**Proposed Zoning:** MUDD-O (mixed use development, optional) & MUDD-O (PED) (mixed use development, optional, pedestrian overlay)

**Zoning Committee Recommendation:** The Zoning Committee voted 7-0 to recommend **APPROVAL** of this petition as modified.

10. **Rezoning Petition: 2016-026 by Hopper Communities**

*Update: Requesting Deferral (to April 18, 2016)*

**Location:** Approximately 4.56 acres located on the north side of Wesley Heights Way and generally bounded by Sumter Avenue, Auten Street, Duckworth Avenue and Wesley Heights Way. (Council District 2 - Austin)

**Current Zoning:** R-8 (single family residential) & UR-3(CD) PED-O (urban residential conditional, pedestrian overlay, optional)

**Proposed Zoning:** UR-3(CD) PED-O (urban residential conditional, pedestrian overlay, optional) & UR-3(CD) SPA PED-O (urban residential conditional, site plan amendment, pedestrian overlay)

**Zoning Committee Recommendation:** The Zoning Committee voted 7-0 to **DEFER** this petition to the March 30, 2016 Zoning Committee Work Session.
11. Rezoning Petition: 2015-058 by Childress Klein

**Location:** Approximately 7.1 acres located on the southwest corner at the intersection of Morrison Boulevard and Sharon Road. (Council District 6 - Smith)

**Current Zoning:** R-3 (single family residential) & B-1SCD (business shopping center district)

**Proposed Zoning:** MUDD-O (mixed use development, optional) with 5-Year Vested Rights

**Zoning Committee Recommendation:**
The Zoning Committee voted 6-0 to recommend **APPROVAL** of this petition as modified.

**Staff Recommendation:**
Staff disagrees with the recommendation of the Zoning Committee because the network required street connecting Morrison Boulevard to Coltsgate Road should be open air without buildings above it. The street should be indistinguishable from a public street.

**Statement of Consistency:**
- The Zoning Committee found this petition to be inconsistent with the *SouthPark Small Area Plan*, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends institutional use for this site.
  - However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The plan calls for institutional uses, reflecting the existing use as a church. The proposed development includes a church along with a mixture of other land uses; and
    - The vision articulated in the *SouthPark Small Area Plan* calls for the SouthPark area to transition from a suburban shopping and business environment to a town center composed of a balanced mixture of land uses; and
    - In addition, the *Centers, Corridors and Wedges Growth Framework* identifies SouthPark as a Mixed Use Activity Center, a priority area for intensification and urban, pedestrian-oriented development; and
    - While the proposed rezoning is inconsistent with the specific land uses recommended in the *SouthPark Small Area Plan*, the proposal is consistent with the larger vision articulated in the plan and in the *Centers, Corridors and Wedges Growth Framework*, as well as recent development which has included a greater mix of uses than called for in the plan; and
    - The site plan for this proposal includes a vertical mix of uses and provides active residential and nonresidential uses that are located on the ground floors of buildings and oriented to the sidewalk network; and
    - The site plan includes a new private street through the subject property, that when coupled with the adjacent rezoning (petition 2016-059) provides a connection from Morrison Boulevard to Coltsgate Road. The connection is important to providing alternative route choices in the SouthPark area.

12. **Rezoning Petition: 2015-059 by Childress Klein**

**Location:** Approximately 1.53 acres located on the north side of Coltsgate Road between Sharon Road and Cameron Valley Parkway. (Council District 6 - Smith)

**Current Zoning:** R-3 (single family residential)

**Proposed Zoning:** MUDD-O (mixed use development, optional)

**Zoning Committee Recommendation:**
The Zoning Committee voted 6-0 to recommend APPROVAL of this petition as modified.

**Staff Recommendation:**
Staff agrees with the recommendation of the Zoning Committee.

**Statement of Consistency:**
- The Zoning Committee found this petition to be consistent with the *SouthPark Small Area Plan*, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends office or office-residential mixture for this site.
  - Therefore, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The vision articulated in the *SouthPark Small Area Plan* calls for the SouthPark area to transition from a suburban shopping and business environment to a town center composed of a balanced mixture of land uses; and
    - In addition, the *Centers, Corridors and Wedges Growth Framework* identifies SouthPark as a Mixed Use Activity Center, a priority area for intensification and urban, pedestrian-oriented development; and
    - The petition proposes a mixture of residential and office use that is consistent with the area plan; and
    - The petition provides architectural design commitments for the ground floor, street facing facades that encourage pedestrian activity and complement the pedestrian environment; and
    - The site plan includes a new private street through the subject site that, when coupled with the adjacent rezoning, provides a connection from Morrison Boulevard to Coltsgate Road, considered essential to the function of the adjacent rezoning proposal and important to providing alternative route choices in the area.

(160316) NCC152078 - Rezoning Documents Petition 2015-59

Location: Approximately 13.22 acres located on the southwest corner at the intersection of Providence Road West and Johnston Road. (Council District 7 - Driggs)

Current Zoning: O-1 (CD) (office, conditional)
Proposed Zoning: CC (commercial center)

Zoning Committee Recommendation:
The Zoning Committee voted 6-0 to recommend APPROVAL of this petition as modified.

Staff Recommendation:
Staff agrees with the recommendation of the Zoning Committee.

Statement of Consistency:
- The Zoning Committee found this petition to be inconsistent with the South District Plan, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends, as amended by prior rezonings, mixed nonresidential uses including a financial institution with accessory drive-through window, office uses, and a hotel.
- However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
  - The prohibition of retail uses in the prior rezonings was largely based upon a lack of vehicular access from Johnston Road. The current applicant has obtained tentative approval from the NCDOT for vehicular access from Johnston Road at mid-site and commits to making the connection; and
  - The proposed development will include a mix of uses, including office, retail, a bank, and a hotel. The retail component is limited to less than 45,000 square feet; and
  - All uses will be connected to each other with a pedestrian network; and
  - Although there are existing retail uses nearby, they are located on the north side of the Providence Road West/Johnston Road intersection and this development will provide retail services more easily accessed from the south side of the intersection.

**Current Zoning:** I-1 (light industrial) & I-2 (general industrial)  
**Proposed Zoning:** TOD-R (O) (transit oriented development - residential, optional) with 5-Year Vested Rights

**Zoning Committee Recommendation:**  
The Zoning Committee voted 6-1 to recommend **APPROVAL** of this petition as modified.

**Staff Recommendation:**  
Staff agrees with the recommendation of the majority of the Zoning Committee.

**Statement of Consistency:**
- The Zoning Committee found this petition to be consistent with the Blue Line Extension Transit Station Area Plan, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends transit supportive development.
  - Therefore, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The residential building is designed to allow nonresidential ground floor uses along Parkwood Avenue, as recommended in the transit station area plan.
    - The incorporation of nonresidential uses on this and other nearby sites will support the goal of having a range of pedestrian-friendly uses in the area closest to the Parkwood Transit Station.
    - The site is within ¼ mile walk distance from the Parkwood Transit Station, and is included in a larger area envisioned to be redeveloped with transit supportive development.
    - The proposed transit oriented development zoning is more consistent with the vision for the area than the current industrial zoning.
    - The proposed development has been designed to be pedestrian friendly and includes up to 335 multi-family units near the Parkwood Transit Station.

Location: Approximately 8.64 acres located on the west side of Collins Aikman Drive between McCullough Drive and West W.T. Harris Boulevard. (Council District 4 - Phipps)

Current Zoning: O-2 (CD) (office district, conditional) & B-2 (CD) (general business, conditional)
Proposed Zoning: B-2 (CD) (general business, conditional) 5-Year Vested Rights & B-2 (CD) SPA (general business, conditional site plan amendment) 5-Year Vested Rights

Zoning Committee Recommendation: The Zoning Committee voted 7-0 to recommend APPROVAL of this petition as modified.

Staff Recommendation: Staff agrees with the recommendation of the Zoning Committee.

Statement of Consistency:
- The Zoning Committee found the proposed hotel and office uses to be consistent with the University City Area Plan, and the proposed retail uses to be inconsistent with the University City Area Plan, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends residential, office, institutional, and hotel uses
  - However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The proposed uses, except for the retail, are consistent with the University City Area Plan.
    - The residential component has been deleted.
    - The proposed retail is allowed by the current conditional zoning petition that governs the site.
    - Site provides pedestrian connectivity from each building to the street and to other hotels, in addition to between the Pike Road hammerhead and Collins Aikman Drive.
    - The petitioner provided a schematic site plan that illustrates the building locations relative to the street and parking lots along with sidewalks for pedestrian connectivity.

**Zoning Committee Recommendation:**
The Zoning Committee voted 7-0 to recommend APPROVAL of this petition as modified.

**Staff Recommendation:**
Staff agrees with the recommendation of the Zoning Committee.

**Statement of Consistency:**
- The Zoning Committee found this petition to be inconsistent with the *Northeast District Plan*, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends research for the subject property.
  - However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The subject site is located adjacent to the on-ramp to I-85 from West Mallard Creek Road, as well as a Duke Power substation; and
    - Although the *Northeast District Plan* recommends research use for this property, the site is not located within the University Research Park and is isolated from other properties used for research; and
    - The updated concept for the research park per the *University Research Park Area Plan* is to include "a diversity of uses that contribute to the creation of a more vibrant place".

**Proposed Zoning:** I-2 (general industrial)

**Zoning Committee Recommendation:**
The Zoning Committee voted 7-0 to recommend **APPROVAL** of this petition.

**Staff Recommendation:**
Staff agrees with the recommendation of the Zoning Committee.

**Statement of Consistency:**
- The Zoning Committee found this petition to be consistent with the **Southwest District Plan**, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends office/industrial land uses for the subject property.
  - Therefore, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The adopted plan recommends office/industrial land uses; and
    - The rezoning site is generally surrounded by undeveloped land, warehouse, industrial, and retail land uses on properties located in business, and industrial districts, as well as a few scattered residential units zoned multi-family; and
    - The site is located northwest of the Charlotte-Douglas International Airport and is located within the "Combined 1996 Noise Exposure Map/Noise Compatibility Program Noise Contours" which identifies the day/night average sound level at 65 decibels which are not conducive to residential development; and
    - Uses allowed in the I-2 (general industrial) district, such as warehouse distribution, manufacturing, and other non-residential uses, are least affected by the airport noise. Residential uses are not permitted in the I-2 (general industrial) district.
18. **Rezoning Petition: 2016-022 by Philip W. McLamb**

**Location:** Approximately 1.02 acres located on the north side of Central Avenue near the intersection of Landis Avenue and Central Avenue. (Council District 1 - Kinsey)

**Current Zoning:** B-1 (neighborhood business)

**Proposed Zoning:** MUDD-O (mixed use development, optional)

**Zoning Committee Recommendation:**
The Zoning Committee voted 7-0 to recommend **APPROVAL** of this petition.

**Staff Recommendation:**
Staff agrees with the recommendation of the Zoning Committee.

**Statement of Consistency:**
- The Zoning Committee found this petition to be consistent with the **Central District Plan**, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends retail uses.
  - Therefore, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The site is located on Central Avenue, which is a commercial corridor; and
    - This project proposes to repurpose the existing building for uses allowed in the MUDD (mixed use development) district; and
    - The retail and office uses that would be allowed by MUDD (mixed use development) zoning could provide opportunities for goods and services to the residents of the Plaza Midwood neighborhood; and
    - This section of Central Avenue is evolving from a primarily auto-oriented corridor to a more walkable district, especially near The Plaza; and
    - This petition proposes improvements such as widening the sidewalk along Central Avenue and preservation of existing trees along the street. These commitments will support walkability.

Location: Approximately 2.8 acres located on the east side of Newell Farm Road near the intersection of Old Concord Road and Newell Farm Road. (Council District 4 - Phipps)

Current Zoning: I-1 (CD) (light industrial, conditional)
Proposed Zoning: I-1(CD) SPA (light industrial, conditional, site plan amendment)

Zoning Committee Recommendation:
The Zoning Committee voted 7-0 to recommend APPROVAL of this petition as modified.

Staff Recommendation:
Staff agrees with the recommendation of the Zoning Committee.

Statement of Consistency:
- The Zoning Committee found this petition to be inconsistent with the Newell Area Plan, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends office/business park uses.
  - However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The proposed telecommunications tower is considered a utility use, and future locations for this use type are not typically addressed in area plans; and
    - Area plans and other policy documents do not typically identify future appropriate locations for utility uses or provide specific design guidance; and
    - The adopted future land use of the surrounding parcels is office/business park, and a telecommunications tower would be generally compatible with the future land uses in the immediate vicinity; and
    - The proposal also accommodates an area for a future street connection that will serve as a parallel route to Old Concord Road and W.T. Harris Boulevard.

**Current Zoning:** I-1 (CD) (light industrial, conditional)
**Proposed Zoning:** I-1 (light industrial)

**Zoning Committee Recommendation:**
The Zoning Committee voted 7-0 to recommend **APPROVAL** of this petition.

**Staff Recommendation:**
Staff agrees with the recommendation of the Zoning Committee.

**Statement of Consistency:**
- The Zoning Committee found this petition to be inconsistent with the *Northeast District Plan*, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends retail as amended by rezoning petition 2009-052.
- However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
  - The surrounding land uses are primarily industrial/warehouse distribution centers, and the *Northeast District Plan* supports redevelopment of the area for light industrial and/or business park uses to enhance this area as a major employment center; and
  - The area is part of the North Growth Corridor as per the *Centers Corridors & Wedges Growth Framework*, and is served by I-77, major highways, and railroads. These major transportation facilities support the industrial and warehouse/distribution uses allowed in the I-1 (light industrial) district; and
  - While the proposed I-1 district is not consistent with the current plan recommendation for retail, which resulted from rezoning petition 2009-052, this industrial district is consistent with the recommended industrial land use originally identified in the *Northeast District Plan*, for this site and the surrounding industrial area.

Location: Approximately 7 acres located on the east side of Bob Beatty Road near the intersection of Old Statesville Road and Bob Beatty Road. (Council District 4 - Phipps)

Current Zoning: I-1 (light industrial)
Proposed Zoning: B-2 (general business)

Zoning Committee Recommendation:
The Zoning Committee voted 7-0 to recommend APPROVAL of this petition.

Staff Recommendation:
Staff agrees with the recommendation of the Zoning Committee.

Statement of Consistency:
- The Zoning Committee found this petition to be inconsistent with the Northlake Area Plan, based on information from the staff analysis and the public hearing, and because:
  - The plan recommends a mix of office, industrial, and warehouse distribution land uses.
  - However, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The subject site is located between property zoned I-1 (light industrial) and B-1(CD) (neighborhood business, conditional). To the rear of the site are single family homes zoned R-9PUD (planned unit development, residential); and
    - Rezoning the site from I-1 (light industrial) to B-2 (general business) will eliminate the potential of having a variety of types of incompatible light industrial uses locating adjacent to single family residential uses; and
    - Office and retail uses allowed in the B-2 (general business) district are also permitted in the I-1 (light industrial) district. Such uses are compatible with the business zoning to the south of the subject property along Bob Beatty Road.

**Statement of Consistency:**

- The Zoning Committee found this petition to be consistent with the South District Plan, based on information from the staff analysis and the public hearing, and because:
  - The plan, as amended by the prior rezoning, recommends residential land use at 17 dwelling units per acre.
  - Therefore, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
    - The petition is consistent with the land use and density recommended by the area plan; and
    - The petition fully screens the proposed parking structure with residential uses; and
    - The petition provides "eyes on the street" by providing additional units facing the street; and
    - The petition provides graphics and conceptual renderings that depict the design intent for the building, retaining walls, screen walls and landscaping along Providence Road and these provide a pedestrian friendly experience, and mitigate the building mass and length along Providence Road.
