it will help accomplish the City's objectives of placing low income housing in an area where it does not already exist.

The property is currently zoned R-15MF(CD) to allow for the development of 24 owner occupied townhouses. This property will require a rezoning to build the number of units desired.

The site meets the criteria for multi-family development as established in the District Plan General Policies document being on a major thoroughfare and near shopping, employment and transit services. This proposed project will be built at a density of 11.89 dwelling units per acre. The adjoining single family development should be adequately buffered and protected from any negative impacts of this development.

If you have any questions, please contact me or Debra Campbell at 336-2205.

Sincerely,

David A. Howard
Community Planning Manager

DAH/DDC:sss

Mr. Roger M. Lewis  
Vice President, Development  
Crosland Properties  
Post Office Box 11797  
Charlotte, North Carolina 28220

Dear Mr. Lewis:

Staff has reviewed the proposed 4.51 acre tract south of Sandy Porter Road near the intersection of York Road to build a 52 unit low income apartment complex. The site is located in Southwest Charlotte. This property is located within an area that is urbanizing and becoming racially integrated.

The proposed project is consistent with land use recommendations as proposed in the Southwest District Plan which calls for multi-family development at this location. The proposed project would be built at a density of approximately 11.52 dwelling units per acre. The property is currently zoned R-9MF which allows up to 17.4 units per acre.

The Southwest Plan also calls for creating a strong residential and retail presence to supplement the numerous jobs already in the area. The area's proximity to the airport and the encroachment of industrial uses have negatively impacted the image of the area for good quality housing. A goal of the Southwest District Plan is to stabilize the area to attract all ranges of housing opportunities as well as high quality commercial development.

This is a desirable location from the standpoint of its accessibility to shopping, employment and transit. It is less desirable in terms of the potentially adverse impacts it could have on future development and the plan's goal to encourage higher quality development.

If you have any questions please call Debra Campbell or me at 336-2205.

Sincerely,

David A. Howard,  
Community Planning Manager

DAH:DC:dmh
Mr. Roger M. Lewis
Vice President, Development
Crosland Properties
Post Office Box 11797
Charlotte, North Carolina 28220

Dear Mr. Lewis:

In response to your request, staff has reviewed the 3.534 acre site located inside of the Knights Bridge Road Circle to construct a 52 unit low income apartment complex. This site is located in South Charlotte in a predominantly white, middle income neighborhood. The adjacent land uses include condominium development to the west with single family homes to the north.

There is no area plan that encompasses this site. However, the land use recommendations of the 2005 Generalized Land Use Plan calls for the existing residential development to be maintained. The site is adjacent to existing condominium development. The proposed multi-family project would be compatible with existing development and land use plans for the area. The proposed site is appropriately zoned R-9MF to accommodate multi-family development up to 17.4 dwelling units per acre. The proposed development would be built at a density of 14.67 units per acre.

This site meets the locational criteria for multi-family housing as established in the District Plan General Policies document, being accessible to a major thoroughfare, shopping and transit. Also, the site is located in South Charlotte which is an area targeted by the City to place low income housing.

If you have any questions please contact Debra Campbell or me at 336-2205.

Sincerely,

David A. Howard,
Community Planning Manager

DAH:DC:dmh
Mr. Larry Lloyd  
Charlotte Mecklenburg Housing Authority  
Post Office Box 36795  
Charlotte, North Carolina  28236-6795

Dear Mr. Lloyd:

Staff has reviewed the site located off Park Road to build 50 units of affordable rental housing. This site is located in South Charlotte in a predominantly white, middle income area.

There is no area plan that encompasses this site. However, the land use recommendation in the 2005 Generalized Land Use Plan calls for the existing residential development to be maintained. The site is located adjacent to existing multi-family development to the south, and office use to the west fronting on Park Road. The property is currently zoned 0-6. The proposed development would be built at a density of 14.1 dwelling units per acre.

The site meets locational criteria for multi-family housing as established in the District Plan General Policies document being near a major thoroughfare, shopping and transit. Also, the site is located in a census tract which is being targeted by the City to place low-income housing.

If you have any questions, please contact Debra Campbell or me at 336-2205.

Sincerely,

David A. Howard  
Community Planning Manager

April 17, 1990

Mr. J. W Walton, Director
Community Development Department
City of Charlotte
600 East Fourth Street
Charlotte, NC 28202

Dear Mr. Walton

The staff of the Community Relations Committee has reviewed three proposals for the City's Innovative Housing Program: Carocon by Bishop and Company, Summerfield and Knightsbridge Square by Crosland Properties and the Charlotte-Mecklenburg Housing Partnership, and Seneca Woods by the Housing Authority of the City of Charlotte.

We have no reason to believe that these proposals would have a significant impact upon the racial composition of the population of the several communities in which they might be located, except Summerfield. We believe that the location of the Summerfield project on Sandy Porter Road could have an adverse impact upon the future racial balance of residential development in that area.

Because of its proximity to the airport and industrial/business properties, this area has had an image of being a low cost residential location. This image is beginning to change. The newer residential areas are developing rapidly, indicating an increasing appeal as quality residential property. In fact, several sizeable communities in the area have developed as stable, very well-integrated neighborhoods with a black/white population ratio that approaches that of the county. This type of naturally integrated housing development shows great promise.

In our opinion, this development is still fragile. The placement of Summerfield at the proposed location might be a disruptive factor.

If you have any questions about this assessment, please feel free to call.

Sincerely,

Jack L. Bullard, Director

Charlotte-Mecklenburg Community Relations Committee
817 East Trade Street Charlotte, NC 28202 704/336-2424 (TTY)
PROPOSAL

To: Charlotte City Council Members and the City Manager

From: Charlotte Sister Cities, Inc.

Re: Sister Cities Exhibit

For the past year considerable effort has gone into gathering, photographing, inventorying, and designing the appropriate space for documents, gifts, and art pieces presented to the city of Charlotte and/or city officials from our Sister Cities of Arequipa, Peru; Krefeld, West Germany; and Baoding, People's Republic of China. The following points further explain the proposed exhibit:

* Gifts, documents, and art pieces, representing a 28 year history of Charlotte's active participation in this program, currently have no assigned space for public viewing.

* To date 75 items have been collected. Not all will be displayed at once; the exhibit will change from time to time.

* Committee members involved include representatives from Charlotte Sister Cities, City Manager's Office, Mayor's Office, Public Service and Information, General and Central Services, the Mint Museum and CMGC architects.

* Area to be used includes the step-back walls surrounding the conference center (Room 267). Most of the exhibit would be after the break out area.

* This area would become a focal point of the building while stressing Charlotte's commitment towards increased international involvement.

* No one previously has had the assigned responsibility to act as curator. This duty has been given to the Executive Director who will be responsible for maintaining inventory records and changing the exhibit as necessary.
* Charlotte CMGC will be responsible for outside cleaning and light bulb replacement only.

* The exhibit has been designed to highlight the articles with the display unit complementing existing texture and colors and not becoming the focal point itself.

* Gaines Brown Design, suggested by the Mint Museum, has designed a functional, attractive display system which has been approved by the CMGC building architects. (See attached letter from Howard Neumann.)

* Price of the system:

  (A) Design fee                       $1580.00
      Construction Drawings           1250.00
                                        $2830.00+

+This figure represents costs at $40 per hour. Usual design rate would be $45 per hour.

  (B) Total production               $25,840.00+

+This figure represents costs at $30 per hour. Usual construction rate would be $35 per hour.

  (C) Installation & styling of artifacts $1235.00

          Total cost:                       $29,905.00

* Projected completion date is September 1, 1990. The display would be dedicated at the September 28th luncheon Mayor Sue Myrick will host for visiting Mayors & city officials representing each Sister City. They will be here to participate in opening ceremonies for an International Art Exhibition sponsored by Charlotte Sister Cities and being held at the uptown library for the month of October.
The entire Charlotte Sister Cities Committee has reviewed the drawings and discussed the points mentioned above and requests that the City Council appropriate funds to cover the cost of this display. In addition, the Committee will make every attempt to locate a private sponsor to assist with up to $10,000 of the cost, however, the Committee cannot guarantee that this will be accomplished.

Sincerely,

Jerry Licari
Chairman

Peggy Weep
Executive Director

Ms. Peggy Wesp
Executive Director
Sister Cities Committee
322 Hawthorne Lane
Charlotte, North Carolina 28204

Reference: Sister Cities' Exhibits
Charlotte-Mecklenburg Government Center

Subject: Approval of Concept

Dear Ms. Wesp,

Our meeting last week served as an excellent opportunity to review and coordinate the proposed concept for display of the Sister Cities' Exhibits on Level Two of the Charlotte-Mecklenburg Government Center. Representatives of Gaines Brown Design appear to be conscientious in their attempts to design and install display fixtures which will be well integrated into the existing space.

On behalf of J. N. Pease Associates, I am pleased to inform you that we support the concept as presented. Furthermore, we are very pleased that the designated space can be utilized for such a worthwhile purpose.

Good luck in your efforts and keep us informed of your progress.

Regards,

Howard Neumann
Howard Neumann, AIA

REHABILITATION ASSISTANCE PROGRAM

Purpose:
To preserve the City's existing housing stock, to improve living conditions of low to moderate income households, and to revitalize neighborhoods.

Primary Objectives:
- Assist property owners in correcting violations of the City's Housing Code with primary focus on owner-occupied structures.
- Provide affordable housing opportunities for low to moderate income families (low to moderate income families defined as families whose gross income is 80% or less of the median income for Charlotte.)
- Provide modification of units occupied by the physically handicapped.

General Policies:
- Assist in financing eligible activities through loans, and deferred payment loans or a combination which makes the assistance affordable.
- Owner occupants pay up to 30% of their gross income less federal taxes for housing expense in the form of an interest bearing loan. Any assistance over 30% is in the form of a deferred payment loan.
- Interest rates for owner occupants 0 to 3%; for non-profit organizations 3%; for investors 2% below the prime rate; for deferred payment loan zero interest rate.
- Assistance is available City-wide with efforts concentrated in the 21 census tracts having the greatest number of sub-standard housing units.

Eligible Activities:
- Correction of housing code violations
- Energy Conservation
- Acquisition costs
- Water and sewer tap on fees
- Handicapped modifications
- Approved moving costs related to relocating dwelling unit
- Historic preservation of designated properties
- Loan and Grant processing fees

Source of Funds:
- Federal Community Development Block Grant Funds.

Clearances:
- City Council approved modifications to the Standard Rehabilitation Loan and Grant Program on October 12, 1987.
- City Council approval is required for assistance over $50,000.
- City Manager approval is required for assistance of $50,000 and under.
On July 11, 1988, City Council approved a loan agreement with the Grier Heights Economic Foundation, a non-profit organization, to acquire four parcels of City-owned land and to relocate six houses onto the property. The parcels were subsequently divided into seven lots.

There have been three phases to this project:

- Phase I included the purchase of the land and the relocation of the six houses.

- Phase II included the rehabilitation of the houses by the Foundation plus landscaping and driveways. (Five of the houses have been rehabilitated, and rehabilitation of the sixth house is currently underway.)

- Phase III is the sale of the rehabilitated houses by the Foundation to individual homebuyers.

- Proceeds from the sale of each of the houses will be used to repay the Grier Heights Economic Foundation's loans to the City. A total of $256,218 has been loaned to the Foundation under Phase I and Phase II.

To date, two loans have been approved and closed. The loan amounts are $45,000 for 3519 Ellington Avenue and $52,500 for 3028 Marney Avenue. Ms. Georgianna Campbell, who was recommended by the Grier Heights Economic Foundation, has made an application to purchase 3024 Marney Avenue. The loan amount to purchase the house and land is $55,500. This structure is located in Census Tract 23. The appraised value of this structure after rehabilitation is $55,500.

Ms. Georgianna Campbell is 60 years old, works full time and earns $743.16 a month. Her son lives with her and contributes $100 a month for a total monthly income of $843.16. Ms. Campbell has a good employment history and has been employed for 16 years at the Coliseum Inn. Ms. Campbell helps meet the objective to assist low income persons become homeowners.
Under the Standard Rehabilitation Program approved by the City Council on October 12, 1987 and modified by Memorandum on June 23, 1989, a homeowner is to pay no more than 30% of their gross monthly income less federal taxes toward housing expenses. Housing expenses are defined as principal and interest payment, real estate taxes and insurance. Based on this 30% rule, Ms. Campbell would qualify for a 3% interest loan of $36,629 to be repaid in monthly installments and a Deferred Payment Loan of $18,871 which would become due and payable in full at the time of transfer of Title.

An analysis of Ms. Campbell's income and projected housing expenses is listed below. Her household income is 45% of the median income for a family of two.

<table>
<thead>
<tr>

<td>$173.63</td>
</tr>
</tbody>
</table>

Based on a term of 25 years at 3% interest, Ms. Campbell's principal and interest payment would be $173.63. Ms. Campbell is currently paying monthly rent of $200.00. She has rented the same apartment for seven years and has an excellent payment history. Two liens in the amount of $36,629 and $18,871 will be placed on the property. This will regenerate our loan funds for future needs of lower-income families.

The breakdown of total costs involved in this purchase is:

<table>
<thead>
<tr>

<tr>
<td></td>
<td>$56,377</td>
</tr>
</tbody>
</table>

Closing costs to be paid by owner: $877

Total amount of loan: $55,500

The City's Standard Rehabilitation Loan Program provides assistance for home purchase loans, and the loan cannot exceed $60,000.

A summary of the Rehabilitation Loan Program is attached for your information.
HOUSING CODE ENFORCEMENT

Recommend adoption of an ordinance authorizing the use of in rem remedy to demolish and remove the dwellings located at 3916, 3918 and 3918 1/2 North Tryon Street (North Charlotte).

PROPERTY ADDRESS: 3916, 3918 and 3918 1/2 North Tryon Street (three structures and 12 units), Census Tract #53 01; Council District #1; Neighborhood: North Charlotte

Background.
Date of Inspection 12/22/89 - 2/16/90
Reason for Inspection: Tenant Complaint
Complaint & Notice of Hearing Sent to Owner(s) 2/12/90
Hearing Held 2/23/90
Owner(s) Ordered to Demolish by 3/15/90

Owners appealed Order to the Housing Appeals Board. The Housing Appeals Board met on April 3, 1990 and upheld Community Development's order to demolish.

Estimated Value of Dwelling: $44,670 (all 3 buildings)
Estimated Repair (Which exceeds 65% of Estimated Value): $40,895 (All 3 buildings)

The repairs include: major plumbing repairs; electrical and mechanical repairs and new installations, major structural repairs including raising the height of the buildings to accommodate minimum ceiling heights.

All tenants have been relocated, and all units are unoccupied.

The owner was notified of a Civil Penalty on April 14, 1990. The total penalty as of April 23, 1990 amounts to $470. The owner has also been notified of this April 23, 1990 Council action.

Funds for this action are available and a lien will be placed against the property for cost incurred.

Clearances Community Development Department.
PIREMEN'S RELIEF BOARD OF TRUSTEES

(5 Members)

Membership - The State Insurance Commissioner's appointee serves at the pleasure of the Commissioner; the other terms are for two years.

Responsibilities - Under provisions of State Statutes, fire insurance companies in qualifying municipalities are taxed annually a percentage of premiums received for all fire and lightning policies written on property located within their respective city limits. A portion of such tax is returned to the municipality by the Insurance Commissioner to be used to safeguard firemen in active service from financial loss occasioned by sickness or injury contracted in the line of duty, and to provide reasonable support for dependents of firemen whose lives are lost as a result of fire service. This Board administers those funds.

LIMITED TERMS NO
CHARLOTTE-MECKLENBURG PLANNING COMMISSION
(14 Members)

Membership - Appointments are made for three-year terms. Members must be residents of the County. An individual shall not serve more than two consecutive full terms. Ex-officio members may be appointed by the Governing Bodies upon recommendation of positions by the Planning Commission and approval by the two bodies. Their term expiration will be established as a condition of appointment.

Responsibilities - To make studies of resources, possibilities and needs of the City and County, particularly with respect to conditions which may be injurious to the public welfare and make plans for the development of Mecklenburg County, including the City of Charlotte but excluding all other incorporated towns in the County. To consider the desirability, from time to time, of the extension of the limits of Charlotte and when found desirable, to prepare and present to City Council a program of extension. Subdivision developments are subject to the jurisdiction of the Commission. The Commission receives and hears all petitions for zoning changes. The Commission operates under an Interlocal Cooperation Agreement, approved by the Charlotte City Council (October 27, 1986) and the Mecklenburg County Board of Commissioners.

INTERESTS/SKILLS/AREAS OF EXPERTISE
Because I am vitally interested in Charlotte and how we use our land to enhance our quality of life and our economic viability; I believe my past experience on City Council will be current professional organizations, civic, religious and political activities quite valuable.

Southeast Coalition of Neighborhoods, Citizens

Advisory Committee for a new convention center, various political committees, planned Parenthood Board, etc.
PAST PROFESSIONAL ORGANIZATIONS, CIVIC, RELIGIOUS AND POLITICAL ACTIVITIES

P.T.A. Board, P.T.A. Boosters, Medical Auxiliary
Officer, Oratorio Singers Aux., Officer, C.I.C. Board, S.E. Coalition of Neighborhoods Board, etc.

COMMENTS

Because of my City Council experience, I believe I can come on board the Planning Commission at full speed.

AFFIRMATION OF ELIGIBILITY

To your knowledge, has any formal charge of professional misconduct, criminal misdemeanor or felony ever been filed against you in any jurisdiction?

Yes _____ No _____ If Yes, please attach explanation

Is there any possible conflict of interest or other matter that would create problems or prevent you from fairly and impartially discharging your duties as an appointee of the City Council?

OFFICE OF CITY CLERK
Membership - Appointments are for three-year terms and appointees must be electors of the City of Charlotte.

Responsibilities - Principal functions are to establish requirements for applicants for positions in the Police and Fire Departments; to give competitive examinations to such applicants, subject to reasonable limitations as to physical qualifications and moral character; to maintain a register of applicants passing such examinations, which register shall determine the appointments to be made in each of the departments; to hold hearings of an employee against whom charges have been preferred by the Chiefs, and to pass on all promotions and demotions within the departments.

**PARKS ADVISORY COMMITTEE**

(15 Members)

Membership - Appointments are for three-year terms, although the appointments for the six new positions created by the expansion of the committee in November of 1986 were made on a staggered basis: two to expire in 1987, two in 1988 and two in 1989. No person is to serve more than two terms. The Chairman is elected annually by the committee membership for a one-year term only.

Responsibilities - Serves as the City's advocacy group in the community for parks and recreation, assuring that the leisure needs of the community are met. Specific goals and functions are outlined in the Resolution establishing the Committee, adopted April 5, 1982.

OFFICE OF CITY CLERK
Membership - Appointed for three-year terms. Although drawn from many diverse backgrounds, they share an interest in the development of arts opportunities for the public. No director shall serve for more than two full consecutive three-year terms.

Responsibilities - As a non-profit organization, the Board of Directors, by law, is charged with the management of its affairs. Specifically, the Board sets policy, approves the annual budget, hires the director, raises supplementary funds when necessary, and engages in specific administrative functions through appropriate committees. The by-laws require quarterly meetings but more frequent meetings are called.

OFFICE OF CITY CLERK
ZONING BOARD OF ADJUSTMENT

(5 Regular Members; 3 Alternates)

Membership - Members are appointed for a term of three years, and until their respective successors have been appointed and qualified. No member shall serve more than two full consecutive terms. Alternate members serve on the Board in the absence of any regular members and are appointed in the same manner and for the same term as regular members. The Code makes no reference to residency requirements of appointees.

Responsibilities - Established under Section 1400 et seq of the City Code to hear appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Director of the Charlotte-Mecklenburg Building Standards Department. It hears and decides appeals for variances from the requirements of the ordinance when strict application of its provisions would result in practical difficulties or unnecessary hardship.
