MILK ORDINANCE CHANGES DISCUSSED AND AGAIN POSTPONED.

Councilman Hovis, Chairman of the special committee appointed to go into the matter of the Milk Ordinance, reported that the Committee had prepared an ordinance which they had agreed upon with the exception of Section 8, shown on page 12 of the ordinance. Councilman Baker, a member of this committee, stated that the section 8 in the ordinance presented meets with his approval, and made a motion that the ordinance be adopted as submitted, without Section 8 being changed. This motion was seconded by Councilman Slye.

Councilman Hovis, seconded by Councilman Albee, made a substitute motion that Section 8 be changed as follows:
SECTION 8. GRADES OF MILK AND MILK PRODUCTS WHICH MAY BE SOLD.

From and after the date on which this ordinance goes into effect no milk or milk products shall be sold to the final consumer, or to restaurants, soda fountains, grocery stores or such establishments, except certified milk, Grade A pasteurized, certified raw, Grade A raw and Grades A, B and C buttermilk; provided, however, that any person, firm or corporation may sell butter and Grade C of raw buttermilk to other than public eating places when such butter and Grade C raw buttermilk comply with Item 2-R, 10-K, Item 22-R and Item 11-R, except, however, running water under pressure shall not be required, provided covered wells and pumps therein are used. Provided, further, that Grade C raw buttermilk shall be sold only in standard milk containers and with the grade and producer's name and address printed on the cap, and the outer wrapper of butter packages shall be stamped in India ink thereon the name and address of the producer. Writing on butter wrappers with pen and ink or pencil is hereby prohibited.

This section shall not be construed as forbidding the sale of lower grades of milk and milk products during temporary periods of degrading, not exceeding thirty consecutive days, or in emergencies such longer periods as the Health Officer may deem necessary.

After considerable discussion, Councilman Hovis withdrew his substitute motion. Councilman Baker stated that he felt that the doctors know what is best for the community and that they are in favor of the ordinance as written. Several other members of the Council voiced their opinions, and Mr. D. E. Henderson, attorney, representing the buttermilk dealers of Mecklenburg County stated that if the ordinance as written is to be considered, then the buttermilk dealers would like to be heard.

Councilman Hovis, seconded by Councilman Daughtry, then made a substitute motion that the new Section 8 be placed in the ordinance.

Councilman Price stated that he knew nothing of this change and would not want to vote on it before having time to study same, and he thereupon, offered a second substitute motion that the matter be delayed until such time as the doctors have had time to study it. At this point, Councilman Baker stated that the committee had met with the Medical Society and that they had given approval of the ordinance as written, but not with the substituted Section 8.

Mr. Henderson then engaged in a lengthy argument, in which he stated that the only benefits of the ordinance will be to the milk plants and not to the producers. Mr. Frank Kennedy, attorney, also spoke relative to the hardships which such an ordinance will work on the buttermilk dealers, and after considerable discussion, Councilman Price's motion to delay the matter was seconded by Councilman Ross, and on being put to a vote was carried, and the matter was postponed for one week.
