Council Agenda

Monday, January 22, 1990

1:00 p.m. - Council-Manager luncheon
2:00 p.m. - Citizens hearing
2:30 p.m. - Council meeting

ITEM NO

1. Invocation by Rev. Glenn Stevenson of Northside Baptist Church

2. Consider approval of minutes of zoning meeting of December 18, 1989

POLICY

3. Recommend adoption of an ordinance amending Chapter 14 of the Charlotte City Code, "Motor Vehicles" to address soliciting of motorists

Amendment. The recommended ordinance would amend the existing City Code to prohibit a pedestrian from soliciting, accepting contributions or distributing literature to motorists, except from the sidewalk area. The amendment corrects the current code in line with the original intent of the code. Pedestrians will not be prohibited from soliciting or distributing literature to other pedestrians.

Current Code. City Code Section 14-155(c) prohibits persons from "stopping or attempting to stop" motorists for the purpose of soliciting or accepting contributions. This subsection is ambiguous and creates a loophole that makes enforcement difficult. The loophole develops because enforcement cannot be provided when motorists are already stopped for a red signal.
With the increase in traffic volumes that Charlotte has experienced in recent years, traffic flow through many intersections during peak rush periods is critical, and even subtle interference from persons soliciting while all vehicles are stopped can have a significant impact on traffic flow. Even though pedestrians may be wandering through traffic which is stopped, a safety problem develops if traffic starts moving before the pedestrians have an opportunity to clear the intersection.

**Clearances**

Charlotte Department of Transportation. The ordinance has been approved as to form by the City Attorney and has been reviewed and approved by the Police Department and by the Muscular Dystrophy Association, one of the key organizations that has used street solicitation.

**BUSINESS**

**4**

**Recommend approval of a loan agreement for $56,000 between the City and Charles and Catherine Harrington to provide funds for working capital, purchase of equipment, and the purchase and renovation of an existing day care center located at 4037 Sofley Road.**

**Project Description**

Charles and Catherine Harrington have entered into a contractual agreement to purchase an existing day care center at 4037 Sofley Road. The center, established in 1963, was operated as Francis Day Nursery until March 1987 when the nursery was purchased by two investors who remained the current owners. The name of the nursery was changed to TLC Day Care Center. Upon purchase of the facility, the Harringtons plan to change the name to Smart Start Early Childhood Learning and Development Center.

**Day Care Center Operation**

The center has an enrollment of 39 children with a capacity for 76 children in its existing space. The Harringtons plan to market the center to increase the enrollment.

The center is operated by a hired director who has no ownership interest in the center. The Harringtons believe this type operation does not foster the motivation necessary to make the center as successful as it should be.
The Harringtons plan to oversee the daily operations of the center with Mrs. Harrington serving as its director. She has a Masters degree in Human Development and Learning from the University of North Carolina at Charlotte. She has also been an instructor and tutor in Charlotte-Mecklenburg and Union County schools. The Harringtons believe they have the educational background, business experience, and motivation necessary to make this a quality day care operation.

The current structure is a one story masonry building with approximately 2511 square feet. It is on one-half acre of land with adequate space for parking and recreation. The Harringtons plan renovations which include a new roof, floor repair, installation of new gutters, and addition of a side door.

City's Loan
$56,000

The City's loan of $56,000 will assist with the purchase and renovation of the day care center, provide working capital, and the purchase of equipment and will be used in conjunction with a $70,000 loan from NCNB National Bank. The Harringtons will contribute $14,000 to the project.

Jobs/ Public Purpose

The City is requiring a total of five jobs as a condition of this loan. It is anticipated that four of the jobs will be filled by individuals from low to moderate income households located within the Pocket of Poverty with priority being given to those individuals residing in public housing, those on the Housing Authority waiting list, and persons on the Community Development Department's relocation workload. One of the primary reasons the City established this loan program was to make available employment opportunities for individuals from low to moderate income households. The proposed loan request meets this public purpose objective.

See the attached addendum for details regarding the project costs, source of funds, loan terms, security, and public purpose. An explanation of the Economic Development Loan Fund is also attached.

5. **Recommend approval of a policy for performing Hugo debris removal on private streets.**

**Private Streets**

In many areas of the City, private streets exist that are not maintained by the City or built to City standards. These streets serve residents of apartments and condominiums as well as single family units. Some of these residential units may be many hundreds of feet from a publicly maintained street right-of-way. Hugo debris has been stacked on these private streets by residents of these communities.

**Debris Removal**

In our effort to serve citizens living in these type areas, the City has opted to remove Hugo debris which is at the private property curb line or otherwise accessible at pavement's edge. This action has only occurred in those instances wherein all of the affected property owners have signed the appropriate legal instrument holding the City harmless against any damage while working on private property. Such agreements are necessary because all debris removal equipment and crews have been designed to work within the public right-of-way. Private property, paved or curb and gutter areas are often not designed to withstand the loads carried by trucks and large construction equipment used by City crews.

**Claims Against City**

Failure to require property owners to execute the hold harmless agreement for Hugo debris removal on private property, as described above, may result in claims being made against the City for repairs and even future maintenance to curb, pavement, drainage systems, shrubbery, landscaped areas, etc. These types of claims could amount to thousands of dollars and would be totally at the City's expense.

**Citizens' Concerns**

We understand the citizens' concern about signing away any legal rights and the difficult position it puts them in of having either that option or what to do about the significant Hugo debris on their curb. We can also understand that this doesn't seem fair if the City is picking up everyone else's debris. Naturally the City will endeavor to utilize the utmost care for all private property in carrying out this operation, even to the point of utilizing the smallest equipment capable of doing the job if required.

However, even smaller equipment, which would necessitate a greater number of loads may damage inadequately constructed streets. Smaller equipment will also bring about a higher unit cost due to the need for increased manpower and the time involved for cleanup.
Clearances  Economic Development Revolving Loan Fund Committee approved the loan on December 20, 1989

Attachment No 1

5  Council direction on picking up HUGO debris from private streets.

There are several homeowners in Charlotte whose only practical place to put HUGO debris is the curb of a private street. To date we have been picking such debris up if the homeowners will sign a hold harmless agreement. Several homeowners do not wish to do this but still want their debris picked up and we need Council direction. Additional information will be sent in Friday's Council-Manager memorandum explaining the citizens' dilemma.

6  Recommend taking the following actions with regard to the proposed NFL Football Stadium Project:

(a) Acceptance of an assignment of two contracts to purchase real property totaling $1.3 million. The properties in question are: 801 Mint Street, owned by NCNB, Trustee, and 630 South Graham Street, owned by Queen City Investment Company. Both parcels are within the boundaries of the stadium project and are necessary for construction of the proposed stadium facility. The contracts for purchase have been secured by Loy McKeithen and are being assigned to the City by this action. Closings on these two parcels will occur in February.

(b) Adoption of a budget ordinance appropriating $1.3 million from an installment financing plan with an advance from the Municipal Debt Service Fund fund balance until the installment financing has been secured.

(c) Approve the utilization of bonds, notes, purchase money and installment financing under N C G S 160A-20 as methods of financing the acquisition of these two parcels.

6A  Workshop agenda for the February 5, 1990 Council workshop:

- Airport land use and noise status
- Discussion of suggested Housing Assistance Plan changes
Recommend approval of the Arts & Science Council application to the National Endowment for the Arts and authorize the City Manager to include in FY '91 budget up to $110,000 match.

Application
This application, the result of a five month planning process by the Arts & Science Council, requests up to $110,000 a year from the City to be matched by an equal amount from the County and the National Endowment for the Arts. This match will leverage up to $1.26 million in new funds from both public and private sources to establish a Regrant Program that has three purposes:

1. Improving institutional stability
2. Encouraging regional approaches to cultural development.
3. Fostering collaborative ventures between arts agencies.

As part of this program, a limited pool of funds will be used to expand the planning, technical assistance, and administration capabilities of the Arts & Science Council.

During the late fall of 1989, Council members were briefed on this application and the fact that only local government funds can be used as a match. This grant application is broadly supported by over 25 public, private, and non-profit organizations, including Duke Power, NCNB National Bank, the Charlotte Chamber of Commerce, Spirit Square, the Afro-American Cultural Center, and the Charlotte Symphony Orchestra.

Background
During the past 10 years, the construction, renovation and expansion of cultural facilities has dominated the cultural agenda for Charlotte. Since 1979, $85 million in public and private funds have been invested by the citizens of Charlotte-Mecklenburg in the development of cultural facilities.
As these facilities have been developed, they have stimulated significant growth in the arts agencies themselves, their programs, and their audiences. But because facility development has been so dominant, it has inadvertently allowed varying degrees of agency instability to develop and a decline in collaborative efforts between arts agencies and artists. Individual philanthropy has often focused on capital campaigns rather than the need for individual program patronage to cultural agencies on an annual basis.

Budget and Evaluation

---

The City Attorney advises that agenda items no. 8 through 21 may be considered in one motion. However, any member of Council may request that an item be divided and voted on separately.

---

**BUDGET ORDINANCE/CONTRACT AMENDMENT**

**Recommend adoption of a budget ordinance for $3,569,762.00 and approval of Amendment No. 2 for $498,700.00 to the engineering design contract with Ralph Whitehead and Associates to perform construction administration services for the Beatties Ford Road widening project.**

**Budget Ordinance**

Adoption of the budget ordinance for $3,569,762.00 will provide funds to award the Beatties Ford Road widening construction bid of $3,071,062.00, which is in the following Bid section, and the construction administration contract of $498,700.00.

**Funding**

A budget ordinance is necessary because a portion of the 1987 Street Bonds have not been issued. A cash advance from the Municipal Debt Service Fund Fund Balance is recommended until the bonds are issued.
Clearances  The construction administration contract has been reviewed by the City Attorney and approved by the Engineering Department. The Budget and Evaluation Department concurs with the budget ordinance.

BID LIST

Recommend adoption of the bid list as shown. The following contract awards are all low bid and within budget estimate unless otherwise noted. Each project or purchase was authorized in the annual budget.

A Beatties Ford Road Widening Engineering

Recommendation.  By the City Engineer that the low bid of $3,071,062.05, as submitted by Rea Construction Company, be accepted for award on a unit price basis.

Project Description.  This project will widen Beatties Ford Road to five lanes from the I-85 access road to Fairdale Drive and to four lanes with a landscaped median from Fairdale Drive to Capps Hill Mine Road approximately 1.3 miles. The work involves grading, drainage, paving, concrete curb and gutter, sidewalk utilities, erosion control and traffic control.

Source of Funding.  General Capital Improvement Fund - (Beatties Ford Road Widening - 1987 Street Bonds)

B Columbus Circle/White Feather Lane Engineering

Storm Drainage Repair

Recommendation.  By the City Engineer that the low bid of $110,262.10, as submitted by Mustang Enterprises, Inc., be accepted for award on a unit price basis.

Project Description.  The Columbus Circle storm drainage repair consists of the removal and replacement of an undersized and deteriorating storm drainage system on private property.

The White Feather Lane storm drainage repair involves enclosing a badly eroded drainage ditch into a pipe system.

Bond funds were approved for storm drainage repair on private property.

Source of Funding.  General Capital Improvement Fund - (Storm Drainage Repair Program - 1989 Storm Drainage Bonds)
C Mountainbrook Road Culvert Engineering

Recommendation. By the City Engineer that the low bid of $447,998.91, as submitted by Crowder Construction Company be accepted for award on a unit price basis subject to approval by the N C Dept of Transportation

Project Description. This project was funded in the FY84 Budget under Powell Bill Funds for the Bridge Replacement Program Municipal Agreements with the North Carolina Department of Transportation (NCDOT) calls for 80% reimbursement by the State for allowable project cost

Source of Funding. General Capital Improvement Fund - (Bridge Replacement Program - State Grant and Powell Bill).

D Communications Center Police Dept Workstations

Recommendation: By Purchasing Director and the Police Chief that the low qualifying bid, Watson Furniture System, in the amount of $65,124 be accepted for award of contract

Project Description: These furnishings are for the Police Communications Center to support the operation of the new 800MHz trunking radio system and Enhanced 911

Source of Funding. Capital Improvement Program - (Police Safety Radio System)

CONTRACT

Recommend approval of a contract between the City and the N C Employment Security Commission for $380,393 in JTPA Title II-B funds to provide summer youth work experience for approximately 309 economically disadvantaged youth between the ages of 14 and 21.

JTPA Each year, the City receives Job Training Partnership Act (JTPA) Title II-B funds to provide summer work opportunities to economically disadvantaged youth ages 14 to 21. The program places eligible youth into jobs with public or private non-profit agencies during the summer months
Jobs, Hours, Wages

Jobs include office clerks, recreation aides, daycare aides, groundskeeper, food service, and maintenance. Program participants work an average of 30 hours per week, for approximately eight weeks, and will be paid $3.80 for each hour worked.

Terms of Agreement

This agreement with the N.C. Employment Security Commission provides funding for services that include outreach and recruitment of applicants, eligibility determination, assessment, worksite development, assignment of youth to worksites, participant and worksite supervisor orientation, participant enhancement workshops, check distribution, job development and placement, and followup.

The program is scheduled to begin on or before June 13, 1990 with completion on August 7, 1990. Upon program completion, job development and placement services will be provided for those participants who are not returning to school in the fall.

This agreement will be effective February 1, 1990 through September 30, 1990. Project costs include staff costs and participant wages and fringe benefits.

Clearances

The Private Industry Council, Budget and Evaluation Department and the Legal Department have reviewed and approved this agreement.

AGREEMENT

Recommends approval of an agreement for photogrammetric services with Lowe Engineers of Atlanta, Georgia, for $72,000.00 to provide 25 new topographic maps.

Topo Maps

The City maintains a topographic mapping system of the land within the City limits. Each year, the City approves a contract for maintaining and updating maps in the topographic mapping system. The updates are required because of development within the City limits or annexation. The maps provide information on streets, buildings, trees, and terrain. Copies of the maps are sold to the general public and used by various governmental agencies.
Funding
Engineering Department Operating Budget

Clearances
The contract has been reviewed by the City Attorney and approved by the Engineering Department

AGREEMENT AMENDMENT

12 Recommend approval of Amendment No. 2 for $186,749.00 to the agreement with Westinghouse Environmental and Geotechnical Services, Inc. (formerly S&ME, Inc.) for the groundwater evaluation of Coliseum Center - Tract 3 property

Amendment
The Coliseum Center site was contaminated by underground petroleum tanks. This amendment provides funds for cleanup work and for installation of two additional groundwater monitoring wells and associated groundwater testing to further define the extent of groundwater contamination.

Coliseum Center Site
In July 1986, the City entered into an agreement with the North Carolina Department of Transportation (NCDOT) to purchase a tract of land, located on Wilmont Road, which had previously been used as a vehicle maintenance facility by NCDOT. The land was deeded to the City on May 13, 1988. As a result of subsequent subsurface investigations at the site, it was determined that the site had been contaminated by petroleum products which had leaked from underground tanks at the former maintenance facility. The City will be reimbursed by the State for cleanup costs.

Site Cleanup Phase I, II, III
In November 1986, the City Manager approved a $28,000.00 agreement with Westinghouse Environmental and Geotechnical Services, Inc. to evaluate site contamination and to develop a plan for site cleanup. The plan prepared by Westinghouse recommended a three-phase cleanup of the site:

Phase I - Removal of the petroleum products located on top of the groundwater table

Phase II - Cleanup of contaminated site soils

Phase III - Cleanup of contaminated groundwater at the site
Phase I Complete

In June 1989, the City Manager approved Amendment No 1 to the agreement with Westinghouse for $29,000.00 for Phase I of the remedial action plan. Phase I of the site cleanup was completed in December, 1989.

Phase II

Amendment No 2 is for the Phase II cleanup and groundwater testing.

Funding

Tivyola Road Capital Account. Council approved a reimbursement agreement with the North Carolina Department of Transportation in June, 1989 stating that the State will reimburse the City for all but $50,000 of the cleanup costs.

Clearances

Amendment No. 2 has been approved by the Engineering Department and reviewed by the City Attorney.

13. A Recommend amendment of the Charlotte-Mecklenburg Government Center contract between the City and the County and authorize the execution of a restated contract which will include all amendments to the original contract.

B Recommend amendment of the City-County parking deck contract between the City and the County.

CMGC Contract

During construction of the Charlotte-Mecklenburg Government Center (CMGC), and particularly during the addition of the two floors, minor construction matters came up which did not require Council action but which need to be reflected in the final CMGC contract with the County. This action formally revises the final contract to reflect those changes.

Parking Deck

The action in B amends the parking deck contract to reflect the number of spaces controlled by the City, the County and the Courts based on actual construction of the deck and experience gained in operating the deck, and also provides some needed flexibility in regulations governing use of the deck.

Clearances

Engineering, Finance, General Services and Legal Departments.
CHANGE ORDER

14 Recommend approval of Change Order No. 1 for $534,300 to the fall resurfacing 1989 contract with Rea Construction Company.

Contract
Date of Award: December 11, 1989
Contractor: Rea Construction Company
Contract Amount: $1,617,210 00
Change Order No: 1 $534,300 00

Change Order
The work covered under this change order is normally performed by Street Maintenance forces, however, they are currently assigned to HUGO debris cleanup. This change order is an effort on the part of the City to make sure we don't get behind in our street resurfacing program.

The work includes excavation and paving of widening strips on existing streets where curb has been installed by developers under the subdivision ordinance. A number of these areas have been completed and are awaiting paving and the backlog continues. Therefore, it is recommended to contract for the work with a private contractor.

Fall Resurfacing Contract
The fall resurfacing contract is one of two contracts let each year to resurface City streets in order to maintain the City's approximately 1,300 miles of streets. Based on evaluation of street conditions, approximately 60 miles of streets throughout the City will be resurfaced. Due to the streets being affected by hurricane debris clean-up and the suspension of paving operations during the winter months, Rea agreed to delay the contract start date until March 15, 1990.

Funding
Powell Bill Funds

Clearances
Engineering Department, Operations Department
B Recommend approval of six change orders for Hugo debris clean-up for $1,156,848.50.

**HUGO Clean-Up**
Immediately after Hurricane Hugo in September, contractors who were performing work under six existing roadway contracts were put to work performing emergency clean-up of the hurricane debris. This work was done under the force account provisions of their existing contracts. These change orders will restore the funds to the various contracts that were expended as a result of the Hugo debris clean-up.

**Funding**
City Hugo Disaster Relief Fund. This is an eligible Federal Emergency Management Administration reimbursement expense.

**Clearances**
Engineering Department; City Attorney's Office concurs with these change orders.

**DRUG SYMPOSIUM ENDORSEMENT**

15 Recommend endorsement of a follow-up to the 1989 Leadership Conference for a Drug Free North Carolina.

**Requested Action**
Council endorsement of a one-day follow-up to the drug symposium held April 20-22, 1989.

**Reason**
Symposium participants suggested follow-up to focus on reviewing progress made toward accomplishing objectives of the 1989 symposium.

**When**

FAIR HOUSING RULES

16 Recommend approval of revised rules and procedures for administering Chapter 12, Article V, Fair Housing, of the Code of the City of Charlotte

Fair Housing  
On December 11, 1989 Council adopted an ordinance amending the Charlotte Fair Housing Ordinance to bring it into compliance with the Federal Act

This action revises the rules and procedures to carry out the amended ordinance that Council approved.

Funding  
This action does not require any additional funding. Current funding is provided through the annual operating budget and annual grants from the U.S. Department of Housing and Urban Development.

Clearances  
The city attorney has approved the revised rules and procedures as to form.

A public hearing was held on December 19, following due public notice, to receive comments on the revised rules and procedures. The Charlotte Board of Realtors and the Charlotte Apartment Association were each represented at the hearing and each commented favorably on the revisions.

The Charlotte-Mecklenburg Community Relations Committee, following the public hearing on December 19, adopted the rules and procedures as revised.
HOUSING CODE

Funds for these actions are available and liens will be placed against the properties for the costs incurred. Detailed information is attached.

Attachment No 3
MUNICIPAL AGREEMENT

18 Recommend adoption of a resolution authorizing a supplemental municipal agreement with the North Carolina Department of Transportation (NCDOT) for construction of Independence Freeway between Brookshire Freeway and Briar Creek.

Original Agreement

On March 27, 1989, City Council authorized a municipal agreement with the NCDOT for construction of Independence Freeway between Brookshire Freeway and Briar Creek. The agreement provided that the City would reimburse the NCDOT for purchase of additional right-of-way on the north side of Independence Boulevard between Pecan Avenue and Morningside Drive. The total cost of the right-of-way acquisition was estimated at $12 million. Funding for the acquisition was approved in the FY 90-94 Capital Improvement Program (CIP).

Amendment

This supplemental municipal agreement amends the one approved on March 27, 1989 and calls for the NCDOT to acquire all right-of-way for the project at no expense to the City. The NCDOT has agreed to fund all right-of-way costs since funding for NCDOT construction projects has been increased.

Funding

Funding for the Independence Boulevard right of way project ($2 million per year) will be reallocated in the FY91-95 Capital Improvement Program.

Clearances

The supplemental municipal agreement has been reviewed by CDOT. The Community Development and Engineering Departments reviewed the original municipal agreement and recently met with NCDOT staff to work out procedures for relocating and rehabilitating residential structures acquired by the project.
SET PUBLIC HEARINGS

19 A Recommend adoption of a resolution of intent to abandon an unnamed street between Brookside Avenue and Park Road and set a public hearing for February 26, 1990.

B Recommend adoption of a resolution of intent to abandon a portion of an alleyway off Clement Avenue and set a public hearing for February 26, 1990.

TAX REFUND

20 Recommend the adoption of a resolution authorizing the refund of certain taxes in the total amount of $17,917.35 which were assessed through clerical error or illegal levy against 24 tax accounts.

Terms of the Loans

1) NCMB
   a. Rate - Prevailing rate at time of closing (presumed to be 2% over prime)
   b. Term - 180 Months (15 years)

2) City of Charlotte
   a. Rate - 6% per annum
   b. Term - 15-year amortization with balloon payment at the end of the 5th year

Security

1) NCMB National Bank
   - First Deed of Trust on the land and building located at 4037 Sofley Road, Charlotte, N. C.

2) City of Charlotte
   - Second Deed of Trust on the land and building located at 4037 Sofley Road, Charlotte, N. C.
   - First Deed of Trust on property located at 1733 Highland Avenue, Conway, South Carolina 29526.
NCNB will be fully secured with a first Deed of Trust on the land and building which has an appraised value of $96,000. NCNB’s first mortgage of $70,000 will result in remaining equity of approximately $26,000. The City’s loan of $56,000 requires additional security of $30,000 which will be collateralized by a first Deed of Trust on property located at 1733 Highland Avenue, Conway, South Carolina. This property has a market value of $34,000 with no outstanding mortgages. The equity in the South Carolina residence when added to the $26,000 of equity remaining on Sosley Road provides adequate security for the City’s loan.

Public Purpose
It has been determined that the project is eligible for City-financed participation as it meets program objectives of low/mod job creation and provides a needed service to the community.

There will be a total of five jobs created as a result of this loan. It is anticipated that four of the jobs will be filled by individuals from low to moderate income households located within the Pocket of Poverty:

1 Director
1 Cook
3 Teachers
5
ECONOMIC DEVELOPMENT REVOLVING LOAN FUND (EDRLF)

Purpose: To provide capital for startup or expansion of small and/or minority businesses located primarily within the Pocket of Poverty in order to create business and employment opportunities for individuals from low to moderate income households.

Primary Objectives:
- To create public/private partnerships between the City and private commercial lenders to provide the capital necessary to fund business startups or expansions;
- To provide job opportunities for individuals from low to moderate income households;
- To foster economic development within the Pocket of Poverty for promotion of job creation, removal of slum and blighting influences, and expansion of the City's tax base;

General Policies:
- The City seeks to finance a business project based on the following financing mix:
  1) 50% from a private lender (banks, savings & loans, etc.)
  2) 40% from the City;
  3) 10% from the applicant.
- The interest rate on loans from the EDRLF is 6%.
- The maximum term is 5 years, however, some repayments are computed for a longer term with a balloon principal payment due at the end of the fifth year.
- The City seeks to stimulate business start-ups and expansions by providing subordinate financing which creates an incentive for private participation.

Eligible Activities/Applicants:
- Acquisition of real property;
- Construction, rehabilitation, or installation of:
  1) Commercial or industrial buildings and structures;
  2) Equipment and fixtures which are part of the real estate;
  3) Commercial or industrial property improvements;
- Applicant must meet at least one of the following:
  1) Either operate or want to operate a business in an area eligible for assistance;
  2) Live in an area eligible for assistance and either operate or want to operate a business outside the eligible area;
  3) Operate a business located close enough to provide services and jobs to low and moderate income citizens living in eligible areas;
Source of Funding:

Federal Community Development Block Grant funds. Annual appropriations of $100,000 to the EDRLF. The loan fund is revolving, therefore, repayments are used to make other loans.

Clearances:

City Council approved Economic Development Revolving Loan Fund guidelines on November 10, 1986 as recommended by the CD and Housing Committee.

Economic Development Revolving Loan Fund Committee* and City Council approvals are required.

*Economic Development Revolving Loan Fund Committee is comprised of ten citizens: seven bankers, one Chamber representative, and two small business operators. Appointments are made by the City Manager.
Recommend endorsement of a follow-up to the 1989 Leadership Conference for a Drug Free North Carolina.

1989 Drug Symposium

On April 20-22, 1989, Mayor Myrick and Governor Martin hosted a Leadership Conference for a Drug Free North Carolina. The event was a three day symposium consisting of workshops, enforcement, education, and treatment panels, small group discussions, and speeches by the Governor and Lieutenant Governor. The symposium brought together governmental officials and enforcement, education, and treatment professionals from the ten largest cities across the state as well as local business, civic, and media leaders, members of the N. C. Drug Cabinet, and the Governor's Crime Commission. At the conclusion of the symposium a comprehensive report containing the recommendations of the conference participants was submitted to the governor and the Drug Cabinet.

One Day Follow-up Symposium

One of the suggestions of the original symposium participants was a follow-up session which would focus on reviewing what progress had been made toward accomplishing the objectives set out in the final report. It is anticipated that this event would be scheduled for this spring and we hope that some members of the N. C. Drug Cabinet could participate and provide both their reactions to the recommendations from the original symposium and an update on the measures the state is taking to address the drug problem. Invitations would be extended to those individuals who had attended the first symposium and it is expected that attendance would be approximately 100 people.

Staff Commitment

The follow-up symposium would require a commitment of staff time from three people - one from the Mayor's Office, one from the Police Department and one from Public Service and Information as well as other police personnel who may be involved in addressing various drug related issues. Given the smaller scope of the program and the contacts and experience gained from the prior symposium, the follow-up effort should require a much smaller commitment of staff time than the previous program.

Funding

While it is impossible to provide exact cost estimates until the program is finalized, it is anticipated that the total cost of the program would not exceed $5000 - $7500. Some of the funding may be raised through private contributions; otherwise funds can be taken from the Council Contingency Fund.

Extension Request Denied: 9/21/88

Staff continued to work with owner to resolve but were unable to do so. Therefore, a title search was ordered in October 1989 and received on 11/1/89. The title search revealed no parties of interest to the property.

Estimated Value of Dwelling: $1,750
Estimated Repair (Which Exceeds 65% of Estimated Value): $9,000

The repairs include: completing all interior wall and ceiling repairs; completing all electrical, mechanical and plumbing; completing all interior trim and hardware; painting interior and exterior; replacing all damaged windows and doors including hardware.

The owner was notified of a Civil Penalty on September 7, 1988. The total penalty as of January 22, 1990 amounts to $5,110. The owner has also been notified of this Council action.
D. Recommend adoption of an ordinance authorizing the use of In Rem Remedy to demolish and remove the dwelling located at 316 Honeywood Avenue (Hoskins).

Reason For Inspection: Complaint
Date of Inspection: 12/8/88
Owner(s) Notified of Hearing: 12/14/88 (Mail Returned/Unclaimed)

Attempts were made to locate the owner but were unsuccessful. Therefore, a title search was ordered in May, 1989 and received on 8/15/89. The title search revealed parties in interest to the property. The Complaint & Notice of Hearing and the Finding of Fact & Order were advertised in the Mecklenburg Times because the parties in interest could not be served by certified mail.

Owner(s) Ordered to Demolish Dwelling By: 11/3/89
Estimated Value of Dwelling: $8,440
Estimated Repair (Which Exceeds 65% of Estimated Value): $22,910

The repairs include: repairing excessive holes and falling walls and ceilings throughout structure; painting all walls and ceilings throughout; repairing all leaking plumbing; repairing or replacing floors throughout; repairing all electrical wiring; replacing or repairing missing and damaged interior doors, including hardware; installing properly sized heating unit; properly connecting water heater; installing adequate footings; replacing loose or missing mortar, repairing foundation walls; replacing decayed floor sills and joists; replacing screens on all foundation vents, treating structure for infestation of insects and rodents; replacing decayed exterior walls, painting exterior of structure, replacing exterior doors; replacing or repairing windows and sills; repairing front porch; replacing decayed material on rear porch floor; repairing steps; replacing damaged or missing window screens; installing attic insulation to R-19 rating; replacing decayed roofing; repairing chimney, replacing decayed cornice and soffit; and removing junk and debris from dwelling.

The owner was notified of a Civil Penalty on December 5, 1989. The total penalty as of January 22, 1990 amounts to $580. The owner has been notified of this Council action.

Revised 5/15/89
Mrs. Cyndee Patterson
1137 Queens Road West
Charlotte, N. C. 28207

January 4, 1990

Dear Cyndee,

The Charlotte Sister Cities Board recommends that the following persons be reappointed to serve a second term on the Committee:

Robert M. Bryan
Jerald L. Melberg
Douglas M. Martin
Douglas Mitchell
Helmut W. Renner
Dr. Paul Hatten
Mary Wiggins
Dr. Catherine Sanders
Linda Albright
Carole Clark
Vincent L. James

The following persons are also recommended to fill vacancies left by Lyn R. Renwick and Doris McLaughlin. Both have been active volunteers for several years, serving as Ad Hoc members on numerous projects:

Dwight Spreng
Sidney Lockaby

In addition, these committee members are not eligible for reappointment having served two full terms already: Lee Major, Wilson Edmunds and Jeanne P. Johnson. The Board recommends the following persons who have taken an active part in past Sister City projects and have indicated an interest in becoming appointed members:

Dr. Fred Allen
Heidi Campbell-Robinson
Susan Lebold

Thank you very much for your help and interest. Please contact either of us if you have any questions about these recommendations.

Sincerely,

Jerry R. Licari
