WHEREAS, the City Clerk is about to open a new Minute Book and, whereas, confusion has resulted heretofore by reason of the fact that the Minute Books have carried two numbers, and, whereas, there has been substantial duplication of labor by reason of the fact that heretofore ordinances have been copied in full both in the Minute Book and the Ordinance Book;

NOW, THEREFORE, BE IT RESOLVED that, beginning with the new Minute Book, there shall be only one number and the new Minute Book shall be numbered 31.

RESOLVED FURTHER that in the future it shall not be necessary for the City Clerk to copy ordinances into the Minutes of Council Meetings, but in the Minutes of each meeting she shall refer to the fact that a given ordinance has been adopted and has been inserted in the Ordinance Book with appropriate reference to the book and page, and she shall copy each ordinance into the Ordinance Book and at the bottom of each ordinance in the Ordinance Book shall certify to the passage of same over her signature with appropriate reference to the book and page in the Minute Book showing its adoption."

Upon motion of Councilman Hovis, duly seconded by Councilman Atkins, the foregoing resolution was unanimously adopted.

Therefore, this Minute Book is No. 31, and not Book 11 (31) as it would have been had the above change not been made.

RESIGNATION OF COUNCILMAN BULLARD AS CHAIRMAN OF THE POST WAR PLANNING COMMITTEE.

Councilman Bullard made the following statement:

"Having just returned from a three week's business trip north, I wish to report a keen interest everywhere in Post War Planning. From Waterville, Maine to Wilmington, Delaware, I found town and city governments working without partisanship or selfish motives and with the greatest spirit of cooperation to make better towns and cities for our returning members of the armed forces. Improvements and additions long planned and now delayed by reason of the war are on the drafting board or in the blue print stage for early priorities; so that construction can start at a time when it is probable that many returning soldiers and sailors will need immediate employment. This post war planning is a project too vital for any selfish employee or official of a town or city to "buck", or for any partisan group to oppose by a temporary working majority. We all know that our returning service men will expect complete blue prints of post war projects, making our city a bigger and better one for them to live in, and providing employment where and when necessary. We have 20,000 young men and women from our city and county in the armed forces; we must safeguard their rights and anticipate their requirements when they return to civilian life. I believe our tax payers will be willing and ready to finance such projects. The Council's Post War Planning Committee of which I have been Chairman, has endeavored to carry out your wishes with respect to developing the various points of your honor's plans. Mr. Baker and Mr. Atkins have been most effective members of this committee and have given you and me loyal support. During my absence from the city on business trips north and east, Councilman Baker has most effectively served as Acting Chairman. Now comes a time when my business in New England needs more of my time because of greatly increased war work with a diminishing staff of officials and executives; so I respectfully request that you relieve me from the Chairmanship and membership of this Post War Planning Committee. My deepest thanks to you Mr. Mayor, to you Councilmen Baker and Atkins for the 100% cooperation you have given me during my chairmanship of the Council's Post War Planning Committee, and for your valuable contributions to the work of the Committee.

Mayor Baxter stated he regretted very much that Mr. Bullard could not continue to serve as Chairman of this important Committee, as he had done a splendid job in this capacity. Councilmen Atkins and Baker expressed regrets that Mr. Bullard could no longer serve as Chairman.

The Mayor requested Mr. Baker to serve as Chairman. Mr. Baker stated he was out of the city much of the time and did not feel that he should accept the Chairmanship. Mayor Baxter asked that he think it over until next Council Meeting, and then advise him of his decision. The Mayor then appointed Councilmen Albee and Price to serve on the Committee.
