A protest petition has been filed and is sufficient to invoke the 20% rule requiring affirmative votes of 3/4 of the Mayor and Council, not excused from voting, in order to rezone the property.

The Zoning Committee recommends this petition be approved with the following modifications:

- There will be no filling of the floodplain fringe.
A detail of the fence provided as part of the buffer will be shown on the plan
Building heights must be shown in feet

Attachment No 18

19 (97-37) Decision on Petition No 97-37 by Legends Entertainment Corporation for consideration of a B-2(CD) Site Plan Amendment for approximately 10.5 acres on the south side of North Tryon Street (US 29) at Rocky River Road

The Zoning Committee recommends this petition be approved, subject to the following modifications and conditions

• The Zoning committee’s recommendation for approval is conditioned upon the ability of the petitioner to control traffic in both directions on North Tryon Street during events (Subsequent to the Zoning Committee meeting, CDOT suggested that the petitioner commit to an "event traffic control plan". An acceptable plan would be required before driveway permits would be issued. The plan might utilize off-duty police, signalization, or other mechanism.)

• If access is provided to Rocky River Road it will consist of "left turn only exits" during events

• If required, "no parking" signs will be placed along Rocky River Road from US 29 to the exit from petitioner’s facility

• If a traffic signal is warranted and constructed within three years, petitioner will contribute its "fair share" to the cost of the signal

Attachment No 19

20 Resolution calling for public hearings on Monday, June 16, 1997 at 6:00 p.m. in the Meeting Chamber of the Charlotte-Mecklenburg Government Center for Petition Nos 94-52, 97-44 through 97-52, 97-54 and 97-64 for zoning changes

BUSINESS AGENDA

21 City Council District Boundary Realignment

Action City Council is asked to approve the list of factors used in developing the re-districting options and adopt a resolution approving new election district boundaries in order to maintain substantial population equality among the districts. This revision of district lines involves (1) the assignment of newly annexed residents to City Council Districts and (2) the shifting of precincts to adjoining districts

Staff Resource Dick Black and Mike Boyd
The U.S. Constitution requires that the population of each election district be substantially equal. Annexed areas must be included in election districts and necessary changes made to district boundaries to achieve substantial population equality in each district.

The Re-Districting Committee presents four options to City Council meeting the required population balance among City Council election districts. In proposing these options, the Committee developed a list of factors that may be considered in re-districting and also determined their degree of importance in the re-districting process.

City Council is asked to review the factors that may be considered in re-districting, as utilized by the Re-Districting Committee.

Not applicable.

The June 30, 1997 Annexations and the increased population growth within existing districts will make it necessary to revise Council district boundaries in order to maintain the required population balance. The population differential between the largest and the smallest districts should not vary by more than (10%) ten percent, on an average basis. Two realignment options were presented at the April 14 dinner meeting and two additional options were presented at the Workshop on May 5.
