CONSIDERATION OF STOPPING STREET BUSSIES AT THE SQUARE DEFERRED FOR ONE WEEK.

Mr. Clarence Bradshaw requested that Duke Power Company be permitted to stop their west bound busses at The Square as was formerly done, in lieu of passengers having to disembark at the College and Church Street stops. He stated the present plan worked a hardship on persons having to walk the three-quarters of a block to The Square to transfer to another bus, and the time element involved often resulted in missing the desired bus. Mr. Bradshaw also urged that something be done about the matter of transferring from one bus to another in the residential section, eliminating the necessity of going to The Square in order to complete a transfer.

Mr. Fred Bradshaw also requested that the busses be allowed to stop at The Square. He stated the 150-foot space at Liggett's Drug Store there are no store entrances that would be blocked by persons waiting on the busses, while at present the store entrance between The Square and College street are blocked by these persons. Also, it was understood that when the enlargement of Liggett's Drug Store was completed the bus stop at The Square for west bound busses would be restored.

Mr. H. E. Marks also requested that the change be made.

Councilman Boyd requested that the matter be deferred for one week in order that he might confer with the City Manager regarding the question. The Council concurred in the request.
