PETITION NO. 88-54
PETITIONER(S). Paw Creek Association.
REQUEST Change from 0-15 to I-1(CD).
LOCATION:   A 15.4 acre site located north of North Hoskins Road west of
Stewart Creek along future Auten Road Extension.
ACTION:     The Zoning Committee recommends that the petition be approved.
VOTE:       Yeas: Burns, McClure, Spencer, Thomasson, Vaughan, Wheeler and Winget
            Nays: None.

REASONS

The Zoning Committee discussed this case for some time. The petition involved
the rezoning of properties from 0-15 to I-1(CD) along the edge of an existing
industrial park area and an existing neighborhood. The property also involved
the extension of a thoroughfare street and the establishment of a buffer area
along the thoroughfare to protect the residentially zoned properties from both
the street itself and the industrially zoned properties to the east.
Considerable discussion occurred at the public hearing regarding the
desirability of this use in this area. However, the Zoning Committee felt
that this plan represented a balance between the protection of the existing
neighborhood and the development of the industrial park which is already
underway. The Zoning Committee did note however, that the site plan shows a
street connection which would tie Hoskins Road through the industrial
development to the future thoroughfare. They expressed concern that such a
road connection could negatively impact the residential area by channeling
industrial park traffic through an existing neighborhood. They indicated that
at the time the property is proposed for subdivision approval it should not be
connected to the new thoroughfare. Staff indicated that matter would be
addressed at the time that the road is submitted for subdivision approval.

STAFF OPINION

The staff agrees with the recommendation of the Zoning Committee.

RE: Rezoning Petition #88-54
for Paw Creek Associates

Dear Mrs. Sharkey:

The above petition was on the Council's August 15 agenda for decision. At our request, as counsel for Paw Creek Associates, the Council deferred its decision on the petition for thirty days with the understanding on our part that the petition would automatically appear on the Council's September 19 agenda. The deferral was for the purpose of resolving some questions relating to the subdivision process for this property. These questions have been satisfactorily resolved and we understand from Laura Simmons that this petition requires no further action by the Planning Commission and that it is ready for Council's decision.

In your absence I discussed this matter with Ms. Laney who advised that the petition was not on the Council's September 19 agenda. I then telephoned City Attorney Henry Underhill for his advice. He suggested that I request that you add the petition to the Council's September 19 agenda for its decision. The timing of the Council's anticipated approval of this petition is critical to our client's timely development of its property since the agreed subdivision planning process cannot be completed until after the rezoning petition has been approved.

Office of City Clerk
On behalf of our client, Paw Creek Associates, we respectfully request that its petition be added to the Council's agenda and that you notify the Manager's office accordingly so that members of Council will be advised thereof prior to their September 19 meeting.

Your favorable consideration is appreciated.

Very truly yours,

C. Ralph Kinsey Jr.
