ITEM NO

1

Invocation

2

Recommend approval of minutes of the September 11, 1989 regular meeting

POLICY

3

Recommend approval in concept of a stormwater utility, authorize implementation activities, and amend the Storm Drainage Repair Policy

Stormwater Utility

Early last year the City and County jointly contracted with The Edge Group to analyze the existing stormwater needs in the community and recommend improvements. Following the firm’s report, both City Council and the County Commission referred the matter to the Planning Liaison Committee for detailed discussion. Following a report by the PLC representatives on September 25, City Council instructed the Manager to make recommendations for proceeding with development of a stormwater utility for the City of Charlotte.

Recommended Implementation Steps for Stormwater Utility

In order to address overall stormwater program needs, it is recommended City Council approve in concept a stormwater utility. The steps necessary to implement a utility are outlined below. Some are included in the current consultant contract and some will require additional contracts. Specific policy, regulatory, and funding decisions will return to Council for adoption.
I

Activities that can continue through the current contract with The Edge Group

A  Develop stormwater policy, regulation, and enforcement ordinance - Upon conceptual approval of a stormwater utility, the consultant will develop a Stormwater Management Ordinance which specifies the city's drainage policies and standards and requirements for new development. Policies/program elements the consultant expects to include are:

1. Master planning and engineering for the control of flooding, erosion, and stormwater quality

2. Regulation of land development to complement City program goals

3. Maintenance and improvement responsibility for all drainage facilities which carry "public" runoff including those on private property

4. Capital Improvement Program to carry out master plans

5. Land, easement, and right-of-way acquisition

B  Develop technical manual - A drainage manual to establish a consistent basis for the design and improvement of drainage systems throughout the County will be completed through the current consultant contract

C  Seek necessary enabling legislation - The State Legislature adopted a bill in 1989 allowing cities and counties to operate the storm drainage system as a public enterprise. The City Attorney's Office feels this legislation is flawed and further amendments will be necessary. It may be possible to seek such amendments in the 1990 short session. If not, it would be necessary
to seek the necessary legislation in 1991

II Activities that will require additional contracts

D Prepare a system inventory - In order to plan capital improvements and maintenance activities, it will be necessary to inventory the existing drainage system, collecting data such as the size, material, condition, capacity, and age of drainage facilities. The consultant estimates an initial cost of $600,000 to gather information sufficient to plan maintenance and capital improvement programs and secure a National Pollution Discharge Elimination System (NPDES) water quality permit. It is recommended this information be collected in a form compatible with the Geographical Information System (GIS) currently being implemented by the City.

E Prepare National Pollution Discharge Elimination System (NPDES) permit application - The U.S. Environmental Protection Agency (EPA) is expected to publish rules for municipal stormwater permits in June, 1990, cities of over 100,000 will have one year to gather necessary data and apply for an NPDES permit. The consultant roughly estimates the cost for acquiring the permit will be $400,000.

F Conduct a rate structure analysis and prepare a billing system - In order to assess stormwater utility charges, detailed cost of service studies, rate structure analyses, a master account file and a billing system would have to be developed. The consultant estimates these costs would be $600,000 to $1 million. Decisions such as the level of service to be provided, long range capital improvement goals, and staffing levels would be made during these studies.
III Additional activities

G **Instruct the City Manager to invite County participation** - A primary finding by the consultant was that stormwater needs in the City and County are significantly related and the best circumstance would be to operate a stormwater utility with County-wide jurisdiction. The City citizen's committee appointed to work with the consultant supports a single County-wide utility. It is recommended the utility be organized as a division of the Charlotte-Mecklenburg Utility Department and that Mecklenburg County be invited to include unincorporated areas (and perhaps small towns) in CMUD's stormwater jurisdiction. The Community Facilities Committee has been briefed on this proposal.

H **Administrative staff - A time line chart is attached** which illustrates the relationship of the activities outlined above. It is recommended existing Engineering Department and CMUD staff administer these activities through the remainder of this fiscal year and that a core administrative staff be included in the FY91 CMUD budget to carry on these activities and prepare for full implementation of the stormwater utility in July, 1991.

---

**Amend Storm Drainage Repair Policy**

It is further recommended that the Storm Drainage Repair Policy be amended at this time. The current Storm Drainage Repair Program provides 80% City funding for high priority projects and 50% funding for moderate priority projects on private property. The program also includes assistance to low income participants as follows:

(a) Families with a gross income of 80% or less of the median income for Charlotte are eligible for a maximum share of $2,000 for storm drainage repairs.

(b) Families with a gross income of 50% or less of the median income are eligible for a maximum share of $1,000.
All property owners may pay their share with ten annual payments at 8% interest

Projects where the property owners participate in their share of the cost currently produce a funding demand of approximately $1 million per year. This program is funded through storm drainage bonds of $6.4 million approved in November, 1988. It is recommended the City's share of cost on private property for both moderate and high priority projects be 80% and that the low income limits be reduced to $1,000 and $500 for the 80% and 50% income levels, respectively. High priority projects would continue to have first access to the funding and engineering resources. It is estimated this would increase the spending rate to $2-3 million per year. In this way, the bonds would support a more active storm drainage program over the next two years leading up to implementation of the storm water utility in July, 1991.

**Funds**

Start-up costs including a rate study, permit, and inventory are estimated to be $1.6 - 2.0 million. Originally, the plan was to borrow and repay over 3 to 4 years these start-up costs from the General Fund Fund Balance or 1988 Storm Drainage Bonds pending bond counsel approval. Since the hurricane, we are reviewing all major unbudgeted costs and will provide a report on hurricane expenses with all other known unanticipated expenses within the next few weeks. Once the storm water utility system is operational, all expenses will be covered by user fees.

Attachment No. 1

**Recommend adoption of a resolution approving protest procedures for the City of Charlotte concerning EPA-funded projects from Charlotte-Mecklenburg Utility Department**

**Compost Facilities**

The Charlotte-Mecklenburg Utility Department plans to construct composting facilities for sludge produced by McAlpine Creek, Irwin Creek and Sugar Creek wastewater treatment plants. The proposed facilities will be located at the McAlpine Creek plant. It is anticipated that the finished compost product will be sold to large wholesale distributors for use in horticultural and agricultural practice.
Bid Process

We anticipate recommending a compost system procurement contract for Council approval by July 1990. Detailed construction documents will then be prepared around the selected system supplier's equipment and advertised for bids by January 1991. There are only a limited number of suppliers for this highly technical equipment. EPA requires a competitive bid process.

Protest Procedures

Since EPA records indicate that, historically, system procurements of this type generate protests from competitors, the EPA requires that each governing body receiving grant funds draw up its own protest procedures. Therefore, we are attaching, for your approval, protest procedures as agreed upon by CMUD and the City Attorney's office. These procedures provide for a protesting bidder to have a hearing with the City Manager or designee, after which the Manager would bring forward a recommendation for Council action if it were different than the original Council decision.

Joe Stowe will be available at the Council-Manager dinner to answer questions.

The City Attorney advises that agenda items no. 5 through 18 may be considered in one motion. However, any member of Council may request that an item be divided and voted on separately.

ACCEPT GRANT/BUDGET ORDINANCE

5

Recommend adoption of a budget ordinance to appropriate a grant of $30,175 from Duke Power Company for use in planning and implementing emergency response activities in regard to nuclear power facilities.

Nuclear Emergency Response

In accordance with the North Carolina Emergency Management Act, utility companies operating nuclear power plants must allocate funds, on a yearly agreement basis, to the counties in proximity of the nuclear facilities in order to cover the costs of emergency response activities for such plants. In this area, Duke Power is responsible for the provision of funding to cover the costs of local emergency response activities in conjunction with the McGuire and Catawba nuclear facilities.

$30,175 Grant

Adoption of this ordinance will appropriate the grant of $30,175 to be used for planning, training, and resource procurement to enable the community to respond effectively to accidents or incidents at nuclear power plants. This project grant is over and above funding in the current normal operating budget, and will extend beyond FY 90.

Clearances Fire/Emergency Management, Budget and Evaluation

GRANT APPLICATION

6

Recommend approval to apply for $25,000 grant from the Federal Government to initiate Youth Sports Clubs in public housing communities.

$25,000 Grant

This program allows units of local governments to apply for special project grants to establish or enhance youth sports clubs to combat drugs and crime at public housing sites. Each approved special projects grant will be funded at a Federal level of up to $25,000 with a required 100% cash match of local Community Development Block Grant (CDBG) or other local public or private funds.

Existing Program

An existing youth sports club program already exists in Charlotte. The First Ward Full Court Press Against Crime was started in 1984 in an effort to get young people involved in combating
the growing problems of gangs and drug abuse in public housing neighborhoods. The new proposal expands and builds on the success of the First Ward program. Details are attached.

**Funds**

Private contributions are already being sought. Funds from the City's operating budget are not being requested.

**Clearances**

Budget and Evaluation, Police, Parks and Recreation

Attachment No. 3

**BID LIST**

Recommend adoption of the bid list as shown. The following contract awards are all low bid and within budget estimate unless otherwise noted. Each project or purchase was authorized in the annual budget.

**A 225 Sets - Protective Clothing For Fire Dept Firefighters**

*Recommendation.* By Purchasing Director and Fire Chief that the lowest responsive bidder Carolina Firemasters, Inc., Bennettsville, S C , in the amount of $96,536.25, be accepted for award of contract

*Project Description.* This replacement clothing will be used by all firefighters to protect them from heat and abrasions while fighting fires

*Source of Funding.* General Fund - (Fire Department - Administration)

**B 2 - Excavating & Grading Machines Operations St Maintenance**

Recommendation. By Purchasing Director and Operations Director that 2 - Excavating and Grading Machines be purchased from the present City Contract #79-134 with Owsley & Cons., Inc., Fort Mill, S C at $133,272 00 each, for a total of $266,544.00. Contract #79-134 was awarded to Owsley & Sons by City Council on May 22, 1989
Project Description: These replacement excavators will be used to excavate road base failures and place new material in preparation for resurfacing. They will also be used to widen strips, add lanes, and for ditch/shoulder maintenance.

Source of Funding: General Fund - (Operations - Street Maintenance)

C General Contract - Line Maintenance Building for USAir, Inc

Recommendation: The Aviation Director recommends that the low bid from Janison Associates in the amount of $93,920.00 for the general contract be accepted for award on a lump sum basis.

Project Description: The Line Maintenance Building is part of the USAir Maintenance Facility Complex. This building will serve as the centralized location for maintenance workers who service aircraft while on the ramp.

Source of Funding: U S Air/Piedmont Maintenance Facility Fund - (1988 Special Facility Bonds)

D Electrical Contract - Line Maintenance Building for USAir, Inc

Recommendation: The Aviation Director recommends that the only bid from IND-COM Electric Company, Inc. in the amount of $98,720.00 for the electrical contract be accepted for award on a lump sum basis.

E Roof Repairs Etc. for Terminal Blds. Concourse "C" & "B"

Recommendation: By Purchasing Director and Airport Director that funds be approved for payment to Statesville Roofing & Heating Company, Statesville, N C, in the amount of (approx.) $350,000.00, for storm damage repairs (Hugo Expense).
Project Description: Proposal to provide labor, tools and equipment to repair roofs of terminal buildings, Concourse "C" and "B" due to Hugo damage. The approximate total affected area is 124,100 square feet.

Source of Funding: Airport Operating Fund - Maintenance and Repairs to Buildings

---

F Sanitary Sewer Construction
Beards Creek Trunk Extension
Charlotte-Mecklenburg Utility Department

Recommendation: Director, Charlotte-Mecklenburg Utility Department recommends that the low bid by McChesney Brothers of Charlotte in the amount of $212,896.88 be accepted for award of contract on a unit price basis.

Project Description: Construction of this project would extend the Beards Creek trunk line from Matthews Township Parkway to NC 51.

Source of Funding: Water and Sewer Capital Improvement Fund - (Beards Creek Trunk Extension)

---

G Montibello Subdivision Storm Drainage
Improvements - Phase I

Recommendation: By the City Engineer that the low bid of $192,555 22, as submitted by W. M. Paris & Associates, Inc., be accepted for award on a unit price basis.

Project Description: This project is included under the City's Storm Drainage Repair Program and consists of the replacement of undersized culverts beneath Montibello Drive and Sentinel Post Road with 8 ft wide x 5 ft high reinforced concrete box culverts. Associated work includes pavement, sidewalk, and valley gutter replacement as well as the installation of rip rap and 15" reinforced concrete pipe.

Source of Funding: General Capital Improvement Fund - (Storm Drainage Repair Program - 1988 Storm Drainage Bonds)
REJECT LOW BID/AWARD SECOND LOW BID

8. 7th and Independence Boulevard
    Minor Intersection Improvements

Recommendation. By the City Engineer that the bid of
$63,349.60 submitted by Jones Fencing & Grading be rejected as
non-responsive, and the bid of $71,864.63, as submitted by
Asphalt Associates, be accepted for award on a unit price
basis.

*The low bidder, Jones Fencing & Grading, failed to incorporate
changes required by an addendum published prior to the bid
opening. The proposal was reviewed by the City Attorney's
Office who rendered an opinion that Jones Grading & Fencing did
not comply with the specifications because their proposal does
not incorporate the items set forth in the addendum and is
therefore non-responsive. A change in the bid to reflect the
addendum items would materially affect their bid. Therefore,
we are recommending rejection of Jones' bid and award to the
second lowest bidder.

Project Description. This Minor Intersection Improvement
project is one of 15 on the high priority list for this year
and will be funded through the Minor Intersection Improvements
Program. This project consists of widening the right turn
radius on Independence Blvd. at East Seventh Street. The work
involves the installation of concrete curb, sidewalk, storm
drainage, asphalt paving and related items.

Source of Funding. General Capital Improvement Fund (Minor
Intersection Improvements - Pay-As-You-Go Tax Levy and Powell
Bill)

BID REJECTION

9 Shamrock Park Rehabilitation

Recommendation. By the City Engineer that all bids received
for Shamrock Park be rejected.

Project Description. As a result of Hurricane Hugo, the
condition of the park on which the contractor based his bid has
changed dramatically. The Parks and Recreation Department has
requested that we discontinue all improvement to existing park
projects until the damages in all parks can be determined and
new priorities set in the park improvement program.
The City reserves the right in all invitations for bids to reject all bids. The City Attorney’s Office concurs with this action.

AGREEMENT

10 Recommend approval of an agreement for engineering services with Kimley-Horn and Associates, Inc for $192,620.00 for design of the extension of Westinghouse Boulevard from Carpet Street to Culp Road.

Design of Final Phase of Westinghouse Boulevard Extension Funds for construction are not available at this time. However, funds are available for design of Phase IV from the savings realized in the budget for Phase II of the project. The completed construction plans will be used to protect the roadway right-of-way from future development and to discuss right-of-way donation with the property owners per the Private Sector Leveraging Program.

Funds Westinghouse Boulevard Extension Account

Clearances The contract has been reviewed and approved by Engineering and CDOT staff and reviewed by the City Attorney.

CONTRACT AMENDMENT

11 Recommend approval of Amendment No 2 to the engineering contract for the York Road Renaissance Park - Methane Gas Migration Project with Law Environmental, Inc, for $153,000.00 to evaluate and design improvements to the existing gas control system.

Amendment It has been determined that methane gas continues to spread across York Road and the northeast property line. This amendment for engineering services with Law Environmental, Inc of Charlotte North Carolina for $153,000.00 provides for...
the design and specification for the improvements and additions to the current gas recovery system and the additional system which is required near the softball fields.

bidding phase services and coordination during the installation of all improvements and additions.

weekly monitoring of the entire landfill site.

This testing, which is required by the Mecklenburg County Department of Environmental Protection (MCDEP), will be performed for one year. At the end of the testing period, the MCDEP will review the monitoring results and decide if monthly testing will be sufficient. A construction contract will be needed once design is complete. Construction and related costs are currently estimated to be $300,000.00. In addition, if the monitoring shows other areas of concern, additional amendments for design and construction contracts may be needed for the remediation of those problems.

Funds: York Road Methane Gas Control System Account

Clearances: This amendment has been reviewed and approved by City Engineering Department and reviewed by City Attorney.

CITY CODE AMENDMENT

12

Recommend adoption of an ordinance amending the City Code, Chapter 6, Article III, "Peddlers" and Article VI, "Tryon Mall Vendors."

Article III Peddlers:

In order to more expeditiously plan, coordinate and provide for markets, festivals and other City-County sanctioned activities held in the City, it is recommended that City Council delegate authority to the City Manager, or his designee, to handle various matters related to such events. The proposed ordinance will permit the City Manager to expand or reduce those streets which constitute the "Congested Business District."
in which peddlers are permitted to sell merchandise

Adopt guidelines to be used by an event sponsor for the fair equitable selection of peddlers participating in any market, festival or activity.

Review complaints of vendors as to selection and assignment of locations to assure fair and equitable treatment of vendors

Designate the boundaries of any market, festival or similar activity, and to temporarily close the streets and sidewalks within that area for the use of the event and the public, and to execute any contracts or related documents with sponsors of such events

In addition, the proposed ordinance will require all peddlers wishing to participate in any market or festival to apply for a permit from the appropriate event sponsor

Art. VI
Tryon Mall Vendors

The Central Charlotte Association has expressed a desire to limit the type of merchandise sold by Mall vendors to fresh-cut flowers and balloons (Food is already covered in another section of the ordinance and is not affected by this change ) In addition, CCA has requested that permits be required for the use of public plazas uptown, and that mall vendors be permitted to sell outside the Tryon Mall area. The proposed ordinance would

Allow vendors presently selling merchandise other than fresh-cut flowers and balloons to continue selling such merchandise provided the sale of such items is not discontinued for a period greater than 45 days

Authorize the City Manager to expand the number of streets included in the Tryon Street Mall definition to allow Mall vendors to locate on other streets in the uptown area such as College and Church in order to increase their business

Require any person or organization wishing to schedule activities in the public plazas to apply for a permit from the Central Charlotte
Association  This will avoid conflicts in usage

Clearances  The Central Charlotte Association and the Operations Department recommend approval.

MUNICIPAL AGREEMENT

13  Recommend adoption of a resolution authorizing a Municipal Agreement with the North Carolina Department of Transportation (NCDOT) for the purchase and installation of an electronic variable message sign and a video surveillance camera on Tyvola Road.

Electronic Sign  As a further improvement to the Tyvola Road reversible lane system, the Charlotte Department of Transportation (CDOT) will install an electronic message sign and an additional video surveillance camera on Tyvola Road. The North Carolina Department of Transportation (NCDOT) has agreed to reimburse the City for the purchase and installation of the sign and camera. Both pieces of equipment will assist in the control of traffic during Coliseum events.

Funds  The sign and camera are being purchased through the Traffic Signal Improvements Capital Account. The NCDOT will reimburse the City $56,000 for the installed sign and $6,300 for the installed camera.

HOUSING CODE ENFORCEMENT

14  Funds for the following code violations are available, liens will be placed against the properties of the costs incurred. Detailed information is attached.

A  Recommend adoption of an ordinance authorizing the use of In Rem Remedy to demolish and remove the dwelling located at 353 Skyland Avenue (Grier Heights).

B  Recommend adoption of an ordinance authorizing the use of In Rem Remedy to correct code violations at 616 Norris Avenue (Double Oaks).
C. Recommend adoption of an ordinance authorizing the use of In Rem Remedy to demolish and remove the dwelling located at 808 E 17th Street (Belmont).

RESOLUTION ADOPTING PROTEST PROCEDURES FOR THE CITY OF CHARLOTTE CONCERNING EPA-FUNDED PROJECTS FOR CHARLOTTE-MECKLENBURG UTILITY DEPARTMENT

WHEREAS, the City of Charlotte is a potential recipient of grant funds from the United States Environmental Protection Agency ("EPA") for the procurement of facilities to be operated by the Charlotte-Mecklenburg Utility Department; and

WHEREAS, the City of Charlotte endeavors to comply with all Federal and State laws and regulations in using such grant funds and in procuring facilities for use by the Charlotte-Mecklenburg Utility Department; and

WHEREAS, a recipient of an EPA grant is required to establish procedures for the prompt consideration of protests concerning certain procurement decisions of the grant recipient as set forth in Chapter 40, Part 33, Sub-part G of the Code of Federal Regulations; and

WHEREAS, the procedures attached hereto provide a reasonable and fair opportunity for such procurement decisions of the City to be reviewed to assure the City's continued compliance with applicable law.

NOT, THEREFORE, BE IT RESOLVED by the City Council of the City of Charlotte, North Carolina:

Section 1. That the attached "Protest Procedures for the City of Charlotte Concerning EPA Funded Projects from Charlotte-Mecklenburg Utility Department" are hereby adopted and will apply to any protest defined in said Procedures.
Section 2. That said Procedures will not apply to any other project, protest or procurement decision of the City of Charlotte, except as specifically set forth in said Procedures.

Section 3. That this Resolution is effective upon adoption.

Approved as to form:

______________________________
City Attorney
PROTEST PROCEDURES FOR THE CITY OF CHARLOTTE
CONCERNING EPA-FUNDED PROJECTS
FROM CHARLOTTE-MECKLENBURG UTILITY DEPARTMENT

These Procedures set forth the administrative process of the
City of Charlotte ("City") for the expeditious resolution of pro-
tests concerning projects of the Charlotte-Mecklenburg Utility
Department of the City of Charlotte ("CMUD"), which are funded
by grants from the United States Environmental Protection Agency
("EPA"). These Procedures do not apply to any project of the
City not expressly covered by these Procedures.

1. Unless the context specifically indicates otherwise,
the following terms and phrases, as used in these Procedures,
will have the meanings hereinafter set forth.

A. Party. Any person who has responded to the
City's request for proposals, qualifications or bids for a
project under circumstances in which any response to such request
is a basis for the protestable action which is the subject of a
protest resolved under these Procedures. In order to be a party,
a person must have responded to such request in accordance with
the provisions thereof. If more than one request for proposals,
qualifications or bids is made by the City, a person may only be
a party with respect to the request to which such person respond-
ed and any protestable action based upon any response to such
request. A person may not use status as a party concerning a
request for proposals, qualifications or bids and any resulting
protestable action in order to protest any action by the City
which is based upon response(s) to any other request for propos-
als, qualifications or bids to which such person did not respond,
even if such action would otherwise be a protestable action and
even if the other request concerns the same project as the
protestable action to which such person is a party. A person is
a party to a protestable action, if such person responded to the
request for proposals, qualifications or bids for a project under
circumstances in which any response to such request is the basis
for the protestable action which is the subject of a protest
resolved under these Procedures.

B. Person. An individual, corporation, partner-
ship, joint venture, association or other form of legal entity.

C. Protestable Action. Each action by the City
set forth below will be considered to be a protestable action.
No other action by the City will be considered to be a protest-
able action.

i. The determination by the Director of CMUD
that the City does not intend to acquire equipment and/or facili-
ties proposed by a party for a project.
ii. The award by the City Council of a contract for the purchase of equipment and/or construction or other acquisition of facilities for a project. Such award may be subject to favorable review of any protest under these Procedures or applicable protest procedures of the EPA.

D. Direct financial interest adversely affected by a protestable action. The loss of an opportunity by a party to sell, construct or otherwise provide equipment and/or facilities to the City for a project.

E. Project. Any equipment or facilities for use by CMUD which the City proposes to acquire by any means using grant funds of the EPA.

2. A protestable action may be protested by a party with a direct financial interest adversely affected by the protestable action. Such protest must be filed in accordance with the provisions of these Procedures. Failure to follow these procedures will result in the dismissal of the protest.

3. A protest must:

A. Be written and signed by the protesting party;

B. Identify the protestable action which is the subject of the protest;

C. Be based upon alleged non-compliance by the City with applicable law in taking the protestable action which is the subject of the protest;

D. State the basis of the protest, including but not limited to: the citation of each applicable statute, regulation, ordinance or other legal requirement with which non-compliance is alleged; complete statement of all, alleged facts demonstrating such non-compliance; and any other information which the protesting party desires to present;

E. Include such supporting documentation as is available to the protesting party;

F. Request such relief as is appropriate and is provided by these procedures;

G. Include a list of all parties to the protestable action which is the subject of the protest; and

H. Be filed with the Office of the City Attorney within seven (7) calendar days after receipt of notice of the protestable action which is the subject of the protest.

4. A. At the same time that the protest is filed, the protesting party must serve a copy of the protest documents,
including all attachments, on every other party to the protestable action which is the subject of the protest. Such service must be made at each party's last known address by actual delivery or by first class mail of the United States Postal Service, postage pre-paid.

B. The City will send notice of the protest to every party to the protestable action which is the subject of the protest by certified or registered mail, return receipt requested, of the United States Postal Service.

5. Any party to the protestable action which is the subject of the protest may file a written response and appropriate supporting documentation with the Office of the City Attorney within seven (7) days after the date of such party's receipt of the protest documents, or the notice of protest, whichever date is earlier.

6. At the same time that any person files any document with the Office of the City Attorney concerning a protest, such person must serve such document upon every party to the protestable action which is the subject of the protest and concurrently file proof of service with the Office of the City Attorney. Service must be made in the same manner used for serving copies of the protest documents. Documents not properly served are subject to being excluded from the record.

7. If any due date for filing documents under these procedures falls on a Saturday, Sunday or holiday observed by the City, the next regular business day of the City will be the last day for such filing.

8. A. The hearing officer who will review and determine the proper resolution of the protest will be the City Manager or his/her designee.

B. The hearing officer may, in his/her sole discretion, establish reasonable rules for the conduct of the review and proper resolution of the protest. These rules will include the reasonable opportunity to submit additional documents and affidavits relevant to the protest; provided that, the hearing officer must conclude the review and proper resolution of the protest in as expeditious a manner as is reasonably possible. Absent extraordinary circumstances, review and resolution of a protest should be concluded with thirty (30) calendar days after such protest is filed.

C. Unless the hearing officer determines that testimony is necessary to the proper resolution of a protest, all evidence must be submitted in writing and must be supported by affidavit. Sound and visual recordings and any other evidence in non-documentary form will also be received if supported by affidavit. Such affidavits must be filed as part of the party's protest, response or other filing permitted by these procedures or
the hearing officer. Each affidavit must be completed by an individual having personal knowledge of its contents and swearing or affirming such contents to be true and accurate before an individual authorized by law to administer oaths.

D. Written arguments may be filed, as permitted by the hearing officer. A conference will be held of the hearing officer, protesting party and the Director of CMUD in order to permit the protesting party and Director to present such arguments as the hearing officer determines to be appropriate upon the filing of a written request with the Office of the City Attorney within ten (10) days of the filing of the protest by the protesting party or the Director of C-MUD or upon the direction of the hearing officer. If testimony is to be considered by the hearing officer, such testimony may be presented at the conference. Notice of a conference must be given at least five (5) calendar days before the conference is to be held; provided that, the conference may be continued until such time and with such notice as the hearing officer may determine. No other person will be permitted to participate in such conference, unless expressly permitted by the hearing officer. Such conference will be open to the public.

E. The hearing officer will declare the record of the review of the protest closed after the protesting party and the Director of CMUD have had a reasonable opportunity to present their respective positions. No further documents, affidavits or testimony will be considered by the hearing officer; provided that, the hearing officer may, in his/her sole discretion, permit the parties to the protestable action which is the subject of the protest to file additional written arguments, subject to such terms and conditions as the hearing officer may describe.

F. In the event that two or more protests are filed concerning the same protestable action, the hearing officer may require any two or more of such protests to be consolidated under such terms and conditions as the hearing officer determines to be appropriate.

9. The hearing officer may summarily dismiss a protest without further proceedings under any of the of the following conditions:

A. The protesting party fails to meet the time requirements for filing a protest or substantially fails to comply with any other provision of these procedures or with any order, decision or other direction of the hearing officer; or

B. The protesting party does not agree to the request of the hearing officer or the City Council for a reasonable extension of the bid and bond period; or

C. After considering the protest in the light most favorable to the protesting party, the hearing officer determines
that the protestable action which is the subject of the protest was taken in accordance with applicable law.

10. In determining the proper resolution of a protest, the hearing officer is authorized to:

A. In the event of a protest of a protestable action defined in Paragraph 1(B)(i) of these Procedures which the hearing officer resolves in favor of the protesting party, the hearing officer will require that the Director of CMUD consider such equipment and/or facilities of a protesting party for acquisition as part of the project on such basis and under such conditions as the hearing officer may specify. Such equipment and/or facilities of the protesting party as are covered by this sub-section are limited to the equipment and/or facilities as were included in the protesting parties response to the request for proposals, qualifications or bids for the project which resulted in the protestable action which is the subject of the protest.

B. In the event of a protest of a protestable action defined in Paragraph 1(B)(ii) in which the hearing officer determines that the award of the contract by the City Council would not be in accordance with applicable law, the hearing officer will: recommend that the City Council not award the contract but award the contract to such different party as the hearing officer determines to be in accordance with applicable law; or recommend that all bids be rejected and new bids be solicited. In recommending that the award of the contract be to a different party than was previously decided by the City Council, the hearing officer is not limited to recommending the award of such contract to the protesting party.

C. Affirm the protestable action which is the subject of the protest as being in accordance with applicable law.

D. Take such action as is reasonably necessary to provide for the fair and expeditious review of the protest.

11. The hearing officer will issue a written decision setting forth the proper resolution of the protest as soon as practical after the close of the record. A copy of the hearing officer's decision must be served on the protesting party and every other party to the protestable action who files a response or other document with the Office of the City Attorney.
"First Ward Full Court Press Against Crime"

The First Ward Full Court Press Against Crime was started in 1984 in an effort to get young people involved in combating the growing problems of gangs and drug abuse in public housing neighborhoods. Youth participate in a basketball program in which one scores points on the court only after the person making the basket correctly answers a math, history, on-line prevention of drug prevention question. The teams also score points for school attendance, organizing drug prevention seminars and workshops for their parents, getting people out to drug and crime prevention meetings, clean-up campaigns, teen pregnancy prevention programs, attendance at after-school tutorial programs, etc.

Teens involved in the program have a lower incidence of school related problems and police involvement than do other teens in their communities. They receive T-shirts and jackets with the Full Court Press Against Crime logo on them and wear them proudly.

Our new proposal expands and builds on the success of the First Ward Full Court Press Program. Currently the program reaches eight public housing communities and nearly 350 boys and girls. The new program would reach every public housing community identified as having a drug or crime problem. Agencies currently involved in the Full Court Press Program are the Charlotte Housing Authority, 4-H Clubs, Siegle Avenue Presbyterian Church, the Belmont Salvation Army Boys Club, and the Police Athletic League. The new program would give the Police Department fiscal responsibility for the program and use the Department as a resource for referees and coaches. It would also include participation from YWCA Park Road, Parks and Recreation Department, the Drug Education Center, area universities and representatives from the Charlotte Hornets.

Hearing Held: 8/7/87
Owner(s) Ordered to Demolish Dwelling By: 9/30/87
Owner(s) Ordered to Demolish Dwelling By: 8/21/88 (Supplemental Order)

Estimated Value of Dwelling: $16,300
Estimated Repair (Which Exceeds 65% of Estimated Value): $11,200
Action has been delayed on this case because the owner expressed a desire to work with the mortgage company to demolish the dwelling. A supplemental order was issued to bring the order under Civil Penalty and a title search was ordered.

The repairs include: replacing roof shingle and roof sheathing; replacing rotted flooring and floor joists in kitchen; replacing ceilings; installing sheetrock on ceilings; installing heating system; painting interior walls and ceilings; painting exterior; replacing rotted facia board; replacing rotted boxing; installing screens on windows; and installing screen doors and removing outbuildings.

This dwelling is open and unoccupied.

The owner was notified of a Civil Penalty on October 5, 1988. The total penalty as of October 10, 1989 amounts to $4,240. The owner has also been notified of this October 10, 1989 Council action.

I. Recommend adoption of an ordinance authorizing the use of
In Rem Remedy to correct code violations at 2944 Reid Avenue
(Reid Park).

Reason for Inspection: Field Observation
Date of Inspection: 10/27/86
Owner(s) Notified of Hearing: 12/22/86
Hearing Held: 1/5/87
Owner(s) Ordered to Repair By: 3/5/87

A title search was ordered and received in early May, 1988, and there were no parties in interest to the property.

Date of Reinspection: 5/10/88
Owner(s) Notified of Hearing: 5/13/88
Hearing Held: 5/23/88
Owner(s) Ordered to Repair Dwelling By: 6/23/88
Estimated Value of Dwelling: $11,770
Estimated Repair (Which is less than 65% of Estimated Value): $5,045

In Rem action has been delayed on this case because the owner started repairs; however, they have been discontinued.
The repairs include: making front and rear entry doors reasonably weathertight; correcting defective wiring and covers; installing new sink in bathroom; preparing and painting interior of bath window; filling holes and cracks in walls and ceiling in bath and painting; replacing front bedroom door; correcting hole for flue pipe at front bedroom closet; installing proper fuses in fuse box; properly filling cracks in foundation walls; replacing missing window screens; installing sufficient vents in foundation to correct moisture problem; replacing rotted floor joists under bathroom; caulking around window frames; applying protective coating on exposed roof sheathing; caulking around rear door frame; filling holes in wall covering and painting same; and installing attic vents at front and rear gables.

The owner was notified of a Civil Penalty on July 21, 1988. The total penalty as of October 10, 1989 amounts to $4,640. The owner has also been notified of this October 10, 1989 Council action.

**FIREMEN'S RELIEF BOARD OF TRUSTEES**

(5 Members)

Membership - The State Insurance Commissioner's appointee serves at the pleasure of the Commissioner; the other terms are for two years.

Responsibilities - Under provisions of State Statutes, fire insurance companies in qualifying municipalities are taxed annually a percentage of premiums received for all fire and lightning policies written on property located within their respective city limits. A portion of such tax is returned to the municipality by the Insurance Commissioner to be used to safeguard firemen in active service from financial loss occasioned by sickness or injury contracted in the line of duty, and to provide reasonable support for dependents of firemen whose lives are lost as a result of fire service. This Board administers those funds.

PARKS ADVISORY COMMITTEE

(15 Members)

Membership - Appointments are for three-year terms, although the appointments for the six new positions created by the expansion of the committee in November of 1986 were made on a staggered basis: two to expire in 1987, two in 1988 and two in 1989. No person is to serve more than two terms. The Chairman is elected annually by the committee membership for a one-year term only.

Responsibilities - Serves as the City's advocacy group in the community for parks and recreation, assuring that the leisure needs of the community are met. Specific goals and functions are outlined in the Resolution establishing the Committee, adopted April 5, 1982.

Revised 5/11/89
August 31, 1989

The Honorable Sue Mynick
Mayor
City of Charlotte
600 East Fourth Street
Charlotte, NC 28202

Dear Mayor Mynick,

It is with regret that I must resign from my appointment to The Charlotte Parks Advisory Committee effective September 1, 1989. I have truly enjoyed and appreciated the opportunity to serve the city on this committee, but my present job requirements and travel schedule necessitate my resignation.

The City faces a tremendous challenge in maintaining and achieving the highest standards that we seek in the Charlotte parks system and also in the need to obtain additional land for future parks. I applaud the current City Government for their recognition for these needs and encourage continued effort toward achieving them.

Respectfully,

Michael E. Blair

MEB/ksw

CC Clerk of City Council
   Chairman, City Parks Advisory Committee
MEMORANDUM

July 26, 1989

To: Pat Sharkey
   City Clerk

From: Marvin F. Billups, Jr., Director
      Parks and Recreation Department

Subject: CAPC Vacancy

Pat, there are a number of vacant positions on the advisory committee. Roy Alexander, Committee Chairman, has been advised by Hilton Grenfell and Pop Miller that due to personal and business reasons, they will not be able to continue to serve on the Charlotte Advisory Parks Committee.

This will result in one vacant position to be appointed by Council and three to be appointed by the Mayor.

It would be greatly appreciated if you would advise the appointing authorities of said vacancies.

Revised 5/11/89
August 21, 1989

Ms. Cathy Thompson
Charlotte Convention & Visitors Bureau
229 N. Church Street
Charlotte, NC 28202

Dear Cathy:

Please accept my resignation from the Citizens Advisory Committee to the Charlotte Convention & Visitors Bureau, effective immediately.

I understand that there are many qualified people anxious to serve. I have enjoyed being part of this committee and am grateful for the opportunity.

Should there be any special projects I could help with, please do not hesitate to contact me.

Very Truly yours,

Cindy Dyson

To: Charles Williams, Chairman

City of Charlotte, North Carolina 28211

Dear Mr. Williams,

I regret that I must resign from the Waste Management Advisory Board effective immediately.

My new job as a Middle School Principal prevents me from continuing this year. The Board of Education along with the Westside Task Force have demanded that we act become a true Middle School. We have been in training for this new role. Now is implementation time. It requires a lot of time and hard work. This is my reason for resigning.

I have enjoyed my brief service with you. You and our colleagues do a great service to our community. I wish you the success.

Sincerely,

Robert L. Davis, Jr.
