Council Agenda

Monday, September 23, 1991

5:00 p.m. - Council-Manager dinner
6:30 p.m. - Citizens hearing
7:00 p.m. - Council meeting

ITEM NO.

1. Invocation by Rev. W. Ray Pennell of Thrift Baptist Church.

2. Consider approval of Minutes of August 20 Joint City/County/School Board Meeting, August 26 Briefing and Regular Meeting, September 3 Council Workshop, September 10 Joint City/County Meeting, September 11 Briefing and Regular Meeting.

PUBLIC HEARING

3. A. Conduct a public hearing on an application for naming the park at the intersection of Trade and Tryon Streets Thomas Polk Place.

B. Recommend waiver of the 30-day staff review period and if Council wishes, approval of the application to name the park Thomas Polk Place.

Monument An application has been received from the Mecklenburg Historical Association for naming the park at the intersection of Trade and Tryon Streets Thomas Polk Park.

A list of Mr. Polk's accomplishments is attached.
Ordinance Waiver

The process of the public monuments ordinance is being used to review this request:

- a public hearing
- staff review
- subsequent adoption by Council at a regular meeting.

Since staff has been asked to review this request already and no objections have been raised, the required 30-day review period following the public hearing may be waived.

The application and other material are on file in the City Clerk's office.

Clearances

Staff and City Clerk.

Attachment No. 1

VOTE ON CONSENT ITEMS

4. Agenda items 27 through 42 may be considered in one motion except for those items removed from the consent agenda as a result of a Council member making such a request of the City Clerk prior to the meeting.

Staff Resource: Julie Burch

ZONING

Most items on the September 16 zoning agenda were postponed to a later date.

Public hearings - September 30
Zoning hearings scheduled for September 16 were postponed until Monday, September 30 at 6:00 p.m.

Policy and Decisions - September 23
Council asked that the following items be included in the September 23 agenda. Council members are reminded to bring their zoning agenda books to the meeting since this agenda does not include any attachments for the zoning items.
Zoning Policy

5. Receive as information two reports which describe, (1) A process for designating new or expanded local Historic Districts, and, (2) A staff impact study on an expansion of the Charlotte Historic District Program.

Staff Resource: Dave Howard

6. Recommend adoption of the City of Charlotte New, Comprehensive Zoning Ordinance; Zoning Map Conversions; and Zoning Ordinance Transition Process.

Staff Resource: Stanley Watkins

Zoning Decisions

7. (91-19) Decision on Petition No. 91-19 by City of Charlotte (Jesus Christ Holiness Church) for a change in zoning from R-9 to R-6MF for a .463 acre site located on the northeast corner of Squirrel Hill Road and Mount Kisco Drive.

A protest petition has been filed and found sufficient to invoke the 20% rule, requiring affirmative votes of 3/4 of the Mayor and Councilmembers, not excused from voting, in order to rezone the property.

The Zoning Committee recommends that this petition be denied.

8. (91-33) Decision on Petition No. 91-33 by Candlewyck Homeowners Association for a change in zoning from R-PUD to R-6 for a 3.5 acre site located on the northwest corner of Lawton Bluff Road and Candlewyck Lane.

A protest petition has been filed and is sufficient to invoke the 20% rule requiring affirmative votes of 3/4 of the Mayor and Councilmembers, not excused from voting, in order to rezone the property.

The Zoning Committee recommends that this petition be denied.
9. (91-37) Decision on Petition No. 91-37 by Lavern Rabb and George Rabb for a change in zoning from R-9MF to R-6MF(CD) for an approximately 58,169 square foot parcel located on the north side of Tom Hunter Road at Log Cabin Road.

The Zoning Committee recommends that this petition be approved, as modified.

10. (91-44) Decision on Petition No. 91-44 by Smith Funeral Homes, Harold Smith, for a text amendment to Section No. 3042 of the City of Charlotte Zoning Ordinance, (Permitted uses in Office Districts) to permit funeral homes, embalming and crematories as a use by right in all office districts.

The Zoning Committee recommends that this petition be approved.

11. (91-45) Decision on Petition No. 91-45 by Charlotte-Mecklenburg Planning Commission for a text amendment to provide for vested rights in certain circumstances.

The Zoning Committee recommends that this petition be approved.

12. (91-46) Decision on Petition No. 91-46 by Eastland Ltd. for a change in zoning from R-9 to O-15(CD) for approximately 7.89 acres located on the west side of Wilora Lake Road, north of Hollyfield Road.

Councilmembers Patterson and Vinroot were excused from the hearing.

The Zoning Committee recommends that this petition be approved.

13. (91-47) Decision on Petition No. 91-47 by Child Acre Day Care Center, Inc. for a change in zoning from R-9 Special Use Permit and R-9 Conditional Use to R-9MF(CD) for approximately 7.9 acres located on the west side of Old Pineville Road north of Arrowood Road.

The Zoning Committee recommends that this petition be approved, as modified.
14. (91-48) Decision on Petition No. 91-48 by the City of Charlotte to establish zoning on approximately 3,382 acres located between Mallard Creek/Prosperity Church Road and Cheshire/Brown Road.

The Zoning Committee recommends that this petition be approved.

15. (91-49) Decision on Petition No. 91-49 by the City of Charlotte to establish zoning on approximately 4,388 acres generally located between Old Concord Road and I-85 extending from Rocky River Road to U.S. 29 and I-85.

The Zoning Committee recommends that this petition be approved.

16. (91-50) Decision on Petition No. 91-50 by the City of Charlotte to establish zoning on approximately 101.6 acres generally located on Dixie Road, West Boulevard, Paul Brown Boulevard, Nannie Price Road in the airport area and a 1.3 acre site located on Ford Street in the Oakdale community.

The Zoning Committee recommends that this petition be approved.

17. (91-51) Decision on Petition No. 91-51 by the City of Charlotte to establish zoning on approximately 762 acres located off Plott Road between Plaza Road Extension and Robinson Church Road.

The Zoning Committee recommends that this petition be approved.

18. (91-52) Decision on Petition No. 91-52 by the City of Charlotte to establish zoning on approximately 1,445 acres located south of the Airport between Billy Graham Parkway and Highway 160.

The Zoning Committee recommends that this petition be approved.
19. (91-53) Decision on Petition No. 91-53 by the City of Charlotte to establish zoning on approximately 1,349 acres located between Independence Boulevard and Margaret Wallace Road extending from Sardis Road North to Idlewild Road.

The Zoning Committee recommends that this petition be approved.

POLICY

20. Consider the speed limit on Colony Road in the Giverny subdivision.

Council Action

Council is asked to consider the speed limit on Colony Road in the Giverny subdivision. Council could consider two options:

- Monitor effectiveness of the 25 mph warning signs in the Giverny Subdivision for a period of six months after the road opens. CDOT will evaluate operating speeds and safety concerns during those six months, after which CDOT will report to the Giverny neighborhood and to City Council on the need for any changes.

- Adopt an ordinance lowering the speed limit on Colony Road which would become effective upon posting of official speed limit signs.

Colony Road

Colony Road, a minor thoroughfare, is being extended from Sharon View Road to Carmel Road. The 2,500 feet of the extension in the Giverny subdivision (west of Carmel Road) has a statutory 35 mph speed limit. Residents of Giverny have requested that Council lower the speed limit for this section to 25 mph. The remainder of the extension built by the City also will have a statutory 35 mph speed limit. The speed limits are based on the design speed of the roadway.
- Colony Road is a thoroughfare which does not currently qualify for Council's residential speed limit policy:
  - Must have less than 2,500 vehicles per day,
  - Must not be a major entrance to a neighborhood (outside Route 4), and
  - Must not be designed to be reasonably travelled at 35 mph.
- The residents are asking for an exception which only Council can approve.
- In response to residents' perceptions that 35 mph is too high, CDOT will install intersection warning signs with yellow 25 mph advisory signs on Colony Road. CDOT also will evaluate operating speed and safety factors during a six-month period following the opening of the extension, and determine if adjustments should be made in the posted limit or associated traffic controls.
- No parking will be posted just prior to Colony Road opening to through traffic. Parking has been allowed because of the current low volumes on Colony Road in Giverny.
- Speed limits on non-state maintained public streets in Charlotte may be lowered by Council without an engineering and traffic investigation.

Clearances: Charlotte Department of Transportation.

Staff Resource: Julie Burch

21. The following items are recommended for discussion at the October 7, 1991 workshop:

Housing policies and program review
Status report on FY92 budget and FY91 objectives
22. **Recommend rejection of offer to purchase Hampshire Hills Swim Club and develop as a neighborhood park.**

In October, 1990 the Hampshire Hills Swim and Racquet Club offered for sale to the City 5.5 acres for the tax value ($150,020). Appraised value $282,000.

<td>two tennis courts</td>
</tr>
</tbody>
</table>

The offer to purchase was rejected by City staff based upon:
- Cost to rebuild pool.
- Cost of demolition of pool.
- Costs to upgrade facility, playground, repairs, parking.
- Three parks within one mile radius.
- Maintenance impact on Parks and Recreation Department.

Swim club requested reconsideration; sale price reduced to $8,400.

Submitted request to Charlotte Advisory Parks Commission (CAPC). CAPC recommended purchase due to need for open space within this community and small size of nearby parks.

Salvation Army Boys and Girls Club offered $10,000 towards rehabilitation of the pool providing the City lease the site to them and they will operate as a public pool. At their last board meeting, the Boys and Girls Club determined that it is not in their interest to pursue this proposal.
Recommendation: City staff recommends against purchase for these reasons:

- Cost to rebuild pool and bathhouse to present code requirements - $215,000.
- Estimate of $90,000 to provide playground and upgrade site if pool is demolished.
- Presence of three parks within one mile radius.
- Maintenance impact on Parks and Recreation.
- Greater need in areas of the City totally without facilities.

</tr>
</tbody>
</table>

Maintenance - This work is accomplished by a 3-4 man crew. The current workload of Park Operations will not allow for additional work without the addition of staff. In lieu of additional staff, modifications to other maintenance schedules would have to be made.
Council Action: Council is asked to decide if it wishes to purchase the Hampshire Hills Swim Club, rebuild the pool or reject the offer. CAPC recommends purchase. Attached is information sent to Council on September 6, 1991.

Funding: The acquisition cost $8,400 could be covered by the Park Land Acquisition capital account. Repairs to the site, however, would displace high priority park improvement projects that address erosion and safety problems in existing parks.

Clearances: Parks Advisory Committee, Planning Commission and Parks and Recreation Department.

Staff Resource: Julie Burch

Attachment No. 2

23. Recommend approval of a joint use agreement for construction and operation of a park at the Highway 51/Strawberry Lane school-park site.

Council Action: Council is requested to approve a joint use agreement for the construction and use of athletic facilities at Highway 51 school/park site. This agreement will enable the City to operate these facilities as a public park and help provide for the recreational needs of south Charlotte.

Highway 51 School/Park: In July, Council approved a memorandum of understanding with the School Board which allowed for the transfer of land, sharing of design and construction costs for ballfields and development of a joint use agreement for use of facilities at the Highway 51 school and park site.

At the August 26 meeting Council approved land transfer.
Agreement

- The joint use agreement allows for:
  a) City pays for athletic facility design.
  b) City pays for ballfield lights and irrigation.
  c) City and school share construction costs for ballfields.
  d) School pays for design and construction of restroom facility.
  e) School pays for construction of football field.
  f) School pays for construction administration.

- Estimate of City cost approximately $540,000 for all improvements.
- Estimate of school cost approximately $680,000.
- City will let all contracts. Current schedule calls for construction contracts to be let in October, 1991.
- Maintenance will be provided by the City and costs shared with schools.
- Overall park maintenance estimated at $150,000 annually.
- Parking lots may be used by City for park users.

Funding: New Park Development Account.

Clearances: Park and Recreation, Engineering and Legal have reviewed this agreement.

Staff Resource: Julie Burch
Recommend approval of a loan between the City and Harris Electronics, Inc. for $337,000 from the Development and Revitalization Fund to assist in financing the acquisition of land, a new manufacturing facility and equipment needed to expand the company's production capabilities.

**DARF**
The Development and Revitalization Fund (DARF) is to provide public resources to promote revitalization efforts in targeted areas and to create jobs which would provide the potential for upward mobility for lower income persons to become self-sufficient.

**Harris Electronics**
Harris Electronics, Inc., began operations in Charlotte on October 1, 1981 and was established to provide manufacturing support to major corporations doing business in the electronics, computer and appliance industry.

- After the first five years, Harris Electronics added engineering and design support with special emphasis given to electronic instrumentation and control.

- Harris Electronics currently supplies, among other companies, CEM Corporation, IBM, AT&T, Frito-Lay, Clifton Precision, Homelite, DataSouth, Allied Bendix, M.A.N. Truck & Bus and Nissan Motors.

- Harris Electronics obtained a contract from Nissan Motor Manufacturing Corporation USA in 1986 to design and manufacture an electronic module used in their cars and trucks; however, in order to receive additional business from Nissan, a larger manufacturing facility will be required.
Harris Electronics is requesting funding from the City's Development and Revitalization Fund to finance $337,000 of the cost to acquire a new 12,213 sq. ft. manufacturing plant. The new plant, which will be located at 3032 Stewart Creek Boulevard in the Stewart Creek Business Park (off Beatties Ford Road at I-85 Service Road), is needed to meet the production requirement of Nissan Motors.

Public Purpose
This loan would directly benefit low-income city residents by the creation of new jobs.

The operations of Harris Electronics supports 31 jobs and approximately 37+ additional jobs will eventually be created after the company relocates to Stewart Creek Business Park and nears capacity.

The majority of the new jobs will be available to low and moderate income persons from the surrounding neighborhoods, such as University Place, Oakview Terrace, Oaklawn Park and Lincoln Heights, as well as low-income, unemployed city residents. (See Exhibit A for Planning Department's public purpose review.)

See attached addendum for details regarding costs, source of funding, loan terms, security and public purpose. (See Exhibit B for bank's commitment letter.)

Funding: Development and Revitalization Fund.

Clearances: The Economic Development Review Committee approved the loan on August 20, 1991. The Economic Development Revolving Loan Fund Committee approved the loan on September 6, 1991. (See Exhibit C for committee minutes.)

Staff Resource: J. W. Walton

Attachment No. 3
25. **Recommend approval of giving a 60-day option agreement contingent upon two conditions, to Trammell Crow Residential/Charlotte-Mecklenburg Housing Partnership for $195,000 to purchase and develop the Seversville School site into affordable housing.**

**Council Action**

Recommend City Council approve giving a 60-day option agreement to Trammell Crow Residential/Charlotte-Mecklenburg Housing Partnership for $195,000 to purchase and develop the Seversville School site into affordable housing. The option is needed to allow the developer to apply for North Carolina Housing Trust Fund Energy Loans in the total amount of $300,000 which are awarded by the North Carolina Housing Finance Agency.

**60-Day Option**

City Council approval of the 60-day option of $195,000 is contingent upon two conditions as follows:

1. The option is contingent upon the City's subsequent approval of a gap financing loan in the estimated amount of $195,000 in order to make the project affordable to persons earning 40% or less of median income. If the Seversville Redevelopment Plan is approved by the neighborhood, the developer's proposal will come back to City Council in October for the loan approval.

2. If City Council approves the option and the gap loan, the Seversville site will be sold by advertisement for upset bids and the sale left open for ten days to review such bids in accordance with N.C.G.S. 160-169.

Approval of this option provides the following advantages:

1. Provides the developer the opportunity to receive $300,000 in Housing Trust Fund loan monies needed to keep the proposed development affordable.

2. Provides the neighborhood organization an opportunity to have input and approval of a plan prior to redevelopment of any housing.
3. Provides City Council an opportunity to see the Seversville Redevelopment Plan in its final stage prior to approval of the City's gap loan request.

Seversville School

Sequence of Events

- June 25, 1990 John E. Offendahl, President of the Seversville Partners, Inc., appeared before Council and requested assistance in securing control of the vacant Seversville Elementary School for redeveloping the property into affordable housing.

- City Council requested that the City pursue control of the site, and Community Development staff was directed to work with the School Board staff to secure control of the school.

- City and School Board staff developed a memorandum of understanding between the City and the Board of Education authorizing the sale and transfer of the Seversville Elementary School at 1701 Sumter Street to the Trinity Group to develop a contract to be brought back to Council. The school has been transferred to the City. The School was appraised at $195,000 by an independent appraiser.

Joint Venture Proposal

- The developer, Neil Leach, doing business as the Trinity Group, initially proposed to rehabilitate the existing school up to 24 housing units for the elderly and build single family housing around the school.

- The developer has determined that it would be cost effective to demolish and now proposes in a joint venture with Trammell Crow Residential to acquire the property from the City, demolish the existing building, remove any environmental hazards and construct 47 apartment units, a maintenance room, laundry and a Community Center under a turnkey contract with the Charlotte-Mecklenburg Housing Partnership.
The developer will coordinate the design, arrange financing and build the project, which will be sold to the Charlotte-Mecklenburg Housing Partnership in mid-1992 for $2,438,166.

The Partnership will be the non-profit owner and will arrange for permanent financing.

The Partnership will:
- own the development and will assure that the project will continue to be affordable for low-income residents.
- will contract with an agency to manage the property.
- will also commit staff from their Pathway Program to provide family support services.

The development will have a community center with space for neighborhood uses.

Sept. 30 Deadline

The proposed development has been delayed in order to develop a comprehensive housing redevelopment plan for the Seversville Community as shown by the attached Exhibit A. The plan has not been officially approved to date, but Council member Hoyle H. Martin is setting up a meeting to review the plan with the Seversville community. However, to meet the September 30, 1991 deadline required by the North Carolina Housing Finance Agency for the application for Housing Trust Fund loans, an option from the City is necessary to establish site control as required by program regulations. A copy of the regulations is attached as Exhibit B. Also, letters from the developer and the Charlotte Housing Partnership are attached as Exhibit C.
ITEM NO. - 17 -

Funding: No funding required at this time. However, approval by City Council of an estimated $195,000 gap financing loan will be requested in October.

Clearances: Community Development Department and the Innovative Housing Committee. The Mandatory Referral review for the Seversville School was considered by the Planning Commission's Planning Committee on October 2, 1990. Planning staff indicates that no additional mandatory referral review is necessary because the Planning Committee considered both the acquisition and sale of the school site on October 2, 1990.

BUDGET ORDINANCE

27. Recommend adoption of a budget ordinance transferring $500,000 from the Water and Sewer Fund Unappropriated Fund Balance to the Water and Sewer Operating Fund to establish the sewer back-up claims insurance fund, and to purchase and install backwater valves.

Sewer Back-up Claims

On August 26, 1991, City Council approved a policy which provides for payment of citizens' damage claims resulting from sewage back-ups in the public sewer system, and to purchase and install backwater valves to prevent future claims.

Claims falling into this category will be those claims which are not the fault of the citizen and will carry a limit of $15,000.00 per claim.

Funding:

This action will transfer funds from the Water and Sewer Unappropriated Fund Balance to establish a reserve to pay qualifying claims during FY91 and FY92, and for the purchase and contract installation of 60 backwater valves for each of FY91 and FY92 at an average cost of $1,500. Future funding based on claims experience will be incorporated into the Water and Sewer operating budget.

Clearances: CMUD, Finance, Legal, Insurance & Risk Management and Budget.

GRANT/BUDGET ORDINANCE

28. Recommend adoption of a resolution authorizing grant applications to the Urban Mass Transportation Administration and the North Carolina Department of Transportation for FY92 transit assistance, and adoption of a budget ordinance appropriating estimated grant funds.

UMTA/ NCDOT Grant

Annually, the City applies for grants from the Urban Mass Transportation Administration (UMTA) and the North Carolina Department of Transportation (NCDOT) to assist in the funding of the transit program. UMTA's formula grant program, Section 9, allocates funds for both capital and operating assistance. In 1987 UMTA capped its participation in the City's operating assistance, at $1,294,211.
This year's capital program includes:

1. Replace supervisory vehicle $11,500
2. Purchase and install surveillance equipment; Timelapse VCR for CTS $2,000
3. Purchase and install automated telephone system for CTS information service $20,000
4. Purchase office furniture/equipment for CTS $7,000
5. Upgrade automated fueling system for CTS $64,000
6. Purchase four 15-passenger vans to expand Vanpool program $84,000
7. New service vehicle $11,500
8. Upgrade Management/Information System $160,000
9. New Computer Equipment $60,000
10. Radio Equipment $30,000
11. CTS Communications Equipment $50,000

Total: $500,000

Funding:

Capital assistance
- UMTA (80%) $400,000
- NCDOT (10%) $50,000
- City (10%) $50,000

Total Capital assistance: $500,000

Operating assistance
- UMTA $1,294,211

Total Operating assistance: $1,294,211

The resolution formally authorizes staff to submit grant applications to UMTA and NCDOT for the above items.

The budget ordinance appropriates anticipated funding from the capital equipment grant applications. The City's $50,000 match is from 1981 Transit Facility Bonds. UMTA operating assistance was appropriated in the FY92 budget ordinance.

Clearances: The City Attorney has approved the resolution as to form, and the Grants Review Committee has approved this application.
29. Recommend adoption of a resolution accepting Federal Aviation Administration (FAA) grant of $10,918,564 and adoption of an ordinance appropriating these grant monies.

**FAA Grant**

The Federal Aviation Administration has offered a grant of $10,918,564 to provide the federal share of funding for four airport projects.

The grant represents the Airport's FY91 entitlement funds of $6,618,564 and discretionary funds from the Aviation Trust Fund of $4,300,000. The City's share of project costs is $3,639,521 and has been previously appropriated through other Council actions.

The four projects are:

- $4,000,000 in discretionary funds to reimburse City for 80% for costs incurred to date in the FAR Part 150 home buyout program.
- $300,000 in discretionary funds and $300,000 from the Airport's FY91 entitlement funds to pay 75% of the costs of installing a new security system to meet the requirements of FAR Part 107.14.
- $235,500 from the Airport's FY91 entitlement funds to provide 75% of the cost of a new 1,500 gallon fire fighting vehicle to replace the Airport's 16 year old quick response vehicle. All other fire fighting apparatus is provided by the N.C. Air National Guard under a joint use agreement.
- $6,083,064 from the Airport's FY91 entitlement funds to provide reimbursement for 75% of the costs of acquiring land for Airport expansion approved by Council in the 1987 Master Plan Update.

**Funding:**

The ordinance appropriates Federal funds of $10,918,564. Council has previously appropriated Airport monies to cover the City's share of project costs. The City's share is debt serviced by the airlines through airport services fees and landing fees under the terms of their lease agreements.

**Clearances:**

The Airport Advisory Committee, the Federal Aviation Administration and the airlines concur in these projects.
AVIATION POSITIONS

30. Recommend adoption of an ordinance amending the Aviation Department table of organization to add four positions and other personnel actions to support upcoming FAR 107 requirements.

Airport Operations

As a result of the 1988 KPMG Peat Marwick organizational study of the Aviation Department, the airport operations function was restructured last year to accommodate changing conditions. It contains responsibility for law enforcement, for Federal compliance with FAR 107 (civil aviation security), with FAR 139 (airfield certification), and for janitorial services.

Control Center

On February 25, 1991, Council approved a contract to install access control devices for the first phase of security enhancements mandated by additional FAR 107 requirements. The following Bid section requests approval for the second phase of enhancements which includes increased closed circuit television surveillance and a modernized communications and control center.

Positions

Adequate staffing and expertise for the new control center will require an adjustment to the organizational structure and addition of four positions.

Add eight positions:  
Security Systems Specialist (1)  
Airport Operations Officer II (7)

Delete four positions:  
Airport Operations Officer (4)

Change classification of twelve positions:

Administrative Officer II to Airport Operations Officer III (1)  
Airport Operations Officer to Airport Operations Officer I (11)

Funding:  
The FY92 cost of these staffing changes is approximately $110,000. The Aviation Department budget will be monitored to ascertain the need for additional funds.
ANIMAL CONTROL REVENUES/POSITIONS

31. Recommend adoption of an ordinance estimating and appropriating revenues from enforcement of the new Mecklenburg County animal control ordinance and amendment of the Animal Control Department table of organization to add three positions.

On August 12, 1991, the Board of County Commissioners approved a new Mecklenburg County animal control ordinance which imposes a County-wide leash law, animal licensing and special regulations for dangerous dogs. The ordinance is effective October 1, 1991 and additional Animal Control Department staffing is needed for enforcement.

Revenues

Revenues from animal licenses and fines are projected at $159,000 in the first nine months of the program (remainder of FY92). The revenue projection for FY93 is $705,000. These projected revenues will offset 100% of the cost of adding three positions for enforcement purposes. Mecklenburg County will cover the full cost of the program.

The addition of three positions for the Mecklenburg County Animal Control Ordinance (two Animal Control Officers and one Dangerous Dog Task Force Officer) will maintain a level of services commensurate with that of the City.

It will be necessary to amend the City/County interlocal agreement to include this change. Amendments to the agreement will be brought back to Council on a later agenda.

Funding:

Mecklenburg County Animal Control Ordinance revenues.
BID LIST

32. Recommend adoption of the bid list as shown. The following contract awards are all low bid and within budget estimate unless otherwise noted. Each project or purchase was authorized in the annual budget.

A. Protective Clothing Fire Dept.
   Structural Fire Fighting

   Recommendation: By Acting Purchasing Director and Fire Chief that additional fire clothing be added to the existing contract with Fire Gear, Inc. (80-150) approved by Council on December 10, 1990.

   Project Description: This clothing will be used to outfit or replace firefighters' clothing. The contract includes the purchase of 149 sets of turnout gear used for fighting structural fires. The original request for quotation was sent to 25 companies and provisions were made in the contract for additional units. Additional bids at this time would not result in lower prices as there have been price increases since this contract was written.

   Source of Funding: General Fund - (Fire Department).

B. Water Meter Boxes-Concrete Utility Dept.

   Recommendation: By Acting Purchasing Director and Utility Director that the low bid, A&P Sewer Supply, Inc., in the amount of $51,147.65, be accepted for award of contract on a unit price basis.

   Project Description: Meter boxes are used in the installation of new water services and to replace broken boxes.

   Source of Funding: Water and Sewer Operating Fund - (Distribution Maintenance and Construction Supplies).
C. 1-Aircraft Rescue Firefighting Vehicle

Recommendation: By Acting Purchasing Director, and Aviation Director, with the approval of the Federal Aviation Administration, that the low bid of $317,035.00 with Emergency One, Inc., Ocala, Florida be accepted for award.

Project Description: This vehicle is needed to supplement present equipment to maintain a Class D rating for the Airport. The FAA has concurred on the need and will pay 75% of the cost.

Source of Funding: FY91 Airfield Improvements Capital Fund - (Aircraft Rescue Firefighting Vehicle - FAA and Airport Operating).

D. Graham Street Improvements

Recommendation: By the City Engineer that the low bid of $165,994.40, as submitted by United Construction Company, be accepted for award on a unit price basis.

Project Description: This project involves the installation of brick sidewalks and street trees on both sides of Graham St. between 7th Street and 10th Street. In November of 1985, City Council amended the Fourth Ward Redevelopment Plan to include brick sidewalks, underground utilities and decorative street lights on Graham Street and west of Graham Street. Improvements to Graham Street were funded in FY 86-87. Underground utilities are currently being installed.

Estimated Cost: $213,000.00
Low Bid: 165,994.40
Difference: $47,005.60 (22%)

Source of Funding: General Capital Improvement Fund - (Fourth Ward - West of Graham - General Revenue Sharing and Contribution from Friends of Fourth Ward).
Recommendation: The Aviation Director recommends that the multiple-prime contracts be awarded to:

ITEM NO. - 27 -

Project Description: In 1987, City Council approved the Airport Master Plan which included a 220,000 sq. ft. terminal expansion. This expansion will provide additional concessionaire leasing space, new connectors and moving walkways to B & C concourses and additional baggage handling facilities for the tenant airlines. The Council has previously appropriated these funds.

Source of Funding: Airport Terminal Capital Projects Fund - (South Terminal Expansion - 1987 Revenue Bonds).

F. Security Control Monitoring Area

Recommendation: The Aviation Director recommends that the multi-prime contracts be awarded as follows:

General: Jenison Associates, Inc. $731,164.00
Mechanical: Climate Conditioning $8,770.00
Electrical: IND-COM Electric Co., Inc. $25,872.00

NOTE: After negotiation with the general contractor the original bid amount of $919,233.00 was reduced to $731,164.00. This was accomplished by reorganizing the project but still provides the same functional system.

Bid Summary:

Single Prime
Jenison Associates, Inc. $959,058.00
Frank H. Conner Company 1,010,375.00

Multi Prime
General
Jenison Associates, Inc. $919,233.00*

The total of multi-prime contracts, $953,875.00, is lower than the single-prime bids submitted, therefore, multiple contracts are recommended. The total amount of the multi-prime contracts was reduced to $765,806.00 after negotiation with the general contractor.

**Project Description:** Under new Federal regulations the Aviation Department is required to provide a higher level of access control. This contract will provide video surveillance at access points and upgrading of the operations control center in order to comply with the FAA's requirements.

**Source of Funding:** FY91 Airfield Improvements Capital Fund - (Security Access - FAA Grant and Airport Operating).

**G. Special Transportation - Transportation**

- Spratt St. Facility - Interior Upfit
- Special Transportation/ Electronics Systems Divisions

**Recommendation:** By the General Services Director that project be awarded to Inside Moves Company of Charlotte, N. C., the low bidder in the amount of $74,929.17.

**Project Description:** Special Transportation Division has experienced rapid growth in the past two years needing additional personnel and 11 new positions have been approved for this fiscal year. The present facility space will not accommodate nor provide a suitable working environment for personnel to perform their duties. The requested upfit will provide additional office space, storage, ready room restroom facilities.

**Source of Funding:** General Capital Improvement Fund - (Relocation of City Divisions - Pay-As-You-Go Tax Levy).
H. Charlotte Convention Center Engineering
Site Demolition 1

Recommendation: By the City Engineer, based on the recommendation of the Construction Manager, that the low bid of $219,777.16, as submitted by Eaglewood, Inc., be accepted for award on a lump sum basis.

Project Description: This project consists of the demolition and off-site disposal of the former Young Ford buildings, the railroad bridge over Stonewall Street, the rails and ties from the south side of Stonewall to the south side of Second Street, and site improvements in preparation for the construction of the Charlotte Convention Center complex. The site is within an area bounded by College, Second, Brevard, and Stonewall Streets.

Estimated Cost: $458,945.00
Low Bid: $219,777.16
Difference: $239,167.84 (52%)

Source of Funding: Convention Center Capital Fund (New Convention Center - Certificates of Participation).

I. Charlotte Convention Center Engineering
Temporary Site Office

Recommendation: By the City Engineer, based on the recommendation of the Construction Manager, that the low bid of $95,303.70, as submitted by Marolf Construction, Inc., be accepted for award on a lump sum basis.

Project Description: This project involves the installation of temporary site offices for use by the City's project manager, the construction management team, representatives from the architectural/engineering group, and various consultants during construction of the Charlotte Convention Center. In addition, the facility will be utilized for monthly progress meetings, weekly contractor's meetings and other required activities involving the 29 prime contractors on the project.
The building includes the renovation of an existing sales building and erection of a modular trailer. The modular trailer will become the property of the City of Charlotte upon completion of the project. Site improvements associated with the above work, including utilities, minor paving access ramps, and temporary fence erection and removal are also included.

Source of Funding: Convention Center Capital Fund - (New Convention Center - Certificates of Participation).

EASTERN AIR LINES SETTLEMENT

33. Recommend adoption of an ordinance appropriating $296,021 from the Airport Discretionary Fund and approval of purchase of Eastern Air Lines leasehold improvements at the Airport for $296,021.

Eastern Air Lines

Eastern Air Lines ceased operations on January 18, 1991 and the City has been negotiating with Eastern and the bankruptcy court to regain control of all facilities.

Eastern Air Lines:
- leases one boarding gate and owns one boarding bridge.
- subleases from USAir ticket counter and baggage space.
- leases 8550 square feet of cargo building and owns a 6000 square foot maintenance building on leased land.

Settlement

The Airport has negotiated a settlement with Eastern Air Lines that will pay Eastern $338,938 less back rents of $42,917 for the following:

1. release of boarding gate;
2. purchase of 6000 square foot equipment maintenance building built by Eastern (construction cost $417,664);
3. purchase aircraft loading bridge owned by Eastern (approximate cost new $120,000);
4. release of 8,550 square feet in cargo building which Eastern controls rent free until 1999;
5. purchase of assorted boarding gate seating furniture from Eastern.
The Airport intends to retain the boarding gate and rent to other airlines on a per use basis. (i.e., an airline would not need to sign a lease to serve Charlotte.) The Airport will rent other space to suitable tenants.

Clearances: The Airport Advisory Committee and Bankruptcy Court concur in this recommendation.

Funding: Airport Discretionary Fund.

AGREEMENT/BUDGET ORDINANCE

34. Recommend approval of an agreement with Mecklenburg County for the City's Cable Television Division to assume partial responsibility for the administration of County's cable television franchises and adoption of a budget ordinance for $25,000.

Cable Agreements

Mecklenburg County has requested assistance from the City's Cable Television Division in administration of its cable television franchise agreements with Vision Cable of North Carolina, Inc. and Lakeside Cable, Inc.

Agreement with County

An agreement was negotiated with the County to provide specified services under the following general categories:

- Administration of existing franchises;
- Negotiations relating to current/future franchises;
- Staff liaison with cable television operators.

In return for these services, Mecklenburg County will pay the City $25,000 in FY92 to provide additional staff/support to the Cable Television Division.

In future years, provision of these services will be incorporated into the City/County interlocal agreement. The completion time for negotiation of the cable television services agreement prohibited inclusion of these services under the joint agreement for FY92.
Funding: Mecklenburg County.

Clearances: Mecklenburg County Commissioners approved this agreement September 3, 1991. Document was reviewed by City Manager's Office, General Services and City Attorney's Office. Budget additionally reviewed the proposed line item adjustments to the Cable Television Division budget for FY92.

AGREEMENT

35. Recommend approval of an agreement for $61,766 with Frank C. Cockinos and Associates, Inc. of Charlotte to provide planning services for Williams Lake Dam and design services for Village Lake Dam.

Unsafe Dams

- In March, 1988, the State identified several dams within the City which have a public street on the crest that did not meet the requirements of the North Carolina Dam Safety Act. Williams Lake Dam and Village Lake Dam were two of the dams identified.

- The City immediately contracted with Law Engineering, a consultant experienced in the design and repair of dams. Law Engineering found the probability of immediate failure of these dams to be low.

- The City Attorney determined that the City controls street rights-of-way across each dam but does not in fact own any of the property. Since the Dam Safety Act holds the owner(s) of a dam solely responsible for its condition, it was determined the City is not legally responsible for repair of the dams.

Since there was no immediate threat, it was deemed inappropriate to spend further City funds without Council direction.
**Village Lake Dam**

- In January, 1989, a citizen group from the Village Lake area addressed Council to request City assistance.

- On February 13, 1989, Council agreed to pay one-half of the cost of the engineering study necessary to determine the extent and costs of needed repairs for Village Lake Dam. The study is complete and has been approved by the State.

- In August 1990, City Council agreed to fund a major portion of the costs associated with Village Lake Dam, with the remainder of the amount being paid by the property owners adjacent to the lake.

- This agreement with Frank C. Cockinos provides for the design of the dam repairs and construction observation services to allow for certification of the dam at its completion in accordance with the North Carolina Dam Safety Act of 1967.

**Williams Lake Dam**

- Because the property owners were unwilling to provide their share of the cost of the study, we proceeded with higher priority dams.

- On January 14, 1991, the Unsafe Dam Policy was approved by City Council. Under the policy, the City pays costs equal to installing a culvert plus 80 percent of the additional costs associated with repairing a dam. The remaining 20 percent will be assessed to all property owners in the drainage basins. Williams Lake Dam will be the first dam to be administered under the Unsafe Dam Policy.

- This agreement provides for the planning study to be performed by Frank C. Cockinos and Associates, Inc.
* Upon completion of the planning study, a public hearing will be held and City Council will decide whether a culvert should be installed with the City paying 100 percent of the cost, or the dam should be repaired, with the property owners being assessed 20 percent of the cost.

**Funding:** Storm Drainage Improvements Capital Account.

**Clearances:** The contract has been reviewed and approved by Engineering staff and reviewed by the City Attorney.

**CHANGE ORDER**

36. **Recommend approval of Change Order No. 3 for $62,400 to the contract with Howard Management Group Of Greensboro, North Carolina for construction of an extension of the 54-inch water main - contracts F and G.**

**Contract:** Extension of 54-inch water main-contracts F and G

**Contractor:** Howard Management Group of Greensboro

**Date Awarded:** May 22, 1989

**Amount:** Combination bid - $4,798,000

**Project:** Extension of existing 54-inch feeder main from Vanizer Street to Franklin Treatment Plant on Highway 16.

**Water Line**

During construction of the water line (contract F), HMG encountered a concrete pavement base underneath the existing asphalt pavement on Tuckaseegee Road. A claim was submitted by the contractor for additional costs associated with removal of the concrete base.

* Construction of this project is complete and final payment is pending contingent upon the claim submitted by HMG for additional payment for costs associated with removal of the concrete base.

* HMG originally requested an additional $123,757 for labor, equipment, and administrative costs associated with removal of the concrete base on Tuckaseegee Road.
The Utility Department reviewed HMG's claim again for justification of additional payment.

After review, discussion, and re-examination of the documentation, CMUD and HMG negotiated an agreement to settle HMG's claim for $62,400.

The City Attorney's Office participated in the negotiations and agrees that this settlement is in the City's best interest.

The Utility Department has informed HMG that this settlement by the City should not be considered as an admission of liability. CMUD stands behind their original decision that it is and was the contractor's responsibility to investigate construction conditions prior to bidding of the project. No liability is admitted for any amount related to this claim. However, a settlement of $62,400 would be in the best interest of both parties and would allow final payment and close-out of this project.

Funding:
Transmission Main - Franklin Plant to 54-Inch Water Main Capital Account.

Clearances: The Utility Director and Deputy City Attorney recommend approval of this change order.

Clearances: The loan package has been reviewed by the Community Development Department, and all criteria to qualify for financial assistance have been met by the applicant in accordance with the requirements outlined in the Community Development Standard Rehabilitation Loan Program.

Attachment No. 13

HOUSING CODE

38. Recommend adoption of an ordinance authorizing the use of In Rem Remedy to demolish and remove the dwelling located at 1929 Woodcrest Avenue (Wilmore).

Detailed information is attached.

Funding: Funds for this action are available and a lien will be placed against the property for cost incurred.

Clearances: Community Development Department.

Attachment No. 14

STORM DRAINAGE

39. Recommend adoption of a resolution to repair the storm drainage system at 3825 and 3833 Riverbend Road and assess a portion of the cost to the involved property owners in accordance with the Storm Drainage Repair Policy.

Location of Drainage Problem: 3825 and 3833 Riverbend Road

Ranking: Moderate Priority

Improvements To Be Made: Repairing existing inlet and replacing approximately 20 linear feet of 24-inch pipe. A new frame and grate will be installed on the existing inlet.

Total Cost of Repairs: $3,500.00

City's Cost: The City will pay for 50% of improvements on private property ($1,750.00).

Involved Property Owners' Cost: The property owners will pay for 50% of improvements on private property ($1,750.00).
Hearing Requirements: No public hearing is required since all involved property owners signed the petition.

Funding: Storm Drainage Repair Capital Account.

SURPLUS PROPERTY

40. Recommend (1) declare City-owned property located at 4138 Shamrock Drive (Tax Code 101-031-10) as surplus contingent on the Planning Committee's review and approval of the mandatory referral, (2) authorize the Community Development Department to offer it for sale to the Charlotte-Mecklenburg Housing Partnership, (3) accept an offer to sell this property for $26,485 with certain conditions, and (4) advertise the property for upset bids with certain conditions.

Description The property at 4138 Shamrock Drive is zoned R-9, contains .241 acres and the vacant house has 1,061 square feet. The property is one of the ten scattered site VA, FHA and HUD repossessed dwelling units purchased in 1979 by the City in partial fulfillment of the Harris/Kannon lawsuit.

Since September 1986 the property has been managed and maintained by the Charlotte Housing Authority, through an agreement with the City, as a rental housing unit. The City does not routinely perform property management; therefore, Community Development wishes to divest interest in this property and sell the other nine scattered sites purchased in 1979.

Details are attached including information on needed repairs, conditions of sale, and a map.

Funding: No City funding involved in the sale of this City-owned property. The Charlotte-Mecklenburg Housing Partnership is processing a mortgage application through its loan consortium for the Community Development relocatee for a permanent loan.
Clearances: All City departments have been canvassed with no department expressing an interest in retaining this property for City use. The Planning Committee was to review the mandatory referral on September 17, 1991, but the meeting was postponed because there was not a quorum present. The meeting has been rescheduled for September 24. All criteria to qualify to purchase this property have been met by the Community Development relocatee in accordance with the contingent conditions outlined above.

Attachment No. 15

TAX REFUND

41. Recommend adoption of a resolution authorizing the refund of certain taxes assessed through clerical error or illegal levy in the amount of $34,599.18.

PROPERTY TRANSACTIONS

42. Recommend approval of the following property transactions and adoption of the condemnation resolutions.

1. Project: Sards Road Widening
   Owner(s): Alton B. Widenhouse, Jr. and Alice T. Widenhouse
   Property Address: 6400 Sards Road
   Property to be acquired: 1,644 sq. ft. (0.038 acre) fee, plus 2,009 sq. ft. (0.046 acre) Temporary Construction Easement

THOMAS POLK PLACE

With lofty buildings, imposing government structures, and upcoming facilities for art and athletics, Charlotte is a shining symbol of the ascendant South in the Twenty-First Century. However, in the midst of this modernity, we are constantly reminded from whence we came by the names of our predecessors, who laid the foundation upon which we build. Alexander, Brevard, Craighead, Harris, Graham, Barringer, Davidson, and many others surround us as we travel our city streets. One name is missing; it is the name of Thomas Polk, the original settler and founder of our city.

The new public park at the Square, across the street from his original home, would be appropriately named in honor of this man, who as a soldier, patriot, public servant, and entrepreneur promoted Charlotte and Mecklenburg County throughout his lifetime.

Here is a brief record of his accomplishments:

1750s Thomas Polk was the first settler to locate in what was to become the town of Charlotte. He built his house at the crossroads that is now the Square. On his holdings, he had several grist mills and saw mills.

1762 Thomas Polk was appointed a county magistrate, a position he held for many years.

1765 Thomas Polk successfully led the settlers in securing their rights on Lord Selwyn’s Sugar Creek Tract.
Thomas Polk was appointed one of three commissioners to lay out one hundred lots for a town on 360 acres of land supplied by Lord Selwyn.

The commissioners were also instructed to build a courthouse and other public buildings for the County of Mecklenburg.

Thomas Polk was a three-time member of the North Carolina House of Commons under royal rule (1765-1771), where he secured Charlotte’s designation as a county seat.

Thomas Polk was one of the trustees who founded the original Queen’s College. He sold the Board the land on which it was built.

Thomas Polk, as commander of the military district, called the meeting that resulted in the writing of the Mecklenburg Declaration. He read the document to the people from the courthouse steps.

Thomas Polk served one term in the Provincial Congress.

Colonel Thomas Polk, along with Colonel Griffith Rutherfordton, led the successful "Snow Campaign" against the Scovellites, loyalists who were terrorizing the South Carolina countryside.

Thomas Polk ran unsuccessfully as a candidate to represent Mecklenburg County at the Halifax Convention, which wrote the new North Carolina Constitution.

Colonel Thomas Polk commanded the North Carolina Fourth Regiment, under General George Washington, at the battles of Brandywine and Germantown. He and his men spent the following winter at Valley Forge.

Thomas Polk served for a while as commissary general to Gen. Horatio Gates' army before the Battle of Camden.

Thomas Polk’s home was requisitioned for General Cornwallis’ headquarters during his stay in Charlotte. It was the only painted house in town. During that time, Thomas Polk was traveling the countryside recruiting militiamen for the American forces.

Thomas Polk served as sheriff of Mecklenburg County.
As legatees of the brave and resourceful men and women who founded our city, we must remember that we, too, are bequeathing a legacy to our descendants. In what better way could we remind them of their heritage than by designating the greenway at the Square THOMAS POLK PLACE.

Re: Hampshire Hills Swim Club

Dear Mrs. Adams:

Thank you for your letter of July 9, 1991 expressing the Advisory Parks Committee's views on the Hampshire Hills Swim Club. I have asked the Capital Projects Advisory Group to review the swim club's proposal to sell their property to the City for the amount of their indebtedness (approximately $8,400), providing the property remain as community open space.

The Capital Projects Advisory Group is made up of major department heads who review this type of project and provide me with their advice on the proposal.

In our review of this proposal, we took into account your comments concerning your view of the need for walk in playgrounds within neighborhoods and the offer of the Salvation Army to assist in rehabilitation of the swimming pool and operation of the facility.

It is our opinion that the purchase of this property should not be recommended to City Council. This view is based upon:

a) The presence of three park facilities within one mile of this site. The Park Standards, adopted by Council in 1989, recommends a service area for neighborhood parks to be 3/4 to 1 mile. There are three parks within one mile of this site. All of these nearby parks are small and have limited facilities. There are, however, many neighborhoods throughout the City that have no public park facility within a one mile radius. We feel any acquisition and development monies should be used to serve those areas first.
b) The cost of pool rehabilitation and the policy on swimming pools as set out in the 1989 Parks Master Plan.

Staff investigated the existing swimming pool and developed an estimate of the costs to bring the pool into compliance with current code. The facility requires a new gutter system, filter system, main drains, chlorine feed system, deck surrounding the pool, expanded bath house and a roof for the pump house. Estimated cost for these repairs is $215,000 - $230,000. The Park Master Plan recommends that swimming pools only be constructed at high schools by the School Board and at large recreation centers when they are developed.

c) Development and maintenance costs. Should the City purchase the property and not rebuild the pool, additional development costs will occur.

- Cost of pool demolition $20,000
- Playground and picnic area 40,000
- Basketball court 15,000
- General cleanup and tree removal 5,000
- Walkways, parking, signs, trash cans, etc. 5,000
- Fences, backstop 5,000

$90,000

In addition, the tennis courts will be in need of resurfacing on a regular basis. It is estimated this would add about $7,000 to our tennis maintenance program. It is true that these costs could be programmed to be accomplished in the future but based upon our needs in our existing parks these upgrades would be many years away. These costs are particularly significant when you again take into consideration the presence of similar facilities within one mile.

d) Salvation Army Offer

The offer of the Salvation Army Boys and Girls Club is to provide up to $10,000 for pool renovations. They would then wish to lease the pool from the City and operate it as a public facility. They would also maintain the property throughout the year. The Boys and Girls Club offer would still commit the City to a heavy Capital Outlay for park improvements.

As you are well aware, the maintenance capabilities of our Park Operations Division are heavily taxed, particularly during this time of
Page Three
Mrs. Mahlon Adams

extremely tight budgets. Although the needs for maintenance of this site would be relatively small, we cannot stretch our forces to provide for the estimated 400-600 man hours per year that would be required.

We intend to place the questions of acquisition of this property before City Council at the September 23rd meeting and have a Council Action Request prepared noting your views and staff recommendations.

Sincerely,

O. Wendell White

Public Purpose Review

The Harris Electronics' proposal will fulfill all three objectives of the Beatties Ford Road Small Area Plan by relocating an expanding business in the area, which will improve the area's economic viability, upgrade the community's image and improve the quality of life there through job creation. The Beatties Ford Road corridor is a targeted area that the City desires to promote economic growth and development. Harris Electronics is a growing company and this site will permit future construction as the business grows.

This loan will directly benefit low income city residents by creating 37+ new jobs. The jobs to be created are:

SUBJECT: Harris Electronics (91-4) and Precious Child Academy (91-5) D.A.R.F. Requests

Attached are Planning staff's review of both the Harris Electronics and Precious Child Academy D.A.R.F requests. As outlined in the Policy Framework, Planning staff's review addresses each proposal's public purpose, how it will serve community needs, as well as land use and urban design considerations.

My staff recommends that each proposal proceed on to the next stage of review, provided certain approvals, outlined in each report, are obtained. If there are any questions, please feel free to contact Dick Black or Keva Walton on my staff.

Based upon information submitted in the Harris Electronics Proposal, 37 jobs would be created. The proposal indicates that a majority of the new positions will be made available to low income, unemployed or underemployed County residents. Residents from surrounding neighborhoods will be utilized in filling these positions. Also, Harris Electronics represents a minority enterprise which is a targeted group identified in the Public Purpose statement. Consequently, by providing job opportunities to neighboring residents and representing a minority enterprise, the public purpose statement as outlined in the Policy Framework would be satisfied.

B. Needs

The information submitted proposes to provide employment opportunities with hourly wages ranging from $4.75-$11.00 per hour. Employees will receive training opportunities annually to enhance individual skill levels and job performance. This provision satisfies the Needs Statement as outlined in Policy Framework by creating jobs which have the potential for upward mobility and adequate pay which would allow an individual or family to become self sustaining.

This proposal also satisfies the Needs statement by promoting a revitalization effort in an area targeted by public policy. The District Plan General Policies document emphasizes the importance of establishing a healthy, economic base and providing a variety of employment opportunities within each district. The Northwest District Plan approved by the Charlotte-Mecklenburg Planning Commission in November 1989 encourages a more balanced mix of employment uses, with focus on new employment opportunities differing from the more heavy manufacturing types of businesses. The Harris Electronics proposal as presented would be in conformance with this objective.

C. Land Use and Urban Design Considerations

The Harris Electronics site is located in an I-1(CD - Conditional District) zoning designation. This zoning classification is appropriate for the use as proposed. On June 18th, 1990 the Charlotte City Council approved the rezoning of this site from O-15 to the current I-1(CD) designation. This rezoning was granted based upon development of the site as presented on the site plan and the attached conditions. The conditions of that approval were as follows:
- Proposed Phase I Maximum Building Area: 12,213 square feet
  (It is important to note that the proposal as submitted indicates that the total square footage of the facility totals 12,500 square feet. Square footage in excess of 12,213 square feet would be in violation of the conditionally approved rezoning. If the building exceeds the approved square footage, conversation with the Site Plan Administrator will need to take place regarding an administrative site plan amendment.)

- Proposed Manufacturing Area: 9,213 square feet

- Proposed Office Area: 3,000 square feet

- Proposed Parking: 37 spaces

- Required Parking: 30 spaces

- Proposed Phase II (not to consist of more than 21,000 square feet) shall be subject to Planning staff site plan review and approval, and expansion shall retain the design commitment as reflected in the approved building elevation.

- A perimeter planting strip eight feet in width composed of either small maturing trees (minimum 2 inch caliper) and eight feet in height spaced thirty feet on center or large maturing trees (minimum 2 inch caliper) and eight feet in height spaced forty feet on center shall be installed.

- One tree per 10,000 square feet of impervious surface in parking areas, and no parking space is to be further than sixty feet from a tree. Also, at no point will any impervious area have less than 10% landscaping. Screening material along Hoskins Road shall be composed of shrubs at a minimum of three feet in height.

- The area indicated on the site plan as existing vegetation consists of a combination of trees and undergrowth. This area is to remain undisturbed except for necessary selective clearing. In addition to remaining existing vegetation, photinia or other screen planting shall be used to supplement this area. The property owner shall be responsible for maintaining this area on a regular basis to insure a quality view relationship to nearby residential areas.

- Additional right-of-way along Hoskins Road was to be dedicated prior to the issuance of a building permit.

In addition to the above conditions, the following operations are not to occur on this site:

1) Automobile repair garage - including engine overhaul, body and paint job and similar operations

2) Fuel Oil Distribution
3) Motorcycle Retail Sales and Repair
4) Trucks, tractor and trailer units, retail and wholesale sales
5) Tire recapping and retreading
6) Demolition landfill
7) Regional fuel facilities
8) Hazardous material storage (as a principle use)

Planning Staff Assessment:

The Harris Electronics proposal falls within the Policy Framework by:

- benefiting low income, unemployed, or under employed County residents;
- representing a minority enterprise;
- creating jobs which have the potential for upward mobility and for adequate pay which allows an individual or family to become self sustaining, and;
- promoting revitalization efforts in an area targeted by public policy.

Because this proposal received conditional approval contingent upon conformance with the previously listed conditions, the site will need to be evaluated by the office of the Zoning Administrator to determine if the Harris Electronics site is in conformance with the conditions specified on the City Council approved site plan.

Consequently planning staff recommends that this proposal proceed to the next stage in the review process. However, no approvals should be granted until it has been determined by the Zoning Administrator that the site is in conformance with the approved conditional site plan.

RE:          HARRIS ELECTRONICS, INC./3032 STEWART CREEK BLVD.

I have reviewed the approved Conditional District Plan, Petition #90-27 dated
June 18, 1990. In accordance with the approved plans, Harris Electronics is
permitted to utilize 9,213 square feet for its manufacturing or assembling and
3,000 square feet for the office use. The maximum building area is restricted
to 12,213 square feet for the entire use with 30 parking spaces.

The approved plan specifically limits the amount of manufacturing and office
use on the site. However, this office could interpret any area of use which
could be construed manufacturing or office at your request.

If I can be of further assistance in this matter, please contact me at

RE: $375,000 Term Loan to Harris Electronics, Inc.

Dear Larry:

First Citizens Bank and Trust Company (the "Bank") hereby extend to Harris Electronics, Inc. (the "Borrower") a $375,000.00 term loan commitment to purchase a building located in Stewart Creek Business Park, Charlotte, N. C. 28216. The loan shall be subject to the terms and conditions set forth herein and loan requirements attached:

Contingency:

This commitment is contingent on the following conditions:

1. Approval by the Bank of an appraisal prepared by an appraiser satisfactory to the Bank.

2. Approval from the City of Charlotte of financing for a $337,000.00 term loan including the following terms:

   a. 3% interest rate per annum
   b. 30-year amortization
   c. 10-year balloon payment
   d. Interest only for first year, payable monthly
   e. Recapture net income in excess of 2 times current maturity of long term debt (approx. $50,000) and reduce bank and city debt proportionately.

Purpose:

Purchase 12,500 S.F. office/warehouse building located in Stewart Creek Business Park, Charlotte, N. C.

Borrower:

Harris Electronics, Inc.

Loan Amount:

$375,000.00

Interest Rate:

10 75% Fixed for five years
Commitment Fee:
$3,750.00

Term:
Balloon payment due 5 years from note date

Repayment:
Beginning one month from note date, Borrower will pay consecutive monthly installments of interest until September 1, 1992. Beginning October 1, 1992, Borrower will pay 59 continuous monthly payments of principal and interest. Principal plus all accrued interest will be due and payable with the 60th payment unless the Bank extends and renews the loan. Repayment of principal and interest is based on a 20-year mortgage amortization.

Prepayment Penalty:
None

Guarantors:
The bank will require the joint and several guaranty as offered from:

Larry Harris and Hazel Harris

Collateral:
The Bank will receive a first deed of trust on the real estate located in Stewart Creek Business Park. Also, the Bank will require a General Security Agreement and UCC Filing Statements giving the Bank a valid and enforceable first lien on all assets of the company.

This loan commitment is subject to the loan requirements attached hereto and incorporated herein by reference all of which shall hereinafter be called the "commitment".

Upon acceptance of this commitment, First Citizens Bank and Trust Company will receive a commitment fee in the amount of $3,750.00. This fee is to be considered earned upon your acceptance of the commitment.

If this commitment is accepted, the loan to be made pursuant to this commitment must close by October 1, 1991 or this commitment, at the sole option of the Bank, shall terminate with no future responsibility on the part of First Citizens Bank and Trust Company.

This commitment cannot be changed, discharged or terminated orally, but only by an instrument in writing, signed by the party against whom enforcement of any changes, discharge or termination is sought. This commitment may not be assigned without the Bank's written consent.

MINUTES OF ECONOMIC DEVELOPMENT REV. LOAN FUND COMMITTEE MTG. OF 9-6-91

The Economic Development Revolving Loan Fund Committee met on Friday, September 6, 1991, in the County Personnel Conference Room located on the fifth floor of the Charlotte-Mecklenburg Government Center. Those attending were John Cockerham, Nancy Grant, Sandra Heartley, Kenneth Jefferson, Bernard Johnson, Claudia Kitzsch, David Thrash and Lawrence Toliver. Staff members present were Steve Washington and Peggie Flott.

Chairman Kenneth Jefferson called the meeting to order.

Minutes of the meeting of August 27, 1991, were unanimously approved.

Chairman Jefferson then called upon Steve Washington to inform the Committee on the findings requested at the August 27th meeting concerning the Development & Revitalization loan request for Larry Harris d/b/a Harris Electronics, Inc. in the amount of $337,000.

Due to the increase in Mr. Harris' business, he is requesting a Development & Revitalization Loan to expand his business by acquiring a new 12,213 sq. ft. manufacturing plant in a specified area built by S. E. Honduras Company to accommodate his needs which would include office space. The new plant is needed to enable Harris Electronics to have the capacity for additional business from Nissan as well as Toyota, Honda and other manufacturers such as IBM who have approached him about contracting work. Harris presently cannot supply additional Nissan and/or the other firms parts with his present facility.

The decision of the Committee at the August 27th meeting was to table the loan request as they felt that the projected cash flow was not sufficient to service the debt. Mr. Washington was requested to renegotiate the terms of the bank loan with First Citizens Bank recommending that they, along with the City, defer payments for up to five years. After the deferment period, the income level should be calculated to determine what income would support a 1.5 to 1 coverage ratio.

Steve Washington talked with First Citizens Bank and was able to work out the following schedule:

**Terms of Loan**

1) First Citizens Bank
   - Rate: 10.75 Fixed
   - Term: 6 Years
   - Year 1 - Interest only
   - Year 2 - Loan to be amortized on the basis of 20 years with the unpaid balance due in a balloon payment at the end of the sixth year.

2) City of Charlotte
   - Rate: 3% Fixed
   - Term: 11 Years
   - Year 1 - Interest only
   - Year 2-11 - Loan to be amortized on the basis of 30 years with the unpaid balance due in a balloon payment at the end of the 11th year.
EDRLF Meeting of 9-6-91

Chairman Jefferson, along with Steve Washington, visited the site and again talked with Mr. Harris in an effort to get a better feel for the projected business opportunities.

With completion of the requested information and limited discussion, motion was made, seconded, and unanimously carried to approve the loan as requested.

With no other business to come before the meeting, it was adjourned.
PROPOSED STRATEGY FOR THE PRODUCTION OF A COMMUNITY DEVELOPMENT PLAN FOR THE SEVERSVILLE PROJECT

1. Councilman Martin will arrange a community meeting to discuss needs and concerns in the community.

2. A map of the community will be available with proposed projects highlighted.

3. Information concerning the rents, amenities and other services that would be a part of the proposed apartment project will also be made available at the neighborhood meeting.

4. After the meeting, Seversville Partners have agreed to pay a reasonable fee for a survey of the needs of the current residents particularly the occupants of rental housing on targeted streets.

5. Develop a community development plan in conjunction with all identified players.
POSSIBLE ROLES OF VARIOUS ORGANIZATIONS

CITY OF CHARLOTTE

Community Development Department

   a. After parcels are acquired, demolish dilapidated structures.
   b. Transfer land to Parks and Recreation or donate land to school to expand park.

6. Assist Charlotte-Mecklenburg Housing Partnership with providing financial assistance to demolish Seversville School and to construct the new multi-family housing units.

7. Continue to provide financial and technical assistance to non-profit organizations to construct new in-fill modular housing on vacant lots as well as to rehabilitate existing structures for re-sale to low and moderate income residents.

Other Departments

1. Parks and Recreation accept transfer of land and develop a plan for making the school playground into a community park within two years.

2. Police provide enhanced protection including neighborhood patrols.
3. City agree to assess the state of sidewalks, storm drainage system (including curbs and gutters), streets and other elements of the City-maintained infrastructure and determine the scope and cost of work to improve these elements to a standard acceptable to City. City further agrees to complete the required work as funds from its Neighborhood Reinvestment Funds permit.

CHARLOTTE-HECKLENBURG HOUSING PARTNERSHIP

1. Target the Seversville Community for concentration of some of its resources.

2. Work cooperatively with Community Development in acquiring dilapidated structures for infill lots for new construction and deteriorated structures for rehabilitation into homeownership opportunities.

3. Provide construction financing, acquisition/rehabilitation and mortgage money for homeownership opportunities in the area with residents of Seversville as priority for occupancy.

4. Apply for funding and develop the old school property into 47 apartment units.

5. Target current eligible residents of the Seversville community as priority for occupancy of this multi-family project.

6. Construct community room for use of neighborhood as well as residents.

HABITAT FOR HUMANITY

1. Commit to work in the Seversville neighborhood both in new construction and rehabilitation of existing structures.

NORTHWEST CORRIDOR CDC

1. Work with Seversville community in strengthening the neighborhood organization in the following areas:

   - Economic Development
     - Commercial Development and Revitalization
     - Job Creation

   - Affordable Housing/Neighborhood Revitalization
     - Development of New Infill Housing (expansion)
     - Acquisition and Rehabilitation of Existing Housing (preservation)
- Human Services Programs
  - Job Counseling
  - Housing Counseling
  - Consumer Credit Counseling
  - Etc.

SEVERSVILLE PARTNERS

1. Conduct survey of neighborhood (existing renters) to determine their interest in relocating to newly constructed units at Seversville's proposed apartment development.

2. Acquire lots for new construction.
   A. Vacant lots on the following four parcels have been identified and are under site control:
      1. Block 74: Lots 40, 42 already purchased.
      2. Block 74: Lot 39 to be acquired soon.
      3. Block 75: Lot 7 under contract.
   B. Infill housing will be developed by CMHP and private builder.

3. Continue human and youth services support to neighborhood.

SEVERSVILLE COMMUNITY ORGANIZATION

1. Participate in survey.

2. Participate in development of overall neighborhood strategy.

3. Identify key persons to be involved in looking at multi-family plans.

4. Participate in Charlotte-Mecklenburg Housing Partnership neighborhood advisory group.

Dear Mr. Leach:

This letter is a response to your question regarding site control. It is essential that the Seversville project have site control through a deed or option before being considered for approval. This requirement is listed on the attached excerpt from our Request for Proposals (see item four). It is necessary that we have confirmation of site control, as well as all other pending information, by September 30, 1991 in order to consider presenting the project to our board for consideration at its October meeting.

Sincerely,

Tim West
Housing Officer
1) The application must be complete, submitted on the proper form and received by 5:00 pm on April 5, 1991.

2) The application must meet the minimum standards established for return on amortizing loans which are identified in subsection 3.1.

3) The proposed project must meet all the eligibility requirements identified in section 4.

4) All applicants, except nonprofit organizations proposing homeownership projects, must have site control at the time of their application. Nonprofits that do not have site control at the application date, must identify their timetable for obtaining site control.

5) The application must identify the source(s) of both construction and permanent financing for the project, although a firm commitment is not necessary.

6) The application must provide pro forma information in the Agency's required format to demonstrate the need for Program funds and to demonstrate that the housing will be affordable to income-eligible households.

7) The application must include a letter from the local government indicating that the proposed project is in agreement with the jurisdiction's development plan, including zoning regulations, and provide evidence that public or private

Mr. J. W. Walton
Community Development Department
City of Charlotte
600 E. 4th Street
Charlotte, N.C. 28202

Dear J:

This letter follows the phone conversation with Neil Leach on September 14, 1991, regarding the proposed development of the old Seversville School property.

First, we want to thank you for the strong and steady support you and your department have given for this proposed low-moderate income housing development in the Seversville Neighborhood. The Comprehensive Plan for neighborhood revitalization which you and Pat Garrett of the Housing Partnership recently developed clearly indicates the importance of this proposed project for neighborhood renewal.

With the input and support of you and your staff and the staff of the Housing Partnership, we have put together a development proforma that works if we can secure the Energy Credits from the State Housing Trust Fund and the Tax Credits from the N.C. Housing Finance Agency. Under the authorization of the Charlotte Mecklenburg Housing Partnership, applications have been submitted to these State agencies requesting these funds for this project.

Because these agencies have deadlines for considering applications, the Seversville project now faces a very critical deadline itself. This item must get the City Council's September 23 meeting agenda. The deadline for the Energy Credit Application is SEPTEMBER 30, 1991. To fulfill all the requirements for this application, we and the Housing Partnership must show that we have control of the property.
To enable us to fulfill the requirement of the State Housing Trust Fund and keep the project viable, we are making the following proposal and asking your help to get it on the Council agenda for the 23rd:

We request the Charlotte City Council to authorize the Community Development Department to enter into an Option Agreement with the Charlotte Mecklenburg Housing Partnership for the sale of the Seversville School Property to be developed into low-moderate income housing. This option will be contingent upon the City Council's subsequent approval of a $195,000 loan to CMHP to purchase this property.

The Charlotte Mecklenburg Housing Partnership will enter into an agreement with Trammell Crow Residential and the Trinity Group to design, develop, and build the project for the Partnership.

The Housing Partnership staff has been in close contact with the State Housing Trust Fund and have been informed that our application will not be approved without evidence of control of the property. Thus, the project could lose $300,000 from this State fund unless documented control is obtained. This points to the urgency of our request.

We trust you will be able to get this item on the Council's agenda and help us win support for its approval.

If you have questions or comments, please call us at 342-0933 or Neil Leach at 334-8948.

Sincerely,

Trammell Crow Residential

City Clerk
1989
CMUD ADVISORY COMMITTEE

(7 Members)

Membership - Except for the member appointed by the City Council from the small towns, the other members must be chosen from the following categories with no more than two persons in each category by City and County appointment: real estate developer, water and/or sewer contractor, civil engineer specializing in water and sewer construction, financial expert, and neighborhood leader. No person is to serve more than two full consecutive terms, and the original staggered terms will count as full terms. For future appointments, which will be three years, coordination between the City and County must insure that there will never be more than two persons from each category.

Responsibilities - Review and make recommendations to City Council concerning the following:
all capital improvement programs for water and sewer facilities and changes to such programs;
proposed changes in the method for determining water and sewer charges;
proposed changes in policy for extending water and sewer service; requests for one or more specific extensions of the water and sewer system which have not been approved within a reasonable time by the Director of the Charlotte-Mecklenburg Utility Department (CMUD); proposed changes in the standard specifications for the installation of water and sewer facilities which have not been approved by the Director of CMUD; any matter related to water and sewer service as may be requested by the CMUD Director, the City Council or the County Commission. The Committee will sit with City Council and/or County Commission in public hearings on any matter required by the joint agreement. An annual report will be presented to City Council and County Commission on the operations of CMUD and on the activities of the Committee. No change will be adopted in the policies for extending water and sewer service nor in the method for determining water and sewer charges until a joint public hearing of the City Council, and the Committee on such change has been held and the Committee has been allowed at least thirty (30) days to develop and present its recommendations.

Unexp. 08/31/

Revised 08/01/
Ms. Pat Sharkey
City Clerk
City of Charlotte
600 East 4th Street
Charlotte, NC 28202

Dear Pat:

The Charlotte Uptown Development Corporation Board through an action of Council on July 22, 1991, now has three more business appointments that require action by elected officials. One appointment is to be made by the Mayor and the other two by Council.

The CUDC nominating committee would like to respectfully suggest to Council the names of two individuals that represent very distinctively different types of business. The first is Ms. Vivian Williams, a small retail business owner and the other, Mr. Billie Ray, Jr., an executive with a large corporation.

Ms. Williams is an entrepreneur who owns a successful womens retail shop in the Charlotte Plaza. She also works for the Charlotte Mecklenburg Board of Education as a Community Resource Coordinator. Ms. Williams has an impressive list of accomplishments as a member of various community boards and organizations. Among those are the Women Business Owners, United Way, Charlotte YWCA, Urban League, NCCJ Community School of the Arts, International Reading and Partners in Education.

Mr. Billie Ray is President of Southern Bell of North Carolina. He is involved in overseeing all aspects of the telephone company's operations in the State. He is an attorney with a strong track record in community affairs. Some of his activities include involvement in the boards of North Carolina Citizens for Business and Industry, Charlotte YMCA, Davidson College Board of Visitors, CPCC Foundation Advisors Board, Cities in Schools Charlotte Mecklenburg, Inc., Science Museums of Charlotte, N.C. Blumenthal Center for the Performing Arts, etc.

Both candidates would bring varied backgrounds and resources to the CUDC Board of Directors.

Sincerely,

Michael Schneiderman
EXECUTIVE DIRECTOR

SEP 18 1991
We appreciate your assistance in conveying the applications of these nominees to Council. Thanks so much for your help.

Sincerely,

Mike

Ruth Grier Loan

Ms. Ruth Grier applied for a rehabilitation loan in July 1991. Staff determined that it was not feasible to rehabilitate her house at 2616 Dr. Carver Road. The existing tax value of this property was $9,030 and the estimated cost to rehabilitate the structure was approximately $44,850. According to our Housing Code guidelines, if the repair estimates exceed 65% of the value of the house and the rehabilitation cost is close to new construction cost, demolition is recommended. Because the house will be demolished, Ms. Grier will be temporarily relocated. Ms. Grier earns 80% or less of the median income. Therefore, in accordance with City policy for relocation benefits, she is eligible to come on the City's relocation workload for replacement housing assistance.

In order to provide Ms. Grier with standard housing, various options were explored: (1) build a new house on site; (2) move an existing house to the site and rehabilitate it; or (3) buy an existing house. Ms. Grier was referred to the Charlotte-Mecklenburg Housing Partnership to determine if she would qualify to purchase a house, however, her fixed income was insufficient to meet the Partnership's loan criteria. Therefore, after consultation with Ms. Grier, it was determined that moving an existing house on-site and rehabilitating it would be the most feasible. A city-owned house near the airport will be relocated to Ms. Grier's lot. City Council has directed staff to preserve, when feasible, houses acquired by the Airport through their federally-assisted Noise Abatement Program.

Ms. Ruth Grier is a widow, who is 68 years old and receives Social Security benefits in the amount of $304 a month. This is her only source of income.

Under the Standard Rehabilitation Program approved by City Council on June 28, 1982 and amended on October 12, 1987, a family is to pay no more than 30% of their gross monthly income, less federal taxes, toward housing expenses. Housing expenses are defined as principal and interest payments, real estate taxes and insurance. Based on the 30% rule, Ms. Grier would qualify for a 3% interest loan of $10,476 to be repaid in monthly installments of $58.14 and a Deferred Payment Loan (DPL) of $45,459, which becomes due and payable in full in 20 years or at the death of Ms. Grier or the sale, rental or refinancing of the house. A lien in the amount of $55,935 will be placed on the property. This will regenerate our loan funds for future needs of lower-income families.
An analysis of Ms. Grier's income and projected housing expense is listed below. Her household income is 13% of the median income for a family of one.

Based on a term of 20 years at 3% interest, Ms. Grier's principal and interest payment would be $58.14. The breakdown of total costs involved in this purchase is:

- Rehabilitation Cost $44,850
- Contingency $4,485
- Attorney Fees/Closing Costs $1,300
- Retention Value (Purchase Price) $5,300
- Total Loan Amount $55,935

The appraiser estimates the after-rehabilitation value of this property to be $70,000.
HOUSEING CODE

Recommend adoption of an ordinance authorizing the use of In Rem Remedy to demolish and remove the dwelling located at 1929 Woodcrest Avenue (Wilmore).

PROPERTY ADDRESS: 1929 Woodcrest Avenue; Census Tract #36, Council District #3; Neighborhood: Wilmore.

PROPERTY OWNER(S): Glenn McLaughlin and wife, Carolyn B.

Code Enforcement began on the above listed property as early as November 16, 1979 through the Building Inspection Department's Housing Division. On July 12, 1982, City Council passed an ordinance for the property to be vacated and demolished. The council moved to amend the motion that the effective date of the Ordinance would be 90 days from July 12, 1982 for the owners to bring the dwelling into compliance with the minimum standards of the City Housing Code and if repairs were made, to rescind the ordinance.

On October 13, 1982, an inspection revealed no substantial improvements. Beginning in April, 1983, Community Development staff began working with the McLaughlins to advise them on repairs and clean-up, to assist where possible with the clean-up, storage of furniture and to continue the "good faith" efforts of the City and the property owners to correct the Housing Code violations. A reasonable amount of progress was made on the dwelling and on June 11, 1984 City Council rescinded the demolition ordinance. On February 20, 1985, Community Development dismissed the case.

The dwelling was cited again on August 23, 1988 for exterior violations only and the corrections were made on December 13, 1988. On December 11, 1989, the property was assigned for inspection through Concentrated Code Enforcement due to a huge tree resting on the structure from "HUGO".

Date of Inspection: 3/8/90
Reason for Inspection: Field Observation (Concentrated Code Enforcement)
Owner(s) Notified of Hearing: 3/16/90
Hearing Held: 5/2/90
Owner(s) Ordered to Demolish Dwelling by: 6/14/90

The owners stated that they wanted to repair the dwelling; therefore, a Supplement Findings of Fact & Order was issued.

Owner(s) Ordered to Repair Dwelling by: 6/23/90
Owner(s) Granted Extension to Repair Dwelling by: 5/2/91
Estimated Value of Dwelling: $24,940
Estimated Repair (which is more than 65% of Estimated Value): $40,160
The repairs include: Major repair to the interior and exterior of the structure and excessive amounts of junk and debris throughout the house and in yards. Removal of dilapidated outbuilding and dilapidated fencing.

A title search was ordered on May 17, 1991 and received on June 28, 1991. The title search revealed there were no parties in interest to the property.

Our records show that no work took place for over eleven months. As of May 6, 1991, 15% of the violations had been corrected. The McLaughlins were advised that no additional time could be granted and since no sufficient progress had been made on the property, the original order to demolish would be enforced. The McLaughlins were referred to our Relocation Section for assistance through replacement housing. On the morning of July 9, 1991, a representative from the Relocation Section tried to perform a home visit with the McLaughlins but was unsuccessful. Mrs. McLaughlin called later reporting that they didn't want replacement housing.

On July 10, 1991, Mr. & Mrs. McLaughlin appeared at the Community Development Department requesting additional time to make the repairs at this property. They claimed that they could not comply within the past compliance time because Mr. McLaughlin was sick. Mr. McLaughlin stated that he wanted to make the repairs to the house himself with some outside help. They again declined assistance through our replacement housing program.

Community Development advised the McLaughlins that we would be willing to give additional time provided they do the following:

1. Provide Community Development with a statement that list the time frame in which Mr. McLaughlin was sick; and
2. Provide Community Development with a doctor's statement that would state that Mr. McLaughlin was now physically able to make the repairs to the building.

A statement was received from the Department of Veterans Affairs Medical Center concerning Mr. McLaughlin's treatment at the Center. His employer also sent a statement concerning his employment and job duties and a general statement from the McLaughlins was also received. The statements indicated that Mr. McLaughlin was on medical leave of absence from his employment from July 24, 1988 through July 23, 1989 and that Mr. McLaughlin's condition was stable on March 15, 1991. Copies of these statements are attached as Exhibit A.
The McLaughlins presently reside at 505 East Worthington Avenue, which is owned by Mrs. McLaughlin’s mother. Mr. and Mrs. McLaughlin are considered owner/occupants of 1929 Woodcrest Avenue and are eligible for relocation benefits, such as replacement housing. The McLaughlin’s daughter is presently living at the Woodcrest property.

Attached as Exhibit B is a chronological history of this code enforcement case.

Mr. Jay Walton
Community Development Dept.
City of Charlotte
600 East Fourth Street
Charlotte, NC 29202-2859

Dear Mr. Walton:

This is in response to Mr. Glenn McLaughlin’s request for us to provide information to the City of Charlotte Community Development Department. As we understand it, the information needed by your department consists of two parts:

1. A statement addressing the time frame in which Mr. McLaughlin was sick and medical information that documents Mr. McLaughlin’s state of health such that he can make the necessary repairs to his home.

As per the attached SF 544, please note the dates of treatment. Please also note the physician’s comments pertinent to Mr. McLaughlin doing well & being stabilized.

We hope that this has been responsive to your need. The federal regulations for the Department of Veterans Affairs preclude VA physicians and other employees from expressing opinions or conclusions concerning an individual’s degree of disability. Upon receipt of written direction from Mr. McLaughlin we would be glad to provide your office with copies from his medical record. Should you have further questions about this matter please do not hesitate to contact our Release of Information office at (704) 638-9000, extension 2601.

Sincerely,

Dear Mr. Walton

Glenn McLaughlin is currently a full time Machinist at Baldor/Powertron. Machinist job duties typically include running lathes, drilling, and other assigned duties. Lifting parts weighing 50 lbs or less is required. His date of hire was April 2, 1984. On July 24, 1988, Glenn was put on a medical leave of absence. He returned to work on July 23, 1989 and has worked full time since that date.

If you have any questions or if I may be of further assistance, please call me at (704) 525-8962

Sincerely,

Cheryl Johnson
Administrative Assistant
Dear Jay,

Just a note to let you know we have tried for you what you needed.
If this is not enough, some of the papers they will release copies of to Glenn. He signed release of information copies as much as he could. He has been working on the house since March as finances and weather allowed. He does work a full-time job. He was
on a lot of medicine when he first went to work again. His lung capacity was limited. He was under a dietician. He was on special foods and other things amongst rest. He has been steadily improving. He and whatever they ask him at work. He had perfect attendance. Does not leave work early. He has a permanently partially paralyzed lung that he has lived with since he was 22. He has paid for a trailer of three houses. He is running his power saw, chain saw, helping 2x12' fence, repairing roof. He still has to have some bed
rest but who can work in this extreme heat.

He would appreciate an extension of another year so as not to jeopardize "Jay.

Thanks Carolyn B.

P.S. I will write you up more of an explination if you need it.

CERTIFICATION

I, PAT SHARKEY, City Clerk of the City of Charlotte, North Carolina, DO HEREBY CERTIFY that the foregoing is a true and exact copy of an Ordinance adopted by the City Council of the City of Charlotte, North Carolina, in regular session convened on the day of , 19, the reference having been made in Minute Book , and recorded in full in Ordinance Book , at Page(s) .

WITNESS my hand and the corporate seal of the City of Charlotte, North Carolina, this the day of , 19.

PAT SHARKEY, CITY CLERK
Housing Policy Plan. Disposal of residual City-owned property to provide homeownership opportunities for low/moderate income residents is in accordance with disposition objectives and the City's Housing Policy Plan.

By returning 4138 Shamrock Drive to private ownership, additional tax revenues are anticipated, repair and maintenance of this property will be released from the City's responsibility and homeownership will be provided to a low/moderate income family, eventually acquiring this property, that had previously lived in substandard, unaffordable housing conditions.

Description

The property at 4138 Shamrock Drive is known as Tax Code 101-031-10. The area is zoned R-9, contains .241 acres and the vacant house has 1,061 square feet. The property is one of the ten scattered site VA, FHA and HUD repossessed dwelling units purchased in 1979 by the City in partial fulfillment of the Harris/Kannon lawsuit. Since September 1986 the property has been managed and maintained by the Charlotte Housing Authority, through an agreement with the City, as a rental housing unit. The City does not routinely perform property management; therefore, Community Development wishes to divest interest in this property and sell the other nine scattered sites purchased in 1979.

Repairs

This house has been vacant well over a year and needs approximately $10,515 code enforcement and electrical/plumbing repairs. These repairs, a result of cumulative wear and tear on the structure and minor vandalism, consists of approximately $3,600 in exterior work such as peeling paint, torn screens, missing downspouts, missing splash blocks, missing foundation vent screens, damaged vents; $3,700 in interior repairs to walls and floors, cabinets and doors which are deteriorated and damaged; general repairs in the amount of $1,375 for attic insulation and to correct poor drainage; and electrical/plumbing repairs in the amount of $1,840.
Mandatory Referral

The Mandatory Referral process has been initiated to provide a preliminary evaluation of selling this property, as it affects the community in general, other governmental projects which may be planned in the area and optimum use of the property. The Community Development Department recommends that they be authorized to sell the property.

Offer to Sell

On July 24, 1991 the Community Development Department received an offer to sell 4138 Shamrock Drive to a Community Development relocatee via the Charlotte-Mecklenburg Housing Partnership (CMHP). The relocatee has been pre-qualified by the CMHP. The property was appraised January 28, 1991 for $37,000 based on the property being purchased "as is". But, the appraiser commented that "the 'fair' condition of the dwelling would render it difficult to sell". The offer received on July 24, 1991 from the CMHP was for $37,000 less $10,515 for the cost of code enforcement and electrical/plumbing repairs or $26,485.

Conditions of Sale

Community Development recommends this offer contingent upon the following conditions:

1. Purchaser must utilize house for homeownership not rental property.
2. Purchaser's income must be 80% or less of the City's median income of $40,200 for a family of four.
3. Purchaser must currently reside in substandard, overcrowded or unaffordable housing; be on a master list for subsidized housing administered and maintained by the Housing Authority or currently reside in public housing units.
4. Purchaser can only be a low/moderate family or a non-profit corporation. If a non-profit corporation is the purchaser, the property must be resold to a low/moderate income family that meets the characteristics set forth above.
5. Payment of $26,485 purchase price at time of delivery of deed.

If City Council approves and proposes to accept this offer contingent on the special conditions, this property will be advertised for upset bids with the aforesaid conditions and left open for ten days to receive such bids in accordance with N.C.G.S. 160-169.
