Staff Resource: Del Borgsdorf

POLICY

Council consideration of the Community Relations Committee's recommendation to amend the City Code Chapter 12, Articles II and III, Charlotte-Mecklenburg Community Relations Committee and Public Accommodations.

On December 19, 1989, the Community Relations Committee revised its mission statement by adding "family status", "disability", "sexual orientation" and "age" to the types of discrimination the Committee seeks to prevent. The full text of the mission statement now reads:

"It is the mission of the Charlotte-Mecklenburg Community Relations Committee to prevent discrimination because of race, color, religion, national origin, sex, family status, disability, sexual orientation or age, to ameliorate the effects of past discrimination and to promote harmony among the citizens of Charlotte and Mecklenburg County."

It is the belief of the Community Relations Committee that all citizens of this community should be free of discrimination in any form, and that the City's Public Accommodation Ordinance, which is enforced by the Committee, should reflect the protected classes outlined in the Mission Statement.
Council Action

Council is requested by the Community Relations Committee to amend Chapter 12 Human Relations, Articles II and III, Charlotte-Mecklenburg Community Relations Committee and Public Accommodations of the City Code in the following ways:

Amendments

1. Add a section, "Definitions", with the following definitions (12-18):

      (2) The designee of such parent or other person having such custody, with the written permission of such parent or other person. The protections afforded against discrimination on the basis of familial status shall apply to any person who is pregnant or is in the process of securing legal custody of an individual who has not attained the age of 18 years.

   B. "Disability" or "Handicap" means, with respect to a person:

      (1) A physical or mental impairment which substantially limits one or more major life activities;

      (2) A record of having such an impairment; or,

      (3) Being regarded as having such an impairment, but such term does not include current, illegal use of or addiction to a controlled substance. (As defined in Section 102 of the Controlled Substances Act [21 USC 82].)

   C. "National Origin" includes the national origin of an ancestor.
D. "Person" includes one or more individuals, political subdivisions of the state and instrumentalities thereof, including the city or any governmental entity or agency thereof, partnerships, associations, corporations, legal representatives, mutual companies, joint stock companies, trusts, unincorporated organizations, trustees, trustees in bankruptcy, receivers, or any other legal or commercial entity.

E. "Private Club" shall mean a club or other establishment affecting or belonging to private individuals, as distinct from the public generally.

F. "Minor" shall mean a person who is under the age of legal competence.

G. "Sexual Orientation" shall mean male or female heterosexuality, homosexuality, and bisexuality, by preference or practice.

H. "Age" shall mean the length of time during which a person has lived.

I. "Sex" shall mean the character of being male or female.

J. "Race" shall mean any group of people united or classified together on the basis of a genealogical line or lineage.

K. "Color" shall mean complexion, and/or skin tone. Any distinguishing symbol or mark.

4. Receive Art Commission's comments to the Queens Table proposal of four boundary sculptures at the Square and consider approval of the Queens Table proposal.

Staff Resource: Del Borgdorf

Queen's Table Proposal
City Council reviewed the Queens Table proposal of four boundary sculptures at the Square at its September 14, 1992 dinner meeting. Because the issue of appropriateness had not been resolved, Council deferred the issue to the Art Commission for review and comment.

Recommendation
The Art Commission recommends that City Council proceed with development of the Queens Table proposal subject to the City Council's approval of the final design.

Art Commission Comments
The Art Commission held a special meeting on September 30, 1992 at which Molly Faison and Woody Middleton, members of the Queens Table, presented the proposal. Attached is a letter outlining the Art Commission's comments.

The Art Commission:

* approves of Raymond Kaskey, the sculptor.
* endorses the idea of four boundary sculptures to be placed at the Square where the flagpoles are currently.
* thinks the proposed sculpture height of 22' plus or minus is an acceptable mid-level plane.
* does not feel that the sculptures will create visual clutter nor is clutter at the Square an issue at all.
* encourages the Queens Table to develop the project by crafting the figures in a warm, pleasing, approachable manner and relatable to the citizens of Charlotte/Mecklenburg.

Clearances: Charlotte-Mecklenburg Art Commission.

Attachment No. 2
Consider proposal by composer Donald N. Blanzy, II, to adopt "Charlotte, Lady of the Carolinas" as an official City song.

Staff Resource:

**Official City Song**

In 1985 the City Council approved the song "Charlotte, N.C." as an official City song. With the approval the City Council also adopted the following guidelines for City song designation:

1. The Public Service and Information Department (PS&I) will review the selection for appropriateness and make a recommendation to the City Council.

2. The composer will assign the copyright of the song to the City of Charlotte.

3. Under these criteria there may be more than one official City song.

**Recent Request**

Mr. Donald N. Blanzy, II, a local musician, recently appeared before the City Council and presented the lyrics and a recording of his composition "Charlotte, Lady of the Carolinas." He requested that the selection be designated an official City song.

According to the 1985 guidelines, PS&I reviewed the appropriateness of the composition and submits that the selection is well-written and contemporary.

Mr. Blanzy, however, does not wish to assign the copyright to the City of Charlotte. The attached statement cites his reasons for this position.

**Options**

The City Council has several options concerning adoption of "Charlotte, Lady of the Carolinas" as an official City song.

1. Approve Mr. Blanzy's request as presented adopting the composition as an official City song but allow him to retain the copyright. If this option is approved, a letter of agreement should be signed between the composer and the City of Charlotte designating appropriate use of the selection.
2. Approve Mr. Blanzy's request but require that the copyright be assigned to the City of Charlotte as specified in the 1985 criteria.

3. Do not approve Mr. Blanzy's request.

Attachment No. 3

Recommend approval of the County's request to use the old Derby Downs site adjoining the Marion Diehl Center property for the construction of the Charlotte-Mecklenburg Senior Center contingent on the property being properly zoned for this use, and authorize the City Manager to execute any necessary documents.

Staff Resource: Julie Burch

Options Options for Council's consideration:

1. Approve the use of the Derby Downs site adjoining the Marion Diehl Center for the construction of the Senior Center. If necessary, the master lease agreement transferring park properties to the County will be amended to allow a non-park use.

2. Do not approve the use of the Derby Downs site adjoining the Marion Diehl Center for the construction of the Senior Centers. Staff would continue to pursue other sites with the County and Senior Centers representatives.

In 1984 the Charlotte-Mecklenburg Senior Centers, Inc. was founded as a non-profit service organization to provide services to seniors through its programs and association to other organizations.

- The Centers' annual operating budget of $500,000 is funded by: Mecklenburg County, United Way, several federal government sources and their own fund raising programs.
Senior Centers is currently using the Fellowship Hall at Covenant Presbyterian Church. They would like to expand their activities and replace this leased space. They have raised approximately $1.7 million in a capital fund drive. Attached is a summary of the Senior Centers programs.

County and City staff have been working with their site committee to find a permanent site. Senior Centers has expressed a preference for a portion of County land in Randolph Road Park, near Billingsley Road, due to the proximity of human services agencies and existing bus routes. However, two athletic youth groups spent thousands of dollars developing the grounds at the Billingsley Road site and have expressed strong opposition about this site to the County Commission.

The alternate site on Marion Diehl Center property would occupy approximately three acres of the 65 acre tract of land. A map is attached.

The Marion Diehl Center was transferred to the County under the Interlocal Agreement for Parks consolidation. Park properties conveyed to the County must continue to be used for park and recreation purposes unless the City concurs with the proposed use. The County Manager's Office asked that the City approve the use of the proposed site.

The inclusion of the Senior Center on this tract of land will not prevent the Marion Diehl Center complex from future expansion. It would impact approximately half of the old Derby Downs site. No other City uses have been envisioned for this land.

The use of this site as a Senior Center may require rezoning from R-4 to R-17 MF or Institutional as referenced in the attached memo from the Planning Director.
• The proximity of the two buildings would allow for common access from Tyvola Road and shared parking. Senior Centers could also utilize the aquatic facilities at the Marion Diehl Center as an added activity to their program.

**Transit Need**

Senior Centers' representatives believe that in order for this site to be successful, bus service must be provided.

- Extension of the transit service along Tyvola Road is estimated to cost $83,000 annually.
- Service would need to begin around spring 1994 to coincide with the new center opening.
- City staff recognizes the need for bus service for this facility. However, we are not recommending Council commit to expanded bus service until the larger policy issue of future transit service and financing is resolved.

**Request for Traffic Signal**

Senior Centers has requested a traffic signal at the proposed facility entrance on Tyvola Road. If Council approves use of the property, staff has committed to review the need for a signal after the Center is in operation.

**Funding:**

No funds are needed to locate Senior Center at the old Derby Downs site.

**Clearances:**

Staff of the Planning Commission, CDOT, and Engineering/Real Estate have reviewed and concur with this request.

Attachment No. 4

---

The following topics are proposed for discussion at the December 7, 1992 Council workshop:

- Animal Shelter lease
- University City area land use and zoning
- Coliseum Tract IV joint development agreement
- Process for determining reuse of old Convention Center
Recommend adoption of a budget ordinance appropriating $1,600,000 from the Water and Sewer Operating Fund Balance and approval of a contract to purchase the water and sewer systems of Burnett Construction Company, Inc. at a total price of $4,027,000 in the Faires Farm, Brightmoor and Ashley Creek Subdivisions.

Staff Resource: Julie Burch

Purchase of Burnett Systems

The City has been negotiating with Burnett Construction Company, Inc. ("Burnett") for approximately one year to acquire the water and sewer systems serving Faires Farm (located in the Old Concord Road area at the intersection of Old Concord Road and McLean Road).

- As a result of annexing almost all of this subdivision on June 30, 1991, the City must provide basic water and sewer facilities in the annexed portion of Faires Farm on or before June 30, 1993.

- Burnett is willing to sell, but only if the City purchases all of its Faires Farm system and also purchases Burnett's water distribution system in the Matthews subdivisions of Brightmoor and Ashley Creek.

- Matthews supports this purchase and is in the process of transferring Town bond proceeds to the City which will be used to construct the facilities needed to connect the Brightmoor/Ashley Creek systems to the City's water distribution system. The City already provides sewer service to the residents of these Matthews subdivisions. All of the Burnett systems were originally constructed to CMUD standards.

Parallel System

If the City does not purchase the Burnett system in Faires Farm, the City must construct basic water and sewer facilities in this portion of the Old Concord Road/I-85 area.

- Such a system would not make City water and sewer service directly available to every resident of this subdivision but would only
provide water lines needed to locate fire hydrants within 1,000 feet of each residence and sewer outfalls to the low point of each publicly maintained street.

- The estimated expense to parallel the entire Burnett system in Faires Farm (including the unannexed portion) would cost approximately $2.8 million. Even then, residents would be required to pay capacity charges, connection fees and plumbing bills estimated to cost at least $3,000 per household to secure City water and sewer service.

**Purchase Price**
The portion of the purchase price assigned to the Burnett system in Faires Farm is $2,427,000. The balance of the purchase price relates to the Burnett systems in Brightmoor and Ashley Creek. We estimate revenues associated with this acquisition to be $252,000 annually.

**Negotiations**
The purchase price was determined by negotiation. The City cannot force Burnett to sell its system.

- These negotiations have involved a number of complex issues.

- City staff initially examined the possibility of purchasing the stock of Burnett, continuing to operate Burnett as a corporation, and incorporating the Burnett system into the City's water and sewer system under an operating agreement.

- However, despite a favorable opinion by the City Attorney's Office, the Attorney General concluded that the City lacked the authority to acquire a private corporation and continue to operate the corporation on an indefinite basis.

- The Local Government Commission also considered the proposal and strongly discouraged the stock purchase.

Because of the complex issues involved, the contract is much longer and more detailed than contracts for past acquisitions of utility systems. A summary of the contract to purchase the Burnett system is attached.
Funding: The budget ordinance transfers $1.6 million from the Water and Sewer Operating Fund Balance to the Water and Sewer Annexation CIP accounts. The transfer is necessary to supplement existing funds in the CIP accounts to acquire the new system.

Clearances: The Utility Director recommends approval of this contract with concurrence from the City Attorney's Office.

Attachment No. 5

Recommend authorizing the City Manager to execute an amendment to the current contract with Carolina Transit Services for operation of the Westinghouse and Carowinds routes for the next two years.

Staff Resource: Julie Burch

Council Action

- Approve the Selection Committee's recommendation of Carolina Transit Services to continue operation of the Westinghouse and Carowinds routes for a two-year period beginning December 1, 1992.

- Authorize the City Manager to execute a contract amendment with Carolina Transit for the two-year extension.

Purpose:

- To continue operation of peak-hour express bus service between Uptown Charlotte and the Arrowood Industrial Park. This route increases employment opportunities for Charlotte residents (particularly those living in the City-Within-A-City area) in this suburban employment center.

- To support the Employment and Training Department's Summer Youth Employment Program by providing public transit service between uptown Charlotte and the Carowinds theme park.
Options

Option 1
- Approve the Selection Committee's choice of Carolina Transit for continued operation of the services. The committee was composed of representatives of the Employment and Training, Purchasing, Budget and Evaluation, and Transportation departments.

Option 2
- Select one of the other proposers—Gray Line of Charlotte or Family Transportation Company—for route operation or have Charlotte Transit operate the services.

Option 3
- Do not award a contract and eliminate City financing of these two transit services.

Criteria

Committee members reviewed and ranked the proposals independently and selected Carolina Transit based on:

1) Experience—Carolina Transit operated the Wilkinson Uptown Connection for the Uptown Transportation Council in 1989-90 and has operated the Westinghouse/Carowinds services under contract to the City for nearly 2 1/2 years. Family Transportation has no experience in scheduled public transportation service.

2) Past Performance—Carolina Transit has provided exceptional service over the past two years. The company has missed no scheduled trips. The City has received no complaints on the services from passengers, Arrowood employers, or Carowinds management.

3) Equipment—Carolina Transit will continue to operate 1981 Greyhound-style buses equipped with reclining seats, individual reading lights, overhead package storage, and foot rests. Family Transportation proposes operating 1974 transit buses which have been retired from Charlotte Transit service.
4) **Driver Screening and Training**—Carolina Transit has in place an extensive driver selection process based on Motor Carrier Safety Regulations established by the U.S. Department of Transportation. Carolina Transit's existing training program was described in detail in the company's proposal. Family Transportation is in the process of developing a Personnel and Training Program. This new program was described in general terms in Family Transportation's proposal.

The attachment summarizes the three proposers in light of the criteria used by the Selection Committee.

The City's current contract with Carolina Transit is $80,758 per year. Annual costs for the proposed contract amendment are:

The second-year cost of the contract has been reduced from that proposed to Council on November 9. The second-year cost increase is now 2.0 percent. Carolina Transit's original second-year cost increase of 6.5 percent was based on expected increases in Workers Compensation premiums and medical insurance costs for its employees.
The company has agreed to a 2.0 percent increase for the second year with the understanding that they can negotiate a contract amendment in 1993 if their personnel costs increase.

Revenues

Over the past year, the cost of Westinghouse/Carowinds services has been financed as follows:

- Passenger revenues $16,795 (21%)
- Employment and Training Department payments 15,424 (19%)
- Transportation Fund 48,325 (60%)

Total $80,544 (100%)

In 1989, the Employment and Training Department began paying the difference between passenger revenues and the 40 percent farebox recovery standard adopted by Council for Charlotte Transit services in order to continue the two routes.

- The City's FY 93 budget includes $85,000 for the contractual cost of Westinghouse and Carowinds route operation.

- Carolina Transit is certified with the City as a minority or woman-owned business (M/WBE).

Background information is attached.

**ZONING**

The following zoning decisions were deferred at the November 16, 1992 zoning Meeting.

11. *(92-51)* **Decision on Petition No. 92-51 by L. Hunter Meacham, Jr., and Wanda P. Meacham for a change in zoning from R-22MF to R-6.**

On October 19, 1992, City Council approved all of this petition to R-6 with the exception of the Valenstein property which is parcels 151-021-11, 15 and 20 at 2100 Lombardy Circle. Our decision tonight is for the Valenstein property only.

Several protest petitions have been filed, and as a whole are sufficient to invoke the 20% rule requiring affirmative votes of 3/4 of the Mayor and Councilmembers, not excused from voting, in order to rezone the property.

The Zoning Committee recommends that this petition be approved.

Two protest petitions have been filed and only one is sufficient to invoke the 20% rule requiring affirmative votes of 3/4 of the Mayor and Councilmembers, not excused from voting, in order to rezone the property. The protest petition filed by Vertie D. Riggins, Parcel No. 157-148-11 is sufficient. The protest petition filed by Robert S. Waechter, Parcel No. 157-148-10 is not sufficient.

The Zoning Committee recommends that this petition be approved.

CONSENT

BUDGET ORDINANCE

13. Recommend adoption of a budget ordinance to appropriate Matthews water bonds of $3,355,000 to finance extensions to the CMUD water distribution system.

Matthews Water Bonds: On October 12, 1992, City Council approved a contract between the Town of Matthews and the City of Charlotte to provide for construction of various water mains which are to be financed with Matthews water bonds.

Under the Water and Sewer Agreement, a municipality within Mecklenburg County can issue water and sewer bonds for specific purposes and be reimbursed by CMUD. Matthews wanted the water bonds to speed up projects related to their annexations.

Funding: The budget ordinance appropriates the Matthews bonds into a CMUD CIP account. All administrative costs for project construction will be charged to the project account.

Clearances: Utility Department and Budget and Evaluation.
14. Recommend adoption of the bid list as shown. The following contract award is low bid and within budget estimate and was authorized in the annual budget.

A. Water and Sanitary Sewer Main CMUD
   Construction - FY93 Contract
   No. 8 - Street Main Extensions

Recommendation: Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by Sanders Brothers, Incorporated of Charlotte, North Carolina in the amount of $549,769.25 be accepted for award of contract on a unit price basis.

Project Description: Construction of this project will extend sewer and water service to residences which have been determined to be public health hazards, where private wells are faulty, and/or to residences/businesses which have requested connection to the City's water/sewer system.

M/WBE Status

Re: Art Commission Comments Resulting from Meeting with Queens Table

Dear Mr. White:

Molly Faison and Woody Middleton, Queens Table members, addressed the Art Commission on September 30th at a specially called meeting. The meeting’s purpose was to hear a presentation from the Queens Table concerning that group’s proposed art gift to Charlotte. As a result of that meeting:

The Art Commission concurs that Raymond Kaskey is a fine sculptor; his work speaks eloquently for him.

The Art Commission endorses the conceptual idea of four boundary sculptures at the Square, to be placed where the flagpoles are currently.

The Art Commission agrees the proposed height of 22' plus or minus is an acceptable mid-level plane.

The Art Commission does not feel that placement of the sculptures at the Square will create visual clutter or that clutter in general is an issue.

The Art Commission understands that the project is in a conceptual design stage, however, and encouraged the Queens Table to develop the project by crafting the figures in a warm, pleasing, approachable manner and relatable to the citizens of Charlotte/Mecklenburg.

Therefore, it is the recommendation of the Art Commission to City Council that the Queens Table proceed with its development of the project pending acceptable revisions of the figures by Raymond Kaskey.

Wendell, the Art Commission is delighted that it was asked to speak to the Queens Table proposal, and looks forward to reviewing the project again as the Queens Table progresses with the design concept.

Sincerely yours,

Daphne Dwyer, Chair
Charlotte-Mecklenburg
Art Commission
Proposal: To adopt "Charlotte, Our Lady of the Carolinas"
as an official song of Charlotte

As a musician I am motivated by having my music heard and appreciated. I want my music to serve a purpose. I wrote a city song to be heard and recognized as a song that serves Charlotte by promoting her. This is my number one priority in bringing a song that I have written for Charlotte to our city leaders. I would like to request that "Charlotte, Lady of the Carolinas" be made an official song for the city of Charlotte.

I am aware of the guidelines that were established in 1985 to adopt an official song. It was the necessary research by both myself and Mr. Underhill’s staff that caused me to realize a very puzzling situation. It appears that the 1965 song, "Charlotte, NC", which was written to represent this city, had been all but forgotten. A closer look at the guidelines draws one’s attention to a very probable cause. The guidelines state that the songwriter is required to turn over the copyright of their song to the city. I suggest that this requirement eliminates any motivation by the songwriter to promote the song. Of course, it is in this promotion of the song that such a great exposure to Charlotte can occur. The city songs that famously serve their namesake do so because of the songwriter's freedom to market the song along with the support and the endorsement by the leaders of the city. It is for this reason that I request that the existing guidelines be modified, and that the requirement to turn over the copyright of the song to the city be removed. A substitute for the original requirement could be to restrict the songwriter to use the song adopted by the city only in a good and positive way to promote the city. A signed statement could easily guarantee this.

I respectfully submit this request with hope that you, the leaders of Charlotte, will vote to fulfill my dream and allow my song to be an official song of Charlotte. I also hope that you will do so while allowing me to maintain the copyright of the song. I assure you, it is then and only then that any song will successfully represent this city.

Sincerely,

Donald N. Blanzy II
Charlotte, Lady of the Carolinas

verse
By the mountains near the ocean
She is nestled in between
A Carolina crossroad
The lady is a queen

Unfolding is her beauty
In her rolling wooded land
Respected is her nature
She’s touched by God’s own hand

chorus
Charlotte is the future
With a past so rich and dear
A promise for tomorrow
Drawing people far and near

In the viewing of her skyline
With the rising of the sun
Our lady of the Carolinas
Dons her regal crown

verse
Boasting people from all over
Who enjoy her gentle days
Milder is her climate
From the sun’s abundant ray’s

Moving on ahead to a new day
With her wisdom from before
Seeking growth and opportunity
She steps through the open door

The Charlotte Mecklenburg Senior Centers, Inc provides a broad spectrum of services and programs for all adults age 55+. In FY 90/91, the Charlotte Mecklenburg Senior Centers, Inc supported over 26,000 seniors throughout Mecklenburg County with 64,000 units of service. A unit of service is defined as one service such as a health screening, job placement, or counseling session.

Charlotte Mecklenburg Senior Centers, Inc programs are as follows:

1. **Health and Wellness** Monthly health screenings are provided, such as cholesterol, blood sugar level, glaucoma and podiatry. Weight loss clinics, health fairs, and nutrition classes are offered. Beginner and intermediate physical fitness classes, water aerobics and swimming round out a multifaceted program for maintaining or regaining good health.

2. **Education** Twenty to thirty classes quarterly provide educational opportunities ranging from oil painting, bridge and dance to foreign languages and computer programming. These classes are offered in six locations throughout Charlotte.

3. **Employment** The employment program offers job counseling, workshops, training, and job placement for those older adults needing to work to supplement their retirement income.

4. **Senior Aides Project** This program places seniors in non-profit agencies to intern, learn a new skill or regain confidence in themselves before entering the work force. Funded by the Federal government by a grant, this program pays the intern but no funds are given to the Senior Center for the administration of the grant.

5. **Retired Senior Volunteer Program (RSVP)** This project recruits seniors for volunteer placement throughout greater Charlotte in areas of human services, crisis intervention, cultural heritage, health care, and other various community organizations.

6. **Friendship Visitor Program** To prevent physical and mental deterioration by increasing the interaction between the frail older adult and their community and neighborhood.

7. **Socialization** Dances, social functions, bus trips and seasonal parties give the seniors the opportunity to meet new people and make new friends.

8. **Information and Agency Access** Community agencies and organizations like Legal Services for the Elderly, S H I P (insurance counseling), C H I S S (housing options), and income tax counselors provide assistance to seniors. Agencies offer their area of expertise at the Senior Center regularly. Seniors requiring information, publications or assistance can be helped at the Senior Center.

9. **Senior Center Outreach** Educational programs and support services are provided through the Senior Center to older adults in eighteen senior nutrition sites, churches and community centers.

10. **S.A.Y.E.S. (Youth and Elder Services)** Intergenerational programs are provided to link youth with older adults. Linkages include Mecklenburg County Schools, private schools and week day schools.

11. **Special Projects** Operation Heat Fan Relief, funded by Duke Power, provides the Senior Center with fans to distribute to those without air conditioning. A special grant from students at CPCC bought peep holes to install in older adults' homes for security.
TO Kent Winslow
Real Estate Supervisor

SUBJECT Charlotte-Mecklenburg Senior Center

My staff has discussed this proposed project with representatives from the Mecklenburg County Park and Recreation Department, the Charlotte Department of Transportation and the City of Charlotte Engineering Department. It is our understanding that, based upon present and projected usage, there is a need for a permanent Senior Center in lieu of using a fellowship hall at one of the churches.

The Planning staff believes that these two facilities (and their respective programs) are compatible. The proximity of these two buildings would allow for a common access from Tyvola Road and shared parking (with the Senior Center providing 100-150 parking spaces). There is the possibility that the aquatic center at the Marion Diehl Recreation Center could be utilized, frequently, by the seniors from the Senior Center. The Planning staff understands that this proposed site would not be needed for any future expansion of the Marion Diehl Recreation Center complex.

This proposed site, previously used for soap box derby racing, is adjacent to the Recreation Center and Senior Citizens Center. This site is accessible from Tyvola Road and within a reasonable driving distance of most of the residents in Charlotte-Mecklenburg. A representative of C-DOT indicated that the automobiles generated by the use of this facility would have no significant traffic impact on Tyvola Road. There is a possibility that public transit would be provided to this facility from throughout the county. Therefore, consideration should be given to improving the existing entrance in order to accommodate the buses and the additional automobiles. An alternative would be to construct a better entrance from Tyvola Road and close the existing S curve entrance.

It should be noted that this property is presently zoned R-4. A representative of the Charlotte-Mecklenburg Building Standards Department has indicated it is possible that this site would need to be rezoned to R-17MF or Institutional in order to accommodate this proposed facility. A government (publicly-owned) building less than 12,500 square feet would be allowed in the R-4 district.
Summary of Contract to Purchase Burnett System

1) The City will purchase the sewer collection and water distribution systems in Faires Farm, Brightmoor and Ashley Creek.

2) Burnett has previously entered into an agreement with The Mathisen Company ("TMC"), the developer of Faires Farm, and under this agreement TMC has certain rights in the extension of and use of the Burnett system. Burnett is responsible for negotiating an agreement with TMC, subject to City approval, terminating those rights so that the City will not have any obligation to TMC or any other developer or property owner which is inconsistent with CMUD policies. A portion of the purchase price ($55,000.) is being paid to Burnett which, along with any other necessary funds from Burnett, will be used to compensate TMC for the loss of these rights.

3) Burnett will take all necessary steps to be in a position to transfer its system to the City by February 1, 1992. If the City is not prepared to close at that time, interest at the rate of 6% will be added to the purchase price.

4) The City must complete certain water and sewer lines before the Burnett system can be fully incorporated into the CMUD system. It is anticipated that these facilities will be completed before the closing deadline of June 30, 1993. If not, the contract calls for the City to operate Burnett's sewer treatment plant in Faires Farm and/or the water supply for Brightmoor/Ashley Creek. Burnett will operate those facilities at the City's option and expense. The provisions of such an operating agreement have not been negotiated, since City staff anticipates that the connecting facilities will be completed or that City forces will be able to operate Burnett's treatment plant and/or water supply on an interim basis.

5) A substantial portion of the purchase price ($550,000.) will be escrowed for one year in order to address any failure by Burnett to convey its system free and clear of liens or other adverse claims.
6) Other provisions are included in the contract for the City's protection: Burnett is required to operate and maintain the system until closing; Burnett must secure approval of the transfer from the Utilities Commission; Burnett makes express representations and warranties as to its ability to transfer the system to the City free and clear of liens and other adverse claims; and Burnett will indemnify the City for a breach of its representations and warranties.

The City has operated express bus service between Uptown Charlotte and the Arrowood Industrial Park since 1985 to increase job opportunities for inner-city Charlotte residents.

The City began operating transportation services to Carowinds in 1986 at the Employment and Training Department's request. The Carowinds service is used by youth employees working at the theme park.

Both services have been operated by private transportation companies since August 1, 1988.

On August 24, 1992, the Charlotte Department of Transportation (CDOT) mailed a Request for Proposal (RFP) to 14 companies. The solicitation for proposals was advertised in the Charlotte Observer on August 25. The RFP was mailed to 3 more firms following the advertisement.

On October 1, CDOT received 3 proposals:

- Carolina Transit Services (Charlotte)
- Gray Line of Charlotte (Rock Hill)
- Family Transportation Company (Charlotte)

The Westinghouse route had its largest monthly ridership total in September. Approximately 1,300 passengers used the service, representing an average of 16 riders per trip. Over the past year, about 11,100 passengers have used the Westinghouse route. Approximately 3,500 persons used the Carowinds service during the park's 1992 season (March-October).

PETITION NO.: 92-51

PETITIONER(S): L. Hunter Meacham, Jr, and Wanda P. Meacham

REQUEST: Change from R-22MF to R-6.

LOCATION: Several parcels located off the southwesterly side of East Boulevard extending from Sugar Creek to Cumberland Avenue.

ACTION: The Zoning Committee recommends that this petition be approved.

VOTE: Yeas: Baker, Byrne, Penning, McClure, Tabor, and Whelchel.

Nays: None.

Absent: James.

REASONS

This proposes rezoning from a multi-family residential category to a single family residential category. Public adopted plans for the area recognize the existing single family land uses. The pending Central District Plan also recommends single family residential land uses in the area of the subject property. The Zoning Committee discussed the fact that they would be faced with this proposal at some point and time due to the recommendation in the pending Central District Plan. The Committee also discussed the issue of several duplexes becoming nonconforming if this petition is approved. One of the property owners who is in opposition to this downzoning, requested that the Zoning Committee defer action on this petition for 30 days. The Committee discussed this request and decided to proceed with a recommendation as scheduled. Based on the existing land uses and plan recommendations for the subject property, the Zoning Committee recommends that this petition be approved.

STAFF OPINION

The staff agrees with the recommendation of the Zoning Committee.

ACTION: The Zoning Committee recommends that this petition be approved.  

VOTE: Yeas: Baker, Byrne, James, McClure, Tabor and Whelchel.  

Nays: None.  

Absent: Fenning.  

REASONS  

This petition proposes rezoning from single family residential to a light industrial category. Publicly adopted plans for the area recognize the residential zoning of the subject property as well as the industrial zoning of the adjoining property. At the public hearing on this petition, City Council requested additional information from the School Board on why they are seeking a rezoning at this location (see attached memo). The Zoning Committee discussed this memo at great length. There was a representative from the School Board staff present to respond to some of their concerns. Once again, the committee expressed great concern over the manner in which the School Board filed this petition and the fact that there is an existing violation at this site. However, due to the limited scale of this petition and the required buffer, the Zoning Committee recommends that this petition be approved.  

STAFF OPINION  

The staff agrees with the recommendation of the Zoning Committee.

RE: REZONING PETITION NO. 92-59
3901 CRAIG AVENUE

Dear Sir or Madam:

As requested, this letter is to clarify and provide additional background information on Charlotte-Mecklenburg Schools' (CMS) petition to rezone a 1.3 acre portion of the referenced site located at the school bus maintenance facility.

The school system was first informed of a zoning inconsistency at the Craig Avenue property in June 1991, as plans for a new garage addition on the site were reviewed by the zoning administrators office. We were informed that a small triangular portion of the R-4 zoned site was fenced-in behind the I-1 zoned area of the site. The current zoning maps showed the zoning separation and boundary line between the two uses to be along the fence alignment.

CMS staff concluded that the encroachment occurred several years ago when a section of the fence was realigned to create needed additional parking on the industrial site for school buses.

In response to the notice from the zoning office, CMS, as part of the garage addition project, sought to correct the infraction by filing a petition with the Planning Commission to rezone the area and bring it into compliance with the zoning ordinance.

Although the garage addition has since been completed, the zoning office has held its approval for occupancy until the zoning issue has been resolved. In the interim, the school system has lost the use of the facility for nearly three months while the rezoning has proceeded.

The garage addition itself does not impact the 1.3 acre site, however, access to the building as well as vehicle circulation around the building perimeter will be limited, if not impossible, should the rezoning petition be denied, and the fence be required to be reset along its original course.
With the approval of the petition, the existing site arrangement and fence location will not be altered. The only physical site change to occur would be as a result of the installation of the required buffer between the rezoned I-1 area and the existing R-4 area. Moreover, approximately two-thirds (2/3) of the 1.3 acres under consideration would be limited to buffer use only. We believe that the rezoning of this 1.3 acre portion of the overall 25.8 acre site will not adversely impact the surrounding residential properties nor the Oakhurst community proper. It will, however, allow CMS to continue to utilize the desperately needed area for parking school buses.

We hope that this overview of the issues surrounding the petition is helpful in your reaching a favorable ruling on our behalf. We would like to thank the commission for their time and consideration. Please feel free to contact me directly should any additional information be needed.

Sincerely,

PROPERTY PROPOSED FOR CHANGE
Request for Council Action

November 23, 1992

To the City Council from the City Manager

Action Requested

Adopt an Ordinance authorizing the use of In Rem Remedy to repair the dwelling located at 408-10 Tuckaseegee Road. (Seversville Neighborhood)

Responsible Department

Community Development

What is Council being asked to approve?

Adopt an Ordinance authorizing the use of In Rem Remedy to repair the dwelling located at 408-10 Tuckaseegee Road owned by Robert W. Octjens and wife, Vickie R.

Why is the City doing this?

This duplex was originally inspected April 30, 1991 as a result of a field observation in a Concentrated Code Enforcement area and was found to be in violation of the Housing Code. The owner was ordered to demolish the structure by September 19, 1991, since the estimated cost to repair the structure was more than 65% of the estimated value. The owner requested to repair the structure and a Supplemental Order to Repair by February 15, 1992 was issued. Since no repairs were made, the demolition order went back into effect.

City Council is being asked to adopt an ordinance to use the In Rem Remedy to repair the structure rather than demolish because it has been determined by the Acquisition/Disposition Analysis (see Exhibit A) that it is feasible to preserve this structure. The estimated In Rem Repair cost of $14,410 is 121% of the $11,940 tax value of the structure. This exceeds the 65% threshold; however, the structure can be repaired for an estimated cost of $14,410 which is considered an economical amount. Also, the estimated cost to acquire and rehabilitate this duplex is $59,613. This equates to approximately $29,500 per unit which is less than the City's replacement cost average of $50,000 per single-family unit. Therefore, it is recommended that the structure be repaired.

What are Council's options?

N/A
How much will this cost?
The estimated cost to repair this structure is $14,410. Funds for the demolition of 408-10 Tuckasegee Road are available in the Capital-In Rem Account. A lien will be placed against the property for the cost incurred.

What is citizen input on this issue?
The owner will be notified of this In Rem action being presented to City Council on November 23, 1992.

Request for Council Action

November 23, 1992

To the City Council from the City Manager

Action Requested: Adopt an Ordinance authorizing the use of In Rem Remedy to repair the dwelling located at 412-14 Tuckasegee Road. (Seversville Neighborhood)

Responsible Department: Community Development

What is Council being asked to approve?
Adopt an Ordinance authorizing the use of In Rem Remedy to repair the dwelling located at 412-14 Tuckasegee Road owned by Robert W. Oetsjens and wife, Vickie R.

Why is the City doing this?
This duplex was originally inspected April 30, 1991 as a result of a field observation in a Concentrated Code Enforcement area and was found to be in violation of the Housing Code. The owner was ordered to demolish the structure by September 19, 1991, since the estimated cost to repair the structure was more than 65% of the estimated value. The owner requested to repair the structure and a Supplemental Order to Repair by February 15, 1992 was issued. Since no repairs were made, the demolition order went back into effect.

City Council is being asked to adopt an ordinance to use the In Rem Remedy to repair the structure rather than demolish because it has been determined by the Acquisition/Disposition Analysis (see Exhibit A) that it is feasible to preserve this structure. The estimated In Rem repair cost of $10,550 is 83% of the $12,680 tax value of the structure. This exceeds the 65% threshold; however, the structure can be repaired for an estimated cost of $10,550 which is considered an economical amount. Also, the estimated cost to acquire and rehabilitate this duplex is $68,480. This equates to approximately $34,250 per unit which is less than the City's replacement cost average of $50,000 per single-family unit. Therefore, it is recommended that the structure be repaired.

What are Council's options?
N/A
How much will this cost?
The estimated cost to repair this structure is $10,550. Funds for the
demolition of 412-14 Tuckaseegee Road are available in the Capital-In Rem
Account. A lien will be placed against the property for the cost incurred.

What is citizen input on this issue?
The owner will be notified of this In Rem action being presented to City

Request for Council Action

November 23, 1992

To the City Council from the City Manager:

Action Requested:

Adopt an Ordinance authorizing the use of In Rem Remedy to
demolish and remove the dwelling located at 1401 Pegram Street. (Belmont Neighborhood)

Responsible Department: Community Development

What is Council being asked to approve?
Adopt an Ordinance authorizing the use of In Rem Remedy to demolish and remove the dwelling located at 1401 Pegram Street owned by Mabel Wallace.

Why is the City doing this?
The dwelling was originally inspected March 7, 1989 as a result of a field observation in a Concentrated Code Enforcement area and was found to be in violation of the Housing Code. The owner was ordered to demolish the structure since the estimated cost to repair the structure is more than 65% of the estimated value. The owner did not comply with the Order to demolish the structure by May 21, 1991; therefore, City Council is being asked to adopt an ordinance to use the In Rem Remedy to demolish the structure.

An Acquisition/Disposition Analysis has been performed by CD staff (see Exhibit A). It has been determined it is not feasible to preserve this structure. In this case, demolition is being recommended because: (1) the estimated In Rem Repair cost of $34,925 is 151% of the $23,050 tax value of the structure and (2) the estimated cost of $69,448 to acquire and rehabilitate the structure makes it not economically feasible to do.

What are Council's options?
N/A

How much will this cost?
The estimated cost to demolish this structure is $4,000. Funds for the demolition of 1401 Pegram Street are available in the Capital-In Rem Account. A lien will be placed against the property for the cost incurred.
What is citizen input on this issue?
The owner will be notified of this In Rem action being presented to City Council on November 23, 1992.

Title search received in December 1989 revealed parties in interest to the property. Parties in interest have been notified of the code enforcement action. The City of Charlotte is one of the parties in interest to this property because of a previous rehabilitation loan made to the owner, Mabel Wallace. Ms. Wallace has not lived in the house for over 3 years and substantial deterioration has occurred.

- Because of the scope of deterioration and the number of new violations, the property was ordered to be demolished.
