Mr. Paul C. Whitlock then presented to the Council a proposed agreement between the City of Charlotte and Charles C. Hook and Walter W. Hook, for professional services of Messrs. Chas. C. and Walter W. Hook as Architects for the Memorial Hospital, which he stated was in accordance with a resolution adopted by the Council some time ago to employ them. After reading the entire agreement to the Council, a discussion was entered into, Mayor Douglas bringing up the point that in event the Government did not agree to allow the 45 percent grant the City should not be held responsible under this contract.

Councilman Wilkinson, seconded by Councilman Durham, moved that the contract be approved and that the Mayor and Clerk be authorized to sign same, and after the above discussion, included in their motion the clause that the City of Charlotte would in no wise be obligated to the terms of the above contract in event the Government did not make the grant. Motion carried.

Mr. J. A. Whereupon, Councilman Albee moved that a committee from the Council be appointed to meet with the Board of Trustees of the Library. Motion seconded by Councilman Wilkinson and carried. The Mayor then appointed as a special committee from the Council for this purpose Councilmen Sides, Huntley and Hovis.

Mrs. George H. Mr. Kuester was advised that the automobile show would just be vacating the Armory on that date and Councilman Albee moved that the request be granted provided it was agreeable to the parties in charge of the automobile show, who had already contract for the Armory on that date. Motion seconded by Councilman Duchem and carried.

Mr. Kuester also asked for permission to place a sign across the street in front of Ivey's and Efird's store, advertising the Davidson College football game on September 26th., but after discussion it was thought best not to allow this sign to be placed at this point.

AGREEMENT WITH CHARLOTTE FLYING SERVICE, INC. FOR EGRESS AND INGRESS OVER AIRPORT PROPERTY.

Mr. States Lee, Chairman of the Municipal Airport Commission, presented an agreement between the City of Charlotte, the Municipal Airport Commission and the Charlotte Flying Service, Inc. for ingress and egress over a taxi strip at the Airport to the property of the Charlotte Flying Service, Inc., this company proposing to erect a repair shop for airplanes on a six acre tract of land which adjoins that of the Airport.

Mr. Boyd, City Attorney, stated he would not recommend the contract inasmuch as he did not feel that the City of Charlotte should contract for a term of twenty years; the terms of the contract stating that this privilege was granted for a period of ten years with option of renewal at the end of that time for another ten year period. A discussion was entered into, and Councilman Durham stated that this contract should also state that it covered not only the present property of the Airport but any property that might thereafter be acquired.

Mr. Lee stated that it was the recommendation of the Airport Commission that this agreement be entered into as it would bring in additional revenue to the Airport to have this repair shop close by. Councilman Hovis, Chairman of the Airport Committee, stated that his committee had met with the Airport Commission and a representative of the Charlotte Flying Service, and that it was his impression that the City Attorney approved the contract with the exception of the limit of time. Mr. Boyd stated he merely wanted to go on record as not approving the contract for a term of 20 years, as a matter of law. He stated if the Council desired to go on and approve the contract he had no objections, as he believed the contract was legal, except that the Council has no right to make a contract involving City property for twenty years to come.

Mr. Marshall was asked for his opinion in regard to the contract, and he stated that it would increase the revenue of the Airport since the Airport itself has no shop facilities and that they stood a chance of losing a number of planes by not being able to service them. He stated that at the present time it appears desirable to have this repair shop built.

After additional discussion, Councilman Hovis, seconded by Councilman Wilkinson, moved that the contract be approved.

The question was then discussed regarding the building of hangars by the party of the second part and whether it could cut prices in competition to the hangar at the Airport. It was brought out in this discussion that additional hangar space was needed at the Airport and that it did not appear that this would conflict.

The above motion was then put to a vote, as follows:

Aye: Councilmen Baxter, Griswold, Hovis, Hudson and Wilkinson
Nay: Councilmen Albea, Durham, Huntley and Sides.

The Mayor declared the motion not carried.

Mr. Walter Hoyle, attorney for the Charlotte Flying Service, Inc., then stated that his company was willing to add the clause pertaining to "property which may hereafter be acquired" and called attention to the second paragraph on the 2nd. page of this contract, which reads as follows:

"It is further understood and agreed that nothing herein contained shall be interpreted or construed to prohibit the parties of the first part from erecting, constructing and maintaining their own repair shop or shops on their own property, or the construction and operation of any additional hangars on their own property at any time hereafter that the parties of the first part may decide to do so."
September 15, 1938

OFFER OF E. C. GRIFFITH COMPANY FOR SETTLEMENT OF TAXES ACCEPTED.

The City Manager read a recommendation from the Collector of Revenue, the City Attorney, the City Manager and the Chairman of the Finance Committee relative to an offer made by E. C. Griffith Company for settlement of past due taxes and street assessments, which recommendation reads as follows:

"The total amount of taxes and street assessments due on the property shown on this map is $47,544.50, and approximately $7,000.00 County taxes, which the City would have to pay if it undertook to foreclose this property for taxes and street assessments due it. It will be noted from the appraisals which the City received of this particular property that the reasonable market value of this land as a whole on today's market would be approximately $40,000.00. The mortgagees have agreed to pay the City of Charlotte $40,923.50 in full settlement of the taxes against this property, and the balance to be applied upon the street assessments, and your committee is of the opinion that it would be to the best interest of the City of Charlotte to accept this sum in full payment of the taxes to date and interest, with the balance to be applied against the unpaid street assessments on this property, and the mortgagees, through their agent, Mr. Cochran, have agreed to pay this amount as follows: $16,000 cash now, one-half of the balance on July 1, 1939, and the balance December 1, 1939, it being understood that the cash payment of $16,000 is to be used first to pay the past due taxes and interest, which amounts to approximately $11,619.50."

Thereupon, Councilman Wilkinson, seconded by Councilman Durham, moved that this offer be accepted, which was unanimously carried.
