CITY MANAGER REQUESTED TO MAKE RECOMMENDATION AS TO CITY RECORDER’S COURT LEGISLATION.

Councilman Smith asked if anything is being done about preparing enabling legislation for the establishment of two Recorder’s Courts in case a special session of the Legislature should be held. Mr. Shaw, City Attorney, stated in such case the proper legislation would be prepared. That usually the City Manager and City Attorney begin to establish a file of legislative matters, and after the primary the matters are discussed with the Legislators and it is determined by the Council just what legislation will be submitted. Councilman Smith stated he thinks we should go ahead and prepare the legislation pertaining to the Court; that the suggestion has been made to him by an attorney that it be left to the Bar Association and the Council employ an attorney to make a study of the matter, visit other cities where two courts are in effect and draw the necessary papers. It was suggested that instead of two Courts, the Council might consider operating a full time Court. Councilman Smith requested the City Manager to give the Council his recommendation.

APPOINTMENT OF DONALD M. ELLINGTON AND MRS. ELOISE STILWELL AS ASSISTANT CLERKS OF CITY RECORDER’S COURT.

Councilman Whittington moved the appointment of Mr. Donald M. Ellington and Mrs. Eloise Stilwell as Assistant Clerks in the City Recorder’s Court office. The motion was seconded by Councilman Dellinger. Councilman Myers stated he would prefer the Clerk of the Court make these appointments himself instead of the Council. It was stated that under the present law these appointments must be made by the City Council. Councilman Myers asked that legislation be prepared to put the appointments of the Assistant Clerks under the Clerk of Recorder’s Court. The vote was taken on the motion for the appointment of the Assistant Clerks, and unanimously carried.

CITY MANAGER ADVISES AS TO STATUS OF OVERALL PLAN FOR CITY.

Councilman Myers stated that often some of the recommendations of the Planning Board on zoning petitions disturb him, by which a property owner must wait until the entire city is laid out before he can go ahead and make use of his property. He stated he thinks it is unfair to the petitioner. He asked the City Manager if he has a report on the Overall Plan for the City? Mr. Veeder stated the Planning Director has advised he hopes to present it sometime early this summer. Councilman Dellinger asked if it cannot be speeded up; that a year ago the Planning Board was permitted to employ additional help to expedite the work and he thinks we should have some kind of a report. Mr. Veeder advised that it looks to him as if it will be another six weeks before the Thoroughfare Plan is ready and that will have a big bearing on our Planning activities; that because of the delay in this Plan we have in a way lost from last October to April.

BIDS ON TRACTOR WITH BACKHOE AND LOADER ATTACHMENT FOR ENGINEERING DE-
PARTMENT REJECTED AND AUTHORIZED READVERTISED.

Mr. Veeder, City Manager, asked that the Council disregard the recommendation
that the contract be awarded Morris Farm Equipment Company as the
Engineering Department now finds the Company is not bidding on the Tractor
Model desired, which is too light, and it is recommended that the contract
be awarded the third low bidder, McCormick Farm Equipment Store or Inte-
national Harvester Company on their International Tractor Model #340 with
Pipe #260 backhoe and Pipe #235 Loader.

Mr. Cochran of the Farm & Industrial Equipment Company, the low bidder,
and Mr. John R. Kenyon of the International Harvester Company, the third
low bidder, explained the merits of the equipment on which they were
bidding and the specifications and needs of the using departments were explained by Mr. Cheek, City Engineer and Mr. Beatty, Purchasing Agent.

The motion was seconded by Councilman Myers. Councilman Dellinger asked the Purchasing Agent if other manufacturers were notified that bids on the equipment would be received. Mr. Beatty replied this is always done. That advertisement is run in the local paper and notice sent individual manufacturers whose names are on file in his office - in this instance there were about 25 companies notified. The vote was then taken on the motion and unanimously carried.

CONTRACT AWARDED SPARTAN EQUIPMENT COMPANY FOR THREE PORTABLE COMPRESSORS, INSTALLED ON CITY TRUCKS FOR WATER DEPARTMENT.

Upon motion of Councilman Whittington, seconded by Councilman Dellinger, and unanimously carried, contract was awarded the low bidder, Spartan Equipment Company, as recommended, for Three Compressors installed on city equipment, as specified, at a net delivered price of $9,810.00.

CONTRACT AWARDED N.C. EQUIPMENT COMPANY FOR ONE POWER TRACTOR SHOVEL UNIT FOR WATER DEPARTMENT.

Councilman Albee moved the award of contract to North Carolina Equipment Company, as recommended, for one Hough Power Tractor Shovel Unit, as specified, at a total price of $14,583.14, subject to cash discount of $2,750.00, representing a net delivered price of $11,833.14. The motion was seconded by Councilman Whittington, and unanimously carried. The low bid of H. B. Owsey & Son, Inc. and the second low bid of Southland Equipment Company did not meet the specifications.

The following net delivered bids were received:

- H. B. Owsey & Son, Inc.: $11,166.00

CONTRACT AWARDED E.F. CRAVEN COMPANY FOR CRAWLER TYPE TRENCHING UNIT FOR WATER DEPARTMENT.

Councilman Dellinger moved the award of contract to E. F. Craven Company, as recommended, for One Cleveland J-20 Crawler type Trenching Unit, as specified, at a total price of $14,148.00, subject to cash discount of $950.00, representing a net delivered price of $13,198.00.

At the request of Councilman Myers, Mr. Franklin, Superintendent of the Water Department, discussed the specifications for the equipment, he stated the main discrepancy in the low bid is their crawlers are not
equipped with sealed roller bearings; also, the width of their unit is 8-inches more across the crawler than the unit offered by E. F. Craven Company, and this is important to the Department; their unit does not have a conveyor belt equipped with hydraulic shift and there are one or two other items of doubtful nature as to conforming to the specifications. Councilman Myers stated he thinks if the manufacturer thought a high type bearing was necessary, then they would have it; that possibly the City has written specifications for a crawler upgraded above our needs.

Councilman Myers offered a substitute motion that the bids be rejected and the specifications be rewritten. The motion did not receive a second.

The vote was taken on the main motion by Councilman Dellingier, and carried, with the votes cast as follows:

YEAS: Councilmen Albee, Babcock, Dellingier, Smith and Whittington.
NAYS: Councilman Myers.
