REMARKS BY MAYOR SHAW RELATIVE TO THE RESPONSIBILITY OF THE COUNCIL IN THEIR ADMINISTRATION OF THE AFFAIRS OF THE CITY.

Mayor Shaw invited the attention of the new Council, on the occasion of their first regular meeting, to the tremendous responsibility imposed upon them as the Governing Body of Charlotte, and to the confidence evidenced by the voters in their ability for the just and fair administration of the city's affairs. He congratulated the Councilmen upon their election to this office of trust, and reminded them that upon their election last Tuesday their private lives went into oblivion and their actions became common knowledge to the good people of Charlotte. He stated, further, that Charlotte will continue to grow "in spite of the actions of the Council" but the city's program can be materially aided "because of functions of the Council" and asked that the Councilmen not only keep abreast of Charlotte but ahead of it. He ended his remarks by quoting from a statement by Judge Medina in New York City during the recent trials of a group of Communists - "Patience is one of life's greatest virtues. If we do not let the little things bother us, it gives us a certain peace of mind".

The support and cooperation of the Junior Chamber of Commerce members to the newly elected Mayor and City Council was pledged by Mr. Charlie Henderson, the President, who further stated their membership wished a part in the City's plans for the development of Charlotte.
