INVOCATION.

The invocation was given by Councilman Albee.

MINUTES APPROVED.

Upon motion of Councilman Brown, seconded by Councilman Baxter, and unanimously carried, the Minutes of the last meeting on July 2nd were approved.

ORDINANCE NO. 472-X EXTENDING THE CORPORATE LIMITS OF THE CITY OF CHARLOTTE BY ANNEXING 24,946 ACRES OF PROPERTY, LOCATED IN CRAB ORCHARD TOWNSHIP, ADOPTED.

In accordance with Notice published in The Charlotte Observer, consideration was given the petition of Amity Gardens Shopping Center, Inc., for the annexation of 24,946 acres of property located in Crab Orchard Township, to the City of Charlotte.

Mr. Benj. Horack, representing the petitioner appeared and requested that the property be taken into the city. That it is located at the intersection of Independence Boulevard and Pierson Drive; that it is to be developed as a shopping center; that a building is now under construction that will cover 80,000 sq. ft. of space; also a large super market will be built; that when the center is completed it will have at least 225,000 sq. ft. of space, at a valuation of approximately two million dollars.

No opposition was expressed to the proposed annexation.

Upon motion of Councilman Dellinger, seconded by Councilman Baxter, and unanimously carried an ordinance entitled: "Ordinance No. 472-X Extending the Corporate limits of the City of Charlotte by Annexing 24,946 Acres of Property, located in Crab Orchard Township" was adopted. The ordinance is recorded in full in Ordinance Book 12, at page 258.

PARK & RECREATION COMMISSION REQUEST FOR 8-CENT TAX LEVY GRANTED.

Mr. Joe Grier of the Park & Recreation Commission appeared before Council and requested the levy of 8-cent for the Board, stating that the 8-cent is necessary for the proper operation and the intended development of their program. That the budget passed is not a budget of their needs, but against the maximum of 8-cent. That their need is not 8-cent but 10-cent as requested by the Allen Report; that the Park Board feels at this time a great many things have to be done to improve the system. The people authorized by vote the 8-cent and therefore they must feel that it is necessary.
Council members questioned Mr. Grier as to whether the money asked for would be used in the city; they have been notified by different residents that unless the Council allows the 8-cent tax levy that some playgrounds now operated will be lost; whether or not the Park Board has some places pinpointed for development; will the Nature Museum suffer?

Mr. Grier replied that the Park and Recreation Commission would not lose any playgrounds; that the situation in the perimeter is not as bad as they had thought at one time, that the School Board has a number of large tracts in the Perimeter Area that they will be able to use; that in the spring the Board of Directors of the Nature Museum called them in to discuss the budget, and at that time it was made to appear that they would need $20,000.00 as a minimum, so an additional $5,000.00 was added to the Park & Recreation Budget for the Nature Museum. That having been one of the increases, if the 8-cent is not allowed that would be one of the places the Park Board would have to cut.

Also appearing in support of the 8-cent tax levy was Mr. Herbert Hitch, Chairman of the Social Planning Council who presented a resolution urging the Council to restore the levy of 8-cent for the budget of the Park and Recreation Commission.

Mr. Chester Whelchel, immediate past president of the Board of Directors of the Children’s Nature Museum, stated that they know funds are limited but they were understaffed and have no other source of funds except from the Park & Recreation Commission. That he hoped the Council would consider the request of the Park & Recreation Commission and allow the 8-cent levy.

The following persons also appeared in support of the 8-cent levy: Mr. Herbert Wayne, Chairman, Chamber of Commerce Tax Study Committee, Mr. Stanford Brookshire, Chamber of Commerce and United Community Services, Mr. Arthur Jones, speaking as a layman, Mr. John Anderson from the Merry Oaks and Eastway Drive Sections, Mr. Charles Lowe, who headed up the Study Committee for the Allen Report and Mrs. Alice Honey who represented the Children of Charlotte and herself.

Appearing in support of the 7-cent levy for the Park & Recreation Commission and in keeping the tax rate down were Mr. Jack Turner, a realtor and Mr. Vane Mingle, Executive Vice President of the Charlotte Board of Realtors.

Mr. Mingle stated that they would like to go on record to keep the tax rate as low as possible, knowing that the needs are great, but they feel that the Council is in a position to know and they support the recommendation of the Council in holding down the tax rate.

Mr. Turner stated that there has been so much said about the perimeter area, but they feel that in 1960 when the area is annexed that there will be an increase in taxes; that we should wait until the time of annexation to work in that area with parks; that the first thought in the perimeter area should be for water and sewer; that people who own real estate in the city have been crowded into a corner; lot of people are facing hardship in carrying the tax load of city, county, state and federal governments.

Mayor Smith made a general statement, stating that the City Council is called on week after week to have the Wisdom of Solomon and the Patience of Job. We are fortunate in having a Park & Recreation Commission and Chairman with the support of the Chamber of Commerce to fight for every thing they want. The Council took the budget when it came in and if all the things that were asked for had been granted, the tax rate would be over $2.00. That no member would disagree with anything that has been said, but the Council is faced with the problem that there are
other departments who have had to be cut; the city needs 40 additional policemen but the request came in for 30, and they were given 10; the Fire Department has a piece of equipment 30 years old that might break down at any time when going to a fire; that the radio shop is not equipped to take care of more than one car at a time, and when this equipment is in need of repairs, it means that one or more cars and several patrolmen are out of duty. That the Council endeavored to take into consideration all departments and have tried in some way to pull in from every direction, and cut a little bit from each department. One cent would make very little difference, but 1-cent for this department and 1-cent for that department together with things that are required and needed would jump the tax rate up 2, 3, 4 or 5-cents. Every man who studied the budget tried to use the wisdom of Solomon; they did everything they knew how to be fair; that they too are tax payers and when the tax rate is raised or cut, it also affects them.

Mr. Sifford of the Park & Recreation Commission said that he would like to ask if one department has been asked to operate on less funds this year than they operated on last year. That Big Men are needed to operate Big.

Upon motion of Councilman Brown, seconded by Councilwoman Evans and carried, the Park & Recreation Commission were granted the 8-cent tax levy.

The vote was as follows:

YEAS: Councilmembers Albee, Brown, Delling and Evans
NAYS: Councilmen Baxter and Foard.

TRANSFER OF FUNDS FROM EMERGENCY FUND TO VETERANS SERVICE COMMITTEE

Mr. Jim Whittington and Mr. Stanhope Lineberry of the Veteran's Service Committee appeared before Council with a request for an additional $500.00 for their budget. That their Service Officer has not had an increase in salary since 1955; that his present salary is $6000.00 and they are asking that it be increased to $7000.00, which will be an additional $1,000.00 with the city paying $500.00 and the county paying $500.00. Mr. Whittington stated that the Commission is carrying the work load for the Veterans Administration in the City of Charlotte. Mr. Lineberry stated that the Service Officer goes beyond his call of duty to help not only veterans, but members of the armed forces and their families.

Councilman Baxter moved that $500.00 be transferred from the Emergency Fund to the Veteran's Service Committee as requested. The motion was seconded by Councilman Foard and unanimously carried.

COMMITTEE APPOINTED AS WAYS & MEANS FOR A COUNTY WIDE PARK & RECREATION COMMISSION.

Mr. Stanford Brookshire appeared and stated that he would like to thank the Council for the action taken on the 8-cent tax levy for the Park & Recreation Commission. He would like to ask the Council to name a committee to serve jointly with the County to prepare Ways and Means for a county wide Park & Recreation Commission. The committee would make an overall study of the possibility for plans for endorsement for such a Commission to be presented for legislation. That the report should be completed by December 1, 1958.

Councilwoman Evans moved that the following persons be asked to serve on this Committee; Mr. Ernest Sifford, Mr. Joe Grier, Mr. David Craig, Mr. C. C. Hope, Jr., Mr. Brodie B. Griffith, Mrs. Mildred Howerton and Mrs. Venia Watkins.

Mayor Smith asked Councilwoman Evans also to serve on this committee and
Councillman Dellinger asked Mr. Yancey, City Manager to serve as an ex
office member.

The motion was seconded by Councillman Albee, and unanimously carried.

PAYMENT OF FUNDS AUTHORIZED TO WIDOW OF JAMES S. COLTER, CITY EMPLOYEE
KILLED WHILE ON DUTY, WITH APPROVAL OF INDUSTRIAL COMMISSION.

Mr. Tom Lockhart, attorney for the widow of James S. Colter who died
while in the course of his employment with the city from a cave-in of
a sewer line ditch on Ellenwood Road, stated that Mr. Colter had worked
for the city for 17 years; that the Industrial Commission has made an
award of $10,000 to be paid his widow. That Mrs. Colter has found a
house on Hunter Row that she would like to purchase for a price of
approximately $3,500.00. He asked that the Council direct the Treasur-
er to pay Mrs. Colter the budgeted amount of $1,800.00 for the year,
plus an additional amount of $2200.00, to be paid from the Emergency
Fund, so that she might buy the house. That the city would make no
further payment to her this year, but would pick up the payments be-
ginning with the new fiscal year at a reduced amount of $23.40 weekly
so that the final payment will terminate the same as the Commission's
original award of $35.00 a week.

Councillman Dellinger moved that the matter be referred to the City
Attorney and City Manager. The motion was seconded by Councillman Albee.

Mr. Lockhart stated that he has discussed the matter with Mr. Shaw,
and he could see no objections to this.

Councillman Baxter made a substitute motion that if it is legal and
with the approval of the Industrial Commission, Mrs. Colter be paid
the budgeted $1,800.00, and that an additional $2,200.00 be transferred
from the Emergency Fund. The motion was seconded by Councilman Brown.

Councillman Dellinger then withdrew his motion.

The vote was then taken on the substitute motion and carried unanimously.

PLANNING COMMISSION REQUESTED TO MEET ONCE A MONTH AND PRESENT PETITIONS
FOR REZONING TO THE COUNCIL EACH MONTH.

Councillman Dellinger moved that the Planning Commission be requested to
hold their meetings once a month and present petitions for rezoning to
the Council each month. The motion was seconded by Councillman Albee,
and unanimously carried.

PARKING RESTRICTIONS ON KESWICK AVENUE, FROM NORTH TRYON STREET TO
HUTCHINSON AVENUE, ADOPTED.

Councillman Brown moved that "No Parking At Anytime" restrictions be
placed on the north side of Keswick Avenue, from North Tryon Street to
Hutchinson Avenue, as recommended by Mr. Herman Hoove, Traffic Engineer.
The motion was seconded by Councillman Dellinger, and unanimously adopted.

COUNCILMAN FOARD REQUEST THAT BUDGET BE INCREASED TO ALLOW FOR
ADDITIONAL MEN IN THE FIRE AND POLICE DEPARTMENTS.

Councilman Foard moved that the budget be increased to provide funds so
that two additional men can be employed in the Radio Shop of the Fire
Department and 30 additional men in the Police Department. The motion
lost for lack of a second.

REPORT BY CITY MANAGER ON DRAINAGE CONDITION AT 2013 CUMBERLAND AVENUE.

Mr. H. A. Yancey, City Manager, reported that the property located at 2013 Cumberland Avenue is very low and adjacent to a natural drainage ditch which extends across the southerly edge of the property and carries the run-off from 70 acres of watershed area. During heavy rains, the concrete block wall along the edge of this ditch washed out and was replaced by the owner. Again heavy rain has washed the ditch out, and the owner has asked that the City replace the wall. The City has two 36" drains pipes under Cumberland Avenue at this point which is believed to be adequate. Also, additional catch basins have been added which provide greater entrance area for street drainage entering this pipe. This is a natural drain and therefore is not the City's responsibility.

The above was received as information by the Council.

ADJOURNMENT.

Upon motion of Councilman Baxter, seconded by Councilwoman Evans, and unanimously carried, the meeting was adjourned.
