- In November 2016, City Council authorized an Infrastructure Reimbursement Agreement (Agreement) between the City of Charlotte, Mecklenburg County, and Pappas Midtown, LLC to facilitate the Midtown/Pearl Park Redevelopment Project.
- The terms approved by City Council in 2016 include:
  - Pappas Midtown, LLC to be reimbursed for approximately $4,417,000 in public infrastructure improvements.
  - Pappas Midtown would build the public improvements and would be reimbursed through 45 percent of the incremental city and county property taxes from a designated area over 10 years.
  - The public improvements to be reimbursed under the terms of the agreement include:
    - Extension of Pearl Park Way,
    - Extension of Berkeley Avenue between Greenwood Cliff and Pearl Park Way Extension,
    - Extension of water and sanitary sewer mains from the remainder of Greenwood Cliff to Kenilworth Avenue via Berkeley Avenue and Pearl Park Way,
    - Reimbursement to Pappas Midtown, LLC for the value of a portion of property to be designated as street right-of-way,
    - Extension of Pearl Park Way to Baxter Street, and
    - Replacement of parking spaces on Charlotte Housing Authority property.
- Since the approval of the Agreement, the scope of the private development has expanded through the purchase of additional land and an increase in the private program of construction. Atrium Health has joined the project as the tenant of two medical office buildings.
- The amendment to the existing Agreement shall include the following:
  - Expand the Tax Increment Area to include future expansion of the redevelopment project,
  - Reimbursement to Pappas Midtown, LLC for the value of right-of-way required to widen Harding Place near its intersection with Kenilworth Avenue,
  - Widen a portion of Harding Place to include an additional traffic lane,
  - Extend Berkeley Avenue between Harding Place and Greenwood Cliff in accordance with the Midtown-Morehead-Cherry Area Plan and city approved plans, and
  - Increase the maximum reimbursement amount to account for the costs associated with the above public improvements and an additional $367,266 to account for scope items added to the items subject to the initial Agreement.

**Action B:**
- The reimbursement arrangement requires the city and county to execute an Interlocal Agreement, which obligates the county to pay 45 percent of the incremental county property taxes from the designated area to the city during the term of the agreement.
- The city will remit such payment annually to Pappas Midtown, LLC.

**Charlotte Business INClusion**
All Additional work involved on this contract amendment will be performed by Pappas Midtown, LLC, and their existing subcontractors. (Part F: Section 1 of the Charlotte Business INClusion Policy).

17. **Memorandum of Understanding - 7th and North Tryon Redevelopment Project**

**Action:**

A. Authorize the City Manager to negotiate and execute, in coordination with other landowners involved in the project, a Memorandum of Understanding for the 7th and North Tryon Redevelopment Project with the Master Developer, BP-Metropolitan NC, LLC, and

B. Approve the use of Capital Investment Plan and Tax Increment Grant dollars as a source of public funding to be negotiated in the Memorandum of Understanding.

**Staff Resource(s):**

Tracy Dodson, City Manager’s Office

**Background**

- In early 2017, City Council voted to adopt the North Tryon Vision Plan (the Plan).
- The Plan outlined the desire to create a district that will attract, retain, and strengthen creative industries, innovative arts, and cultural and educational institutions through the following:
  - A broader mix of uses to help activate and create an inclusive space and a space that financially supports the district’s development and ongoing maintenance;
  - A creative integration of land use, architecture, urban design, and programming with functional, yet attractive, infrastructure including transportation, parking, utilities, and public realm improvements;
  - Residential development to support existing businesses and destinations, attract new businesses, and make the area more vibrant; and
  - Leverage public investment in the district to maximize the benefits while supporting and enhancing existing businesses and helping attract additional employers and jobs.
- Specific to the area between 6th, Tryon, College, and 8th Streets, the Plan suggests the following:
  - Planning and development in concert and linked with plaza spaces, streets, parks, and promenades, will create a transformative collective investment in these blocks;
  - A shared desire to revitalize the existing Spirit Square and Main Library block presents an opportunity for an urban awakening along North Tryon; and
  - Creation of an underground parking structure located on the blocks bounded by College, Tryon, 6th, and 8th Streets. This area was identified in the Plan as one of the critical sites for shared and coordinated parking within the district.
- As outlined in the Plan, public private partnerships are an integral asset of the vision.

**Explanation**

- On June 8, 2020, the City Council received information on the 7th and North Tryon Redevelopment Project. The information included a description of the key terms of a non-binding Memorandum of Understanding (MOU) between the Stakeholders and the Master Developer, BP-Metropolitan NC, LLC.
- The four property owners that have coordinated the negotiation and are party to the Memorandum of Understanding (MOU) include the City of Charlotte, Mecklenburg County, Charlotte Mecklenburg Library, and Bank of America.
- Key terms of the MOU are as follows:
  - City and County Tax Increment Grant (TIG) not less than $25 million for public open space, public parking, and enhanced public realm;
  - City of Charlotte Capital Investment Plan (CIP) for $2-$5 million for 7th Street construction and infrastructure improvements; Good Faith Effort towards MWSBE participation goal of 30 percent;
  - $3 million contribution from the developer towards affordable housing; and
On June 2, 2020, the Mecklenburg County Commission (Commission) voted to allow the County Manager to negotiate a MOU with other property owners and the Master Developer. In addition, the Commission also approved a funding allocation of its land sales proceeds from 7th Street and North Tryon Street towards the adjacent Uptown redevelopment project proposed by Inlivian and off-site locations throughout the city. Specifics on the affordable housing strategy would also be incorporated into the MOU.

The economic development impact of this project includes:
- Estimated 1,200-1,500 temporary construction jobs,
- Estimated 250 facility-based permanent jobs,
- Office building space for an estimated 4,000 jobs,
- $75 million local supplier estimate,
- $35-45 million MWSBE estimate,
- Estimated $4.1 million in new annual property tax revenue, and
- Estimated $674,000 in new annual local sales tax revenue,

58. **Reference - Property Acquisitions and Condemnations**

- The city has negotiated in good faith to acquire the properties set forth below.
- For acquisitions, the property owner and staff have agreed on a price based on appraisals and/or estimates.
- In the case of condemnations, the value was established by an independent, certified appraisal followed by a third-party appraisal review.
- Real Estate staff diligently attempts to contact all property owners by:
  - Sending introductory letters via regular and certified mail,
  - Making several site visits,
  - Leaving door hangers and business cards,
  - Seeking information from neighbors,
  - Searching the internet,
  - Obtaining title abstracts, and
  - Leaving voice messages.
- For most condemnation cases, the city and the property owner(s) have been unable to reach a settlement. In some cases, condemnation is necessary to ensure a clear title to the property.
- If the City Council approves the resolutions, the City Attorney’s office will initiate condemnation proceedings. As part of the condemnation process, real estate staff and the City Attorney’s Office will continue to negotiate, including court-mandated mediation, in an attempt to resolve the matter. Most condemnation cases are settled by the parties prior to going to court.
- If a settlement cannot be reached, the case will proceed to a trial before a judge or jury to determine “just compensation.”
- Full text of each resolution is on file with the City Clerk’s Office.
- The definition of easement is a right created by grant, reservation, agreement, prescription, or necessary implication, which one has in the land of another, it is either for the benefit of land, such as right to cross A to get to B, or “in gross,” such as public utility easement.
- The term “fee simple” is a synonym for ownership and is an estate under which the owner is entitled to unrestricted powers to dispose of the property, and which can be left by will or inherited.
59. **Reference - Property Transaction Process**

**Property Transaction Process Following City Council Approval for Condemnation**

The following overview is intended to provide further explanation for the process of property transactions that are approved by City Council for condemnation.

Approximately six weeks of preparatory work is required before the condemnation lawsuit is filed. During this time, the city continues to negotiate with the property owner in an effort to reach a mutual settlement.

- If a settlement is reached, the condemnation process is stopped, and the property transaction proceeds to a real estate closing.
- If a settlement cannot be reached, the condemnation lawsuit is filed. Even after filing, negotiations continue between the property owner and the city’s legal representative. Filing of the condemnation documents allows:
  - The city to gain access and title to the subject property so the capital project can proceed on schedule.
  - The city to deposit the appraised value of the property in an escrow account with the Clerk of Court. These funds may be withdrawn by the property owner immediately upon filing, and at any time thereafter, with the understanding that additional funds transfer may be required at the time of final settlement or at the conclusion of litigation.
- If a condemnation lawsuit is filed, the final trial may not occur for 18 to 24 months; however, a vast majority of the cases settle prior to final trial. The city’s condemnation attorney remains actively engaged with the property owner to continue negotiations throughout litigation.
  - North Carolina law requires that all condemnation cases go through formal non-binding mediation, at which an independent certified mediator attempts to facilitate a successful settlement. For the minority of cases that do not settle, the property owner has the right to a trial by judge or jury in order to determine the amount of compensation the property owner will receive.
