Minute Book 33 - Page 405

A regular meeting of the City Council was held in the Council Chamber, City Hall, on Wednesday, November 1, 1950, at 11 o'clock a.m., with Mayor Shaw presiding, and Councilmen Aitken, Albee, Boyd, Coddington, Daughtry, Jordan and Wilkinson present.

---------

INVOCATION.

The invocation was given by Mr. Paul R. Ervin.

MINUTES APPROVED.

Upon motion of Councilman Jordan, seconded by Councilman Aitken, and unanimously carried, the Minutes of the last meeting on October 25th were approved as submitted.

HEARING ON ORDINANCE (NO.122) TO AMEND THE ZONING ORDINANCE CONTINUED TO NOVEMBER 15th.

The scheduled hearing on an amendment to the Zoning Ordinance was opened by the reading of the Ordinance proposing to change from R-2 to Industrial zoning on two lots facing 106 feet on Grandin Road, being 160.4 feet from the intersection of Grandin Road and West Morehead Street.

Mr. Paul Ervin, Attorney, representing the petitioner, Power Brake Company, 1506 West Morehead Street, stated the lots in question, being Lots #39 and #40, were purchased on March 20, 1945 solely for industrial purposes and the deed bears no restriction against such usage. That approximately half of Lot 39 is presently used by Power Brake Company for industrial purposes, as is a large portion of Lot 40, and the said Company wishes to erect an addition to their present business. That, in fact, the Company did not know that any part of the lots was so zoned as to restrict such usage and the construction was started. That upon being advised by the City that the said construction was not permitted, a petition was filed with the Zoning Board of Adjustment for re-zoning of that portion of the two lots from R-2 to Industrial; that members of the Board viewed the site and recommended the re-zoning to the City Council. He urged that the re-zoning be approved by the Council to permit the expansion of the Power Brake Company’s present building.

Mr. Charles Myers, Attorney representing Mr. and Mrs. C. H. Huffman, owners of Lot 41 adjacent to the property in question, presented a Petition containing the signatures of forty-three residents of adjacent, adjoining or nearby properties, protesting the requested change in zoning of the Lots or the modification of the present boundaries of the lots to permit its use for industrial purposes. The petition stated that such construction will constitute a depreciation in the value of the petitioners homes, and be a nuisance. Mr. Myers called attention that the petitioners constitute 20 percent of the adjoining property owners and that, therefore, under the provisions of the Zoning Ordinance a three-fourth vote of the entire Council will be required to effect the change. Mr. Myers also presented affidavits from Mr. C. H. Huffman, 728 Grandin Road, Mr. L. S. Alexander, 716 Grandin Road, Mr. Kenneth Kistler, 724 Grandin Road and Mr. A. P. Welch, 821 Walnut Avenue, in which it was stated that their residences were erected, or purchased, in what was represented as a strictly residential area and the rezoning of lots facing Grandin Road will cause them irreparable damage.

At the invitation of Mr. Meyers, Mr. D. W. Holbrook, Realtor and former property owner and resident of Walnut Avenue, stated a depreciation in property valuations would definitely be realized if the zoning change is
permitted and the Power Brake Company's business expanded. He referred to
the nuisance now realized from the operation of the present business such as
the noise from riveting and compression pumps, odors from paint and oils, and
traffic congestion from trucks being repaired. He expressed the opinion that
the rezoning would be unfair and unjust to the property owners who had purchased
residences in an area represented as strictly residential.

Councilman Jordan moved that the matter be continued until the
Council Meeting on November 15th in order that the Council may visit the site
and have sufficient time to consider the zoning change. Motion was seconded
by Councilman Coddington, and unanimously carried.

CONSTRUCTION OF MODEL AIRPLANE FLYING FIELD AT MORRIS FIELD OPPOSED BY
RESIDENTS.

The Reverend Tom Summary, Pastor of Morris Field Methodist Church,
was spokesman for a delegation of residents of Morris Field who opposed the
placing of a model airplane flying field at Morris Field. The City Manager
advised that the matter had been postponed indefinitely and no action would
be taken by Council today.

OPPORTUNITY TO PLACE FORMAL BID ON RESUSCITATOR REQUESTED BY WINCHESTER
SURGICAL SUPPLY COMPANY.

Mr. Worth Helms, representing Winchester Surgical Supply Company,
mentioned that at the request of Captain Morris of the Charlotte Fire Department,
he submitted a tentative estimate on a resuscitator which the City proposed
to purchase for the Fire Department. That the estimate was not considered
by him, or his Company, as a formal bid and they expected to hear further
from the City and be able to place a formal bid on the equipment. That
nothing had been heard from the City and it was his understanding that the
Council would today be requested to award a contract for the resuscitator
to another firm. Mr. C. E. Beatty, Purchasing Agent, was present and
stated that no formal bids were required or received on the resuscitator.
That Mr. Helms came to his office and submitted prices; that later Mr. Jim
Watts of the Winchester Surgical Supply Company phoned and asked if his
price on the resuscitator was the low bid, and he was told that it was not,
that a lower price had been submitted on the same Emerson equipment, in that
a 50-foot hose extension for pole-top service had been included in the other
bid at no cost, whereas it was charged for by Winchester Surgical Supply
Company. That Mr. Watts stated this was a fair trade item and all prices
should be the same, however, his Company would not complain if the other
company saw fit to donate a part of the equipment.

Mr. Yancey, City Manager, stated that the transaction had been
handled in the City's usual manner and was in perfect order and the award
was recommended to the low bidder. He also stated that the purchase of two
additional resuscitators is contemplated and that the Winchester Surgical
Supply Company will definitely be given an opportunity to bid on these;
however, that the lowest price will be recommended for award of contract.
