MINUTES APPROVED.
Upon motion of Councilman Wilkinson, seconded by Councilman Dellinger,
and unanimously carried, the Minutes of the last Council Meeting on
November 13, 1957, were approved as submitted.

PAYMENT TO VETERINARY HOSPITAL FOR TREATMENT OF DOG INJURED BY CITY
MOWING MACHINE DISAPPROVED.
Councilman Baxter moved that subject to the approval of the City Attorney
payment of $40.00 be made to Parker & Parker Veterinary Hospital for treat-
ment of dog injured by City Mowing Machine. The motion was seconded by
Councilman Foard.

Councilman Albea stated that he has not decided if the City is responsible
for payment of the bill. The City Attorney reviewed the circumstances
under which the dog was injured by the City Engineering Department mowing
machine, taken to the veterinarian by an employee of the Department, who
then advised the Pet Department to take the matter up with the owner of
the dog, and an employee of the Pet Department in turn advised Dr. Parker
that the City Engineering Department would be responsible for the bill.
That an employee of the Engineering Department went to see the owner of
the dog, Mr. Robert Crews, 302 Jones Street, and told him to get his dog
from the hospital and pay the bill, which he agreed to do; however, 10
days later the Engineering Department was advised that the owner had done
nothing. The dog was then released to the Humane Society and the bill
remains unpaid. The City Attorney advised that in view of circumstances
he would suggest that the bill be paid as a moral obligation of the City,
however, legally the City is not responsible for the bill.

Councilman Brown stated it would be setting a bad precedent for the City
to assume responsibility where there is no legal obligation.

The vote was then taken on the motion, and lost, with the votes cast as
follows:
