   • County Commission - Peter Keber
   • Board of Education - Jane McIntyre

4 Consideration of proposed schedule of 1992 joint luncheons

5 Adjournment
Legislative Agenda
for 1992 Short Session

The Charlotte-Mecklenburg Board of Education is presenting an abbreviated legislative agenda for the Short Session with the understanding that a complete legislative agenda will be developed in coalition with the City of Charlotte, County of Mecklenburg, the Chamber of Commerce and other urban school districts for the 1993 legislative session.

In the 1992 session, we support many initiatives that directly relate to specific legislation and others that relate to issues now under discussion by the Joint Legislative Education Oversight Committee, i.e. extending the school year, lowering the pupil/teacher ratios, an appointed superintendent, compulsory attendance at age 5, flexibility issues relating to the funding of positions and the granting of waivers to enable us to better attain our local system-wide goals, encouraging teachers to be present on workdays for professional development.

Appropriations-Related Legislation

- We express our continuing support for full funding of the Basic Education Plan, making special note that we support having flexibility in the use of these funds.

- We encourage the Members of the General Assembly to keep the basic tenets of the NC School Improvement and Accountability Act (Senate Bill 2) high on their agenda, especially as they relate to flexibility and accountability at the local level and differentiated pay.

- We encourage the Members of the General Assembly to work toward pay increases for school employees by continuing with implementation of the teacher pay plan, and by devising an equitable pay plan for administrators, and non-instructional employees, understanding that revenues collected will dictate the design of all pay increases but further understanding that to retain high quality personnel at all levels in our school system, we must compete...
Non-Appropriations-Related Legislation

- (HB 828) LOCAL SCHOOL IMPROVEMENT
  This is an expansion of the accountability and flexibility that were a part of SB2. We strongly recommend and advocate for two provisions of this bill:

  1) That differentiated pay plans based on locally-designed school-based performance programs shall provide that following attainment of local goals, the local Board of Education shall, in concert with the Superintendent and a designated committee, distribute differentiated pay bonuses to those designated employees who contributed to the attainment of those goals.

  2) That waivers may be granted pertaining to assignment, allocation, reduction and use of positions for teacher assistants.

- (SB 804) K-2 STUDENTS MUST ATTEND
  An Act to Require Students Enrolled in Public Kindergarten, 1st or 2nd Grade Who Are Under the Age of 7 to Attend School.

  We would like to strengthen this bill to say that attendance at age 5 is compulsory.

- (Joint Legislative Education Oversight Committee) Lengthening the School Year, Compulsory School Attendance Ages

- (HB 1122) TEACHER LEAVE/SCHOOL DAYS
  An Act to Permit Teachers Who Would Otherwise Lose Vacation Days To Take Up To Two Days While Students Are In School.

  We would like to strengthen this bill so that the effect would be that teachers are required to be in school on workdays for professional development.

Adopted by Board of Education
January 28, 1992
City of Charlotte
Preliminary Legislative Agenda

- Support of Hildebrandt report (more D.A.'s)
- Support of Statewide bills which positively impact Charlotte
- Housekeeping bills which clarify local ordinances
