DELIQUENT TAXES NOT TO BE ADVERTISED.

The City Manager advised that advertisement of Delinquent Taxes for the last fiscal year should be carried in the papers in August if it is the desire of the Council to advertise these taxes. He also advised that the Collector of Revenue felt that it speeded up collections by advertising, and that he felt that the Council should give more cooperation to the Collector of Revenue in the matter of collection of taxes than it has in the past.

When the matter of the cost of this advertising came up, a number of the Council felt that this expenditure was not justified. However, Councilman Hovis made a motion that delinquent taxes be advertised and Councilman Hudson seconded this motion with the explanation that the Collector of Revenue understood the situation better than he did and if he recommended they be advertised that he would second the motion. However, when put to a vote the motion lost; the vote being as follows:

AYS: Councilmen Hovis, Hudson and Huntley.

NAY: Councilmen Baxter, Britt, Little, Nance, Sides and Ward.

On this vote the delinquent taxes for the past fiscal year will not be advertised.

REPORT OF POLICE COMMISSIONER EESELY GRICE.

The following report was submitted by Mr. Eseley Grice, Commissioner of Police, who explained before presenting same that the greater portion of it appeared in the Charlotte Observer about two weeks prior to this date but that he did not release it and did not know who did:

Honorabe Ben E. Douglas, Mayor, and Members of the City Council, Charlotte, North Carolina.

Gentlemen:

Since my appointment by you I have been making a study of the Police Department and I am of the opinion that by careful planning and orderly executed procedure the Department can function in a manner satisfactory to the citizens and justify their having a feeling of security that the life and property of the City are in good and capable hands.

It will be my purpose to come before you from time to time with certain recommendations, when it is deemed advisable, to secure your approval before proceeding with any major changes in personnel or policies as might be worked out with the Chief of Police, and at other times report to you the progress made as it becomes effective, which will be in line with your instructions to advise and recommend to the Chief of Police as to the best methods of creating efficiency in the Department and of improving its services.

July 19, 1939
It appears both appropriate and timely that my first report should deal with some much needed changes and improvements to the building in which the Department is housed, to the end that the development and carrying out of the program may not be handicapped but expedited in every possible way. Therefore, the following recommendations are offered for your consideration:

**THAT** all exterior wood work be re-painted;

**THAT** the building be better identified by means of proper signs;

**THAT** the Alexander Street entrance be recognized as the main entrance to the building;

**THAT** the main lobby space be better equipped, furnished and lighted;

**THAT** the basement windows on the North side have adequate protection to reduce the accident hazard;

**THAT** the water from rains be drained away from the driveway on the north side;

**THAT** frosted windows be put in the windows of the Toilets on the South side of the building and the men's locker room;

**THAT** the interior of the building be well marked, designating direction to offices, court, jail, etc;

**THAT** the offices on the first floor be re-arranged to accommodate the Detective Division;

**THAT** the Bureau of Records be transferred to the second floor;

**THAT** all concrete floors be re-painted;

**THAT** space be provided as headquarters for the Janitors and their materials and equipment;

**THAT** the basement assembly room be re-painted and better furnished and equipped as a recreation and school room;

**THAT** electric fans and a drinking fountain be included in the equipment for the assembly and recreation room;

**THAT** the locker room be painted thru-out and properly equipped;

**THAT** fifteen more lockers be furnished;

**THAT** the shower bath section be re-built;

**THAT** the toilet and lavatory facilities in the men's locker room be re-built;

**THAT** the Court Room be re-finished;

**THAT** a first-aid station be established on the South side of the building on the second floor;

**THAT** the Janitor service be reorganized with two head janitors on eight hour shifts kept on duty with the necessary additional help and they work under the supervision and direction of the Captain of Police on duty;

**THAT** the Captain of Police, rotating daily, make a thorough building inspection, submitting his report to the Chief of Police;

**THAT** the Chief of Police made a thorough weekly building
inspecting, submitting his report to the
Commissioner of Police and Safety;

THAT the recommendations of the Inspector for the Health
Department as contained in his report attached hereto,
are to the Jail and Building, be carried out.

These recommendations are made with the understanding that,
if approved, the costs will not exceed $1625.00 and that these funds will
be taken from the proper current budgets.

The contents of this report have been discussed with former
Chief Pittman and also with Chief Nolan and it meets with his approval and
endorsement.

In closing I wish to state this does not constitute all the
work that has been done. By intimate and close contact with a large portion
of the personnel I have learned much of their problems, etc. and finding
these individual members of the Department to be conscientious in their em-
deavors and desirous of improving the Department I am confident you can look
forward to substantial progress.

Respectfully submitted,

Keely Grice
Commissioner of Police & Safety.

At the conclusion of this report, Councilman Ward suggested
that the Council adjourn to the Police Building and make a personal inspection
of conditions there, as brought out in Mr. Grice's report; which he
stated he knew, of his own knowledge, to be in bad condition. However, after
one or two of the Council objected to this, Councilman Sides moved that
Commissioner Grice's report be accepted, which was seconded by Councilman
Little, and carried.

Mr. Grice then reported that the Chief of Police, Mr. E. J.
Nolan, had taken over the job in fine shape and that he was making some
changes which would reflect in the Department later. He also advised the
Council of the change made by the Chief of Police in the handling of the
liquor room; it now requiring two sets of keys and two people to unlock the
door to this room. He asked if the Council had any suggestions or
recommendations to make at this time with regard to the Police Department,
but none were made.

LEGAL ASSISTANCE ASKED IN THE HANDLING OF CHARGES BEFORE CIVIL SERVICE
COMMISSION AND FOUR SUSPENDED OFFICERS.

Mr. Grice asked for legal assistance in preparing, presenting
and prosecuting the charges made by the Chief of Police against the four
officers named by Judge Sims at the last meeting, who are now suspended and
who will be tried before the Civil Service Commission at an early date.

The City Attorney advised that he could not serve as legal
adviser to the Civil Service Board and at the same time act as prosecutor,
and after discussion, Councilman Sides made a motion that the Chief of
Police ask the City Solicitor to represent him at this hearing, which motion
was seconded by Councilman Hovis and carried, with Councilman Hudson voting
"No".
REQUEST OF COURT CAFE FOR BUSINESS OF FURNISHING MEALS TO CITY PRISONERS.

Mr. Lawrence Jones, representing the owner and operator of the Court Cafe, appeared before the Council, requesting that the Council appoint a committee with reference to the furnishing of sandwiches to the City jail. He stated that this business was taken away from the Court Cafe some time ago and given to another man, and that he was now appealing to this body to give the business back to the present owner, who purchased the business based on furnishing these meals and that it represented quite a large sum of money to this man, who is a Greek and who works his entire family in the Cafe.

He asked that his client be given a chance to secure this business or else that bids be taken on the furnishing of these meals.

Mr. Marshall advised that he was the Purchasing Agent for the City of Charlotte and passed upon all supplies bought by the City. He explained that the City entered into a contract with the Federal government for housing Federal prisoners in the City jail, and that the Government was under contract with Fred's Place to furnish meals to their prisoners, and that the meals furnished to the Federal prisoners were much better than those furnished to City prisoners and the Chief of Police recommended the change.

He stated that he would want the recommendation of the Chief of Police on this matter.

CITY TO MEET AND STUDY PROPOSED BUDGET BEFORE FINAL ADOPTION.

Mr. Horis, Chairman of the Finance Committee, advised that the City Manager had been instructed to furnish the Council with a summary of the proposed budget for the coming year, which will be necessary to have adopted on Monday, July 24th. He suggested that the Council meet and go over this proposed budget before that date.

Councilman Hudson, seconded by Councilman Sides, moved that the Council recess until 9 o'clock P. M., this date, which motion carried, with Councilman Baxter voting "No".

Commissioner Grice asked if this included such liquors as had not been disturbed as well as that that had, and Mr. Sides advised that his motion was intended to include all liquors that were salable to be turned over to the County authorities and that the other be distributed by the Council to the hospitals but Mr. Scarborough advised that it would all
have to be turned over to the County authorities.

The City Manager asked who would be responsible for giving a receipt for this liquor to the County, and the City Attorney advised that the Chief of Police would get a receipt from the County showing the delivery of so much liquor on certain dates.

FIRE AND POLICE DEPARTMENT RULES AND REGULATIONS.

The City Attorney brought to the attention of the Council the fact that the rules and regulations which were prepared some time ago for the Fire and Police Departments had not yet been adopted by the Council, and it was decided that the Police Department rules would be submitted to the new Chief of Police, Mr. E. J. Nolan to see if they meet with his requirements and approval.
