ORDINANCE NO. 2645

AN ORDINANCE AMENDING APPENDIX A
OF THE CITY CODE-ZONING ORDINANCE

BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF CHARLOTTE:

Section 1. Appendix A, "Zoning" of the Code of the City of Charlotte is hereby amended as follows:

A. CHAPTER 9: GENERAL DISTRICTS.

1. PART 6: RESEARCH DISTRICTS

Amend Section 9.603, "Uses permitted under prescribed conditions" by adding vehicle leasing offices and associated accessory and transitional automobile parking to the list of uses allowed in the RE-2 and RE-3 zoning districts. The new item (18) shall read as follows:

(18) Vehicle leasing offices and associated accessory and transitional automobile parking in RE-2 and RE-3 zoning districts, provided that:

(a) Vehicle leasing offices will occupy no more than 50 percent of the gross floor area of the building in which such use is located;

(b) Only typical office functions permitted as a principal use within Research Districts shall occur within buildings located on the premises. No direct in-person customer transactions related to vehicle rentals shall be permitted and customers will not take possession of vehicles directly from the vehicle leasing office;

(c) No advertising signs or other features typically associated with a vehicle rental facility shall be permitted. Signage shall not be placed on any vehicles parked in the accessory parking area with the exception of identification stickers of no more than 5 square inches in size. Wall and detached signage is permitted only to identify the administrative office and shall not designate the site as a vehicle rental facility;

(d) No vehicle maintenance, repair, preparation or cleaning (other than minor exterior washing) shall be permitted;
(e) The vehicle leasing administrative office will not be identified as a rental car location in the Telephone Directory, Yellow Pages or in any printed or electronic advertising materials;

(f) The accessory automobile parking areas shall be limited to passenger vehicles, trucks and vans. No construction-related equipment, no vehicles with over two axles, no vehicles greater than 24 feet in length, and no inoperable or wrecked vehicles of any type are permitted in the accessory parking areas. Trucks and vans may only be parked in an accessory parking area located within 200 feet of a manufacturing, distribution or production use taking place on the site, and such manufacturing, distribution or production use must exist at the time of issuance of the permit associated with the parking of trucks and/or vans vehicles;

(g) Accessory and transitional automobile parking shall take place in designated, paved parking areas that shall not exceed a total combined area of one (1) acre in size. Such parking area(s) shall be designed and maintained in accordance with Chapter 12, Part 2. Individual parking spaces located in the designated accessory automobile parking areas shall not be readily visible from public streets and shall not be counted toward meeting the minimum number of off-street parking spaces required in Section 12.202 for the vehicle leasing office.

(h) In recognition of the transitional nature of the accessory automobile parking associated with vehicle leasing offices, the vehicles parked in the accessory automobile parking areas shall be parked in the permitted parking areas on a short term basis, provided, however, that parking of replacement vehicles may continue in the permitted parking areas on a continuous basis subject to the restrictions set forth in this Section; and

(i) The accessory automobile parking associated with vehicle leasing offices uses set forth in this Section shall be permitted on lots having a minimum size of twenty (20) acres located in the RE-2 and RE-3 Districts.

(j) Nothing contained in the foregoing shall limit or restrict any uses permitted by right, under prescribed conditions or as an accessory use in Research Districts.
Section 2. That this ordinance shall become effective upon its adoption.
