STUDENT BEHAVIOR GUIDELINES

Students who exhibit any of the behaviors listed below will be excluded from the regular program of the Charlotte-Mecklenburg Schools. Students should understand that these are not all of the behaviors which can result in exclusion. Other reasons for exclusion might include violation of the smoking policy and continued general disruptive behavior.

1. Physical violence directed toward any school employee or any adult on school property in an official capacity
2. Assault, attack, or attempt to cause physical injury to another student by two or more students
3. Extortion or blackmail of another student under threat of physical harm
4. Behavior that incites to not so as to cause or be likely to cause other students to join in the disruption of school
5. Possession or use of a weapon or any instrument which may cause bodily harm while on school property or buses or at any school function, wherever held NOTE. The superintendent will have discretion in determining the severity of the penalty for a student who exhibits this behavior depending upon the nature of the weapon or instrument and whether there was any intent to use the weapon or instrument. However, in the case of a student possessing or using firearms on school property or buses, a private vehicle in a school parking lot, or at any school function wherever held the student will be removed from the school system and all of its programs for the remainder of the school year. At the beginning of the next school year the student will be placed in the Program for Excluded Students and will remain there until a year from the date when the violation occurred. At that time, or at any subsequent time, the superintendent may recommend to the Board of Education that the student be reinstated in the regular school program, otherwise, the student will remain assigned to the Program for Excluded Students

Weapons taken from students will be turned over to the City/County Police Department

6. Breaking in and entering a school building, arson, vandalism or theft of property of the school school employees or other students NOTE. In cases resulting in the loss of $100 or more, exclusion will be mandatory. The superintendent will have discretion in determining the severity of the penalty in cases resulting in the loss of less than $100

7. Sale or exchange of alcohol, illegal drugs, or any substance purported to be an illegal drug on school property or buses, in a private vehicle in a school parking lot, or at any school function wherever held

8. Possession, use or being under the influence of alcohol or illegal drugs on school property or buses, in a private vehicle in a school parking lot, or at any school function wherever held, or coming on school property or buses after having recently used alcohol or illegal drugs NOTE. The principal will have discretion in recommending the Positive Options Program as an alternative punishment to the student for the first violation. A second violation will result in exclusion from the regular school program. The alternative punishment is to be agreed upon in writing by the parent/guardian, student and principal. Failure of the student to complete the Positive Options Program will result in the recommendation for exclusion by the principal.

Students excluded may apply to enroll in the Program for Excluded Students to continue their basic studies and if they satisfactorily complete this program, they will receive academic credit for their work. However, if the violation is of such a serious nature that a program cannot be justified, the student will be recommended for exclusion from the school system.

These guidelines are subject to the provisions of Public Law 94-142. Due process procedures apply in all cases.
