Council Agenda

March 9, 1987

FILE COPY
Addendum

Request for Council Action

To the City Council
From the City Manager

Action Requested: Approval of Manager completing negotiation of a Memorandum of Understanding with George Shinn; authorize the Mayor to sign the Memorandum of Understanding, and further authorize the Mayor to sign the final agreement if no substantial changes are made.

Responsible Department: Engineering Department

This request should be organized according to the following categories: Background, Explanation of Request, Source of Funding, Clearances, Bibliography

Background
On March 5, 1987, the City was requested to enter into an agreement with Charlotte Professional Basketball, Inc. regarding provision and use of City facilities. The agreement, as submitted, was discussed with Council on March 5, 1987. On March 6, 1987, the City Manager and staff met with George Shinn to negotiate. Mr. Shinn has indicated the need to reach formal agreement by March 13, 1987, to meet a deadline imposed by an NBA committee. Because of the shortness of time, the City Attorney recommends that the parties reduce their agreement to a Memorandum of Understanding, with a complete and final agreement to be subsequently developed.

Explanation of Request
Approval of City Manager completing negotiation of a Memorandum of Understanding with George Shinn utilizing below listed points as basis:

1. Agreement is contingent upon George Shinn being awarded NBA basketball team in Charlotte. For legal reasons, we have used the name "George Shinn" instead of "Charlotte Professional Basketball, Inc.", but the entire agreement applies only to NBA Franchise use.

2. City will provide private dressing room and training area at Coliseum for exclusive year round use by George Shinn. Will be accomplished through modification to planned existing spaces.

3. City will provide design and construction of separate facility at Coliseum to house George Shinn's office space to be owned by City for exclusive year round use by George Shinn. George Shinn will repay cost at seven percent interest amortized over seven years with no pre-payment penalty.

4. City will provide Park Center for George Shinn's use at lease of $1.00 per year and provide limited upfitting consisting of normal items such as paint and carpet.

5. The City will provide funding to meet operating expenses and capital need requirements for repairs and replacements to the Coliseum facilities during the term of the lease in the event the operating funds of the Authority are insufficient to fully fund such needs.
Date Submitted: March 9, 1987
Agenda Date Requested: March 9, 1987
Consequences if Agenda Date is Delayed or Action is Deferred: George Shinn would not meet NBA committee imposed deadline which could jeopardize his chances of being awarded NBA Franchise.

Contact Person for Questions
from the City Manager's Office: C. D. Readling, City Engineer

Authorized by:
Department Head

Approved by: Assistant City Manager
6. The City will indemnify all present and future members of the Authority from any legal claim which may arise from the lease.

*Items 5 and 6 are in the approved "Letter of Intent" and were included at the request of the Authority.

Assuming no substantial deviation from points listed are negotiated, a final agreement would be ultimately prepared and executed by the Mayor.

Source of Funding
None required at this time.

Clearances
Engineering, Legal, Finance, and Budget Offices concur in this request.

Bibliography
Original agreement as submitted by Charlotte Professional Basketball, Inc. is available from the City Attorney's Office.

Council Agenda

Monday, March 9, 1987
District 3 Council Meeting
West Mecklenburg High School
7400 Tuckaseegee Road

5:00 PM . . . . . . Council-Manager dinner
7:00 PM . . . . . . Citizens Hearing
7:30 PM . . . . . . Council Meeting

ITEM NO.

1. Invocation by Rev. Warren McKissick of Greater Calilee Baptist Church.

PUBLIC HEARINGS

3. A. Conduct a public hearing to abandon an alleyway off North Pine Street.

B. Recommend adoption of a resolution to close an alleyway off North Pine Street.

West Trade Street Associates, Federal Plaza Associates and Mr. and Mrs. John G. Blackmon submitted a petition to abandon an alleyway located off North Pine Street. The alleyway, in an "L" shape, is 15 feet wide with a total length of approximately 170 feet. The petitioners own all the adjoining property and their intent is to incorporate the right of way into the abutting parcels for parking.

All City departments, private utility companies and the Fourth Ward Historic District Commission were notified and are in concurrence with this abandonment.

No City funds are involved.

A map is attached.

Attachment No. 1
4. Conduct a public hearing to obtain the views of citizens on community development and housing needs associated with the expenditure of $6,851,920 comprised of FY88 Community Development Block Grant funds, Program Income funds, Reprogrammed funds and an additional amount ($423,920) which is subject to Congressional approval and to receive citizen comments on the proposed Statement of Community Development objectives.

This public hearing is to obtain the views of citizens on community development and housing needs associated with the expenditure of $6,851,920 comprised of FY88 Community Development Block Grant funds, Program Income funds, Reprogrammed funds and an additional amount ($423,920) which is subject to Congressional approval and to receive citizen comments on the proposed Statement of Community Development objectives. Citizens' comments, along with staff response to the issues raised during the hearing, will be incorporated into the Final Statement which Council will be asked to approve at the April 27 Council meeting. The proposed Statement is attached.

For the last 13 years, City Council has gone through the process of approval of the Community Development Block Grant (CDBG) application. This year's application process is essentially the same as last years.

Within the recent past, Community Development Block Grant funds have primarily been used for housing and economic development activities. Examples are: residential rehabilitation, relocation, rental rehabilitation and minor repair assistance, economic development revolving loan fund, energy conservation program and smoke detector program. Some funds have also been used for human services activities, i.e., Bethlehem Center and Gethsemane Enrichment Program, and for certain public improvements within designated neighborhood strategy areas.

Attachment No. 2

5. Conduct a public hearing to consider a negotiated sale of land in the Third Ward Redevelopment Area known as Block 12, Parcel 1, to the NCB Community Development Corporation, in the amount of $205,972.80.

The State law which permits the City to negotiate a private sale of land requires that a public hearing be conducted prior to approval of the sale. The public hearing has been advertised for this date. However, we recommend that action approving the sale of land be scheduled for the March 23 Council meeting following a presentation at the dinner meeting which will give Council a better overview of the entire project.
The NCNB Community Development Corporation (NCNB-CD) has proposed to acquire the 3.00 acre parcel on West Trade Street known as Block 12, Parcel 1 in the Third Ward Redevelopment Area. This property is located between Sycamore Street and the Trade and Fourth Streets connector. NCNB-CD will buy the property at the appraised price of $205,972.80 and wishes to pay for it on an installment basis. They would pay a binder of 10% of the appraisal price, with the balance payable when planning for the parcel has been completed or within three years, whichever occurs first. The 128,733 square foot parcel's appraised value of $1.60 per square foot is based on its present Urban Residential zoning. NCNB-CD believes the site should be predominantly residential in character, but that further planning efforts should allow the flexibility to respond as the planning suggests. They presently envision a development consisting of approximately 100 quality apartments that would have an urban character and scale.

If, however, further planning efforts recommend that the parcel be rezoned to permit a mixed-use development, the City will require that the parcel be reappraised based on the new zoning. The sales price of the parcel will be adjusted to reflect the new appraised value.

For the consideration of the land sale, NCNB-CD has agreed to assist the City in developing "a plan for the construction of approximately 30 low and moderate income housing units in the First Ward Redevelopment Area." It is their intention "to coordinate the development and marketing of this project as well as to underwrite the risk of loss for a project that would induce ownership in the area by "promoting" qualified buyers out of public housing."

This item has been reviewed by the Community Development Department, Real Estate Division, and NCNB Community Development Corporation.

A map is attached.

Attachment No. 3

POLICY

6. Decision on Business Privilege License Tax.

Council will hold a public hearing on the business privilege license tax on March 4. The recommended Council action will be included in the March 6 Council-Manager memorandum.

A key participant in the City's debt management program is bond counsel. They assist with the development of the Official Statement, which is the document that describes the nature and purpose of the bond sale and also the socio-economic characteristics of the issuing unit to potential purchasers. They ensure that all constitutional and statutory provisions, including voting requirements, for the issuance are met. They ensure that the governing body takes all necessary actions and determine whether a competitive sale is properly advertised. They answer questions about the issue by rating agencies, investors, underwriters, trustees and others prior to sale. Also, advice is given to the issuer on any legal questions concerning the issuance process. In many cases this advice involves tax and other law changes that can impact the nature of the issue. Having bond counsel on call at all times to answer questions of a general nature is very important because it makes it possible to make decisions as early as possible in the debt planning process. This type of advice is particularly useful in the environment of change that has existed for the past few years and which is likely to exist for some time in the future with tax reform now a reality.

Based on the fine performance of Brown & Wood, the firm which has been the City's bond counsel for over 40 years, we would recommend continuing the relationship. However, local law firms have also expressed interest in providing assistance. If Council wants to pursue this, we would recommend the following process: (1) Finance Department staff would develop a Request for Proposal (RFP) that would be sent to qualified firms in Charlotte (including those headquartered in other cities) and to Brown & Wood; (2) A staff committee would review the submittals and make recommendations to the City Manager for Council action prior to our next General Obligation (GO) bond issuance this summer.

Some of the key criteria in the RFP would include:

- Professional experience and ability
- Special bond experience and expertise
- General reputation
- Adequacy of response to RFP
- Ability to provide necessary services
- Quality of presentation

Attached is information on services provided by bond counsel.

Attachment No. 4
8. Recommend adoption of a resolution approving a lease agreement with Piedmont Aviation, Inc. for aircraft maintenance hangar and related facilities at the Airport.

Piedmont Airlines recently announced plans to purchase wide-bodied long range aircraft (Boeing 767) for use on their long haul routes and in anticipation of securing international service to London from Charlotte. Currently, Piedmont does all of its major aircraft maintenance at Greensboro and Winston-Salem. In order to facilitate operation of these aircraft and to consolidate their on-line maintenance, Piedmont plans to establish a major aircraft maintenance base at Charlotte.

On November 10, 1986, City Council adopted an inducement resolution for the issuance of up to $75 million in Special Facility Revenue Bonds for certain capital improvements at the Airport to be leased to Piedmont. These improvements include a hangar sized to accommodate three wide-bodied aircraft with a three-story central core for offices, stock, maintenance shops and similar facilities, a stock distribution center, and a pilot training facility.

On December 8, 1986, City Council authorized proceeding with project implementation and authorized the Finance Director to proceed with arranging financing for the aircraft maintenance facility subject to supporting revenue commitments by Piedmont. The Airport Manager, in cooperation with the City Finance Department, has negotiated an agreement signed by Piedmont for the construction and lease of these facilities.

Following are major elements of the lease:

1. The City agrees to finance and construct the proposed aircraft maintenance hangar and related facilities. The total financing cost will include all construction costs, as well as legal, financial and underwriting fees and commissions associated with revenue bond financing. It is expected that the total cost will not exceed $75,000,000. Security for repayment of the bonds will come from Piedmont, whose general credit rating will secure the financing. Neither a general obligation pledge of the City nor pledge of general Airport revenues will be included as part of the financing covenants.

2. Piedmont agrees to lease the completed facilities for a term of 30 years with two five-year options for extension and agrees to pay an annual land rental of approximately $157,500 in addition to principal and interest payments on the revenue bond. The land rental is fixed for 20 years and thereafter is adjusted based on the Consumer Price Index.
3. Piedmont agrees to reimburse the City for its administrative, maintenance and operating costs associated with these facilities.

The City will finance these facilities through Special Facility Revenue Bonds. The City's Finance Director joins the Airport Manager in this recommendation.

9. Recommend approval of an agreement for architectural services with Danadjieva and Koenig Associates for the conceptual design for Plaza Park and the urban context guidelines in the amount of $167,065.00.

In May, 1986, a design charrette was held for the purpose of defining a direction for the park at the corner of Trade and Tryon Streets. The results of the charrette yielded design philosophy and policy program for the development of the park. The guidelines called for a duel phased approach for designing the Square. The first was to develop the specific Plaza Park site. The second called for establishing urban context guidelines for the entire contextual "Square" setting. Adopted by City Council in July, 1986, the program has directed the park process to date.

In October, 1986, the design firm of Danadjieva and Koenig Associates was hired by the City to design Plaza Park. As a public input mechanism, two workshops were conducted to investigate various scenarios for the buildings.

Due to the unique nature of this project, the services of Danadjieva and Associates has been retained to date on an informal contractual agreement until a decision could be reached on the historic buildings issue. As a result of City Council's decision on February 9, 1987, to have selected architectural elements retained and the buildings removed, the project scope of services can be defined. The City is now in a position to enter into a lump sum contract with Danadjieva and Koenig Associates for services involving conceptual design of the Plaza Park and guidelines for the urban context of the Square as outlined in section 2.4 of the Plaza Park Design Program, attached.

City Council is asked to approve two contracts with Danadjieva and Koenig Associates in the total amount of $167,065.00 for conceptual design services for Plaza Park. Three different conceptual schemes will be developed.

Upon approval of one of the three schemes, City Council will then be asked to approve additional funding for design development and construction drawings.
The fee breakdown provided for under these contracts are listed below:

**Plaza Park Conceptual Design**
- Basic Architectural Services: $80,040.00
- Reimbursables (Allowance): 12,000.00
- Additional Services (Allowance): 10,000.00
- **TOTAL**: $102,040.00

**Urban Context Guidelines**
- Basic Architectural Services: $51,925.00
- Reimbursables (Allowance): 8,100.00
- Additional Services (Allowance): 5,000.00
- **TOTAL**: $65,025.00

**TOTAL for the two contracts**: $167,065.00

Funds are available in the Plaza Park Account (Allotment #480.91 Fund #2010).

This has been coordinated through the Planning Department and the City Engineering Department.

Attachment No. 5

10. **Recommend adoption of a resolution to grant a one-time award of $300 to Sanitation Division employees for their special efforts under the new collection system.**

Effective November 3, 1986, the City implemented a new garbage and trash collection program. Due to the magnitude of the project and the cooperation shown by Sanitation employees, it is recommended that City government grant a one-time bonus.

The new collection system has resulted in fewer curbside crews being assigned to longer routes and fewer backyard crews being assigned to work routes containing a seven-day accumulation of backyard trash and garbage. Consequently, Sanitation workers have experienced noticeable changes in working conditions including longer hours, unfamiliar routes, heavier loads of refuse and changed holiday schedules. Sanitation workers have worked hard to adapt to these changes and to provide quality service during this transition period from the former to the current collection program. In addition, Sanitation clerical and management employees provided the necessary leadership and support in developing and implementing the new schedules, maintaining complex records, monitoring and resolving the increased number of complaints during the transition and working the changed holiday schedules.
It is felt that their efforts are worthy of special recognition through a one-time monetary award of $300 in recognition of their efforts to provide quality service to the citizens under difficult circumstances. The $300 figure is based on 30c per hour average for the number of hours worked during the transition period of November-March. While the employees were paid overtime for the actual overtime hours worked during the transition, this additional money is in recognition of the heavy personal demands and stress to the employees resulting from learning new routes, increased work hours, etc.

The Operations Department will continue to review work loads in order to make routes and collection loads more equitable and assist crews in gaining familiarity with new routes so that they will be able to complete their routes faster and without interruption.

The approximate FY87 cost of this special achievement award is $91,200, which can be accommodated through Sanitation Division savings.

11. Nominations for Appointment to Boards and Commissions.

1) Zoning Board of Adjustment - One position as an alternate member to fill the unexpired term of Thomas F. O'Brien who was recently appointed to regular membership. This term will expire January 30, 1988.

2) Council on Aging - A total of four positions are to be filled. Two positions are for three-year terms to replace Jane Gallagher and Maggie Freeman whose terms are expiring March 30, 1987. Ms. Gallagher has served two full terms and is not eligible for reappointment; Ms. Freeman has not been able to meet the attendance requirement due to ill health.

Two other positions were created recently by the expansion of the Council's membership. One of these will be for a three-year term, the other for a one-year term in order to stagger the expiration dates of the City's appointees.

Ms. Baxter and Messrs. Shaw, Gerns, and Sonderman are completing their second full terms, and are not eligible for reappointment. Ms. Kandler and Messrs. Reeder, Glover and Keyser are completing unexpired terms.

Attendance records for 1986 indicate that Mr. Glover has attended only one of four meetings held.

Attachment No. 6

1) Clean City Committee - The following nominations have been made:

   A. Unexpired term ending June 30, 1987 -
      a) Steve Wellons, nominated by Councilmember P. Patterson
      b) Cindy Dyson, nominated by Councilmember C. Patterson
      c) Ed Robertson, nominated by Councilmember Fenning.

   B. Unexpired term ending June 30, 1988 -
      a) Norman Hill, nominated by Councilmember Hammond.
      b) Edward Hooper, nominated by Councilmember Woollen.
      c) Donnell Harris, nominated by Councilmember Leeper.

2) Citizens Oversight Committee for Cable Television - Seven appointments to be made. The three top vote getters will serve two-year terms. The remaining four one-year terms will go to nominees receiving at least six votes.

The following nominations have been made:

   A. Thomas Gongaware, nominated by Councilmember Fenning.
   B. Ben Thalheimer, nominated by Councilmember Woollen.
   C. Arthur Perschetz, nominated by Councilmember Woollen.
   D. Robert Burdine, nominated by Councilmember Hammond.
   E. John Surles, nominated by Councilmember Hammond.
   F. Thomas Klipp, nominated by Councilmember Leeper.
   G. Dayna Lucas, nominated by Councilmember Trosch.
   H. Earl Beam, nominated by Councilmember Trosch.
   I. Walter Kreiling, nominated by Councilmember Vinroot.
   J. Ken Koonz, nominated by Councilmember Dannelly.
   K. Scott Tyler, nominated by Councilmember P. Patterson.

Attachment No. 7

*** *** *** *** ***

The City Attorney advises that agenda items no. 13 through 26 may be considered in one motion. However, any member of Council may request that an item be divided and voted on separately.

*** *** *** *** ***
PERSONNEL

1. The City's group health insurance plan has a Coordination of Benefits Provision which determines the order of payment when more than one insurance plan is involved. The National Association of Insurance Commissioners recently revised the Model Group Coordination of Benefits Regulation to change the order of benefit determination. Although not all states (including North Carolina) have passed legislation requiring use of the new rules, it is recommended that City Council approve an amendment to the group health insurance plan to adopt the new order of benefit determination. In order for coordination of benefits to operate smoothly, it is important that all insurance companies use the same rules and this action is recommended by our insurance carrier.

2. The Age Discrimination in Employment Amendments of 1986 (ADEA) amend the previous ADEA law of 1967 to include employees age 70 and over in the class that is protected from age discrimination. In order to comply with Federal legislation, it is recommended that City Council approve an amendment to the group insurance policy so that group life insurance and accidental death and dismemberment insurance is not terminated when an active employee reaches age 70.

3. The Omnibus Reconciliation Act of 1986 (OBRA) requires that the group medical coverage become the primary payor of medical coverage for disabled employees under age 65 who are eligible for medicare and disabled dependents of active employees when the dependent is under 65 and eligible for medicare. In order to comply with this law, it is recommended that City Council approve an amendment to the group insurance policy reflecting this change.

If approved, the effective date of these amendments will be January 1, 1987.

There is no significant cost associated with these changes.

BUDGET ORDINANCE/CHANGE ORDER

14. Recommend adoption of a budget ordinance to transfer $100,000 from the Unappropriated Water and Sewer Fund Balance to Account 635.21 (Franklin Water Treatment Plant - Filter Units).

This action will fund the requested change order in B.

On January 12, 1987, City Council awarded a contract for $157,859 to Lee Construction Company to rehabilitate filter #1 at the Franklin Water Treatment Plant. The contract provided for the inspection to
determine the extent of the repairs necessary to rehabilitate filters #2, #3 and #4. Charlotte-Mecklenburg Utility Department representatives, in conjunction with the contractor, determined that all four of the filters would require extensive repairs. To accomplish the repairs, a change order must be approved to provide for the additional scope of work and additional compensation to the contractor.

The amount of the change order is $90,389.00 and the recommended budget ordinance of $100,000 will cover the cost of the change order along with approximately 10% contingency. The funds will be transferred from the Water/Sewer Operating Fund Balance to Account 635.21 (Franklin Water Treatment Plant - Filter Units).

B. Recommend approval of change order No. 1 for $90,389 with Lee Construction Company to provide for removal of gravel, installation of underdrain liners, and the replacement of underdrain spheres.

The need for this change order was described in A. above.

When completed, this project, including change order No. 1, will provide for an increased capacity at the Franklin Plant of approximately 8 million gallons per day to assist in meeting the peak demands of our system. It will also provide a more efficient method of operation requiring less frequent backwashing.

BUDGET ORDINANCE

15. Recommend adoption of a budget ordinance to accept a grant of $35,000 from the N. C. Department of Crime Control and Public Safety for use in planning and implementing emergency response activities with regard to nuclear power facilities.

In accordance with the North Carolina Emergency Management Act, utilities which operate nuclear power plants must allocate funds, on a yearly agreement basis, to the N. C. Department of Crime Control and Public Safety to cover the costs of emergency response activities for such plants. In this area, Duke Power provides the funding which is disbursed to the local jurisdictions by the Department of Crime Control and Public Safety.

The City's Emergency Management Office is responsible for developing and implementing emergency response plans for nuclear power plants that may affect Charlotte-Mecklenburg. This grant is over and above funding in the current budget and no local match is required.

This budget ordinance appropriates the $35,000 grant.

Budget and Evaluation concurs in this action.
16. Recommend adoption of an ordinance appropriating $2.5 million received from the Department of Housing and Urban Development in the form of an Urban Development Action Grant for the CityFair project; the $2.5 million will be loaned by the City to the Carley Capital Group to assist with the financing of the construction of the retail portion of the project.

In May 1, 1985, the U.S. Department of Housing and Urban Development awarded the City an Urban Development Action Grant (UDAG) of $2.5 million to assist the CityFair project. The grant agreement stipulates that the UDAG funds will be loaned to the Carley Capital Group to assist with the financing of the project's construction. The loan agreement between the City and Carley Capital Group describes the loan disbursement requirements.

This ordinance appropriates the $2.5 million to the General Capital Improvement Fund.

The Community Development and Finance Departments concur in this action.

BID LIST

17. Recommend approval of the bid list as shown. The following contract awards are all low bid and within budget estimates unless otherwise noted. Each project or purchase was authorized in the annual budget.

The following three bids relate to the Airport. On December 8, 1986, City Council adopted a resolution authorizing the City to proceed immediately with Airport terminal expansion to accommodate changes in facility requirements for Piedmont Airlines. Piedmont has requested the City to proceed with first phase construction which includes renovation and remodeling for the Airline Club on Concourse "B". On February 23, 1987, Council appropriated preliminary funding for these constructions which will be replaced by the proceeds of a future Airport revenue bond issue.

A. Mechanical Construction Contract for Piedmont Airlines Presidential Suite in Concourse "B"

Recommendation: The Airport Manager recommends that the low bid from Best Mechanical, Inc. in the amount of $23,820.00 be accepted for award of contract on a lump sum basis.

This contract provides all labor, material and equipment for the mechanical construction work for the proposed Piedmont Airlines Presidential Suite in Concourse "B".
B. General Construction Contract  
Piedmont Airlines Presidential Suite  
in Concourse "B"  

Recommendation: The Airport Manager recommends that the low  
bid from Dozer Construction Co., Inc. in the amount of  
$241,008.00 be accepted for award of contract on a lump sum  
basis. Cost includes acceptance of alternate #1.

Project Description: This contract provides all labor, material  
and equipment for the general construction work for the proposed  
Piedmont Airlines Presidential Suite in Concourse "B".

Source of Funding: Airport Terminal Capital Project Fund -  
(Airport Terminal - Airport Fund Balance to be repaid from 1987  
Revenue Bonds).

C. Electrical Construction Contract  
Piedmont Airlines Presidential Suite  
in Concourse "B"  

Recommendation: The Airport Manager recommends that the low  
bid from Howell Electric, Inc. in the amount of $33,679.00 be  
accepted for award of contract on a lump sum basis.

Project Description: This contract provides all labor, material  
and equipment for the electrical construction work for the  
proposed Piedmont Airlines Presidential Suite in Concourse "B".

Source of Funding: Airport Terminal Capital Project Fund -  
(Airport Terminal - Airport Fund Balance to be repaid from 1987  
Revenue Bonds).

D. 1 - Ramp Sweeper, Self-Propelled  

Recommendation: By Airport Manager and Purchasing Director  
that the lowest responsive bidder, Tennant Company, Norcross,  
Georgia, in the amount of $33,172.00, be accepted for award of  
contract on a unit price basis.
Other Bid Received Not Meeting Specifications: Wrenn Handling, Inc., Charlotte, N. C., in the amount of $23,178.00, did not meet the minimum bid requirements for engine size, brakes, width of both the main broom and the side brush, hopper capacity and tire size.

Project Description: This sweeper will be used in several areas within the Airport, specifically the long and short term parking lots and the concourse ramps.

Source of Funding: Airport Operating Fund.

E. 61 - Small Trucks & Vans Various Depts.

Recommendation: By various department heads and the Purchasing Director that the low bid (or lowest responsive bidder) for each item be accepted for award of contract as follows:

Harrelson Ford Charlotte, N.C. $540,533.00

52 - Small Trucks & Vans

Young Ford, Inc. Charlotte, N.C. $92,437.49

9 - Small Trucks

Project Description: These small trucks and vans will be used for a variety of jobs and projects in various departments.

Chevrolet, which normally bids through LaPointe Chevrolet, Inc., did not submit a bid due to the change in ownership at LaPointe. The new owners of the dealership are not interested in pursuing any fleet business. The Chevrolet zone office indicated the prices the City received on this bid were fair and reasonable relative to what they would have bid. In addition, Chevrolet gave assurance that they would develop interest, among their other dealers within the City, for future bids.

Water and Sewer Fund - (Engineering, Customer Service, Odor Monitoring and Control, Sewer Maintenance, Sugar Creek, Irwin Creek, Mallard Creek, Water Services, Water Field Operations) - Lease Purchase.

Airport Operating Fund.
18. Recommend accepting authorization from Mecklenburg County for the City to apply for the allocation of $38,000 in State grant funds.

B. Recommend adoption of a resolution authorizing the City of Charlotte to apply for a State grant of $38,000 to assist in the construction of a water main along Highway 21 - North and Washam-Potts Road.

The 1985 General Assembly appropriated water and sewer grant funds to be distributed to local governments for the construction of water and sewer projects. The funds are being distributed on a per capita basis.

The City of Charlotte received an allocation of $6,622,470, Mecklenburg County received $1,298,614 and the six towns in Mecklenburg received $482,844. The County and four of the towns (Pineville, Davidson, Mint Hill and Matthews) transferred their grant allocations to the City of Charlotte during 1986. The County and the towns also requested that the Charlotte-Mecklenburg Utility Department construct various agreed-upon water and sewer facilities with the grant funds. These projects have all been put in the CMUD schedule.

In late December, 1986, the Town of Cornelius asked to apply its $38,000 grant allocation toward the construction cost of the water main project along Highway 21 - North and Washam-Potts Road. The project was in the final design phase at the time of the request. Acceptance of the $38,000 allocation will be beneficial to the City, especially since the project is a major Capital Improvement Project expenditure.

The action in A. accepts authorization from the County for the City to apply for the $38,000 that would have been received by Cornelius; the action in B. authorizes us to apply to the State for these funds.

19. Recommend adoption of a resolution authorizing application for a Land and Water Conservation Fund grant for development of softball playing fields at York Road/Renaissance Park in the total amount of $100,000.

This resolution will authorize the Parks and Recreation Department to apply for funds from the Land and Water Conservation Fund Grant Program in the amount of $100,000. These funds will supplement (50/50 match) existing City funds to be used for the construction of a softball field complex at York Road/Renaissance Park.

This has been reviewed and approved by the Parks and Recreation Department and the grants review committee.
20. Recommend approval of an easement agreement between Southern Railway Company, Charter Properties, Inc. and the City for the construction of a bridge at Dwight Evans Road and Southern Railway next to the Billy Graham Parkway.

Charter Properties purchased approximately 25 acres between Billy Graham Parkway, Southern Railway and Disposal Plant Road at the Irwin Creek Treatment Plant. They petitioned City Council and were granted an office/warehouse zoning. The rezoning required that Charter construct at its expense an additional access to their development if they elected to develop their property to its maximum use.

Charter Properties has negotiated with Southern Railway to construct a bridge over the railroad to provide access to Dwight Evans Road. The bridge and associated roadway will be designed and constructed to City and railroad standards at Charter's expense. Once the bridge and roadway have been constructed, approved and accepted by the City, the City will be responsible for the maintenance as with any public roadway. Southern Railway is proposing to grant a permanent easement for the overhead bridge and approaches to carry Dwight Evans Road over and across the right of way and/or property of the railroad.

Approval of this agreement will authorize the Mayor to execute the permanent easement agreement on behalf of the City.

A map is attached.

Attachment No. 8

21. Recommend approval of a loan for permanent financing to purchase property under the Uptown Residential Loan Agreement between the City of Charlotte and a consortium of banks and savings and loan associations.

The loan application has been reviewed by the City loan officer in the Community Development Department, and the loan application contains sufficient information to form the basis for approval of the loan.

</table>
SPEED LIMIT

22. **Recommend adoption of an ordinance lowering the speed limit on two neighborhood streets from 35 miles per hour to 25 miles per hour.**

In accordance with Council's approved policy, two streets in two neighborhoods have had petitions validated and are determined by the engineering study to be appropriate for a 25 mile per hour speed limit. The streets are:

- Chestnut Avenue (Plaza-Midwood)
- Greenbrook Drive (Sheffield Park)

SALE OF BEER AND WINE

23. **A. Recommend approval for the Elizabeth Community Association to sell beer at the "Elizabeth Festival" Saturday, April 11, 1987, 11:00 a.m. until 6:00 p.m.**

Cynthia D. Gibson, of Elizabeth Community Association, is requesting permission to sell beer at the "Elizabeth Festival" to be held on April 11, 1987 from 11:00 a.m. until 6:00 p.m.

- Request was made at least 21 days prior to the event.
- All sales will be closely supervised according to ABC rules and regulations. No one under age will be served.
- Stuart Malter will supervise enforcement of control measures.
- Estimate of consumption - 30 kegs of beer.

Parks and Recreation recommends approval.

**B. Recommend approval for the Dilworth Community Development Association to sell beer at their "All Sports Day" on Saturday, April 18, 1987 from 9:00 a.m. until 5:00 p.m.**

Larry Ray Green, of the Dilworth Community Development Association, is requesting permission to sell beer at the "All Sports Day" event to be held on Saturday, April 18, 1987 from 9:00 a.m. until 5:00 p.m.

- Request was made at least 21 days prior to the event.
- All sales will be closely supervised according to ABC rules and regulations. No one under age will be served.
- Larry Ray Green will supervise enforcement of control measures.
- Estimate of consumption - 15 kegs of beer.

Parks and Recreation recommends approval.
C. Recommend approval for the Dilworth Community Development Association to sell beer at the "Dilworth Jubilee" Saturday, August 8, 1987 from 8:00 a.m. until 6:00 p.m.

Larry Ray Green, of the Dilworth Community Development Association, is requesting permission to sell beer at the "Dilworth Jubilee" to be held on Saturday, August 8, 1987, from 8:00 a.m. until 6:00 p.m.

- Request was made at least 21 days prior to the event.
- All sales will be closely supervised according to ABC rules and regulations. No one under age will be served.
- Larry Ray Green will supervise enforcement of control measures.
- Estimate of consumption - 20 kegs of beer and 6 kegs of wine.

Parks and Recreation recommends approval.

TAX REFUND

24. Recommend adoption of a resolution authorizing the refund of certain taxes in the total amount of $16,865.30 which were assessed through clerical error or illegal levy against 88 tax accounts.

UTILITY CONTRACTS

25. Recommend approval of contracts between the City of Charlotte and the applicants listed below:

These are extension contracts for new development in accordance with the Water/Sewer Extension Policy. The applicants are to construct the entire systems at their own proper cost and expense. The City is to retain all revenue. There is no cost to the City and no funds are needed. The Utility and Planning Directors recommend approval.

1. First Colony Group, Ltd., to construct 1,720 linear feet of 8-inch sanitary sewer main and 1,530 linear feet of 12-inch sanitary sewer main to serve Trunk II through Brightmoors Subdivision, located east of Pleasant Plains Road, west of Monroe Road and south of Four Mile Creek, outside the Charlotte City Limits. Estimated Cost - $113,750.00. Sanitary Sewer Job No. 621-86-170.
2. S. C. Hondros & Associates, Inc., to construct 4,125 linear feet of 8-inch sanitary sewer main to serve Southern Loop Business Park, located south of Nations Ford Road, north of Culp Road and east of Downs Road, outside the Charlotte City Limits. 
   Estimated Cost - $165,000.00. Sanitary Sewer Job No. 621-86-138.

3. Firstmark Development Corporation, to construct 3,526 linear feet of 8-inch sanitary sewer main to serve Ravenwood Estates Subdivision, located east of Leesburg Road, west of Plott Road and north of Lakeside Drive East, inside the Charlotte City Limits. Estimated Cost - $113,960.00. Sanitary Sewer Job No. 621-86-085.

5. Firstmark Development Corporation, to construct 925 linear feet of 8-inch water main, 1,016 linear feet of 6-inch water main and 1,060 linear feet of 2-inch water main to serve Ravenwood Estates Subdivision, located east of Leesburg Road, west of Plott Road and north of Lakeside Drive East, inside the Charlotte City Limits. Estimated Cost - $44,000.00. Water Contract No. 86-044.

6. Trammell Crow Company, to construct 2,680 linear feet of 12-inch water main to serve Reames Road, located west of Statesville Road and north of Sunset Road, outside the Charlotte City Limits. Estimated Cost - $81,000.00. Water Contract No. 86-107.

PROPERTY TRANSACTIONS

26. Recommend approval of the following condemnation.

A. Recommend adoption of a resolution of condemnation for 1,360 square feet, plus permanent utility easement of 40 square feet, and temporary construction easement of 2,155 square feet, at 428-430 Belmont Avenue, from Edward C. Lasher and G. A. Cheek and any other parties of record, for $21,948.00, for the Parkwood Avenue Extension project. A narrow two-story brick building, which cannot be moved, is located in the right of way and will be demolished.

One of the property owners is a City employee and we recommend condemnation as a matter of policy.
- PENDING MATTERS -

In meeting on Monday, March 23, 1987, City Council will make nominations for appointment to the Housing Appeals Board - 1 position in the Building Contractor category, for a three-year term.

PROPOSED STATEMENT

FY88 CDBG APPLICATION

February 1987
PROPOSED STATEMENT OF COMMUNITY DEVELOPMENT
OBJECTIVES AND PROJECTED USE OF FUNDS
FY88

Community Development Objectives

The primary objective of the Community Development Program is the development of viable urban communities, including decent housing, a suitable living environment and expanding economic opportunities, principally (51%) for persons of low and moderate income. Consistent with this primary national objective, the City Council has established the following general objective for the City of Charlotte and the Community Development Program:

"To plan for physical growth, to eliminate blight and its causes, to increase the number of habitable housing units, to prevent the decline of residential neighborhoods, to encourage private reinvestment and improve the economic and social well being of the existing Community Development Strategy Areas and other areas of the City that might qualify."

In order to accomplish the stated objectives, we anticipate the expenditure of $6,851,920 comprised of FY88 Community Development Block Grant funds ($3,028,000), Program Income ($900,000) Reprogrammed funds ($2,500,000) and an additional amount ($423,920) which is subject to congressional approval.
Projected Use of Funds

FY88

It is projected that $6,851,920 from the sources shown below will be used to implement the listed activities to accomplish program objectives:

Block Grant Resources

- FY88 Block Grant funds $3,028,000
- Program Income 900,000
- Reprogrammed funds 2,500,000
- Additional CDBG funds subject to congressional approval 423,920

TOTAL RESOURCES $6,851,920

### Operating Budget

- Program Delivery Cost and Program Administration Cost | $1,267,338
- Grand Total | $6,851,920

*See attached Description of Community Development Programs.*
Acquisition
The purchase of real property.

C.D. Standard Rehabilitation Program
This program offers rehabilitation financial assistance to owners of residential structures located within the areas shown on Attachment A.

Clearance
The demolition and removal of buildings from an area.

Disposition
The sale of real property.

Economic Development Revolving Loans
This program provides economic development loans to strategy area businesses. These loans are made at 6% interest for a period not to exceed five (5) years and require the creation of employment opportunities for target area residents.

General Administration
This category includes direct cost of overall program management, coordination, monitoring and evaluation. It also includes similar costs associated with carrying out multi-activity projects. Included are salaries, related expenses and all other costs directly related to the overall management, oversight and coordination of new programs planned to be implemented with current/new funds and programs remaining from prior years.

Local Option Coverage and Last Resort Housing Assistance
These provisions allow the Community Development Department (CD) to make payments to relocatees in excess of the statutory $4,000 established by HUD. These additional relocation assistance payments to persons displaced in CD target areas are necessary to provide affordable replacement housing resources due to the high cost of rents and the rather limited income of those to be relocated. The local option coverage approved by City Council on March 22, 1982, permitted the payment of an additional $7,000. All such payments are to provide rental assistance for a period of 48 months. The Last Resort Replacement Housing Assistance, authorized in HUD regulations 42.601, allows for the amount of assistance to be paid to be determined on a case-by-case basis.

Minor Repair for Code Enforcement Assistance
This program is planned to help provide housing resources for relocatees by offering up to $500 financial assistance to owners of substandard vacant units. This provides an incentive to such owners to properly repair their property and to rent them to the City's displaced households.

New Housing Development
The construction of new housing units for low to moderate income families.
Program Delivery Costs (Program Support)

This category includes direct costs associated with the delivery of individual program activities. This includes costs directly related to new programs planned to be implemented with FY85 Community Development Block Grant funds and programs remaining from prior years. Such programs include relocation, rehabilitation, property management and physical development.

Public Facilities and Improvements

The installation of new or the repair/modification of existing curbs, gutters, sidewalks, streets and appurtenances.

Rental Rehab Assistance Program

This program provides investor owners an incentive to rehabilitate vacant and substandard housing units. This program is designed to increase housing opportunities for low to moderate income renters and to assist the City in providing relocation resources. Such incentive may be created through leveraging private loans to an effective interest rate below market.

Human Service Contracts

These contracts are designed to provide youth and adults residing in the CD target areas with educational, career learning and communicative skills. The purpose is to prepare the students for school and gainful employment.

Smoke Detector Program

These CDBG funds will provide smoke detectors to be installed in the homes of low and moderate income persons. Installation and program administration will be provided by the Charlotte Fire Department.

Housing Survey (Planning)

This Planning Program is to survey and determine the number and location of substandard residential structures within the City limits of Charlotte. The purpose is to assist in the allocation of manpower and resources.

Energy Conservation Program

This program is being developed in partnership with Duke Power Company to provide assistance to weatherize renter or owner-occupied units housing low/moderate income persons. The objective of the program is to conserve energy and reduce energy costs for low/moderate income households, thereby making housing costs more affordable. The program will provide zero interest loans up to $2,000 per unit, with half of the loan amount forgiven when the property owner brings the unit into compliance with the Charlotte Housing Code. Duke Power Company will reimburse the City approximately 20% of each loan, which will finance the weatherization of additional homes. Based on Duke Power's experience, this program should weatherize approximately 200 housing units during the first year.

Project Catalyst

This project will fund administrative expenses related to a Comprehensive Land Use and Economic Development Study for the Biddleville/Johnson C. Smith University area.
Assessment of the Relationship of the Use of Funds to the
Three Broad National Objectives of the CD Program
CD Program (Grantee Instructions FY85, III B.2.b.)

It was the intent of local grant recipient to give maximum feasible priority to
the three broad national objectives of the Community Development Program.
These objectives are:

1. to provide benefits to low and moderate income families;
2. to aid in the prevention or elimination of slums or blight; and
3. to provide activities to alleviate a particularly urgent threat to the health or welfare of the community where other financial resources are not available.

An assessment of the use of funds expended during FY86 and FY87 and the objectives stated above reveal that:

- 100% of funds were budgeted to achieve the low/mod benefit objective. A summary of the major accomplishments achieved is provided below.
- No circumstance as described in objective 3 was found, therefore, no funds were spent on this objective.

COMMUNITY DEVELOPMENT STANDARD
REHABILITATION PROGRAM

ELIGIBLE AREAS

EXHIBIT A
Bond Counsel Services

A key participant in the bond issuance process is bond counsel. Early in the history of municipal bonded indebtedness in this country there were significant defaults which resulted in losses to investors. Over time it became necessary for a special attorney to render an opinion that the bonds were validly issued in order for them to be marketed. Later, after the enactment of a federal income tax law, it became common for this attorney (Bond Counsel) to also provide an opinion on the tax exempt nature of the debt obligation. Since the municipal market was based in New York, most of the specialized bond counsel firms were located there.

Today, as in the past, people who purchase municipal bonds want to know that they are valid tax exempt obligations of the issuing municipal unit. The municipal marketplace relies on the bond counsel's opinion for a determination on validity and tax exempt status. Generally, bond issues cannot be marketed without an opinion from a recognized bond counsel firm. Some specialty, privately placed bonds are issued without Bond Counsel opinions, but in these rare cases the purchaser's attorney has reviewed and commented upon the bonds.

Bond counsel also performs a number of other services for the municipality. They assist with the development of the Official Statement, which is the document that describes the nature and purpose of the bond sale and also the socioeconomic characteristics of the issuing unit to potential purchasers. They ensure that all constitutional and statutory provisions, including voting requirements, for issuance are met. They ensure that the governing body takes all necessary actions and determine whether a competitive sale is properly advertised. They answer questions about the issue by rating agencies, investors, underwriters, trustees and others prior to sale. Also, advice is given to the issuer on any legal questions concerning the issuance process. In many cases this advice involves tax and other law changes that can impact the nature of the issue. Having bond counsel on call at all times to answer questions of a general nature is very important because it makes it possible to make decisions as early as possible in the debt planning process. This type of advice is particularly useful in the environment of change that has existed for the past few years and which is likely to exist for some time in the future with tax reform now a reality. (See Exhibit 3 for a listing of bond counsel services.)

The City has had the same bond counsel firm, Brown & Wood, for over forty years. This continuity of service has provided a number of advantages. As already mentioned, the City had been able to receive continuous competent advice on a wide range of debt related issues because of our established relationship. Essentially, the total resources of the firm are on call at all times even though fees are paid only as part of a bond issue which is sold. Rating agencies are comfortable with the quality of opinion issued by our nationally recognized bond counsel and this is therefore not a concern. Considering the importance and complexity of bond counsel work the City's cost for these services over the last five years has been very reasonable. Bond Counsel fees have been running from as low as one tenth of a percent to as high as one percent depending on the size of the issue and the work requested.
EXHIBIT 3

Services Provided by Municipal Bond Counsel

. Determines whether the legal authority for the issuance of the bonds is consistent with constitutional requirements and limitations

. Ensures that the statutory or charter authority for the issuance of the bonds is consistent with constitutional requirements and limitations

. Prepares the legal documents for the issuance of the bonds, including the legal instruments necessary to authorize the issuance of the bonds and to describe the bonds and their security

. Ensures that the bonds are within the applicable debt limitations

. Ensures that any applicable tax limitation as to rate or amount is observed

. Ensures that any required elections regarding the bonds are called and held in conformity with law

. Reviews the official statement to make certain that the legal information is correct and that no material information has been omitted

. Examines the proceedings of the authorizing body providing for the sale of the bonds to ensure that the bonds will be sold legally

. Ensures that a competitive sale is advertised properly or that an underwriter in a negotiated sale is selected properly

. Determines whether the bid accepted is legally acceptable in a competitive sale

. Is prepared to answer inquiries from rating services, investors, underwriters, trustees, paying agents, and others prior to the delivery of the bonds

. Prepares an unqualified opinion as to the tax-exempt status of the bonds

ZONING BOARD OF ADJUSTMENT

(5 Regular Members; 3 Alternates)

Membership — Members are appointed for a term of three years, and until their respective successors have been appointed and qualified. No member shall serve more than two full consecutive terms. Alternate members serve on the Board in the absence of any regular members and are appointed in the same manner and for the same term as regular members. The Code makes no reference to residency requirements of appointees.

Responsibilities — Established under Section 1400 et seq of the City Code to hear appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Director of the Charlotte-Mecklenburg Building Standards Department. It hears and decides appeals for variances from the requirements of the ordinance when strict application of its provisions would result in practical difficulties or unnecessary hardship.

**Chairman**
March 4, 1987

Mayor Harvey B. Gantt
City of Charlotte
600 East Trade Street
Charlotte, North Carolina 28202

Dear Mayor Gantt:

As Chairman of the Charlotte-Mecklenburg Council on Aging, I want to take this opportunity to thank you and the members of City Council for approving the additional two members for the Council on Aging. Our activity level is very high and we are involved in many important issues. Increasing our Board from 15 to 21 members will allow us to function more effectively.

For the two Council on Aging members that the City Council will appoint on March 9, 1987, we would like to recommend Ms. Betty VanderRoest and Mr. Willmore B. (Cy) Hastings. Both of these individuals have shown interest in the work of the Council on Aging and they will be valuable volunteers. Please give them your due consideration as you make the appointments next Monday.

Sincerely,

Robert A. Day, Ph.D.
Chairman

RAD:ncc

cc: Members, City Council
City of Charlotte
Application for Appointment

Applications should be typed or printed in black ink

Committee, Commission, Board or Authority: Council on Aging Board

Name Betty VanderRoest (Mrs Elizabeth N) Sex/Race F/W District No. 5

Home Address 5918 Brace Road, Charlotte NC 28211 Phone No. 364-2737

Business Address Retired Phone No.

Education Kalamazoo College. Kalamazoo, Michigan. Additional courses in personnel and management leading to being awarded "Certified Administrator of Volunteer Services"

Present Employer

Job Title Duties

Business & Civic Experience Currently Assistant State Director of American Association of Retired Persons (AARP). Served as Director of the Voluntary Action Center for five years (United Way). Active in many groups involving volunteer management and community service. Served Church Women United at local, state and national levels.

Interests/Skills/Areas of Expertise Interests coincide with AARP: To enhance the quality of life for older persons; to promote independence, dignity and purpose for older persons; to lead in determining the role and place of older persons in society, to improve the image of aging. Skills and experience gained in managing volunteer programs, working with volunteers, and developing volunteer leadership.

Name Thomas A. Gongaware          Sex/Race M/W District No. 2

Home Address 415-B West Eighth Street, Charlotte Phone No. 375-7208

Business Address 1437 East Morehead Street, Charlotte Phone No. 338-9600

Education BA in English/Theatre - Indiana University of Pennsylvania

(cum laude). Graduate Studies in Communications - Temple University.

Present Employer Voyager Communications, Inc./WWMG Radio

Job Title Assistant Program Director         Duties I manage daily operations for the radio station. These include personnel matters, marketing and promotions, community relations, and programming.

Business & Civic Experience I have been a Charlotte broadcast manager and air personality for over four years. As the past Director of Public Information and Advertising for PBS affiliate WTVD-TV, I helped develop and promote public affairs television for and about the Charlotte-Mecklenburg community. I worked with Cablevision on several cooperative efforts of a technical and programming nature. I have also been a volunteer for a number of community events, including the Dilworth Jubilee and the World 600 Festival.

Interests/Skills/Areas of Expertise I am a broadcasting and marketing generalist. I am active in the Charlotte Public Relations Society and the Public Relations Society of America, as well as several broadcast organizations. My expertise is in the development and promotion of programming for broadcast/cablecast, including the determination of program values, their cost-effectiveness, and appropriateness.

Comments Cable penetration is very high in our community and the growth is continuing. The problems caused by that rapid growth have eroded customer service and shifted the emphasis away from program development and usage issues. My experience in cable/broadcasting, combined with my understanding of public affairs and marketing, should make me a valuable appointee. I understand that this application will be maintained in the active file for a period of one year only
