Ordinance No. 989

An Ordinance Amending Chapter 23 of the City Code Zoning Ordinance

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHARLOTTE

Section 1. Chapter 23, "Zoning" of the Code of the City of Charlotte is hereby amended as follows:

1. Amend Article IV. Area, Yard and Height Regulations, Division 1. Residential Districts, Section 23-41 by adding a new sub-paragraph (e) as follows:

   (e) For provisions governing planned multi-family developments see Section 23-32 of this ordinance.

2. Amend Article IV. Area, Yard and Height Regulations, Division 1. Residential Districts by deleting Section 23-42 in its entirety.

3. Amend Article III. Division 2. Special Requirements for Certain Permitted Uses by adding a new Section 23-32 as follows:

   Sec. 23-32. Planned Multi-Family Developments in Residential Districts.

   (a) A planned multi-family development is a group of two or more multi-family buildings or three or more duplexes, established on a single development tract, having unified design of buildings and coordinated orientation of open space and service areas, and developed in accordance with an approved site plan as required in Chapter 18 of this Code.

   (b) Planned multi-family developments may be established in multi-family residential districts, office districts and business districts subject to the following requirements:

* Side and rear yard determination shall be on the basis of the orientation of each proposed building to the adjoining exterior property line. A breakaway angle of 45 degrees or greater between the property line and the front or rear building facade shall constitute a side yard orientation.

(2) Every residential building in a planned multi-family developments shall be separated, on every side, from any other building within the building group by a distance of at least 16 feet in R-1.0MF, R-6MFH, and R-6MF Districts and 20 feet in R-9MF, R-12MF and R-15MF Districts.

(3) Duplex and multi-family structures in the R-1.0MF District may be constructed to a maximum floor area ratio of 1.0.

(A) In instances where Planned Multi-Family Developments required to provide public streets for arterial street purposes in accordance with the adopted Major Thoroughfare Plan, the developer may apply to the City or other...
appropriate governmental agency for reimbursement for up to 50% of the cost of the street improvements required under Chapter 18 of this Code, provided that such application is made within one (1) year after the recordation of the final plat dedicating such arterial street, and the completion of the required improvements.

(5) Private streets are interior circulation roads designed and constructed to carry vehicular traffic from public streets within or adjoining the site to terminal parking areas and service areas. The design and arrangement of private streets shall be subject to review and approval by the Planning Commission in coordination with the Traffic Engineering Department and the Department of Public Works.

(A) Private streets shall be provided with a minimum width of 30 feet, exclusive of parking bay areas, and a minimum pavement width of 20 feet, measured from edge of pavement to edge of pavement, for two way traffic and a minimum width of 20 feet and a pavement width of 10 feet for one way traffic. Additional widths shall be required where parallel parking is to be provided.

(B) Concrete curb approved by the Department of Public Works shall be required, unless the Planning Commission shall determine that curbs are not needed when private streets traverse open areas.

(C) Angled parking areas directly adjoining private streets shall be permitted on one side of the street at a time only. However, such parking areas may be alternated from one side of the street to the other. The combined length of such parking areas shall not exceed 50 percent of the length of the adjoining roadway. All other angled parking areas must be clearly separated from the private street by at least a barrier island.

(D) Each building group shall be served by at least one public street or private street that has a longitudinal grade not greater than 10 percent.

(E) Permanent street names approved by the Planning Commission shall be assigned to each private street. Street name signs approved by the Traffic Engineering Department shall be posted. The Department of Public Works shall utilize approved private street names in the assignment of building identification numbers.

(6) The parking and circulation plan shall assure safe, quick and convenient access and circulation for fire fighting equipment, refuse collection, and service and delivery vehicles.

(A) The plan shall indicate proposed locations and service connections for fire hydrants, both public and private and refuse collection points. The Fire Department...
must find that private fire hydrants deliver an adequate water supply equivalent to the minimum prescribed for public hydrants.

(b) Private streets shall be no closer than 20 feet to an apartment building, except that private streets may be within 5 feet of purely service sides of a building, of building ends which do not provide access to the building, and of the ends of duplex units. A determination of a service side shall consider refuse collection points, the location of exterior mechanical equipment, building ingress and egress points, and building design and arrangement.

(c) Unenclosed surface parking areas shall be no closer than 15 feet to an apartment building, except that such parking areas may be within 5 feet of purely service sides of a building, of building ends which do not provide access to the building, and of the ends of duplex units. A determination of a service side shall be in accordance with paragraph (b) above.

(d) In order to determine the efficiency, adequacy and safety of the proposed parking and circulation plan and facilities, the Planning Commission shall coordinate its review with the Fire Department, the Traffic Engineering Department, and the Department of Public Works.

(7) Site planning in proposed developments shall provide protection of the development from adverse surrounding influences and protection of surrounding areas from adverse influences within the development. The plan shall be developed, having adequate consideration to the size and shape of the tract, to the topography and necessary grading, the reasonable preservation of the natural features of the land and vegetation, the size and relationship of buildings and to the character of and relationship to the adjoining properties. Building arrangement should discourage the orientation of the front entrance of a residential building toward the rear entrance of another residential building. Consideration should be given to the location and arrangement of recreation and parking areas, the nature and extent of screening, street design and open space design and utilization both in the preparation and the evaluation of the site plan and its relation to surrounding areas. The Planning Commission review of site plans shall not include considerations of aesthetics, the architecture, appearance, or design of buildings, or the materials used in the construction of buildings.

(8) Adequate and suitable recreation areas designed and intended for small children shall be provided at a ratio based on the number of bedrooms per apartment unit as established in the following schedule:
January 18, 1971
Ordinance Book 18 - Page 56

Ordinance

Minimum amount of Recreation Space to be provided per unit (sq. ft.)

Type Apartment Unit  | Recreation Space (by number of bedrooms)
---|---
1 bedroom apartment | 0
2 bedroom apartment | 25
3 bedroom apartment | 50
4 or more bedroom apartment | 100

(A) Such areas shall be reasonably located to assure safe and convenient access and maximum usability. The areas shall have a minimum dimension of 20 feet and a minimum area of 900 square feet. Projects which would accrue less than 900 square feet of recreation area according to the above schedule shall be exempt from this requirement.

(B) Recreation areas so established shall be credited as Usable Open Space.

(9) No building permits for construction in a Planned Multi-Family Development shall be issued until a preliminary site plan and final plat (when required) have been approved by the Planning Commission in accordance with the requirements of Chapter 18 of this Code.

4. Amend Article III, Division I. Special Requirements for Certain Permitted Uses by changing the Section headings as follows:

Sec. 23-32.1 Customer home occupations.
Sec. 23-32.2 Commercial uses in multi-family and office buildings.
Sec. 23-32.3 Motels, motor courts and hotels.
Sec. 23-32.4 Commercial uses in research district.
Sec. 23-32.5 Unit Ownership (condominium) development.

5. Amend Article III, Division II. Special Districts and Conditional Uses.

Section 23-36.1. R-20MF multi-family district as follows:

Add to paragraph (c) the following new subparagraph (7):

(7) Planned multi-family developments as defined in section 23-32 of this ordinance which permitted as conditional uses within the R-20MF District shall also meet the development standards and procedures of Section 23-32.

Section 2. That, this ordinance shall become effective 45 days after the day of adoption.
