| Deferral (to September) Protest Sufficient | 4. **Petition No. 2012-048** by GCI Acquisitions, LLC for a change in zoning for approximately 16.20 acres located on the west side of Lancaster Highway between Springwell Street and Johnston Road from MX-2 to R-17MF(CD).  
The Zoning Committee voted 3-3 to recommend APPROVAL of this petition. This tie vote results in an automatic one-month DEFERRAL of the petition.  
The following modifications have been made to the site plan since the public hearing:  
1. Proposed back of curb along the property frontage on Lancaster Highway reflected as 37 feet from the existing center line.  
2. Indicated sidewalk/utility easements from any sidewalk outside of the public right-of-way along any proposed public street.  
3. Removed the marked crosswalk locations from the proposed internal intersections along Landing Place Lane. Note B under the heading of Transportation can remain.  
4. Added a note stating that the proposed Landing Place Lane southbound intersection approach needs to be properly aligned with the existing Clems Branch northbound approach at Lancaster Highway so as to not affect operations of a future traffic signal.  
5. Provided enough pavement width on the southbound Landing Place Lane to support three travel lanes.  
6. Specified that if additional right-of-way and/or easements are required at the proposed intersection the acquisition of this property will be the petitioner's responsibility.  
7. Amended the rezoning plan to reflect the design of a left-turn lane necessary to serve the traffic using the proposed public street driveway connections prior to submittal/approval of the public street connections. The left-turn lane is designed using NCDOT standards with a minimum 150 feet of storage.  
8. Provided enough width along the public street (Landing Place Lane) connection to Lancaster Highway for three (3) travel lanes between Lancaster Highway and the site’s first internal driveway connection to parking. Added a note that the intersection of Landing Place Lane and Lancaster Highway will be designed so that the eastbound intersection approach for Landing Place is aligned with the westbound approach of Clems Branch Drive so as to not affect operations of a future traffic signal. The Petitioner will be responsible for any of the modifications required to properly align existing Clems Branch Drive with the extension of Landing Place Lane.  
9. Maximum number of multi-family units has been reduced from 252 to 248, with a resultant density of 15.3 dwelling units per acre.  
10. Addition of a six bay garage. |
| 2012-048 continued | 11. Added a new Note 3.B. under the heading of "Access", which states that the Petitioner will contribute to CDOT or NCDOT up to half the cost but not to exceed $50,000 for the installation of a traffic signal at the intersection of Landing Place Lane and Lancaster Highway when the signal is warranted and the funds are requested by CDOT or NCDOT. This commitment to provide funds toward the future signalization of the intersection of Landing Place Lane and Lancaster Highway is valid for a period of 10 years from the date of approval of this petition. |
| | 12. Added a new Note 3.C. under the heading of "Access", which states that prior to the issuance of a building permit for the site the petitioner will commission a Signal Warrant Analysis for the intersection of Landing Place Lane and Lancaster Highway. The petitioner will work with CDOT on the preparation of the Signal Warrant Analysis and will submit the result of the analysis to CDOT for review and for its use. |
| | 13. Added a Note 3.D. under the heading of "Access" that as a part of the extension of Landing Place Lane and Lancaster Highway the petitioner will install a choker lane within Landing Place Lane. The final location and design of the choker lane will be determined by CDOT and the Planning Department during the subdivision review process. |
| | 14. Added a note under the heading of "Architectural Standards” that the petitioner will provide as part of the developments’ club house amenity package an indoor basketball half-court. |
| | 15. Added a note under the heading of "Architectural Standards” that the petitioner will construct three buildings that will include garages as generally depicted on the site plan. In addition, the petitioner will construct three detached garage structures throughout the site as generally depicted, the location of which may be modified. |
| | 16. Amended Note 5.G. under the heading of "Streetscape, Buffers and Landscaping” to specify that 14 trees and 20 evergreen shrubs per 100 linear feet will be planted within the 50-foot buffer and 35 percent of the new trees will be evergreen. At a minimum, the combination of existing vegetation, the new vegetation to be planted and the proposed fence when taken together must meet or exceed the requirements of a Class B buffer. |
| | 17. Added a note 5.H. under the heading of "Streetscape, Buffers and Landscaping” that a six-foot tall solid wooden fence will be installed within the 50-foot buffer. The fence will be located at the edge of the undisturbed portion of the buffer. |
| | 18. Amended Note 3.B. under the heading of "Access" to read as follows: “The petitioner will contribute to CDOT a lump sum amount not to exceed $50,000 for the installation of a traffic signal at the intersection of Landing Place Lane and Lancaster Highway. The $50,000 shall be received by CDOT prior to the issuance of the first building’s certificate of occupancy and deposited in a CDOT account specifically for this use. Should a traffic signal at this location not be installed three years after the last building’s certificate of occupancy is issued, the $50,000 shall be returned to the petitioner. A Developer/CDOT Traffic Signal Agreement documenting these conditions shall be executed before the first building’s certificate of occupancy is issued.” |
| | 19. Amended Note 3.C. under the heading of "Access” to read as follows: “Six months prior to the issuance of a building permit for the Site the Petitioner will commission a Signal Warrant Analysis for the intersection of Landing Place Lane and Lancaster Highway. The Petitioner will work with CDOT/NCDOT on the preparation of the Signal Warrant Analysis and will submit the result of the Signal Warrant Analysis to CDOT/NCDOT for review and for its use.” |
| | 20. Amended Note 3.E. under the heading of "Access” as follows: “The intersection of Landing Place Lane and Lancaster Highway will be designed so that the eastbound intersection approach for Landing Place Lane is aligned with the westbound approach of Clems Branch Drive so as to not affect operations of a future traffic signal. Both the Landing Place Lane and Clems Branch Drive approaches shall have three travel lanes (i.e. one receiving lane, a left-turn lane and a thru/right turn lane). The Petitioner will be responsible for any of the roadway geometric modifications requirements to properly align and signalized existing Lancaster Hwy/Clems Branch Drive with the extension of Landing Place Lane. The final Lancaster Hwy/Landing Place/Clems Branch Drive intersection geometric will be determined by CDOT/NCDOT during the subdivision review process. The Petitioner shall be responsible to acquire any additional right-of-way and/or public easements needed to properly align the intersection, accommodate truck/school bus turning movements, and to provide efficient traffic signal operations at this intersection.” |
### 2012-048 (continued)

21. Amended Note 3.G. under the heading of “Access” as follows: “The Petitioner will construct a 150 feet northbound left turn lane with an appropriate taper length on Lancaster Hwy. to the extension Landing Place Lane per NCDOT and CDOT standards, pavement widening, milling/overlaying may be required.”

22. Amended Note 5.J. under the heading of “Access” to state the Petitioner will dedicate in fee-simple to the City of Charlotte 50 feet of right-of-way from the center line of Lancaster Highway. This right-of-way dedication will occur at the time the right-of-way for Landing Place Lane is recorded.

23. Amended Note 5.K. under the heading of “Access” as follows: “The placements and configurations of vehicular access points are subject to any minor modifications, as approved by CDOT, required to accommodate final site and construction plans and designs and to any adjustments required for approval by the CDOT/NCDOT. This includes adjustments required for approval by CDOT in accordance with published standards.”

24. Amended Note 3.E. under the heading of “Access” to state that the intersection of Landing Place Lane and Lancaster Highway will be designed so that the intersection approach for Landing Place is aligned with the approach of Clem Branch Drive so as to not affect operations of a future traffic signal. The petitioner will be responsible for any of the required modifications.

Staff recommends approval of this petition.
