If council determines that the applicant is not so qualified, it may refuse to grant the requested franchise. If council determines that the applicant is so qualified, it may, by ordinance, grant a nonexclusive franchise to such applicant. Provided, however, no provision of this ordinance may be deemed or construed as to require the granting of a franchise when the council determines that to do so would not be in the public interest.

Any franchise granted shall include the following condition:

"The CATV system and service herein franchised shall be used and operated solely and exclusively for the purposes expressly authorized by ordinance of the City of Charlotte and no other purpose whatsoever."

Section 4. Acceptance: Indemnification: Effective Date.

(a) Within 25 days after the council has taken final action to approve the granting of a franchise, the grantees shall file a written acceptance of the franchise, acknowledged before a notary public, with the city clerk. (b) The franchise shall not be sold, transferred, leased, assigned or disposed of, in whole or in part, either by forced or involuntary sale, or by voluntary sale, merger, consolidation or otherwise, with the prior consent of the council expressed by resolution, and then only under such conditions as may therein be prescribed. Any such sale, transfer, lease, assignment or disposal shall be made only by an instrument in writing, a duly executed copy of which shall be filed in the office of the city clerk within 30 days thereof. Provided, however, the provisions of this subsection shall not apply to a transfer in trust, mortgage or other hypothecation to secure an indebtedness.
(c) The council may terminate the franchise prior to the date of expiration upon a finding, made after 30 days notice of any proposed termination and public hearing, that:

(1) The grantee has failed to comply in some material respect with any provision of this ordinance, or has, by any act or omission, violated in some material respect any term or condition of any franchise or permit issued hereunder; or

(2) The grantee made a material, false statement in the application for franchise, knowing it to be false; or

(3) The grantee, contrary to the best interest of public convenience and welfare, is not providing subscribers with regular, adequate and proper service.

(d) In the event that the use of any part of the CATV system is discontinued for any reason for a continuous period of twelve months, or the franchise has been terminated, cancelled or has expired, the grantee shall promptly remove from the streets or public places all such property and poles of the system, other than those which the city engineer may permit to be abandoned in place, and as directed by the city engineer shall either restore the street or pay the city for restoring the street or other area from which such property has been removed to a condition for public use as good as the abutting portions thereof. Any property remaining in place 60 days after the termination or expiration of the franchise shall be considered permanently abandoned.

Section 6. Authority Granted by Franchise.

(a) The grantee of any franchise issued pursuant to the provisions of this ordinance shall be authorized to construct, or have constructed, operate and maintain a CATV system and to engage in the business of providing a CATV service in the city, and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain and retain in, over, on, under, upon, across and along any public street, such poles, wires, cable, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property as may be necessary and appurtenant to the CATV system; and in addition, so to use, operate, and provide similar facilities or properties rented or leased from other persons, including but not limited to any public utility or other grantee franchised or permitted to do business in the city.

(b) The grantee may make a charge to subscribers for installation or connection to its CATV system and a fixed monthly charge for service in accordance with the schedule of rates and charges filed and approved by the council. No increases in rates and charges may be made without the prior approval of the council expressed by resolution.

(c) The grantee shall not be authorized to transmit any special program or event for which a separate and distinct charge is made to the subscriber in the manner commonly known and referred to as "pay television", or to directly or indirectly install, maintain or operate on any television set a coin box or any other device or means for collection of money for individual programs. The grantee shall not engage in the sale, service, repair, rental or leasing of television receivers, radio receivers, parts or accessories and shall not require or attempt to influence its subscribers to deal with any particular person in regard thereto.

(d) Construction and maintenance of the CATV system, including house connections, shall be in accordance with the provisions of the National Electrical Safety Code of the American Insurance Association and such applicable ordinances and regulations of the city affecting electrical installations as may be presently in effect or may be enacted by the city, and shall be subject to the approval of the building inspection department of the city.

Section 7. Conditions to Use of Streets.

(a) The poles used for a distribution system shall be, to the extent possible, those erected and maintained by either the power company, or the telephone company, or both whenever agreement can be reached with the owners of such poles. Any poles, wires, cables, conduits, or other properties to be constructed or installed in streets, shall be so constructed or installed
only at such locations and depths and in such manner as shall be approved by the city engineer. They shall be located so as to cause minimum interference with the proper use of streets and to cause minimum interferences with the rights or reasonable convenience of the general public and of property owners who adjoin such streets.

(b) The installation of the facilities, including service drops to subscribers, shall be made underground in areas where facilities of either the telephone company or the power company, or both, are underground or hereafter may be placed underground. In addition to the foregoing, installation of the facilities shall be made underground to conform by city ordinances or policies.

c) The grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from the street or other public place, any property of the grantee when required by the city by reason of traffic conditions, public safety, street vacation, freeway and street construction, change or establishment of street grade, installation of sewers, drains, water pipes, power lines, signal lines, or any other type of structures or improvements hereof, and the city shall not be liable for any disturbance of the grantee's installations resulting therefrom. The grantee shall carry out the instructions and directions of the city engineer whenever it is necessary to raise or remove any of the grantee's wire or cable temporarily, for the purpose of moving or removing buildings or structures on the public streets of the city, and shall perform such tree trimming or other maintenance work as shall be required or as shall be directed by the city engineer, all at the grantee's expense.

d) Whenever a grantee takes up or disturbs any pavement, sidewalk or other improvement of any street, the same shall be replaced and the surface restored in as good condition as before entry in accordance with ordinances, regulations, technical standards and fee schedules of the city as administered by the city engineer. Any opening or obstruction in the streets shall be guarded and protected at all times by the placement of adequate barriers, fences or boardings, the bounds of which shall be clearly designated by warning lights of approved types.

Section 8. Permits, Installation and Service.

(a) Within 30 days after acceptance of any franchise, the grantee shall proceed with due diligence to obtain all necessary permits and authorizations which are required in the conduct of its business, including, but not limited to, any utility joint use attachment agreements, licenses and authorizations required by duly constituted regulatory agencies having jurisdiction over the operation of CATV systems and service.

(b) Within 90 days after obtaining all necessary permits, licenses and authorizations, grantee shall commence construction and installation of the CATV system.

(c) Within 8 months after the commencement of construction and installation of the system, grantee shall proceed to render service to subscribers, and the completion of the system shall be pursued with reasonable diligence thereafter.

d) Failure on the part of the grantee to commence and diligently pursue each of the foregoing requirements and to complete each of the matters set forth herein, shall be grounds for termination of such franchise, under and pursuant to the terms of Section 5 (c) hereof; provided, however, the council may extend the time for the commencement and completion of construction and installation for additional periods in the event the grantee, acting in good faith, experiences delays by reason of circumstances beyond its control.

(e) The grantee shall file a map with the city at the close of each fiscal year showing the areas and locations of the city being served by the CATV system and the location and identification of component parts of the system.

Section 9. Operational Requirements.

(a) The grantee shall install and maintain a CATV system which shall be in accordance with the highest and best accepted standards of the industry.
to the effect that subscribers shall receive the highest possible service. In addition, the grantee shall comply with all requirements of duly constituted regulatory agencies having jurisdiction over the operator of CATV systems.

(b) The grantee must obtain individual permits for street openings, must have the installation or construction plans approved prior to construction, must secure all necessary permits at his expense and must pay all fees charged for closing pavement cuts.

(c) When any portion of the CATV system is to be installed on public utility poles and facilities, a certification that agreements for such joint use have been entered shall be filed with the city clerk.

(d) The grantee shall maintain a local office for the purpose of handling subscriber complaints and providing prompt maintenance service.

Section 10. Remuneration to City.

Upon acceptance of a franchise, and in consideration of the rights and privileges granted hereunder, the grantee shall pay to the city a sum equal to $1,250 per month for its first fiscal year or any remaining portion thereof. Within 60 days after the close of its first fiscal year, and each succeeding fiscal year thereafter during the life of the franchise, the grantee shall pay to the city for the privilege of constructing, operating and maintaining the CATV system as defined in Section 2(d) and for the privilege of providing the CATV service as defined in Section 2(c) during the ensuing fiscal year, the sum of $15,000 or a sum equal to the percentage, as set out below, of its gross annual receipts during the preceding fiscal year, whichever is greater.

When the gross annual receipts do not exceed $1,250,000, the percentages shall be as follows:

When the gross annual receipts exceed $1,250,000, the percentage shall be 10% of the total irrespective of the percentages set out above. Within 45 days after the expiration of the grantee's fiscal year, the grantee shall file with the city a financial statement prepared by a certified public accountant, or other person satisfactory to the council, showing in detail the gross annual receipts, as defined herein, of grantee during such fiscal year. The payment of this fee is in addition to any ad valorem taxes which the city may levy on the grantee's real or personal property. At any time during the three fiscal years following the payment of the annual fee, the city shall have the right to inspect the grantee's records showing the gross annual receipts from which these payments are computed and the right of audit and recomputation of any and all amounts under this ordinance. Acceptance of payments hereunder shall not be construed as a release or as an accord and satisfaction of any claim the city may have for further or additional sums payable under this ordinance or for the performance of any other obligations hereunder.

In the event of holding over after expiration or other termination of any franchise granted hereunder, without the consent of the city, the grantee shall pay to the city reasonable compensation and damages, of not less than 100% of its total gross profits during said period.

Section 11. Rights Reserved to City.

(a) Nothing herein shall be deemed or construed to impair or affect, in any way, to any extent, any right of the city to acquire the property of the grantee, either by purchase or through the exercise of eminent domain.
(b) The city hereby reserves the right to amend any section of part of this ordinance.

(c) At all reasonable times, the grantee shall permit any duly authorized representative of the city (1) to examine any and all financial records maintained by or under the control of the grantee relating to all revenue obtained by it from its operations under the franchise, (2) to inspect and obtain copies of any or all maps or other diagrams maintained by or under the control of the grantee showing the location and the layout of the various components of the CATV system operated by it under its permit, (3) to inspect any and all installations owned, maintained, or used by the grantee in its operations under its permit including all towers, cables and other components of the grantee’s CATV system.

(d) The grantee shall indemnify and save harmless the city, its officers and employees, from and against any and all claims, demands, actions, suits, and proceedings by others, and against all liability to others, arising out of the exercise or enjoyment of its franchise, including but not limited to any liability for damages by reason of or arising out of any failure of the grantee to secure consents from the owners, authorized distributors or licensees of programs to be delivered by the grantee’s CATV system, and against any loss, cost expense and damages resulting therefrom, including reasonable attorney’s fees.

(e) Concurrently with the filing of the written acceptance, as required in Section 4, the grantee shall file with the city clerk, and at all times thereafter maintain in full force and effect for the term of such permit or any renewal thereof, (1) a good and sufficient liability insurance policy or policies, providing Three Hundred Thousand Dollars ($300,000.00) coverage for personal injuries to each person; Five Hundred Thousand Dollars ($500,000.00) coverage for all personal injuries in each accident; and Three Hundred Thousand Dollars ($300,000.00) coverage for all property damage in each accident. The policy or policies shall name the city as an additional insured and shall be for the purpose of insuring the city against any and all legal liability, court costs and costs of defense for any action, cause of action, claim or demand for personal injury, death or property damage arising out of the operations of the grantee under this ordinance or its permit; (2) a good and sufficient insurance policy with One Hundred Thousand Dollars ($100,000.00) limits of liability for each accident naming the city as insured and insuring the city against damage to its property arising out of the operations of the grantee under this ordinance; (3) a good and sufficient insurance policy naming the city as an additional insured providing Two Million Dollars ($2,000,000.00) coverage for damages, expenses and costs arising out of copyright infringements or in lieu thereof, an indemnification agreement satisfactory to the council.

(f) Concurrently with the filing of the written acceptance, as required in Section 4, the grantee shall file with the city clerk, and at all times thereafter maintain in full force and effect for the term of such franchise or any renewal thereof, good and sufficient bond in the penal sum of Fifteen Thousand Dollars ($15,000.00), executed by a surety company authorized and qualified to do business in the State of North Carolina. This bond shall be conditioned upon the faithful performance by the grantee of the obligations imposed by the provisions of this ordinance and the franchise. This requirement is in addition to and not in lieu of the requirements of subsection (e) above.

(g) The grantee shall pay to the city a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting of a franchise pursuant to the provisions of this ordinance. Such payment shall be made within 30 days after the city furnishes the grantee with a written statement of such expenses. Payment shall be made to the director of finance.
Section 12. Violations.

(a) It shall be unlawful for any person, firm or corporation to make any unauthorized connection, whether physically, electrically, acoustically, inductively or otherwise, with any part of a franchised CATV system within this city for the purpose of taking or receiving television signals, radio signals, pictures, programs, or sound.

(b) It shall be unlawful for any person, firm or corporation to make any unauthorized connection, whether physically, electrically, acoustically, inductively or otherwise, with any part of a franchised CATV system within this city for the purpose of enabling himself or others to receive any television signal, radio signal, picture, program or sound, without payment to the owner of said system.
