ABSENT: None.

**RESOLUTION CLOSING PORTION OF NORTH COLLEGE STREET, BETWEEN THE NORTHERN MARGIN OF EAST 27TH STREET AND THE SOUTHERN MARGIN OF EAST 28TH STREET.**

The public hearing was held on petition of Carolina Paper Company, Inc. to withdraw from dedication a portion of North College Street, between East 27th Street and East 28th Street, Frazier Realty Company having filed a letter giving their consent to the withdrawal and the affected City Departments having investigated the request and indicating they have no objections to the withdrawal.

Mrs Daphene Cantrell, Attorney representing the petitioner, stated in addition to the requirements of the Statutes that you must notify the adjoining property owners, they have notified property owners and business establishments in the vicinity of this area. They have received no objections to it. She advised they received one letter from Western Carloading, a business establishment in the area, stating they have no objections to the closing.

Mrs Cantrell advised she made a personal, on the scene view of the area and the street has never been open from what she could determine, and she could not even pick up where the right-of-way would be.

Councilman Thrower asked if the closing will affect the railroad overpass, and the City Manager advised that Mr. Hoose, Traffic Engineer, has reviewed the petition and points out that this section will not be necessary for any of our proposed thoroughfares or street extensions as now planned.

No objections were expressed to the proposed closing.

Councilman Whittington moved the adoption of the subject resolution closing a portion of North College Street. The motion was seconded by Councilman Tuttle, and carried unanimously.

The resolution is recorded in full in Resolutions Book 5, at Page 435.

Mayor Brookshire thanked Mr. Greene for the service rendered to the City and presented to him the City of Charlotte service plaque as a reminder of his association with the Fire Department.

Mr. Greene thanked the Mayor and Council and especially the Fire Department for a wonderful association.

PETITION OF RESIDENTS ON FINCHELY DRIVE REQUESTING CHANGE IN DIVIDERS ON EASTWAY DRIVE REFERRED TO CITY MANAGER.

Mr. James Jordan, 1901 Finchley Drive, stated he has mailed the Mayor and Mr. Hoose a letter concerning the dividers located on Eastway Drive at Garinger High School and Sugar Creek Road. The dividers are making it very inconvenient for the residents on Finchley Drive. That when you come down from The Plaza, down Eastway Drive, you cannot turn left onto the street; you have to go down to Purser Drive - two, three or four blocks out of the way to turn and come back. If you want to go east on Eastway, you cannot turn left off Finchley, you can only go west.

The City Manager stated he would like to go into this further with Mr. Jordan and follow through on it.

Mr. Jordan stated further it inconveniences everyone including the children on Purser Drive with the people having to travel that street to get home. That it is causing a disturbance of the traffic and is affecting the school bus route of the children going to Briarwood School. The school bus usually goes up and turns left and he cannot do this now. He advised that 100 people signed the petition and they would appreciate all consideration of the Council.

The City Manager advised that the City will look into the matter and also take it up with the State.

PETITION NO. 67-17 BY AVERPER, INC., FOR A CHANGE IN ZONING FROM R-6MF TO O-6 OF PROPERTY AT 309 SOUTH LAUREL AVENUE, DENIED.

The subject petition on which a protest has been filed sufficient to invoke the 20% Rule requiring the affirmative vote of six Councilmen in order to rezone the property, and which the Planning Commission has recommended approved was considered by Council. Councilman Short stated he is one of the owners and operators of a business at approximately this same intersection, which business is located on land of a lower zoning category than that requested by the Petition. He stated he feels that whatever he would do would have the appearance of bias and unfairness, and he therefore disqualifies himself from voting on the petition. He stated he would like to vote on it because of the six man rule and for other reasons, but the necessity for fairness overrides all other considerations.

Councilman Jordan moved that the subject petition be denied. The motion was seconded by Councilman Tuttle, and carried on the following vote:

YEARS: Councilmen Jordan, Tuttle, Alexander, Thrower and Whittington.

NAYS: Councilman Albee.

Councilman Short abstained from voting.

The ordinance is recorded in full in Ordinance Book 15, at Page 16.

Councilman Short stated under the new policy which has been approved and not put into effect, this apparently would have a different result because the new policy specifically provides that engineering expenses would be retained by the City although the old policy did not provide this. The City Manager stated this is a different situation as this person put up the money and the City found the line they wanted installed had already been put in.

Councilman Short stated Council would like to have a recommendation from the City Manager as to when the new policy should be put into effect. Mr. Weeder advised they are in the process of working out contracts on it now and some will be coming to Council shortly. He stated they have assumed the policy is in effect; the change that relates to outside city users would best be implemented to coincide with the fiscal year.

The vote was taken on the motion and carried unanimously.
