(a) 160 feet of main in North Davidson Street, at an estimated cost of $375.00, to serve one family unit. All costs to be borne by the City, and deposit of $175.00 by Mr. G. R. Mallis to be refunded as per terms of the contract.

(b) 355 feet of main in South Dotger Avenue, at an estimated cost of $1,000.00, to serve one house and 3 vacant lots. All costs to be borne by the City, and deposit of $870.00 by E. C. Griffith Company to be refunded as per terms of the contract.

(c) 270 feet of main in Anlin Avenue, at an estimated cost of $415.00, to serve one family unit and one vacant lot. All costs to be borne by the City, and deposit of $215.00 by W. P. Coleman to be refunded as per terms of the contract.

PURCHASE OF WATER MAINS FROM M. LEE HEATH AND/OR OAKHURST LAND COMPANY.

Mr. Yancey, City Manager, stated that he was ready to make a recommendation with regard to the purchase of the water lines from Mr. M. Lee Heath and/or Oakhurst Land Company, pursuant to the resolution of the Council on April 22nd directing him to negotiate with Mr. Heath in regards thereto.

Councilman Albea moved that the matter be opened for discussion, which was seconded by Councilman Brown, and unanimously carried.

Mr. Yancey stated that these lines were laid originally under an old contract with Mr. Heath and/or Oakhurst Land Company, and that the City had purchased portions of these mains on two previous occasions when the city limits were extended, and that in the event of a further extension of the city limits to include these properties, the City would be obliged to either purchase these mains or construct new mains in lieu thereof.

That the contract price of $9,019.28 for the 14,643 feet of lines was arrived at by determining the cost as nearly as possible and allowing 2 percent per annum for depreciation, which was the same formula that had been used over the years for the purchase of water lines when taken into the city. Since these lines are outside the City it was suggested that some inducement be offered to justify their purchase at this time, and it was agreed by Mr. Heath to accept a deduction which would amount to interest at 2% percent for 5 years, it being a reasonable assumption that the lines would be incorporated into the city at the end of such period.

The City Manager further stated in response to questions, that the lines were constructed under the City's inspection and supervision, are in an entirely satisfactory condition at the present time, and there would be no hesitancy on the part of the City in purchasing the lines were they inside the city, and further that the Water Department officials concur in the recommended purchase.

Councilman Albea moved that the lines be purchased as recommended, which was seconded by Councilman Baxter, and unanimously carried.
CONTRACTS FOR CONSTRUCTION OF WATER MAINS AUTHORIZED.

Upon motion of Councilman Albee, seconded by Councilman Wilkinson, and unanimously carried, the following contracts for the construction of water mains were authorized:

(a) 1,500 feet of main and one hydrant, in Flynnwood Drive, at an estimated cost of $3,517.00, to serve 35 residential lots. All costs to be borne by the applicant, H. F. Wolfe. The said mains to become the property of the city if and when they produce a revenue equal to 5% of the cost during any 12 months continuous period.

(b) Supplementary contract to contract between the City and J. B. Archer et al entered into on September 5, 1951, for 500 feet of additional mains to serve residential property in Arnold Drive, at an estimated cost of $612.00. All costs to be borne by the applicant. Said mains to become the property of the City if and when the territory is incorporated into the City.
