On motion of Councilman Hovis, seconded by Councilman Tipton, the reading of the minutes of the previous meeting was dispensed with at this time.

DAUGHTERS OF AMERICAN COLONISTS.

Mrs. Stewart and Mrs. Wyche, representatives from the Local Chapter, Daughters of the American Colonists, appeared before the Council with regard to the bronze tablet which this organization will place in the City Hall, submitting the wording of this tablet for the approval of Council, and asking the Mayor to accept same at a public presentation ceremony on March 30, 1937, at 10:30 A.M.

Thereupon, Councilman Baxter, seconded by Councilman Hudson, moved to approve the wording of the tablet as submitted. Motion unanimously carried.

COLORED TRUANT OFFICER.

Judge Marion Redd, of the Juvenile and Domestic Relations Court, appeared before the Council, urging the employment of a negro truant officer, as previously requested by Lawyer Sanders. He asked, however, that the salary of this man not be taken from his budget.

After discussion, Councilman Albee made a motion to defer the matter for one week longer and have report ready for next week.
No second.

Councilman Sides, seconded by Councilman Tipton, moved to pay one-half the salary of a man for this work, not to exceed a total salary of $75.00 per month, for the next four months; this money to be taken from the Contingent Fund and paid through the Juvenile Court.
Motion unanimously carried.

Councilman Sides in recommending that this be tried out for four months, stated that the County had already agreed to pay one-half the salary of $75.00 per month for this officer.

EXTENSION OF BUS SYSTEM IN MIDWOOD AND TUCKASEEGE ROAD SECTIONS.

The City Manager reported that he had conferred with officials of the Duke Power Company in regard to the extension of the transportation system in the Tuckasegee Road and Midwood Sections of the City, and that Mr. E. C. Marshall had advised that they were ready and willing to put on transportation in any area where the return would equal the cost of the service, but that surveys and investigations made in the past had convinced them that these proposed lines would not pay

the cost of operation. However, he agreed that while he could not make a
definite answer at this time, that he would have an additional investigation
and survey made and see if it could be worked out and will report to the
City Manager at a later date.

RECREATIONAL COUNCIL.

Mr. Marshall presented a letter received from Mr. Cartier
of the Charlotte Park & Recreation Commission with regard to the Coordinat-
ing Recreational Council, about which the P.T.A. recently interviewed the
Council. This letter recommended that the Council pass this matter on to
the Park and Recreation Commission, with the suggestion that they organize
what is known as the Charlotte Recreation Council.

After discussion, Councilman Sides, seconded by Councilman
Albee, made a motion that the Park and Recreation Commission be instructed
to investigate the matter and make recommendations, the City Council to
make appointments of a Council to carry on the program. Motion unanimously
carried.

WIDENING FOURTH STREET.

Mr. Marshall reported that the owners of the property on East Fourth Street, at Sugaw Creek, propose to erect a filling station adjacent to and over Sugaw Creek at this point, and that upon investigation, he finds that the street line narrows in at this point and causes a congested throat through which large volumes of traffic pass daily; that he had taken the matter up with the owner, Mr. T. E. Hamby, with a view to widening the street on the north side prior to the construction of the filling station, and Mr. Hamby has agreed to set this street line back 9 feet and to do the necessary additional work caused by this widening and convey this strip of property to the City for the sum of $5,000.00.

Mr. Marshall stated that if this permanent structure is built on the present street line that it will be very expensive and almost prohibitive to widen the street at this point in the future and recommended that this property be acquired out of the Street Widening Funds on hand, and this widening be accomplished.

Thereupon, Councilman Boyd, seconded by Councilman Sides, made a motion that Mr. T. E. Hamby be paid the sum of $3,000.00 for this strip of land in accordance with the above agreement. Motion unanimously carried.

Councilman Boyd introduced the following resolution and the same was read:

RESOLUTION PROVIDING FOR THE ISSUANCE OF $100,000 STREET IMPROVEMENT BONDS.

BE IT RESOLVED by the City Council of the City of Charlotte:

Section 1. That the City Council has determined and does hereby find and declare:

(a) That it is necessary immediately to issue all of the $100,000 Street Improvement Bonds authorized by an ordinance passed June 3, 1936.

(b) That the surface of the streets to be constructed from the proceeds of said bonds shall be constructed of bricks, blocks, sheet asphalt, bitulithic or bituminous concrete, laid on a solid foundation, or of concrete.

(c) That the probable period of usefulness of the improvements to be made from the proceeds of said bonds is twenty years from June 3, 1937, being a date not later than one year after the passage of said ordinance, and that said period expires June 3, 1957.

(d) That between April 10, 1936 and Sept. 1, 1936 petitions were filed according to law, praying that local improvements be made of the character provided in said bond ordinance and praying further that a portion of the cost thereof, said portion being at least one-fourth of such cost, exclusive of the cost of paving at street intersections,
be specially assessed; and that the estimated cost of the work so petitioned for, but not provided for by other bond issues or otherwise, is in excess of the sum of $100,000.

(e) On September 9, 1936 the City Council duly passed separate resolutions finally and conclusively finding and determining that each of the above mentioned petitions conformed in all respects with law and was in all respects sufficient, and ordering that the improvements so petitioned for be made, and each of said resolutions was published on September 15th, 1936, in a newspaper published in the City of Charlotte.

(f) Pursuant to advertisement published in the form and manner required by law, sealed bids were received on September 29, 1936 for doing the work and furnishing the materials necessary to construct the improvements authorized by the above mentioned resolutions passed by the City Council on September 9, 1936, and an award was made on September 30, 1936 to the lowest responsible bidder, and, pursuant to such award, the City duly entered into a contract in writing on October 1, 1936 for doing the work and furnishing the materials necessary to construct and complete said street improvements and the total cost of said street improvements under said contract is the sum of $120,247.40. No appropriation was made in the budget of the City for the fiscal year beginning July 1, 1936 and ending June 30, 1937 for any street improvements of the type and character of the improvements covered by said contract. And in entering into said contract it was contemplated that payment by the City of the sums due thereunder would be made from the proceeds of the sale of the said $100,000 Street Improvement Bonds of the City authorized by said ordinance passed on June 30, 1936, and from the unexpended balance of the proceeds of the sale of other street improvement bonds.
February 10, 1937
Page 71.

(g) The Contractor duly furnished bond in a surety Company authorized to do business in this State for the full amount of said contract for the faithful performance of the terms of said contract, and commenced the work under said contract before October 20, 1936, as required by said contract, and has diligently prosecuted such work at all times since such commencement; and the work heretofore done is satisfactory and has been performed in a good and sufficient manner and in all respects as required by said contract. The City has paid in part for the work which has been done from said unexpended balance, and a substantial part of the work required by said contract was done and payments were made by the City thereon before November 24, 1936.

(h) In order for the City to make the remaining payments which it is obligated to make under the terms of said contract, it is necessary that the City immediately issue all of the $100,000 Street Improvement Bonds authorized by said ordinance passed June 3, 1936.

(i) The outstanding indebtedness of the City of Charlotte was reduced in the amount of $197,500 during the preceding fiscal year, being the fiscal year beginning July 1, 1935 and ending June 30, 1936 and the City has incurred no indebtedness during the present fiscal year, being the fiscal year beginning July 1, 1936 and ending June 30, 1937, with the exception of the indebtedness under the above mentioned contract.

Section 2. That for the purpose provided in said ordinance the negotiable coupon bonds of the City of Charlotte shall be issued in the aggregate sum of $100,000 designated "Street Improvement Bonds", consisting of 100 bonds of $1,000 each, numbered 1 to 100, inclusive, dated November 1, 1936, maturing in numerical order annually, May 1, $7,000 1939 to 1948 and $10,000 1949 to 1951, all inclusive, without option of

I make a motion that the City Council give the several policemen and firemen who served in the flood district in the vicinity of Louisville a vote of thanks, for the great service, untiring efforts and hardships suffered in the prevention of loss of lives and safety of property. BUSINESS AND PROFESSIONAL WOMEN'S CLUB REQUEST FOR ABOLITION ON SLUMS IN CHARLOTTE.

Mayor Douglas presented a letter which he had received from the President of the Charlotte Business & Professional Women's Club, urging the City Council to create a housing program for the low-income group and for slum clearance.

Councilman Albee stated that he had made a personal investigation of this question and moved that the City Council order an immediate investigation of so-called slum conditions in Charlotte, this investigation to be made by the City Health Department insofar as it applies to health and sanitary conditions, and by the Safety Department as it applies to safety conditions. I propose that the Council appropriate a sum of money sufficient for a thorough investigation and a comprehensive report of these conditions. Motion seconded by Councilman Baxter, and after discussion, was unanimously carried.
