SUBJECT

City of Charlotte, City Clerk’s Office
Meetings in March '89

MARCH 1 - MARCH 4

2 Thursday, 3:00 p.m. Charlotte-Mecklenburg Art Commission/Converse Ad-Hoc Committee - CMGC, 8th Floor Conference Room

THE WEEK OF MARCH 5 - MARCH 11

6 Monday, 7:30 a.m. Advisory Committee on Performance Appraisal & Performance Incentive Programs - CMGC, Lobby Conference Room

Monday, 12 Noon Charlotte-Mecklenburg Planning Commission (Workshop) - CMGC, 8th Floor Conference Room

Monday, 2:00 p.m. Planning Commission/Zoning Committee - CMGC, 8th Floor Conference Room

Monday, 5:00 p.m. City Council/Workshop - CMGC, Conference Center

Tuesday, 7:30 a.m. Organization Review Advisory Committee - CMGC, Lobby Conference Room

Tuesday, 2:30 p.m. Housing Appeals Board - CMGC, 5th Floor Conference Room

Tuesday, 4:00 p.m. Planning Commission/Planning Committee - CMGC, 8th Floor Conference Room

Wednesday, 7:45 a.m. Private Industry Council - CMGC, Conference Center, Room 267

Wednesday, 8:30 a.m. Civil Service Board - CMGC, Operations, 7th Floor Conference Room

Wednesday, 4:00 p.m. Historic District Commission - CMGC, Planning Commission, 8th Floor Conference Room

Wednesday, 6:00 p.m. Youth Involvement Council - CMGC, Lobby Conference Room

THE WEEK OF MARCH 12 - MARCH 18

13 Monday National League of Cities - No City Council Meeting

Monday, 9:00 a.m. Stormwater Management Citizens Advisory Committee - Hal Marshall County Services Center

Monday, 10:00 a.m. Auditorium-Coliseum-Convention Center Authority - Charlotte Coliseum, 100 Paul Buck Blvd

Monday, 12:15 p.m. Planning Commission/Zoning Committee - CMGC, Meeting Chamber Conference Room

Monday, 7:30 p.m. Historic Properties Commission - 1221 S. Caldwell Street

Tuesday, 8:00 a.m. Airport Advisory Committee - Charlotte/Douglas International Airport, Conference Room A

Tuesday, 12 Noon Division of Insurance & Risk Management - CMGC, 10th Floor Conference Room

Tuesday, 4:00 p.m. Planning Commission/Planning Committee - CMGC, 8th Floor Conference Room

16 Thursday, 7:30 a.m. Advisory Committee on Performance Appraisal & Performance Incentive Programs - CMGC, Lobby Conference Room

Thursday, 8:00 a.m. Clean City Committee - CMGC, Conference Center, Room 270/271

Thursday, 5:00 p.m. Charlotte-Mecklenburg Art Commission/Executive Committee - CMGC, 8th Floor Conference Room

Thursday, 7:30 p.m. Charlotte Tree Advisory Commission - Park Operations, 701 Tuxaseegee Road

(CONTINUED ON BACK)
MEETINGS IN MARCH '89 (Continued)

THE WEEK OF MARCH 12 - 18 (Continued)

17  Friday, 7 30 a m  PLANNING LIAISON COMMITTEE - CMGC, 8th Floor Conference Room
    Friday, 11 30 a m  CHARLOTTE TREE ADVISORY COMMISSION (Arbor Day Ceremonies) - Marshall Park, McDowell Street
    Friday, 12 00 Noon  CHARLOTTE TREE ADVISORY COMMISSION LUNCHEON - CMGC, Meeting Chamber Conference Room
    Friday, 7 00 p m  PLANNING COMMISSION/Metropolitan Planning Organization - CMGC, Lobby Conference Room

THE WEEK OF MARCH 19 - MARCH 25

20  Monday, 5 00 p m  COUNCIL/ MANAGER DINNER - CMGC, Meeting Chamber Conference Center
    Monday, 6 00 p m  CITY COUNCIL/Zoning Hearings - CMGC, Meeting Chamber

21  Tuesday, 7 30 a m  ORGANIZATION REVIEW ADVISORY COMMITTEE - CMGC, Lobby Conference Room
    Tuesday, 3 00 p m  CHARLOTTE-MECKLELBURG ART COMMISSION/Hal Marshall Center Ad-Hoc Committee - CMGC, Lobby Conference Room
    Tuesday, 4 00 p m  PLANNING COMMISSION/Planning Committee - CMGC, 8th Floor Conference Room

22  Wednesday, 9 00 p m  CITIZENS CABLE OVERTSIGHT COMMITTEE - CMGC, Lobby Conference Room
    Wednesday, 6 00 p m  YOUTH INVOLVEMENT COUNCIL - CMGC, Lobby Conference Room

24  Friday, 10 30 a m  CHARLOTTE-MECKLELBURG ART COMMISSION/Criminal Courts Ad-Hoc Committee - CMGC, 8th Floor Conference Room

THE WEEK OF MARCH 26 - MARCH 31

27  Monday, 1 00 p m  COUNCIL/ MANAGER LUNCHEON - CMGC, Meeting Chamber Conference Room
    Monday, 2 00 p m  CITIZENS HEARING - CMGC, Meeting Chamber
    Monday, 2 30 p m  CITY COUNCIL MEETING - CMGC, Meeting Chamber
    Monday, 4 00 p m  CHARLOTTE-MECKLELBURG ART COMMISSION/Spirit Square Ad-Hoc Committee - CMGC, Lobby Conference Room
    Monday, 4 00 p m  PLANNING COMMITTEE/Executive Committee - CMGC, 8th Floor Conference Room
    Monday, 4 30 p m  PLANNING COMMISSION/Zoning Committee - CMGC, 8th Floor Conference Room

28  Tuesday, 2 00 p m  CITY ZONING BOARD OF ADJUSTMENT - Hal Marshall Building, 700 North Tryon Street
    Tuesday, 4 00 p m  PLANNING COMMISSION/Planning Committee - CMGC, 8th Floor Conference Room
    Tuesday, 4 30 p m  COMMUNITY RELATIONS COMMITTEE - Covenant Presbyterian Church

30  Thursday, 7 30 a m  ADVISORY COMMITTEE ON PERFORMANCE APPRAISAL & PERFORMANCE INCENTIVE PROGRAMS - CMGC, Lobby Conference Room
    Thursday, 4 00 p m  CHARLOTTE-MECKLELBURG ART COMMISSION/Executive Committee - CMGC, 8th Floor Conference Room
    Thursday, 5 00 p m  CHARLOTTE-MECKLELBURG ART COMMISSION - CMGC, Lobby Conference Room

NOTE These organizations will not meet in March:

Council Agenda

Monday, March 27, 1989

1 00 PM  Council-Manager luncheon
2 00 PM  Citizens Hearing
2 30 PM  Council Meeting

ITEM NO

1  Invocation by Rev. Harold Aldridge of Dulin's Grove Advent Christian Church

2  Consider approval of minutes of February 20 Zoning Hearings, February 27 Regular Meeting and March 6, 1989 Workshop

POLICY

3  Decision on Petition No. 89-1 by Roger R. Lee for Site Plan Amendment to an existing I-2(CD) zoning for a 4.02 acre site on the north side of Mt. Holly Road east of Lee Drive

The Zoning Committee recommends that this petition be denied
Attachment No. 1

4  Recommend approval of the Art Commission's recommendation of and authorize award of a contract to the artist Mary Shaffer to work collaboratively with César Pelli to design, fabricate and install a piece of art for the Performing Arts Center

Mary Shaffer
Recommended

On February 23, the Art Commission unanimously accepted the recommendation of the Performing Arts Center ad hoc advisory committee that artist Mary Shaffer work collaboratively with César Pelli to design, fabricate and install artwork for the Performing Arts Center. **Attached** is a copy of the February 24 Council-Manager memorandum which outlines the Performing Arts Center artist selection process.
Mary Shaffer's work is primarily in glass, bronze and iron. If Council accepts the Art Commission's recommendation, Ms. Shaffer will begin to develop an artwork design concept. The design will be presented to the Art Commission and to Council for approval, and Council will have an opportunity to monitor the ongoing work in progress.

**Art Allocation**

The Performing Arts Center art allocation is $150,000. The artist contract will be for $140,000. The remaining $10,000 covers staff expenses, artist selection process costs and project contingency.

Representatives of the Art Commission will be at the Council meeting for a presentation and to answer questions.

Attachment No 2

---

Consider request from Mecklenburg County for additional funding for the Mecklenburg County Criminal Justice Information System (MCCJIS)

**Study of Criminal Justice Process**

In 1982, the American University conducted a study of the criminal justice process in Charlotte-Mecklenburg at the request of the City Council and County Commission.

The report made several recommendations for improving organizational relationships and process.

**Criminal Justice Information System**

A major recommendation was the development of a criminal justice information system. This project, titled Mecklenburg County Criminal Justice Information System (MCCJIS), has the following components:

1. Positive Fingerprint Identification - Implemented
2. Arrest Processing System - Underway
3. Central Repository System - Testing
4. Pre-Trial Release System - Underway
5. Magistrate System - Underway
6. Trial Court System - Underway

The total cost of the components is $24 million. In 1988, the City purchased the Automated Fingerprint Identification system for $1.2 million.
The County currently has under contract the remaining components which are estimated to cost $1.2 million.

A report on the MCCJIS project is attached.

Mecklenburg County, through the Citizens Criminal Justice Commission (CJCC), is requesting a City contribution of $139,711 to fund the consultant services necessary to complete the system components under County contract. Over the life of the project, Mecklenburg County has contributed $1.1 million.

The attached report addresses the benefits the City can expect to receive from the system implementation.

The City Police and Municipal Information Departments have been involved and supportive of the MCCJIS project for over five years. The value of the system is unquestionable. The City has contributed its fair share of project support without much visibility.

There are two options for consideration:

1. **Fund the Request**
   This option recognizes that the City should be more visible in its support of the project. Funding is available in the Council contingency (current balance is $324,644) and an ordinance has been prepared for consideration.

2. **Request County Support**
   This option recognizes that the request is to fund a project overrun. Much like the automated fingerprint system (AFIS), the actual costs have exceeded the budget. If this were a City project, the completion of the project would require internal review for funding. Additional funds would be identified by deferral of lower priority projects.

The County was asked what budget review was undertaken for this project overrun and the option chosen was to look for alternative revenue resources.
Recommendation
The recommendation is to ask the County staff to review the completion of this project within its priorities and provide appropriate strategies to the County Commission and the Citizen Criminal Justice Commission for project completion.

Funds
General Fund Contingency is the source of funding, balance totals $324,644

Attachment No 3

6

Recommend adoption of an ordinance to amend the City Code, Chapter 10 Article II and III entitled "Health and Sanitation" to improve community cleanliness.

Tougher Litter Control Ordinance
At the September 6, 1988 workshop, Council considered the causes and possible solutions to littering problems in Charlotte (Information sent to Council in the workshop agenda is in the Council library.) As a follow-up to workshop discussions, the Operations Department reviewed the current Litter Control Ordinance and proposes an amendment which will toughen penalties for violations. The amendment is endorsed by the Clean City Committee.

Operations Committee
In the next few months, the Operations Committee will be considering some additional innovative approaches to this problem. The suggestions on this agenda will assist any future efforts and we recommend moving ahead on strengthening the ordinances.

Current Ordinance
Fines range from $10.00 for sign violations to $25.00 for weeds and grass, trash and rubbish, and miscellaneous junk accumulations and to $50.00 for illegal dumping and mud/dirt on public streets resulting from construction/demolition sites.

Violators have seven days to comply.

For non-compliance we can pursue correcting the violation through the courts, however, fines are rarely paid.

Proposed
Will decrease the length of time from seven days to three days for correcting some violations, e.g. notice of a refuse or litter
violation concerning accumulation of trash/junk at the curb or in the yard. This will reduce the time that trash problems are visible.

Will increase the fine for dumping trash on private property from $50 00 to $500 00. This is authorized in State statutes and should discourage illegal dumping. There are now 54 illegal dump sites around the City which are being monitored and cleared as needed by City forces.

Will increase fines for various violations, such as:

<table>
<thead>
<tr>
<th>Violation</th>
<th>Current Fine</th>
<th>Proposed Fine</th>
</tr>
</thead>
<tbody>
<tr>
<td>Early trash setouts</td>
<td>$10</td>
<td>$25</td>
</tr>
<tr>
<td>High weeds/grass</td>
<td>25</td>
<td>50</td>
</tr>
<tr>
<td>Accumulation of trash/junk at curb or in rear yard</td>
<td>25</td>
<td>50</td>
</tr>
<tr>
<td>Mud/debris on streets</td>
<td>50</td>
<td>100</td>
</tr>
</tbody>
</table>

Repeat violations at the same location will have escalating fines up to $100 00 per offense. After the initial violation, fines will increase by $25 00 to $100 00 per repeat violation. Fines are now constant and do not offer an incentive to prevent recurrence of the problem.

Once a civil suit is filed, the City can recover fines. Currently Community Improvement may take a violator to court to correct a violation. It is up to the judge to decide whether fines will be paid. Under the amendment, the Division may file a civil complaint to cause payment of fines.

Clarify the abandoned vehicle provisions. The junked motor vehicle ordinance allows one junked vehicle to be kept in the "rear yard" as defined by the Zoning Ordinance so long as it has an acceptable canvas covering. The amendment will delete some conflicting language.

Clearances

Operations Department, Clean City Committee

Discussion of Charlotte Chamber's inter-city visit to Denver, May 8-10, 1989

The Charlotte Chamber's inter-city visit will be to Denver May 8-10, 1989 These dates are in conflict with your regularly scheduled Council meeting on Monday, May 8 Council may wish to cancel or postpone the May 8 Council meeting, or to ask the Mayor to represent Council on the Chamber trip If the meeting is cancelled, we may need to schedule a short Council meeting to handle some routine items such as bid awards in order for certain projects to proceed

FY90-91 Preliminary Budget Overview

Park Master Plan presentation and use of Statesville Road Park for botanical garden

BUSINESS

9

Recommend approval of the recommendation of the CMGC Advisory Food Service Committee that the cost of constructing the food service facility in the Charlotte-Mecklenburg Government Center be recovered through lease payments

Restaurant Request for Proposal Last fall, City Council approved the Request for Proposal seeking an operator that would basically upfit the new facility with minimal financial assistance from the City It was staff's intent to turn over a complete set of plans and specifications to the successful operator They, in turn, would secure any needed financing and have the restaurant constructed according to the City's plans None of the four proposals received were responsive and all had made modifications which required varying amounts of City financing

Committee Recommendation The Food Service Advisory Committee, comprised of Mr Slug Claiborne, Mr Robert Percival, Mr George Beck and two City employees, Ms Glenda Brown and Mr Jackie Wilkes, discussed each proposal and felt the City should assume the responsibility for constructing and equipping the kitchen and food service/seating area It was their opinion that a long term lease would not be in the City's best interest In the event of termination, there was no practical way to handle the structural improvement made by the developer
The advisory committee felt that the developer would be unable to finance the facility since they had no ownership in the property. All the improvements being made would be attached to the City's building and would not be removable. They felt that an adequate rent structure could be established in line with other restaurants and using short term leasing, allow the City maximum flexibility in operating a restaurant in the Government Center.

**Rent Structure**

The City will recoup its expenditures through the rent structure during the lease terms. Modifications have been made to the layout of the restaurant and the Request for Proposal. The Finance Department has calculated the rent based on a total construction cost of $400,000 to $500,000. The chairman of the advisory committee and the committee and Finance Department recommend that the square foot rent necessary to pay off this investment, including interest costs, will be reasonable and will attract quality restaurant operators. Based on Mr. Claiborne's recommendation, this rental range is feasible in the Charlotte market. Upon approval of this concept, the RFP will be mailed the following week to interested parties. The City will also advertise seeking additional restaurateurs to submit proposals for this facility.

**Clearances**

Food Design Associates, Food Service Advisory Committee, Finance Department, and Engineering/Real Estate concur in this request.

**Recommend/approval of the FY '90 Job Training Plan funded by the Job Training Partnership Act (JTPA)/through the North Carolina Division of Employment and Training/for the amount of $1,740,196 in Title II-A and Title II-B funds for programs to be operated from July 1, 1989 to June 30, 1990/to serve 1,350 economically disadvantaged residents of Mecklenburg County.**

**Council Approval of Plan Required**

The Private Industry Council (PIC) has the responsibility under Federal JTPA legislation to identify and address employment and training needs in Mecklenburg County. The Employment and Training Department carries out these needs. The Annual Job Training Plan constitutes a blueprint of programs and activities to be provided to
low-income residents of Charlotte and Mecklenburg County during FY'90

City Council is requested to review and approve the plan, which has been approved by the Private Industry Council, before submission to the North Carolina Division of Employment and Training in Raleigh. There is no significant change from last year's plan. Both the PIC and Council must approve the Plan before submission. After State approval is received, contracts for program implementation will be submitted to Council for approval in June in order to begin program operations by July 1, 1989.

<table>

from the private sector. Other members include representatives from the public educational agencies, organized labor, community based organizations, economic development agencies, the public employment services, and public officials.

Members of the PIC, appointed by the Mayor, have as their function the provision of policy guidance and oversight with respect to employment and training activities included in the job training plan. The PIC works in partnership with the local government unit, which in Mecklenburg County, is the City of Charlotte.

Attachment No 4

11

Recommend approval of a contract between the City of Charlotte and the Charlotte Area Fund for $135,000.00 in Housing and Urban Development (HUD) funds to operate a public housing Tenant Training Program.

On February 2, 1989, the Community Development and Housing Committee received a status report on the Tenant Training Program. The proposed program is a follow-up to the successful program used at Piedmont Courts which resulted in 60 public housing residents being placed into unsubsidized employment and will be used at Boulevard Homes which will undergo renovations similar to those at Piedmont Courts.

The Tenant Training Program is designed to provide educational, motivational, and job training opportunities for public housing residents in Charlotte.

will improve the employability of public housing residents, with preference given to individuals between the ages of 17 and 24 who reside in Boulevard Homes.

is funded through Housing and Urban Development (HUD) monies which Charlotte's Housing Authority has made available to the City's Employment and Training Department and is included in the current budget.

will run from April 1, 1989 through March 31, 1991.
will be jointly operated by the Employment and Training Department and the Charlotte Area Fund
will serve approximately 40 individuals
A description of the program is attached
Attachment No 5

12 A Recommend adoption of a resolution amending the Capital budget advancing the Discovery Place project schedule in the CIP from FY92 to FY89

B Recommend approval of a contract with Discovery Place for the expansion of its existing facilities for Phase A

C Recommend adoption of budget ordinance appropriating $2,000,000 for projected cost through June 30, 1989

D Recommend amendment to the lease agreement dated July 1, 1981 with Discovery Place to extend the lease ten years from the date of expiration

Background of Discovery Place Expansion

In July, 1988, Discovery Place contracted with Imax Systems to purchase the Omnimax System

December, 1988 - the Discovery Place Board of Directors selected an architect for Phase A of the project with assistance of the City Engineering Department

When bonds were approved, Discovery Place, using its own funds, entered into a contract with Hepler and Hall Architects for design services for Phase A. Phase A consists of the design and construction of a building to house the Omnimax Theatre, a restaurant, gift shop, storage space and approximately 15,000 square feet of exhibit space

Total project cost for Phase A is estimated to be $11,900,000 which includes a 50 percent match ($5,950,000) from the City

For two reasons, Discovery Place requested that the project be moved to an earlier construction date and that bonds be sold no later than September, 1989
Purchase Omnimax equipment

Conduct its fundraising earlier in order not to coincide with the Performing Arts Center fundraising campaign.

Nine million dollars in General Obligation bonds were approved in the November, 1988 bond referendum as the City's matching contribution to the expansion and remodeling of the existing Discovery Place facility (Phase A & B) estimated to cost $18 million. Council approved the funding for this project in the 1989 CIP budget.

Lease Amendment

The City and Discovery Place entered into a ten-year lease on July 1, 1981; the lease expires July 1, 1991. The City Manager and the City Attorney have reviewed the lease and recommend that the lease be amended to extend its terms for an additional ten years, commencing upon the expiration of the original term. All other terms of the lease shall remain the same unless otherwise amended by the parties in writing in the manner provided for in the lease.

Funds

The City's portion of the project ($5,950,000 for Phase A) is funded through $9 million in General Obligation bonds authorized in November, 1988. Discovery Place's portion of the $11.9 million project (Phase A) is $5,950,000 and is funded through private contributions. Net operating costs for the project (revenues minus expenditures) are estimated at $126,000 for partial year operation in FY91, and $263,550 in FY92 for full year operations.

This is based on the same funding arrangements we have with the Mint Museum and Spirit Square.

Under the terms of the Agreement, when bond proceeds of the City and Discovery Place funds have been expended, the City at its sole election will either advance funds as necessary to make contract payments or obtain necessary funds by calling on Discovery Place's Irrevocable Loan Commitment. If the City advances the funds, Discovery Place will repay the City with interest calculated at the current moving weighted average yield of the City's investment portfolio.
Clearances  This contract was negotiated by the Finance Department and has been cleared by the Legal Department, Engineering Department, Budget Department and Discovery Place Board.

Recommendation  Based on the low bid, a committee made up of representatives of the Transportation, Budget, and Purchasing Departments recommends Executive Transportation, Inc., to operate the Independence Shuttle. Executive Transportation is a minority firm. Although bids were requested for operation for one year, CDOT will closely monitor ridership to determine if the service should be extended beyond the first six months. (The City or the contractor may cancel on 30 day written notice.)

Operation/Promotion of Shuttle  Operation of the Independence Shuttle will begin on Monday, April 10, 1989. The service using vans will operate one trip per hour, seven days per week, from 6:30 a.m. to 6:30 p.m. with one additional trip at 9:30 p.m. Fares will be the same as Charlotte Transit - $70 cash, pass, or ticket. Public timetables and other information on the service will be both mailed and hand-delivered to businesses and residences along the route. Information will be posted in Charlotte Transit buses making current passengers aware of the new service. Executive Transportation, Inc., also is interested in several promotional ideas to heighten interest in the service.

Background  In anticipation of the construction of the Independence Freeway/Expressway, Charlotte Transit's local route on Independence Boulevard was discontinued in September 1988. A new route using Commonwealth and Woodland Avenues was created travelling parallel to US 74, returning to Independence Boulevard at the Amity Gardens Shopping Center. Businesses located along Independence asked that Council authorize operation of some form of local bus service, primarily for their employees. CDOT worked with neighborhood associations and businesses to
develop a route along Independence where local service was previously operated

RFP

After Council concurred in the service design on December 12, 1988, a Request for Proposals was issued soliciting private interest in route operation. A pre-bid conference held on January 30, 1989 was attended by representatives of five companies. Three proposals were received on February 10, 1989.

Funds

Public Transportation Fund fund balance

Clearances

The Budget and Evaluation Department and the City Attorney have approved the ordinance.

Recommend adoption of a resolution authorizing a Municipal Agreement with the North Carolina Department of Transportation (NCDOT) for construction of Independence Freeway between Brookshire Freeway and Briar Creek.

This item was deferred at the February 27, 1989 Council meeting.

Need for Municipal Agreement

The NCDOT is preparing roadway construction and right-of-way plans for Independence Freeway between Brookshire Freeway and Briar Creek. City Council previously agreed to reimburse the NCDOT to purchase additional right-of-way on the north side of Independence Boulevard between Pecan Avenue and Morningside Drive. The NCDOT asks the City to enter into a municipal agreement to formalize how such reimbursement will occur.

Details of Agreement

The requested resolution authorizes a municipal agreement with the NCDOT for constructing Independence Freeway between Brookshire Freeway and Briar Creek. Per the agreement, the City would reimburse the NCDOT 100% of the cost of the additional right-of-way which is located on the north side of Independence Boulevard between Pecan Avenue and Morningside Drive. The additional costs would include relocation assistance, relocation payments, and removal of obstructions on the property, all in accordance with approved plans and property acquisition policies.

Consistent with City Council's Housing Policy to preserve existing housing, the Community Development Department (and other City staff) will
work with the NCDOT to determine if any residential structures acquired for the project can be relocated and rehabilitated.

**Payments to NCDOT**

The extra right-of-way is approved in the current CIP for $8 million although the City will be required to pay actual cost which may exceed $8 million by the final payment in 1995. Per the agreement, the City would reimburse the NCDOT in three payments, the first being due when acquisition of the extra right-of-way parcels is authorized and the remainder in two succeeding years. The final payment is tentative and will reflect actual costs. Reimbursement payments are expected to be due in FY93, 94, and 95. Some advanced acquisition of right-of-way could occur following execution of the Municipal Agreement and authorization by the Federal Highway Administration.

**Funds**

The Capital Improvement Program Budget includes $2,000,000 per year beginning FY90 to fund reimbursements to the NCDOT.

**Clearances**

The Municipal Agreement has been reviewed by the City Engineering Department, Charlotte/Mecklenburg Utility Department, and the Charlotte Department of Transportation.

**Recommendation**

Recommend approval of a loan agreement of $197,000 between the City and H J Properties, Inc. to provide funds for construction and permanent financing of a medical building to be located at the corner of Beatties Ford and Griers Grove Roads.

**Project Description**

The partners of H J Properties, Inc are William H. Hart and Dr. Jerry A. Jones. The proposed project will be known as Landing Square and will be used as a medical facility that will house two doctors, a pharmacy, and an x-ray office. The project will be located at the corner of Beatties Ford and Griers Grove Roads. The area has minimal medical options available with the nearest facility approximately 1 1/2 miles east of this site. With the exception of the Health Department offices and a small chiropractic clinic, the immediate neighborhood has no medical facilities. Details of project are attached.
Loan/Job

The $197,000 will be used for the purchase of land and construction of the medical facility. The building will contain 5,500 square feet. The $197,000 will be used in conjunction with a loan from United Carolina Bank of $247,000. H.J. Properties, Inc. will contribute $49,400 to the project. The City is requiring the creation of at least 14 full-time jobs as a condition of the loan. It is anticipated that eight of these jobs will be made available to individuals from low to moderate income households located within the Pocket of Poverty.

Public Purpose

It has been determined that the project is eligible for City financed participation as it meets the program objectives of low/moderate income job creation and provides a needed medical service to the area.

As previously mentioned, there is a need for the proposed medical services in this area. The population has grown substantially in this sector of the City as growth has been redirected. This redirection has resulted in increased residential and commercial pockets that require additional services as has been well documented in other areas of the City. The proposed medical facility will assist in meeting the physiological needs of the residents in this area of the Beatties Ford Road corridor.

There will be 14 new jobs created as a result of this loan. It is anticipated that 75% of these jobs will be made available to individuals from low to moderate income households.

See attached addendum for details regarding the project costs, source of funds, loan terms, security and public purpose.

Funds

Economic Development Revolving Loan Fund

Clearances

The Economic Development Review Committee approved the loan on March 15, 1989.

Attachment No 6
Recommend approval of a loan agreement for $181,600 between the City of Charlotte and Colorcraft Printing Company, Inc. to provide funds for the purchase of production machinery for a printing plant.

This is a Development and Revitalization Fund (DARF) loan. Background on this loan is attached.

**Project Description**
Colorcraft Printing Company, Inc. of 310 E. Tremont Avenue is a local business which was established in 1966. The company is owned and operated by G. Ray Bell and produces and prints specialized packaging for a diversified customer base. The company specializes in hosiery packaging. Sales have risen from $11,000 in 1967 to $4,278,000 in 1988.

Recently Colorcraft acquired three new accounts which necessitated a plant expansion and the acquisition of new production machinery. The City of Rock Hill contacted Mr. Bell and offered an incentive package to relocate to South Carolina. This prompted Mr. Bell to contact the Chamber of Commerce and City officials to inquire about similar incentives from the City and the Chamber of Commerce. City staff assisted in packaging the project as shown below.

The sources and uses of funds for the project are as follows:

**Benefits of the Loan**

The loan directly benefits low income, unemployed and underemployed City and County residents by creating 48 new jobs in two years, 75% of which will be available for individuals from low to moderate income households.

Serving as an incentive for the company to remain in Charlotte and retain 90 full-time and 26 part-time employees currently employed at the plant. The City Employment and Training...
referrals and training. The project site is located within the boundaries of the Dilworth Small Area Plan and also within the boundaries of the South Boulevard Special Project Plan.

City Loan Needed
The City loan amount is needed to obtain the total financing necessary to purchase the equipment. The participating bank has stated the necessity for the City loan in its commitment letter.

Public Purpose
The City loan was determined as an appropriate action due to the findings of the public purpose review by the Planning Department as follows:

The proposal as submitted by Colorcraft Printing Company, Inc falls within the policy framework by serving a public purpose and providing employment for low income, unemployed or underemployed persons, while providing an opportunity for upward mobility, and being consistent with general reinvestment strategies as outlined in the 2005 Generalized Land Plan.

The attached addendum gives details regarding the project costs, source of funds, loan terms, security and public purpose.

Funds
Development and Revitalization Fund

Clearances
The Economic Development Review Committee approved the loan on December 21, 1988 and the Economic Development Revolving Loan Fund Committee approved the loan on February 8, 1989.

Attachment No 7

Recommend approval of two rehabilitation loan agreements with the Grier Heights Economic Foundation, Inc for (a) 3024 Marney Avenue for $47,074.73 and (b) 3028 Marney Avenue for $49,714.73 in order to rehabilitate the two houses and refinance a portion of two previous loan agreements.

Loan History
On July 11, 1988, Council approved a loan agreement of $65,177 with Grier Heights Economic Foundation to acquire four parcels of City land and to relocate and rehabilitate six houses on the land. On January 9, Council approved rehabilitation loans for three of the houses.
ITEM NO - 18 -

This action will fund rehabilitation for two more houses, the remaining loan will be presented to Council within the next 30 to 60 days.

The rehabilitation assistance is as follows:

PERSONNEL

A Recommend adoption of a resolution amending the Pay Plan to
add the Class of Economic Development Specialist, Pay Range
323 ($28,809-40,537 annually)

Economic Development
Development Department, the director was hired in
late 1987. An additional position was allocated,
but neither the pay range nor the classification
was specified until we had some experience with
the department and could determine the type of
need

Economic Development
Specialist

It is recommended that the classification of
Economic Development Specialist be established in
recognition of the specialized duties and
responsibilities to be assigned

This position will focus on encouraging the
establishment of new businesses and the expansion
ITEM NO. 20

This position is currently allocated in the department budget.

B Recommend adoption of a resolution amending the Pay Plan to add and delete certain classifications in order to implement recommendations for the Airport's reorganization.

At the March 6 workshop, Council received the Peat Marwick Main & Co. Airport organization study which recommended the addition of 37 new positions in order to implement a major reorganization of the Airport Department. This action will establish the appropriate job classifications necessary to carry out the reorganization. Details of the specific classifications are available in the Council library.

Funds

Sufficient funds are available for FY89 and FY90 implementation.

BUDGET ORDINANCE

20

A Recommend adoption of a budget ordinance to transfer $925,000 from the Water-Sewer Unappropriated Fund Balance to cover additional cost of expansion and renovation to the CHUD administration building.

The Capital Improvement Program included funds for an expansion of the Utility Department's administration/engineering building, and $1,202,750 has been allocated for this project.

Additional Space Needs

After the project was approved but before design was completed, it became apparent that the industrial waste pretreatment program was acutely short of space, equipment and staff to perform Environmental Protection Agency and N C Division of Environmental Management-mandated requirements. (Under EPA and NCDEM direction, the number of industrial waste samples required to be analyzed by CMUD has increased from 400 in 1988 to
over 1400 in 1989. Future growth is projected in excess of 10% per year.

**Fines**

Failure to comply with the EPA and NCDEM requirements of issuing permits to and monitoring the industrial pretreatment programs of Mecklenburg industries will lead to substantial fines and penalties assessed against the City. Penalties would most likely consist of sewer extension moratoriums.

**Options Explored**

The industrial waste division is currently sharing lab space at the Sugar Creek Wastewater Treatment Plant. Several options were explored, and it was decided the best approach was to modify the scope of the CMUD building expansion to include space for the industrial waste division.

**Budget Ordinance**

Recommended construction bids totaling $1,712,215 follow in the Bid section. Architectural and engineering costs have reduced the existing account balance to $1,028,132. The requested budget ordinance will transfer $925,000 from the Water/Sewer Unappropriated Fund Balance to cover additional costs for builders risk insurance, construction material testing, laboratory equipment, and a five percent contingency.

**Clearances**

Utility Director

B Recommend adoption of a budget ordinance transferring $250,000 from existing project accounts to accommodate a higher level of activity in minor water main replacements in construction.

**Budget Ordinance**

Adoption of this budget ordinance will transfer $250,000 from two accounts to Account 635 09. This transaction is necessary due to the unusually large demand for water service improvements. The account balance is not sufficient to cover the costs incurred this fiscal year.
ITEM NO - 22 -

BID LIST

21 Recommend adoption of the bid list as shown. The following contract awards are all low bid and within budget estimate unless otherwise noted. Each project or purchase was authorized in the annual budget.

A Expansion of the Charlotte-Mecklenburg Utility Department
Utility Department Administration and Engineering Building - General Contract

Recommendation. Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by Godley Builders of Charlotte, North Carolina in the amount of $945,502.00 be accepted for award of contract on a lump sum basis.

Project Description. Construction of this project would allow for expansion and renovations to the CMUD building providing accommodations for existing and future staff as well as the industrial waste division.

Source of Funding. Water and Sewer Capital Improvement Fund - (CMUD Administrative Building Expansion) Requires approval of budget ordinance.

B Expansion of the Charlotte-Mecklenburg Utility Department
Utility Department Administration and Utility Department Engineering Building - Electrical

Recommendation. Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by Ind-Com Electric Company of Charlotte, North Carolina in the amount of $142,445.00 be accepted for award of contract on a lump sum basis.

Source of Funding. Water and Sewer Capital Improvement Fund - (CMUD Administrative Building Expansion) Requires approval of budget ordinance.

C Expansion of the Charlotte-Mecklenburg Utility Department
Utility Department Administration and Engineering Building - Mechanical

Recommendation. Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by Southern Comfort of Charlotte, North Carolina in the amount of $523,781.00 be accepted for award of contract on a lump sum basis.
Source of Funding. Water and Sewer Capital Improvement Fund - (CMUD Administrative Building Expansion) Requires approval of budget ordinance

D Expansion of the Charlotte-Mecklenburg Utility Department Administration and Utility Department Engineering Building - Plumbing

Recommendation. Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by J.V. Andrews of Charlotte, North Carolina in the amount of $97,512.00 be accepted for award of contract on a lump sum basis

Source of Funding. Water and Sewer Capital Improvement Fund - (CMUD Administrative Building Expansion) Requires approval of budget ordinance

E Water Distribution Project Utility Department

12-Inch Water Main Along Park Road
From N C 51 To Willow Ridge Road And
From Park Crossing Drive To Johnston Road
and 8-Inch Water Main Along Birnen Drive
From Park Road To Essen Drive

Recommendation. Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by AJM Development & Utilities, Inc., of Indian Trail, North Carolina, in the amount of $140,391.78 be accepted for award of contract on a unit price basis

Project Description. Construction of this project would improve the pressure and service of water to the Park Road area

Source of Funding. Water and Sewer Capital Improvement Fund - (Minor Water Systems Improvements)
F  Water Distribution Project  Utility Department
16-Inch Water Main Along
N C  Highway 73 - From Westmoreland
Road To Magnolia Estates Drive

Recommendation: Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by Sanitary Plumbing Contractors of Simpsonville, South Carolina, in the amount of $187,705.35 be accepted for award of contract on a unit price basis.

Project Description: Construction of this project would extend water service along N C  Highway 73 from Westmoreland Road to a newly developed subdivision located at Magnolia Estates Drive.

Source of Funding: Water and Sewer Capital Improvement Fund - (Water Main Along N C  73 - Phase I)

G  Janitorial Services & Supplies  Parks & Recreation

Recommendation: By Purchasing Director and Parks and Recreation Director that the two contracts with Appling Commercial Building Maintenance, #86-115 for Districts 1, 2, & 5 in the amount of $72,600.00 and #86-463 for Districts 3 & 4 in the amount of $22,400.00, be extended to January 26, 1990.

Project Description: These contracts cover janitorial services and supplies for recreation centers at 18 locations which are divided into five districts. Appling has two separate contracts to cover janitorial services for all locations. One contract expired January 27, 1989, the other will expire September 7, 1989. This action will extend the two contracts so that both will expire January 26, 1990 when the contract will be rebid. Parks and Recreation staff will analyze needs for the current facilities as well as those facilities due to open in the near future.

Mr. James Appling has agreed by letter to extend both contracts at the current rate.

Source of Funding: General Fund - (Parks and Recreation)
H Custodial Services, Charlotte-Mecklenburg Government Center

**Recommendation.** By General Services Director that the contract with G & L Building Services in the amount of $192,679.59 be extended to October 31, 1989

**Project Description.** This contract covers custodial services for the CMGC, the original contract has a provision for a one-year renewal. The contract renewal cost does not include a rate increase and is based on actual occupied square footage in the CMGC. Consideration of cost, lead time, and retraining were incorporated in the decision to not rebid the contract. G & L Building Services is an MWBE firm.

**Source of Funding.** General Fund - (General Services - CMGC)

---

I Furnish & Install

(1) Self-supporting communication tower with ground & light system

**Recommendation.** By the Purchasing Director and General Services Director that the low bid, UNR-Robn. Inc. Peoria, Ill. in the amount of $246,650.00, be accepted for award of contract.

**Project Description.** This communications tower will be 490 ft. high and will be located on Utility Department-owned property off the 6300 block of North Tryon Street. It is needed to enhance City departments' communication systems by increasing the height of antennas attached to the tower.

**Source of Funding.** General Capital Improvement Fund - (Communications Antenna Tower - Pay-As-You-Go)

---

J Pavement Marking Material

**Recommendation.** By the Purchasing Director and the Department of Transportation Director that the low bid, Pave-Mark Corporation, Atlanta Georgia, in the amount of $64,000.00, be accepted for award of contract on a unit price basis.
**Project Description.** This proposed purchase is for 100 tons of alkyd thermoplastic pavement marking material to be used for long life markings in intersections for safe and effective traffic control.

**Source of Funding.** General Fund - (Transportation-Operations-Construction Materials and Supplies)

---

**K Three 15-passenger Airport Transit Buses**

**Recommendation.** By the Purchasing Director & Aviation Director that the low bid, Carpenter Bus Sales, Franklin, Tn, in the amount of $99,900.00, be accepted for award of contract.

**Project Description.** These shuttle buses are used to transport passengers to and from the parking lots.

**Source of Funding.** Airport Operating Fund - (Capital Outlay)

---

**L (1) - 33,000 lbs GVWR Truck Cab & Chassis (Street Sweeper) Operations - Street Maintenance**

**Recommendation.** By the Purchasing Director & the Operations Director that the low bid, Tar Heel Ford, Charlotte, N C in the amount of $36,012.00, be accepted for award of contract.

**Project Description.** This replacement truck will have a pavement flusher unit installed on it and be used for street cleaning purposes.

The current truck, with the flusher unit, is in poor condition and maintenance costs will continue to be high if it is left in service.

**Source of Funding.** General Capital Equipment Fund - (Operations - Street Cleaning)
M  Construction Equipment  12 Pieces  Various Dept

**Recommendation.** By Purchasing Director & various
department heads that the low bid or lowest responsive
bidder for each section be accepted for award of contract

Grace Equipment  Charlotte, N C  $105,500 00
(For 5-Material Spray Units)

Char  Ford Tractor  Charlotte, N.C  35,512 28
(For 2-Small Articulated Front End Loaders)

E F Craven  Charlotte, N C  99,616 00
(For 3-Large Wheeled Tractor w/ Backhoe/Loader)

**Project Description:** These various pieces of construction
equipment will be utilized in road repair, grading, and
earth moving projects

All of these pieces of construction equipment are
replacement units. The present pieces are in poor
condition, often out of service, and maintenance costs to
keep them operational will continue to be high

**Source of Funding.** (5) - General Fund - (Street
Maintenance) - $668,570  (1) - Water and Sewer Fund (Irwin
Creek Wastewater Treatment Plant) - $412,809  (1) - Water and
Sewer Fund - (Sugar Creek Wastewater Treatment Plant) -
$549,961  (2) - Airport Operating Fund - $303,351  (3) -
Water and Sewer Equipment Replacement Fund - (Wastewater
Collection) - $276,994

N  (1) 54,000 lbs GVWR Truck  Cab & Chassis (for Installation
of Vacuum Catch Basin/Storm
Drainage System Cleaner)

**Recommendation.** By the Purchasing Director & the
Operations Director that the low bid, Tar Heel Ford,
Charlotte, N C , in the amount of $63,561 12, be accepted
by award of contract

**Project Description.** This truck will have a storm drainage
system cleaner mounted on it which will vacuum debris from
storm drainage systems. The present truck is in poor
condition. If allowed to continue in service maintenance
costs and down time will increase
Source of Funding: General Fund - (Street Maintenance)

0 (1) Vacuum Catch Basin/Jet Operations -
Rodder Storm Drainage System Street Maintenance
Cleaner (Truck Mounted)

Recommendation: By the Purchasing Director & the
Operations Director that the only bid received, Jet-Vac
Sanitary Services, Inc., Sumter, S C , in the amount of
$73,394.00 be accepted for award of contract.

Project Description: This equipment is used to vacuum
debris from storm drainage systems. It is also equipped
with a water pressure hose which is used to force debris
from drain systems.

Without this equipment the Street Maintenance division would
be unable to clear clogged catch basins or storm drainage
pipes. This would result in flooded streets and water
backups on personal property.

Source of Funding: General Fund - (Street Maintenance)

P Cast Iron or Ductile Pipe Utility Department

Recommendation: By the Utility Director and Purchasing
Director that the low bid, U S Pipe & Foundry Co.,
Birmingham, Alabama in the amount of $282,109.57 be
accepted for award of contract on a unit price basis.

Project Description: Cast iron on ductile pipe is used by
the Utility Department to extend and repair the water
distribution system.

Source of Funding: Water and Sewer Fund - (Water
Distribution)

Q Detector Check Valves Utility Department

Recommendation: By Purchasing Director and Utility
Director that the low bid, CNJ Enterprises Inc., Fountain
Inn, S C , in the amount of $30,810.78, be accepted for
award of contract on a unit price price basis.
Project Description: Detector check valves are used in construction of water meters for measure of water flow.

Source of Funding: Water and Sewer Fund - (Water Distribution)

**Moores Chapel Road Culvert Replacement**

Recommendation: By the City Engineer that the low bid of $95,926.95, as submitted by McChesney Bros. of Charlotte, be accepted for award on a unit price basis.

Project Description: The Moores Chapel Road culvert at Tilden Road intersection was funded in the Capital Improvement Program FY 87-91 as part of the Storm Drainage Improvement Program. Due to street improvements in the Paw Creek area, increased stormwater run-off beyond the capacity of the existing culvert has caused the culvert and the roadbed to collapse. This project is to replace the existing structure that has been determined to be structurally and hydrologically inadequate.

Source of Funding: General Capital Improvement Fund - (Storm Drainage Improvements - Powell Bill and Pay-As-You-Go Tax Levy)

---

**BUDGET ORDINANCE/CONTRACT**

**22**

Recommend adoption of a budget ordinance for $130,000.00 and approve contracts with Tri-Neck Mechanical for $354,310.00, and Port City Electric in the amount of $27,629.00 for modifications to the Mint Museum HVAC System.

Mint Museum Temperature Humidity Fluctuation

In 1982, the architectural firm of Clark, Tribble, Harris and Li (CTH&L) was awarded a contract for the design of the Mint Museum expansion and renovation. In April, 1985, construction was completed. In 1987, large variances in the temperature and humidity of the gallery spaces were being recorded. The architect was directed to review the existing HVAC system and modify it such that the stringent requirements of an art museum could be met. As an immediate measure for additional temperature controls, a supplemental chiller unit was purchased and installed in July, 1987, as a temporary measure until the evaluation of the overall system was completed and bid...
The final design was completed in the fall of 1987. The project was advertised and bids received in February, 1988, with low bids being received from Tri-Meck Mechanical and Port City Electric. In July, 1988, Council approved $275,000 in the Capital budget as the City's portion of this project.

In January, 1989, the Mint requested that the system, as designed, be phased due to insufficient availability of funds from the Mint. Phase I would include increased cooling capacity and change to the air handling system and a rebalancing of the air flow. Phase II would include additional electronic controls and sensors, and Phase III would include additional humidification/dehumidification capability.

The Mint Museum has requested the work be done as soon as possible so that the majority of the work can be done prior to the reopening of the Mint in May.

The City's contribution to the project ($275,000) was included in the FY-89 Capital Budget. The Mint Museum Board of Directors has contributed $130,000.00 for Phase I of the project. Additional funding for Phases II and III will depend on further contributions from the Mint Museum Board of Directors.

The contracts have been reviewed by the City Attorney, and approved by the City Engineering Department and the Mint Museum.

CONTRACT AMENDMENT

Recommend approval of contract Amendment No. 1 for $94,645.00 for the completion of architectural services for the proposed relocation of Fire Station No. 1.

In March, 1988, City Council approved a contract with Scott Garner, Architect, PA, to design and administer the construction of a fire station and communication center to replace the existing Fire Station No. 1. The facility was to be
constructed on City property at 942 Baxter Street, however, test borings from the site indicated that construction materials were present and would cost approximately $250,000 to remove. A new site on City property behind the Post Office in First Ward has been selected (See attached March 3 Council-Manager memo)

Amendment No 1 will include the services necessary to design and administer construction of the fire station at the Myers Street site

**Mandatory Referral**

A mandatory referral was approved by the Planning Commission on March 21. They asked that the design be sensitive to the Central Area Plan and neighborhood concerns. Staff agrees with those concerns, and the design will be reviewed with appropriate people as it is developed.

**Funds**

Council has approved $2.3 million for the project in the FY88 and FY89 Capital budgets. Project construction estimates from the architect are higher than the original cost estimate which will require supplemental funding in the FY90 Capital budget.

**Clearances**

The amendment has been reviewed by appropriate City Engineering Department staff and the Charlotte Fire Department.

Attachment No 10

---

**Recommendation**

A Recommend approval of a second amendment to the Spirit Square contract dated April 1, 1988.

B Recommend adoption of an ordinance appropriating $100,000 to the Spirit Square Capital Account.

**Spirit Square Contract**

In April, 1988 Council approved a contract with Spirit Square for the renovation and completion of its existing facilities and in August, 1988 approved an amendment to the contract increasing the total project cost to $5,840,265.
Amendment

Council is requested to approve a second amendment to the contract dated April 1, 1988 to increase the project by $100,000 to $5,940,265. The additional funds are to be used for construction related expenses such as needed change orders.

Adopt an ordinance appropriating $100,000 in funds to be obtained by Spirit Square from internally generated interest income ($50,000) from the Spirit Square Capital Account and $50,000 in private donations through its fund raising campaign.

Clearances

This was negotiated by the Finance Department and has been cleared by the Legal, Budget and Engineering Departments and Spirit Square.

25

Recommend approval of Authorization No 12B to the April, 1987 contract with CH2M Hill Southeast, Inc for engineering services, McAlpine Creek Wastewater Treatment Plant not to exceed $169,660.00.

Effluent Filtration System

Both CMUD and its consulting engineers have determined that, in order to consistently meet the State's permit requirements for the McAlpine Creek Waste Water Treatment Plant, it is necessary to construct an effluent filtration system to stabilize the effluent being discharged to the creek.

This authorization will provide for the preparation of plans and specifications for the construction of the effluent filter, as well as assistance through the bidding phase of the construction.

Funds

The cost of this additional work will not exceed $169,660. Funds are available in account No 2071-636 25.

Clearances

Utility Director
26 Recommend approval of an amendment to sanitary sewer design agreement with East-West Partners of N. C., Inc.

Contract The City has a contract with East-West Partners for the surveying, design and right-of-way acquisition of a sanitary sewer outfall to serve the new Davis Lake development located in the Mallard Creek basin near the intersection of W T Harris Boulevard and N C Highway 115.

Amendment East-West Partners is financing the cost of this outfall under CMUD's five-year reimbursable program.

Recommend approval of an amendment to water construction contract and sewer construction contract with Shannon Properties, Inc.

Amendments Approval of these amendments is needed to release Shannon Properties, Inc from the extension contracts and to substitute Perimeter Woods as the responsible party. Shannon's release of the utility contracts to Perimeter Woods is required prior to their property closing.

Funds No funding is required.

Clearances CMUD, Legal and Finance.

AGREEMENT AMENDMENT

28 Recommend approval of a one year extension of service agreement with Johnson Controls, Inc. for Airport terminal building automation and mechanical system for $173,220.

Agreement On March 28, 1984, Council approved an agreement with Johnson Controls, Inc. for service and maintenance of the Airport terminal building automation and air conditioning systems which controls energy consumption. This system has
centralized control of all heating, ventilating and air conditioning, lighting, fire safety and security alarm programs

While routine maintenance, servicing and operation of building systems are performed by Airport personnel, the more complex elements of the building automation system, which require specialized tools and specialized training, are maintained through service contracts. Because of the proprietary nature of the computer software, only Johnson Controls can provide manufacturer computer software support in addition to other services required by the service agreement. This service contract has been extended annually since 1984.

**One Year Extension**

- **Same Cost**

**Funds**

Airport Operating Fund. The majority of this expenditure will be reimbursed by the airlines and other tenants through monthly maintenance and operating changes.

**Clearances**

The project manager, Day and Zimmermann, Inc and the architect, Odell Associates, concur in this recommendation.

**CHANGE ORDER**

29

- **Recommend approval of Change Order No. 1 for $62,755.50 to the contract for Sanitary Sewer Construction - 1987 Annexation - Oakdale area to Dellinger, Incorporated**

<table>
<thead>
<tr>
<th>Contract</th>
<th>Sanitary Sewer Construction, 1987 Annexation, Oakdale area</th>

<td>1 $62,755.50</td>
</tr>
</tbody>
</table>

**Change Order**

During construction of this project, several unforeseen situations occurred. Included in the cost of the requested change order will be the following items:
(a) Increase estimated quantity for solid rock excavation due to the large quantity of rock encountered during construction

(b) Increase estimated quantity for rip-rap due to adjusted erosion control devices required by the Department of Natural Resources

Funds Funds for this work are available in Account 633 47, Fund 2071

Clearances Utility Director

B Recommend approval of Change Order No. 2 for $1,056,789 99 to contracts A, B and C with Ruby-Collins, Inc., for construction of 54-inch water main

Contract 54-inch water main construction
Contractor Ruby Collins, Inc
Date of award June 19, 1986
Contract amount (3 contracts) $11,500,000
Change Order No. 2 $1,056,789 99

On January 25, 1988, Change Order No. 1 was approved to all three contracts resulting in a net reduction of $101,073 97

Change Order No. 2 covers additional work not included in scope of the original contract, (unexpected utility problems which were encountered during construction that could not have been anticipated)

extends contract period for 154 days due to the time required to perform the additional work

extends the contract time to compensate for unusual weather related delays

increases the contract to compensate for an increase in the N.C. Sales tax which was enacted during the contract period

adjusts downward the contract amount for work originally included but not required to be performed
ITEM NO  -  36 -

adjusts the estimated quantities to reflect the quantities of work actually completed

Funds

Sufficient funds for this work are available in Account 636 46, Fund 2071

REHABILITATION LOAN

30

Recommend approval of a rehabilitation loan agreement with Angela F. Gibson in the total amount of $31,212 to rehabilitate her home at 1408 Parkwood Avenue in the Belmont community.

1408 Parkwood Avenue

Angela Gibson's home at 1408 Parkwood Avenue is in violation of the City's housing code. The total loan amount to rehabilitate her house and bring it into code compliance is $31,212. The appraiser estimates the after rehabilitation value of this property to be $58,500.

Detailed information on Ms. Gibson's application is attached.

The rehabilitation assistance is as follows:

Clearances

Community Development Department. All criteria to qualify for financial assistance have been met by the applicant in accordance with the requirements outlined in the Community Development Standard Rehabilitation Loan and Grant Program.

Attachment No 11
MUNICIPAL AGREEMENT

31  
Recommend adoption of a resolution authorizing a municipal agreement with the North Carolina Department of Transportation (NCDOT) for constructing Westinghouse Boulevard Extension in conjunction with the Charlotte Outer Loop Project.

Municipal Agreement

The NCDOT is designing the Charlotte Outer Loop from east of I-77 to the US 521 (South Boulevard) interchange. Concurrently, the City of Charlotte is designing the Westinghouse Boulevard Extension project between Old Nations Ford Road and South Boulevard. Maps are attached. Since the projects cross, NCDOT and City staffs have coordinated the two designs. The resolution outlines the NCDOT and City responsibilities necessary to coordinate the two projects.

City staff has already obtained by donation the right-of-way for the section of Westinghouse Boulevard Extension to be built by the NCDOT within the control-of-access for the Charlotte Outer Loop. The NCDOT will reimburse the City for constructing the extra length of the bridge over the Norfolk Southern Railway. The extra length will accommodate a second track which replaces one to be relocated by the Charlotte Outer Loop Project. Construction (by the City) of Westinghouse Boulevard Extension between Old Nations Ford Road and South Boulevard is expected to begin by August 1989. Completion is expected before the NCDOT begins construction of the Charlotte Outer Loop from east of I-77 to US 521 in August of 1991.

Funds

The Westinghouse Boulevard Extension project is funded in the CIP Budget.

Clearances

The Charlotte Department of Transportation, Engineering Department, and Charlotte/Mecklenburg Utility Department agree to the conditions outlined in the Municipal Agreement.

Maps are attached.

Attachment No 12
B  Recommend adoption of a resolution authorizing a municipal agreement with the North Carolina Department of Transportation (NCDOT) for reconstruction of the I-77/SR 1138 (Arrowood Road) Interchange

Municipal Agreement

The NCDOT plans to reconstruct the interchange of I-77 and Arrowood Road beginning in Federal Fiscal Year 1989. A two year construction period is anticipated. The reconstruction is associated with the Charlotte Outer Loop.

C  Recommend adoption of a resolution authorizing a municipal agreement with the North Carolina Department of Transportation (NCDOT) for construction of the Charlotte Outer Loop Interchange with I-77 from Westinghouse Boulevard Interchange to South of Arrowood Road

Municipal Agreement

The NCDOT plans to construct the Charlotte Outer Loop Interchange with I-77 beginning Federal Fiscal Year 1989. The interchange construction will extend from the I-77/Westinghouse Boulevard Interchange to south of Arrowood Road. A three year construction period is anticipated.

Funds

The cost of adjusting municipally owned utilities within the project right-of-way in B and C will be the responsibility of the Charlotte/Mecklenburg Utility Department. A separate Utility Agreement will provide for the water and sewer line work to be performed by the NCDOT's contractor.

LEGISLATIVE PACKAGE

32  Recommend approval of adding a bill to the City's 1989 legislative package that would make amendments to the Charlotte Firefighters' Retirement System Act.

The Retirement System Board of Trustees has unanimously approved several proposed amendments, primarily administrative, to the Act. Attached is a summary prepared by Robb Hubbs, Administrator for the Firefighters' Retirement System.

Attachment No 13
RESOLUTION

33 Recommend adoption of a resolution amending the procedures for the nomination, consideration and appointment of persons to City boards, committees and commissions

Quarterly Appointments During its retreat, Council stated it wished to make appointments to boards, committees and commissions on a quarterly basis. Council informally approved this process at the March 6 workshop. Adoption of the resolution will allow the Council to do this.

Attachments Attached is a proposed procedure giving the suggested timetable that Council would follow for nominations at the April 10 meeting and appointments at the April 24 meeting. Also attached is a detailed explanation of the nomination/appointment process that has previously been provided to Council. As suggested in the March 17 Council-Manager memorandum, we plan to list the Nominations and Appointments at the end of the agenda, following Consent, in order to give Council the opportunity to work through the new process without delaying citizens who may be present at the Council meeting on other items of business.

Attachment No 14

34 Recommend adoption of a resolution authorizing certain actions for SpringFest to be held April 28, 29 and 30, 1989

Routine Actions Designated to the City Manager In 1988 Council delegated certain routine Council actions to the City Manager. Among them was the delegation to the City Manager or his designee the authority to issue beer and wine permits and temporarily close public streets for festivals and other events. The intent of this action was to fully delegate to the City Manager the authority to regulate and approve festivals and similar events.

However, at the time we overlooked a provision in a separate chapter of the City Code that requires the Council to authorize the sponsoring organization to levy fees on persons or groups who wish to exhibit or vend.
SpringFest The action that Council is asked to take today, therefore, is to authorize (1) approval of the execution by the City of Charlotte of an agreement with SpringFest, Inc., and (2) authorize SpringFest to levy certain fees in connection with the festival.

This is identical to the action Council has approved in past years.

City Code A proposed amendment to the City Code will be coming to City Council in the near future which will make this correction as well as some other amendments relating to vending and peddling in the central business district.

SPEED LIMITS

35

A Recommend adoption of an ordinance amending City Code, Section 14-131(c), to change the speed limit on three Charlotte streets.

Lower Speeds to 35 NPH Each of the streets below are thoroughfare streets with speed limits of 45 miles per hour, in accordance with the Council approved Thoroughfare Speed Limit Policy. A lower speed limit is recommended on the following streets because of high congestion as well as an increasing number of accidents.

Little Rock Road from Wilkinson Boulevard to just north of I-85
Twyżola Road from South Boulevard to I-77
Woodlawn Road from South Boulevard to South Tryon Street

The recommended ordinance would rescind the present speed limit and leave the municipal 35 miles per hour speed limit.

State Statute Requirements North Carolina General Statute 20-141 requires that changes in the speed limits of streets other than the 35 miles per hour municipal speed limit be approved by the local governing body. Furthermore, any speed limit changes involving State system streets must also be approved by the North Carolina Board of Transportation.
Clearances

The City Attorney has approved the ordinance as to form. The North Carolina Board of Transportation will be asked to approve the Little Rock Road and Woodlawn Road requests.

B. Recommend adoption of an ordinance to lower the speed limit on eleven neighborhood streets from 35 miles per hour to 25 miles per hour.

25 MPH

In accordance with Council's approved policy, four streets in four neighborhoods have had petitions validated and are determined by the engineering study to be appropriate for a 25 mile per hour speed limit. The streets are:

- Barwick Road (Cotswold)
- Burlwood Road (Stonehaven)
- Belcross Drive (Medford Acres)
- Cheswick Road (Cotswold)
- Chelsea Drive (Myers Park Manor)
- Heathermoor Court (Heathermoor)
- Langhorne Avenue (Medford Acres)
- Medford Drive (Medford Acres)
- Nassau Boulevard (Plaza Midwood)
- Sheridan Drive (Medford Acres)
- Thomas Avenue (Plaza Midwood)

Clearances

The City Attorney has approved the ordinance as to form.

SALE OF LAND

36. Recommend the sale of 10 36 acres of land on Gibson Street in Huntersville, North Carolina to Huntersville Land Company for $22,600.00.

MOTION.

When Motion, Inc., a non-profit housing corporation, was dissolved in 1986, the City acquired 10 acres of land in Huntersville as part of the corporation's assets.

Bid to Purchase Land

On November 15, 1988, the City received one bid to purchase vacant land known as Tax Codes 019-054-03 & 11 through 19, located on Gibson Street in Huntersville from the Huntersville Land Company. The Huntersville Land Company proposes to develop the property at a later date after further assemblage of acres in the area.
Appraisal/Bid

An independent fee appraiser valued the land at $22,500.00. The Huntersville Land Company has submitted a purchase contract for $22,600.00. On February 21, 1989, the Board of Commissioners of the Town of Huntersville voted to inform the City of Charlotte that the Town has no interest in the land and that the City of Charlotte could accept the bid it received from Huntersville Land Company.

A map is attached.

Clearances

Engineering/Real Estate, Legal Department, Community Development concur in this request.

Attachment No. 15

SPECIAL OFFICER PERMIT

37

Application for Special Officer Permit

Recommend approval of application for Special Officer Permit to Terry Dewayne Oakes for employment with the Charlotte Park Rangers.

SET PUBLIC HEARING

38

Recommend adoption of resolution calling for a public hearing on SUP 89-1 to be held in the Meeting Chamber, 600 East Fourth Street, at a time and date to be determined by City Council.

TAX REFUND

39

Recommend adoption of a resolution authorizing the refund of certain taxes in the total amount of $5,944.48 which were assessed through clerical error or illegal levy against 85 tax accounts.
UTILITY CONTRACTS

40 Recommend approval of contracts between the City of Charlotte and the applicants listed below.

These are extension contracts for new development in accordance with the Water/Sewer Extension Policy. Item 1 is a 5-year reimbursable contract (construction by Public Bids). The applicant has deposited 10% of the estimated construction cost. The remaining 90% will be deposited prior to construction. There is no cost to the City and no funds are needed. Items 2 - 10, the applicants are to construct the entire systems at their own property cost and expense. The City is to retain all revenue. There is no cost to the City and no funds are needed. Utility and Planning Directors recommend approval.

1 Charlotte-Mecklenburg Schools, to construct 1,220 linear feet of 12-inch water main and 40 linear feet of 2-inch water main to serve Statesville Road Elementary School on Milhaven Lane, located north of Cindy Lane and south of Old Statesville Road, outside the Charlotte City Limits. Estimated Cost - $43,800.00 Water Contract No 300-88-275

2 Sardis Mill, Inc., to construct 1,335 linear feet of 8-inch water main, 225 linear feet of 6-inch water main and 1,250 linear feet of 2-inch water main to serve Sardis Mill Subdivision, located south of Sardis Road, north of Coach Ridge Trail and east of Hillandale Drive, outside the Charlotte City Limits. Estimated Cost - $55,000.00 Water Contract No 100-88-299

3 The Howey Company, to construct 360 linear feet of 8-inch water main, 1,445 linear feet of 6-inch water main and 1,402 linear feet of 2-inch water main to serve Middlethorpe At Wynfield Subdivision, located north of Gilead Road, west of Ranson Road and east of Torrence Creek Tributary No 1, outside the Charlotte City Limits. Estimated Cost - $53,000.00 Water Contract No 100-88-160

4 Paces Ridge Joint Venture, to construct 2,330 linear feet of 12-inch water main to serve Paces Ridge Apartments, located north of Rocky River Road and south of W T Harris Boulevard, outside the Charlotte City Limits. Estimated Cost - $130,000.00 Water Contract No 100-88-255
5 Mid South Water Systems, Inc /Realty Dealers, Ltd to construct 2,282 linear feet of 8-inch water main, 787 linear feet of 6-inch water main and 2,435 linear feet of 2-inch water main to serve Brown's Ferry Subdivision, located east of Browne Road, north of Hayden Drive and south of Dearmon Road, outside the Charlotte City Limits
Estimated Cost - $100,000.00 Water Contract No 100-87-138

6 Independence Pointe Joint Venture, Inc., to construct 2,395 linear feet of 12-inch water main and 40 linear feet of 6-inch water main to serve Independence Pointe Subdivision, located north of Highway 51, south of Matthews Township Parkway and west of U S Highway 74, outside the Charlotte City Limits Estimated Cost - $75,000.00 Water Contract No 100-88-182

7 Piper Glen Limited Partnership, to construct 671 linear feet of 21-inch sanitary sewer main to serve Four Mile Creek Outfall, located east of Elm Lane West and south of N C Highway 51, outside the Charlotte City Limits Estimated Cost - $33,550.00 Sanitary Sewer Job No 100-89-520

8 Paces Ridge Joint Venture, to construct 1,084 linear feet of 8-inch sanitary sewer main to serve Paces Ridge Apartments, located south of N C Highway 49, west of W T. Harris Boulevard and east of Knollwood Circle, outside the Charlotte City Limits Estimated Cost - $48,780.00 Sanitary Sewer Job No 100-88-720

9 East-West Partners Of North Carolina, to construct 2,377 linear feet of 12-inch sanitary sewer main to serve Davis Lake Parkway, located east of N C Highway 115, north of David Cox Road and south of Clark's Creek, outside the Charlotte City Limits Estimated Cost - $106,965.00 Sanitary Sewer Job No 100-88-732

10 Caroleen-Henderson Enterprises, Inc./Oaklawn Associates, to construct 8,252 linear feet of 8-inch sanitary sewer main to serve Cedarfield Plantation Phase 6A & 6B Subdivision, located north of McIlwaine Road, south of Gilead Road and west of McCoy Road, outside the Charlotte City Limits Estimated Cost - $288,820.00 Sanitary Sewer Job No 100-88-751
PROPERTY TRANSACTION

Recommend approval of the following property transactions and adoption of the condemnation resolutions

1 Project. Park Road Alignment
Owner(s): John F Donoghue, Bishop of the Roman Catholic Diocese of Charlotte, North Carolina
Property address: 6924 Old Reid Road
Property to be acquired: 35,608 sq ft (8174 ac)
Improvements: Loss of parking space and heavy tree damage
Price: $28,800 00

2 Project. General Airport Land Acquisition
Owner(s): Mack Price Brown and wife, Anne H Brown
Property address: 5412 Piney Top Drive, Charlotte, NC 28208
Property to be acquired: 4.603 acres of land, including the improvements located thereon
Improvements: Single story wood frame house containing 2,000 sq ft
Price: $203,000 00

3 Project. Intersection Improvements - Central Avenue/Hawthorne Lane
Owner(s): H Walter Knox and Mary Helen Jackson,
Property address: 1201 Central Avenue, Charlotte, North Carolina 28204
Property to be acquired: 2,378 sq ft (0.0546 acre) of right of way, 21 sq ft (0.0005 acre) of permanent down guy easement, and 2,268 sq ft (0.0521 acre) of temporary construction easement
Price: $35,000 00
Remarks. The commercial property is a video production company which requires a minimum amount of outside noise interference. Upon the advice and concurrence of our Legal Department, the $35,000 settlement is cost effective in view of the City's potential liabilities caused by expected increased noise levels due to this road widening project which may warrant extensive sound proofing of the existing structure.

4 Project. Intersection Improvements - Central Avenue/Hawthorne Lane
Owner(s): Allen M Hobbs
Property address: 1211 Central Avenue
Property to be acquired: 2,431 sq ft (0.0558 ac)
Improvements: 1 1/2 story brick commercial building
Price: $105,500 00
5 **Project:** Intersection Improvements - Central Avenue/Hawthorne Lane  
Owner(s): Allen M Hobbs  
**Property address:** 1217 Central Avenue  
**Property to be acquired:** 546 sq ft (0.0126 ac)  
**Improvements:** 1 story brick building ($30,000 for building, $3,000 for demolition)  
**Price:** $33,000 00

6 **Project:** Intersection Improvements - Central Avenue/Hawthorne Lane  
Owner(s): Wallace R Trexler, Jr, Dora Bates Trexler  
**Property address:** 1219 Central Avenue  
**Property to be acquired:** 5,597 sq ft (0.1285 ac)  
**Improvements:** 1 story brick commercial building  
**Price:** $55,000 00

7 **Project:** Back Creek Outfall Main Outfall  
Owner(s): John B Stroup and wife, Hazelene H Stroup  
**Property address:** 10800 University City Blvd  
**Property to be acquired:** 58,613.25 sq ft (1.35 ac)  
**Remarks:** Severance for manholes, special fencing for cattle during construction

Owner(s): W E Hipp, Sr and wife, Virginia B Hipp  
**Property address:** 1101 Hipp Road  
**Property to be acquired:** 92,408.5 sq ft (2.12 ac)  
**Improvements:** N/A  
**Price:** $25,440 00

10 **Project:** 60" Raw Water Main/Catawba River to Reservoirs  
Owner(s): Walter C Abernethy, Laura A Howell, Richard H Abernethy, Martha A Richards, Enora Abernethy  
**Property address:** 6815 Pleasant Grove Road  
**Property to be acquired:** 120,405 square feet (2.76 ac)  
**Improvements:** N/A  
**Price:** $35,000 00
CONDEMNATIONS

11 Project. Long Creek Outfall - Phase V - B
Owner(s). R. T Dooley and wife, Nancy W Dooley and any
other parties of record
Property address. vacant lot on Shadow Lawn Road
Property to be condemned. 217.96 sq ft (0 005 ac) plus
   temporary construction easement 217.97 sq ft (0 005 ac)
Improvements. N/A
Price. $100 00
Reason for condemnation. Two negotiating agents have made
   numerous efforts to speak with Mr Dooley but he is
   unwilling to meet with us to discuss project. It is in
   the best interest of the City to proceed with condemna-
   tion

12 Project. Intersection Improvements - Central Avenue/
   Hawthorne Lane
Owner(s). George Housiadas, Vasilios Housiadas
Property address. 1233 Central Avenue
Property to be condemned. 71 sq ft (0 0016 acre) plus
   temporary construction easement of 667 sq ft (0 0153 ac)
Improvements. N/A.
Price. $1,200 00
Reason for condemnation. Property owners refused to accept
   City's offer based on appraisal. Their counteroffer was
   $15,000 00. Condemnation is recommended so project will
   not be delayed

13 Project. Intersection Improvements - Central Avenue/
   Hawthorne Lane
Owner(s). G Howard Webb
Property address. 1041 Central Avenue
Property to be condemned. 947 square feet (0 0218 ac).
   plus 756 square feet (0 0174 ac) temporary construction
   easement
Improvements. N/A
Price. $8,700 00
Reason for condemnation. Property owners refused to accept
   City's offer based on appraisal. refused to make any
   counteroffer. Condemnation is recommended so project will
   not be delayed

14 Project. Park Road Alignment
Owner(s). Ealy Realty Company and any other parties of
   interest
Property address. 5818 Linford Drive
Property to be condemned. 16 sq ft (0 0004 ac) plus
   1,443 sq ft (0 0331 ac) of temporary construction
   construction easement
Improvemements  N/A  
Price  $100 00  
Reason for condemnation  Property owners refused to accept City's offer based on appraisal, declined to make counter-offer  Condemnation is recommended so project will not be delayed  

15 Project  Park Road Alignment  
Owner(s)  Ann S Lisee and Geraldine P Taylor and any other parties of interest  
Property address  5918 Linford Drive, Charlotte, North Carolina  
Property to be condemned  1,173 sq ft (0.0269 acre) plus 2,671 sq ft (0.0613 acre) of construction easement  
Improvemements  N/A  
Price  $14,750 00  
Reason for condemnation  Property owner refused to accept City's offer based on appraisal  Owner refuses to give a counteroffer  Condemnation is recommended so project will not be delayed  

16 Project  Intersection Improvements - Central Avenue - Hawthorne Lane  
Owner(s)  The Salvation Army Corporation of Georgia  
Property address  1015 Central Avenue  
Property to be condemned  4,549 square feet (0.1044 ac) plus 4,055 square feet (0.0931 ac) temporary construction easement  
Improvemements  N/A  
Price  $19,300 00  
Remarks  Salvation Army Corporation's attorney countered the City's offer at $10,000 over the City's appraised value  Their appraiser's adjustments for size and location of the comparable sales were determined by our review appraiser to be inaccurate based upon market analysis  

SET EXECUTIVE SESSION  

42 Recommend adoption of a motion to hold an executive session immediately upon conclusion of this meeting for the purpose of consulting with attorneys representing the City concerning claims involving the City in which the City has a substantial interest in accordance with G S 143-318 11(a)(4) and (5)

PETITION NO 39-1

PETITIONER(S) Roger Lee

REQUEST Consideration of an I-2(CD) Site Plan Amendment

LOCATION A 4.029 acre site located on the northerly side of Mt. Holly Road east of Lee Drive.

ACTION: The Zoning Committee recommends that this petition be denied.

Nays: None.

REASONS

This petition requests the deletion of a condition which was agreed to by the petitioner approximately three months ago. At that time, the petitioner requested a site plan amendment and the rezoning of properties from I-1 to I-2(CD) to accommodate the expansion of a heavy construction equipment manufacturing facility. The petitioner indicated that they would dedicate 20 feet of additional right-of-way along the frontage of their site. The petitioner now wants to retract that commitment and delete that requirement from the site plan. The Zoning Committee believes that this would be a bad precedent to establish for future rezonings. It is very common for petitioners in rezoning cases to dedicate property along thoroughfare streets through the rezoning process. The purpose of this dedication is to ensure that the development of the site will not adversely impact future road widening plans and to offset at least a portion of the impact of the additional development rights granted to the site on the local thoroughfare system. A petitioner always has the option not to propose any right-of-way dedication or any other commitments above the minimum standards through the rezoning process. However, when a petitioner does propose to exceed the minimums and/or proposes to dedicate land for right-of-way, parks, or greenways, it is treated as a firm commitment which is one of the factors contributing toward the decision on the zoning request. The petitioner's agent in this case was advised that additional right-of-way along the front of the petitioner's property needed to bring the street up to the minimum standard. The revised site plan included such a dedication commitment. The Zoning Committee believes that the petitioner should hold their commitment for the right-of-way dedication and that this request should be denied.

STAFF OPINION

The staff agrees with the recommendation of the Zoning Committee.
PETITIONER  Roger R. Lee

PETITION NO. 89-1    HEARING DATE January 17, 1989

ZONING CLASSIFICATION, EXISTING  I-2(CD)  REQUESTED  I-2(CD) Site Plan Amendment

LOCATION  Approximately 4.02 acres on the north side of Mount Holly Road east of Lee Drive.

ZONING MAP NO. 66

PROPERTY PROPOSED FOR CHANGE
March 2, 1989

Charlotte-Mecklenburg Government Center
600 East Fourth Street
Charlotte, North Carolina 28202-2853

ATTENTION: MAYOR, SUE MYRICK AND ALL CITY COUNCIL MEMBERS
CHARLOTTE-MECKLENBURG PLANNING COMMISSION AND WALTER FIELDS

I am sending you this letter concerning my site plan amendment #89-1. You were scheduled to vote on this request on February 20, 1989, but it was deferred to a later date because of some "confusion" that some of the City Council Members had.

This letter is to put in writing my request, that my site plan be modified to indicate that I would like to have the word "DEDICATION" be changed to "RESERVATION" in reference to the 20' road right-of-way. This 20' set-back will be RESERVED, indefinitely, for acquisition by the City, County, or State for the widening of Hwy. 27 (Freedom Drive). It is to my understanding that when this land is acquired, there will be COMPENSATION for it.

By copy to my land planner, I am requesting her to make all changes necessary on my site plan to conform the site plan to the agreements made in this letter.

Sincerely,

Roger R. Lee, Petitioner

cc Sandy Turnbull
    Bill Farthing
    Henry Underhill, City Attorney
If Council wishes to discuss removal of these two committees, it would eliminate two from the list of nominations for the second quarter.

Also attached is a draft of the agenda item as it will appear on March 27 which gives an explanation of the procedure.

INFORMATION

Performing Arts Center Artist Selection Process

Council Approved Artist Selection Process:
The Art Commission in May 1988 adopted its Strategic Planning Committee's final report. This report resulted from a study of the Commission's existing Policies & Guidelines and resulted in six recommendations. The findings were presented to Council as information by the Art Commission chairman. The thrust of the committee's recommendations was a more open selection process with greater public input. However, the report stated, "The Art Commission should not rely on any single procedure for selecting artists or artwork, but should continue to use both competitions and direct selection procedures."

The selection process used by the Art Commission for the Performing Arts Center project was an invited competition to select an artist based upon the artist's prior work.

Performing Arts Center Artist Selection Process:
The Art Commission chairman appointed Pam Patterson project ad hoc advisory chair; Mrs. Patterson formed an ad hoc advisory committee (see attached list) which was approved by the full Art Commission board. The thrust of this project was to select an artist to work collaboratively with the architect to create a piece of art integral to the Performing Arts Center. The selection process, as it evolved, is described below:

The ad hoc advisory committee held an invited competition among forty-five artists recommended by the North Carolina Museum, the South Carolina Museum, the Greenville, S. C. Museum, the Southeastern Center for Contemporary Art and the architects. Artist submissions were culled to five semi-finalists by the ad hoc committee. The semi-finalists' slides were converted to 8"x10" color prints and mounted for public display and comment in the CMGC Lobby for 30 days. Additionally, the Charlotte Observer published a story about the semi-finalists and conducted a public poll. The lobby display received 117 comments, the Charlotte Observer poll received 516 votes/comments.

The ad hoc committee met, considered the public input and chose Mary Shaffer as the artist to be recommended to the Art Commission and ultimately to Council.

The March 27 agenda will include a recommendation from the Art Commission to approve Mary Shaffer as the artist to work collaboratively with Cesar Pelli to design, fabricate and install a piece of art at the Performing Arts Center. If you wish to discuss this prior to the March 27 agenda, you can include it on the March 6 workshop.

Concerns of Carolina Tarwheels

Attached is information from Parks and Recreation Director Marvin Billups about the concerns of the Carolina Tarwheels. We have worked hard to balance the requests of the competing wheelchair basketball teams and at allocating time in the pool.

SUMMARY OF CITY CONTRIBUTIONS TO THE 
MECKLENBURG COUNTY CRIMINAL JUSTICE INFORMATION SYSTEM

Mecklenburg County is implementing an enhanced information system to provide a better quality of information to share among all law enforcement agencies within the County. The goal of the new system, called the Mecklenburg County Criminal Justice Information System (MCCJIS), is to promote better coordination and management of resources and to provide a more effective vehicle through which to eliminate redundant records, to improve overall data quality and to provide improved communications for the whole community.

There are several advantages of the new information system:

1. Improved warrant service and accuracy will provide a comprehensive data base of all outstanding legal papers.

2. The arrest process will move data collection to the point of first contact of the arrestee with the system. The new process has the ability to eliminate current redundant data entry and will reduce sources of error.

3. The new information system should enhance the ability of the City Police to apprehend known criminals and to improve the processing of these offenders.

It is important to note that this is the first phase of the Mecklenburg County Criminal Justice Information System. Many of the productivity improvements associated with this project, such as the improved warrant service, will not be realized until later phases. Neither the total cost of the system, nor total implementation time, is known at this time.

On January 9, 1989, Mr. Jack Tate of the Citizens' Criminal Justice Committee spoke to Council and requested $189,722 in funding or in equivalent City programming support to complete implementation of Phase I of the Mecklenburg County Criminal Justice Information System. The requested funding is for the purpose of retaining two outside consultants until the In-Take Center is opened (around July 1, 1989) and for several months after its opening to make any necessary system adjustments. The additional funding is necessary because design problems and structural delays have pushed the opening of the In-Take Center back from December, 1988 to July, 1989. The County is seeking alternative funding sources for MCCJIS because funds for these two consultants were budgeted only through December, 1988.

Since that original request, the request has been modified to $139,722. The City has already provided significant contributions to the project and while the project will undoubtedly benefit the City Police Department, many of the advantages have been overstated.
To date, the City has made the following contributions to Phase I of MCCJIS:

<table>

</tr>
<tr>
<td>One man-month Police Programming Time</td>
<td>$6,500</td>
</tr>
<tr>
<td>Positive Identification Section</td>
<td>$200,000</td>
</tr>
<tr>
<td>The City Police Department has performed this traditional County function since 1985. This will now become a County responsibility. Cost is approximately $200,000 per year.</td>
<td></td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>$1,416,250</strong></td>
</tr>
</tbody>
</table>

Over the life of the project, Mecklenburg County has contributed $1,110,000 in outside consultant fees and County employee time.

Several statements have been made about the benefits the City will receive from these projects. Many of these statements are unquestionably true, such as improved coordination of information and improved accuracy of information, and are principal reasons the City wholeheartedly supporting this project.

However, some of the advantages and savings the City will derive are overstated. Some of these follow:

1. "The County providing data on traffic citations automatically to the City from the Court System will save considerable City Police personnel time to keep traffic citation data in the City MIS system, will reduce computer transactions on the City MIS computer, and will provide the exact information to both the court system and City Police to ensure compatibility".

Automatic provision of data on traffic citations is actually attributable to the new State of North Carolina Infractions System, for which the State pays. The only savings will be the avoidance of data entry, which is considered insignificant. Transactions on the City MIS system will not be impacted. Information will be more exact, but no savings will be derived.
"Using the present City "Police Master Name Index System" for other than current arrest history will save considerable City Police personnel time to key and maintain arrest data, will save MIS computer resources, and will automatically provide not only arrest information but case disposition data for the City Police which the Police do not now have".

It is true that automatic entry of arrest information is not now available and it is desirable; however, personnel savings will be less than one full-time Data Entry position and no City MIS computer resources will be saved.

3. "When the Intake Center opens and the Central Repository system is operational on the County computer, the data and related transactions that were associated with the City "Wants and Warrants" system will no longer be necessary. As approximately 16,000 Orders For Arrest per year and approximately the same number of Warrants per year are processed, this procedure should:

a. save considerable City Police personnel time required to enter and maintain warrant data;

b. save City MIS computer resources;

c. provide a much more comprehensive system for tracking and serving warrants for the City Police;

d. potentially provide direct access to outstanding warrant information by City Police Mobile Data Terminals".

Six City Records Clerks have been performing Wants and Warrants, a traditional County function. These positions can be transferred to the County Payroll. It is not yet known whether the City will be asked to fund these positions through a City/County agreement.

The total cost of maintaining the Wants and Warrants system on the City's MIS system was $7,613 in PY88. This cost can be eliminated with the new system.

The system will indeed provide for a much more comprehensive system for tracking and serving warrants for the City Police.

Mobile Digital Terminals will potentially have direct access to outstanding warrant information; however, this access is being developed and funded by the City and by the City's consultant.

4. "Better handling of Charlotte Police initiated cases - approximately 80% of the total".

The new system will result in potentially better handling of City cases, which indeed are 80% of the total; however, City taxpayers comprise a similar 80% of the County's tax-paying base. Therefore, City taxpayers are already paying for the Criminal Justice System in Mecklenburg County.
There were three reasons given for the need for additional funding:

"The County's FY89 Budget did not anticipate

a. Delays in Intake Center planning,
b. Significant Charlotte Police Department design requirements,
c. Reduction in state support.

Neither reason 1 or 3 were the result of any City action. Reason number 2 is not clear. The city was asked to respond by the County to the design of the basic system, which the City did. These suggestions were neither significant nor unnecessary.

Summary:

The City has provided on-going support of the Mecklenburg County Criminal Justice Information System. MCCJIS will provide many improvements to the Criminal Justice System as a whole. The City also agrees that it is important for MCCJIS to remain on schedule, as much as is now possible with structural delays. The project and the additional funding request have the support of the City MIS Director and the City Police Chief.

However, these types of improvements are traditionally undertaken by counties in North Carolina. City support of MCCJIS to date has facilitated implementation of the In-Take Center concept, and in fact City contributions exceed County contributions. When the City starts a project such as this, it assumes the project will be completed with City resources. If additional funds are required over the original budget, then the City re-adjusts priorities to accomplish the most important things first and looks for savings in other projects that can be diverted to those top priorities.

Operation of the Criminal Justice System is the responsibility of Mecklenburg County. The City is committed to the success of MCCJIS, as it has already demonstrated. However, the appropriate level of financial support has already been provided.

*Costs for FY'90 include child care*
Four Phases of Tenant Training Program

The program consists of a four-phased development approach to job training which includes 1) Assessment, 2) Remediation, 3) On-the-Job Training, and 4) Unsubsidized Job Placement.

Phase I, Assessment, involves the development of an employability analysis which will diagnose the applicant's major barriers to employment. In essence, the employability condition of the applicant is clearly and comprehensively defined in this initial phase and will serve as a basis for participant selection.

During Phase II, Remediation, the barriers identified in the initial stage are addressed. The primary objective of this stage is to eradicate the barriers that prevent the participant from engaging in hard-skills on-the-job training. Barriers to be addressed will include academic, health, behavioral, and social needs. Any factors that impact the participant's capability to adapt to training and eventual unsubsidized employment are addressed. Services may include basic education, child care, transportation, health and substance abuse counseling, employability skills and life skills training, and extensive personal counseling.

During Phase III, On-the-Job Training (OJT), will be provided at the Boulevard Homes site in occupational areas such as maintenance, electrical wiring, plumbing, masonry, roofing, carpentry, floor tile installation, landscaping, and clerical positions. The subcontractors renovating Boulevard Homes will be reimbursed up to 50% of wages paid to participants during training. The primary objective of Phase III is to provide hard skill occupational training.

Phase IV, Job Placement, provides for the attainment of permanent unsubsidized employment in the private sector where the participant will work in an occupational area related to his or her on-the-job training. Assistance in locating employment opportunities will be provided. Job seeking and interviewing skills will be taught during this final phase as well.
PROJECT DESCRIPTION: LANDING SQUARE

The partners of H. J. Properties, Inc. are William H. Hart and Dr. Jerry A. Jones. The proposed project will be known as Landing Square and will be used as a medical facility that will house two doctors, a pharmacy, and an x-ray office. The project will be located at the corner of Beatties Ford and Grier Grove Roads. The area has minimal medical options available with the nearest facility approximately 1 1/2 miles east of this site. With the exception of the Health Department Offices and a small chiropractic clinic, the immediate neighborhood has no medical facilities.

Dr. Jerry Jones, an internal gastroenterologist, will occupy 1,200 square feet in the facility. He has been practicing in Charlotte for 10 years and is currently located at 2021 E. Seventh Street. He plans to continue the operation of the Seventh Street office until he can establish his client base at the new location. Many of his patients are West side residents, therefore, the new location will be much more convenient for them. The new location will also afford many area residents the opportunity to avail themselves to other medical services that are much more conveniently located.

An additional 2,000 square feet will be occupied by Dr. William H. Hughes, a urologist, who is currently located in the Metroview Building on Randolph Road. Dr. Hughes plans to move his practice to 2021 Seventh Street with Dr. Jones. He plans to maintain his practice there in addition to operating out of the new location. To help facilitate operations at the Beatties Ford site, Drs. Jones and Hughes plan to hire a doctor of internal medicine or family practitioner. They will also obtain the services of a physical therapist.

An additional service to be offered at this location is a pharmacy. It will occupy 1,500 square feet and will be operated by Pharmacist Glenda Jenkins who has eighteen years experience. The area is in need of a well stocked and full-service pharmacy. A pharmacy located in the neighborhood closed several months ago. The proposed pharmacy will be an excellent complement to the medical facility by providing those neighborhoods nearest the proposed site more complete services and a better pharmacy-related inventory of products.

Another 800 square feet of the structure is planned to be used as an x-ray diagnostic center. This is also envisioned as a complement to the medical facility. This will afford the patients a much-needed service at the same location. The center will be managed by William Hart who currently manages Charlotte Diagnostic Center located at 700 E. Stonewall Street. Mr. Hart has been affiliated with Med Scan, a national diagnostics corporation for the past 5 years. He has experience in developing and operating diagnostic centers in the Philadelphia and Charlotte areas. The center will also provide a valuable complement for the other medical services being offered at this proposed location.
ADDENDUM TO REQUEST FOR COUNCIL ACTION

**Project Costs:**

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land Acquisition</td>
<td>$75,000</td>
</tr>
<tr>
<td>New Construction</td>
<td>$418,400</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td>$493,400</td>
</tr>
</tbody>
</table>

**Sources of Funds:**

<table>
<thead>
<tr>
<th>Source</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>United Carolina Bank</td>
<td>$247,000</td>
</tr>
<tr>
<td>City of Charlotte</td>
<td>197,000</td>
</tr>
<tr>
<td>Borrower's Contribution</td>
<td>49,400</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td>$493,400</td>
</tr>
</tbody>
</table>

**Terms of the Loans:**

1) United Carolina Bank
   a) Rate - Prime + 1 1/2%
   b) Term - After construction, the term shall be 15 years with annual rate reviews

2) City of Charlotte
   a) Rate - 6% per annum
   b) Term - 5 years - to be amortized on a basis of fifteen years with the unpaid balance due in a balloon payment at the end of the fifth year.

**Security**

1) United Carolina Bank
   a) First Deed of Trust on the land and building located at the corner or Griers Grove and Beatties Ford Roads
   b) Personal guaranties of Mr. Hart and wife and Dr. Jones and wife

2) City of Charlotte
   - Second Deed of Trust on the land and building located at the Corner of Griers Grove and Beatties Ford Roads
   - Personal guaranties of Mr. Hart and wife and Dr. Jones and wife

United Carolina Bank will be fully secured with a first Deed of Trust on the land and building which should have an approximate value of $500,000. United Carolina Bank's first lien of $247,000 will leave $253,000 available to the City to cover its $197,000 loan. This will result in an equity residual of $56,000 with each lending entity's loan being adequately secured.
Public Purpose

It has been determined that the project is eligible for City financed participation as it meets the program objectives of low/mod income job creation and provides a needed medical service to the area.

As previously mentioned, there is a need for the proposed medical services in this area. The population has grown substantially in this sector of the City as growth has been redirected. This redirection has resulted in increased residential and commercial pockets that require additional services as has been well documented in other areas of the City. The proposed medical facility will assist in meeting the physiological needs of the residents in this area of the Beatties Ford Road corridor.

There will be 14 new jobs created as a result of this loan. It is anticipated that 75% of these jobs will be made available to individuals from low to moderate income households.

ECONOMIC DEVELOPMENT REVOLVING LOAN FUND (EDRLF)

Purpose: To provide capital for startup or expansion of small and/or minority businesses located primarily within the Pocket of Poverty in order to create business and employment opportunities for individuals from low to moderate income households.

Primary Objectives:
- To create public/private partnerships between the City and private commercial lenders to provide the capital necessary to fund business startups or expansions;
- To provide job opportunities for individuals from low to moderate income households;
- To foster economic development within the Pocket of Poverty for promotion of job creation, removal of slum and blighting influences, and expansion of the City's tax base;

General Policies:
- The City seeks to finance a business project based on the following financing mix:
  1) 50% from a private lender (banks, savings & loans, etc.);
  2) 40% from the City;
  3) 10% from the applicant
- The interest rate on loans from the EDRLF is 6%;
- The maximum term is 5 years, however, some repayments are computed for a longer term with a balloon principal payment due at the end of the fifth year.
- The City seeks to stimulate business start-ups and expansions by providing subordinate financing which creates an incentive for private participation.

Eligible Activities/Applicants:
- Acquisition of real property;
- Construction, rehabilitation, or installation of:
  1) Commercial or industrial buildings and structures;
  2) Equipment and fixtures which are part of the real estate;
  3) Commercial or industrial property improvements;
- Applicant must meet at least one of the following:
  1) Either operate or want to operate a business in an area eligible for assistance;
  2) Live in an area eligible for assistance and either operate or want to operate a business outside the eligible area;
  3) Operate a business located close enough to provide services and jobs to low and moderate income citizens living in eligible areas;
Source of Funding: Federal Community Development Block Grant funds. Annual appropriations of $100,000 to the EDRLF. The loan fund is revolving, therefore, repayments are used to make other loans.

Clearances: City Council approved Economic Development Revolving Loan Fund guidelines on November 10, 1986 as recommended by the CD and Housing Committee.

Economic Development Revolving Loan Fund Committee* and City Council approvals are required.

*Economic Development Revolving Loan Fund Committee is comprised of ten citizens: seven bankers, one Chamber representative, and two small business operators. Appointments are made by the City Manager.
DEVELOPMENT AND REVITALIZATION FUND (DARF)

Purpose:
To provide public resources to invest in partnerships for the purpose of promoting economic development in four approved redevelopment areas (Beatties Ford Road, Wilkinson Boulevard, South Boulevard, and West Morehead Street) and the Pocket of Poverty when such partnerships do not incur a negative long-term liability on tax dollars and when such partnerships directly benefit one of the following targeted groups:
- Low income, unemployed, or underemployed county residents;
- Minority and/or women small business enterprises;
- Unique of indigenous enterprises which have significant economic value to the community.

Primary Objectives:
- To create jobs which have the potential for upward mobility, and for adequate pay which allows an individual or family to become self-sustaining;
- To promote revitalization efforts in areas targeted by public policy to include but not be limited to:
  1) Enterprise areas from the 2005 Plan
  2) The Pocket of Poverty;
  3) Approved area plans which include a commercial focus.
- To promote the development of projects which support redirection of growth policies;
- To retain a unique or indigenous enterprise;
- To participate in the funding of business projects that offer a significant number of employment opportunities.

General Policies:
- The City seeks to finance a business project based on the following financing mix:
  1) 50% from a private lender (banks, savings and loan, etc.)
  2) 40% from the City
  3) 10% from the applicant
- The interest rate is negotiable from 3% to 9% based on ability to repay.
- The term is negotiable based on need and ability to repay.
- The City requires a clear demonstration that "But For" the DARF loan, the project could not take place.

*"But For" is a term that is taken from the Urban Development Action Grant (UDAG), a federally funded program that is intended to assist cities in developing new jobs and an increased tax base. It must be clearly demonstrated that "But For" the DARF funds the project could not be financed. In other words a financial gap exists, i.e.:
Financing Gap

Project size $800,000
Debt capacity - 600,000
Financing Gap $200,000

Financial assistance with favorable terms is needed from the City for $200,000 in order for the project to be feasible.

Eligible Activities/Applicants:

- Acquisition of real property;
- Construction, rehabilitation, or installation of:
  1) Commercial or industrial buildings and structures;
  2) Equipment and fixtures which are part of the real estate;
  3) Commercial industrial property improvements.
- Applicant must meet at least one of the following:
  1) Either operate or want to operate a business in an area eligible for assistance;
  2) Live in an area eligible for assistance and either operate or want to operate a business outside the eligible area;
  3) Operate a business located close enough to provide services and jobs to low and moderate income citizens living in eligible areas;
  4) Create jobs that pay adequate wages and offer upward mobility and advancement.

Source of Funding:

A total of $3 million was allocated by City Council from Urban Development Action Grant repayment funds for use in promoting economic development in four redevelopment areas and the Pocket of Poverty. Urban Development Action Grant funds are allocated from the Federal government.

Clearances:

The Policy Framework for this program was approved by City Council on June 8, 1987.

Economic Development Review Committee* which is made up of several City department directors, the Economic Development Revolving Loan Fund Committee, and City Council approvals are required.

*The Economic Development Review Committee is comprised of the following departments: Budget & Evaluation, Finance, City Manager's Office, Planning, Employment & Training, Community Development, and Economic Development.

Residual Value to City loan as collateral $45,400
Public Purpose

The City loan was determined as an appropriate action due to the findings of the public purpose review by the Planning Department as follows:

The proposal as submitted by Colorcraft Printing Company, Inc. falls within the policy framework by:

1) Serving a public purpose and providing employment for low income, unemployed or underemployed persons, while providing an opportunity for upward mobility, and

2) Being consistent with general reinvestment strategies as outlined in the 2005 Generalized Land Plan.

There are currently 90 full-time and 26 part-time employees working at Colorcraft of which 75% are from low to moderate income households. The applicant is offering 48 new jobs for the City loan. This would provide one new job for each $3,783 in City funds. The new job listing is shown as follows:

REHABILITATION ASSISTANCE PROGRAM

Purpose: To preserve the City's existing housing stock, to improve living conditions of low to moderate income households, and to revitalize neighborhoods.

Primary Objectives:
- Assist property owners in correcting violations of the City's Housing Code with primary focus on owner-occupied structures.
- Provide affordable housing opportunities for low to moderate income families (low to moderate income families defined as families whose gross income is 80% or less of the median income for Charlotte.)
- Provide modification of units occupied by the physically handicapped.

General Policies:
- Assist in financing eligible activities through loans, grants and deferred payment loans or any combination which makes the assistance affordable.
- Owner occupants pay up to 35% of their gross income less federal taxes for housing expense.
- Grants up to $7,500 from owner occupants who are eligible for a City-County tax exemption.
- Interest rates for owner occupants 0 to 3%; for non-profit organizations 3%; for investors 2% below the prime rate; for deferred payment loan zero interest rate.
- Assistance is available City-wide with efforts concentrated in the 21 census tracts having the greatest number of sub-standard housing units.

Eligible Activities:
- Correction of housing code violations
- Energy Conservation
- Acquisition costs
- Water and sewer tap on fees
- Handicapped modifications
- Approved moving costs related to relocating dwelling unit
- Historic preservation of designated properties
- Loan and Grant processing fees

Source of Funds:
- Federal Community Development Block Grant Funds.

Clearances:
- City Council approved modifications to the Standard Rehabilitation Loan and Grant Program on October 12, 1987.
- City Council approval is required for assistance over $30,000.
- City Manager approval is required for assistance of $30,000 and under.

The relocation of Fire Station No. (currently part of the City Hall Annex complex) was funded in the FY88 and FY89 capital budgets. A site for the new fire station was selected off Baxter Street or City-owned property. Borings from the site indicate that construction materials are present and that new fill is required (estimated cost: $250,000). This unforeseen cost initiated a new review of possible sites.

Another fire station site has been located in First Ward on the south side of 6th Street between Myers Street and Alexander Street. The site is City-owned property and is behind the U.S. Post Office. The Engineering Department has conducted an analysis of the site and concluded that it is suitable. The Fire Department also recommends this site.

The architect has provided us with some initial cost estimates for the new fire station which are above the original cost estimate. As with several of our recent building projects, the construction activity in Charlotte is very high and has decreased competition. Engineering and Budget and Evaluation will continue to work with the architect to determine alternatives. These alternatives, as well as an amendment to the architectural contract, will be on Council's March 27 agenda.

Cityfair Parking Rates

You will recall that in late October 1988 Mike Scheuer of the Charlotte Uptown Development Corporation came before you to seek a parking rate structure different from the one which had been set in place at the time of the garage's opening (August 5, 1988). It was CUDE's position that some amount of free parking was essential to promoting visits to uptown shoppers. As a result, Council approved rates which included one hour of free parking Monday - Saturday until 5:00 p.m. In approving the CUDC-proposed rate structure, Council requested that staff monitor the situation and keep Council advised.

We have taken stock of the situation through January. Our cumulative year-to-date financial posture reflects that the Cityfair Park-nc Garage has lost $126,000 to date (e.g. 8/5/88 - 1/31/89). Out of the 99,092 cars which used the deck during that period, 45,485 (46%) parked free. If this revenue trend continues, the cumulative loss for the current fiscal year is expected to total $278,000. The debt service fund balance and CIP interest directly related to this project show a balance of approximately $235,000 which when combined with the $45,000 we will earn this fiscal year on the Cityfair debt service reserve will make $280,000 available to offset losses.

In a meeting held on February 24, 1989, with the CUDE, Cityfair representatives, Allright Parking (who manages the deck for the General Services Department) and City staff, consensus was reached to modify the parking rate structure, effective March 15, as indicated in the attachment.
ANGELA F GIBSON REHABILITATION LOAN

Under the current Rehabilitation Program, a homeowner is to pay no more than 35% of their household income toward housing expense. Ms. Gibson's gross monthly income, which is derived from employment and child support, is $622.00. Federal tax withheld monthly from employment is $4.33. Ms. Gibson has a 17 year old child that lives with her and is carried as a dependent.

An analysis of Ms. Gibson's household income and projected housing expense is as follows:

<table>
<thead>
<tr>
<th>Monthly Household Income</th>
<th>$622.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less Federal Tax</td>
<td>-4.33</td>
</tr>
<tr>
<td>Available for Household Expenses</td>
<td>$617.67</td>
</tr>
<tr>
<td>x35%</td>
<td></td>
</tr>
<tr>
<td></td>
<td>$216.19</td>
</tr>
</tbody>
</table>

Projected Household Expenses:

- Mortgage $235.00
- Real Estate Taxes 22.00
- Insurance 10.17
- Utilities 141.00
- Est. Maintenance 59.00
- $467.17

Difference (-$250.98)

Ms. Gibson qualifies for a Deferred Payment Loan (DPL) of $31,212. The DPL will be repaid upon the death of the owner or the sale of the property. A lien will be placed on the property for the DPL.
Charlotte Firefighters' Retirement System
Charlotte National Building
428 East Fourth Street • Suite 205 • Charlotte North Carolina 28202 • 704/336-4431

March - 14

Robert A. Hubbs
Administrator

Mr. Thomas W. Finnie
Deputy City Manager
800 East Fourth Street
Charlotte NC 28202

Dear Mr. Finnie,

Please find the attached Summary of Proposed Legislative Amendments requested by your office relative to the proposed legislative amendments approved by the Board of Trustees on 11-1-77.

The Board approved significant changes to the retirement actuarial assumptions at its meeting of February 25, 1977. A recommendation of the actuary to a rate assumption was made, and the Board recognized that this was rather an actuarial mistake in the realization of our calculations. The Board also decided to approve these assumptions to require an amendment to the Act.

The subsequent proposed changes for the City Council include several changes required to maintain the current actuarial assumptions with the Internal Revenue Service, to redefine the definition of Member to more accurately reflect the contributions of the Member, (3) benefit changes which will provide an actuarial benefit amount that is the same for all Members, and to provide an actuarial benefit amount for a Member's spouse or a deceased member who was entitled for a service retirement at the time of death (4) removal of the procedural provisions of the Act relating to disability retirement which will be replaced with a disability regulation to be adopted by the Board and approved by the City Council (a Board committee is developing a comprehensive program that will include rehabilitation procedures and differentiate between full and partial disabilities).

The Board approved these changes to the actuarial assumptions and the proposed legislative amendments by unanimous votes. Please advise me if you have any questions or need additional information.

Respectfully,

[Signature]

Robert A. Hubbs
Proposed Procedure For Appointments To Boards, Commissions and Committees.

March 27, 1989 - Council Meeting.

(a) Adoption of resolution abolishing the Citizens' Advisory Council For Hazardous Chemicals; and adoption of an ordinance abolishing the Municipal Information Advisory Board.

(b) Adoption of resolution to amend present procedure to allow Council to make appointments on a quarterly basis.

Council will be sent a list of boards, etc. to which they will be making appointments for the next quarter. List will show board name, position(s) to be filled, name(s) of person(s) whose term(s) will be expiring, whether that person is eligible or not eligible for reappointment.

April 10, 1989 - Council Meeting (nominations).

When the April 10 agenda is sent to Council, councilmembers will receive forms on which to make nominations at the meeting.

Following the Consent Agenda, councilmembers will make their nominations and hand their nomination forms to the City Clerk.

In the event there is only one person nominated for any one position, Council may make that appointment at this meeting.

April 24, 1989 - Council Meeting (appointments).

When the April 24 agenda is sent to Council, councilmembers will receive ballots on which to make their selections for appointments.

Following the Consent Agenda, councilmembers will recess to go into executive session to consider the qualifications of nominees, and to cast ballots making appointments.

Council will return to open session and hand ballots to City Clerk who will announce the results of the voting. The meeting will then be adjourned.
Four weeks prior to the quarterly date for nomination, notification will be made that nominations for appointment will be made by the City Council. Resignations received during this time will be held over until the next quarter. Terms expiring during any quarter will remain filled by the persons then holding the position and until a successor (if any) is named.

At the first regular meeting of the first month of each quarter (January, April, July and September), provided that meeting falls early in the month, Council will make its nominations on a form supplied for that purpose. Should the first regular meeting not fall early in the month, nominations will be made the last regular meeting of the preceding quarter.

If there is only one nominee, the appointment may be made by voice vote at the same meeting at which the nomination was made.

At the next regular meeting following the closing of nominations, Council will vote on the nominees for the positions to be filled. The appointments will be determined by written ballot. Balloting procedures will remain as previously set forth.
RESOLUTION OF THE CHARLOTTE CITY COUNCIL AMENDING ITS PROCEDURE FOR THE NOMINATION, CONSIDERATION AND APPOINTMENT OF PERSONS TO CITY BOARDS, COMMITTEES AND COMMISSIONS.

BE IT RESOLVED by the City Council of the City of Charlotte, that it hereby amends its procedure for the nomination, consideration and appointment of persons to City boards, committees and commissions, by deleting the procedures set forth in Resolutions of May 29, 1978, December 11, 1978 and July 14, 1980 in their entirety and substituting in lieu thereof the following:

1. At least four weeks prior to the quarterly date for nominations, the City shall publicize that nominations for appointment will be made by the Council and shall solicit citizens of the community to apply for appointment. Resignations received will be held over until the next quarter. Terms expiring during any quarter shall remain filled by the person then holding the position and until a successor (if any) is named.

2. At the first regular meeting of the first month of each quarter (January, April, July and October), provided that meeting falls early in the month, each member of the City Council shall have the opportunity to nominate one person for appointment to each of the positions to be filled. Forms will be provided to Council on which to write nominations. After Council has made nominations, forms shall be handed to the City Clerk. No nominations may be made after this meeting. If there is only one nominee, the appointment may be made by voice vote at the same meeting at which the nomination is made. Should the first regular meeting not fall early in the month, nominations shall be made the last regular meeting of the preceding quarter.

3. At the next regular meeting following the closing of nominations, the Council shall vote on the nominees for the positions to be filled. The appointments shall be determined by written ballot. The ballot containing the names of nominees, as well as a space for "none of the above," shall be
distributed to each Council member. Each Council member shall vote for a
nominee, or for no nominee, sign the ballot and return it to the City Clerk
who shall tally and announce the votes, and the results.

In accordance with the City Charter, no nominee shall be deemed appointed
unless he or she receives at least six (6) votes. If no nominee receives at
least six (6) votes on the first ballot, the balloting process shall be
repeated for one additional time. Only the top two (2) vote getters shall
be candidates for appointment on the second ballot. If as a result of the
first ballot a tie vote situation produced more than two (2) top vote getters,
(i.e. 3-3-3-2; 5-3-3; 4-2-2-2-1), the Council shall conduct a separate ballot-
ing to narrow the field of candidates to two (2). The top two (2) vote
getters shall then be voted upon at second balloting. If no nominee re-
ceives at least six (6) votes after the second balloting, each Council
member shall have an opportunity to make one additional nomination at the
next meeting. All nominations made shall lay on the table for a period of
two weeks, and the balloting shall be done in accordance with this paragraph
at the third Council meeting following the date of nominations.

This the ___ day of __________, 1989.

Approved as to form:
