Councilman Boyd inquired as to why the $200,000 Notes should be issued; that he was under the impression that the existing Note is for $100,000, and if the Notes are issued what will be the result if the Bond Election on June 6th fails to carry?

The City Attorney explained that $100,000 has been spent on the project for the purchase of land, architect's fees, core drilling, et cetera, for which the City, by proper resolution adopted by the Council, advanced $125,000 from the General Fund. That the Notes mature on May 25, 1953 and it is necessary to now issue Notes in the amount of $200,000 to repay the $100,000 outstanding Notes and the $125,000 advanced from the General Fund.

In reply to Councilman Boyd's further inquiry if any part of the $200,000 will be spent on the project prior to the Bond Election, the City Manager replied that no additional funds will be paid from the funds with the exception of the election costs, and it is expected that there will be a small balance remaining.

The vote was then taken on the motion by Councilman Dellinger for the adoption of the resolution, entitled: "RESOLUTION PROVIDING FOR THE ISSUANCE OF $200,000 AUDITORIUM BOND ANTICIPATION NOTES", and was passed by the following vote:
