CITY MANAGER REQUESTED TO REPORT RELATIVE TO STATE MERIT SYSTEM CONTROL OF PAY SCALE IN HEALTH DEPARTMENT.

Councilman Boyd inquired as to the status of the forty employees in the City Health Department who have not received the salary increase authorized by the Council. Mr. Yancey, City Manager, advised that the Health Department employees operate under the State Merit System and the salary scale is fixed by them and cannot be regulated otherwise unless the City withdraws them from the System and thereby losses the allocation of some $55,000.00 per year for local health purposes from the State Health Department. Councilman Albee advised that he was opposed to the adoption of the State Merit System some years ago and still did not favor it. The City Manager was requested to investigate the matter of the salary increases being given the employees and report to Council.
