**An Ordinance Amending the City Code with respect to the Zoning Ordinance**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHARLOTTE:

Section 1. Chapter 23 "ZONING" of the Code of the City of Charlotte is hereby amended as follows:

1. Amend Article III, Division 3, by adding a new Section 23-36.1 as follows:

   **Section 23-36.1 R-20HF Multi-Family District.**

   (a) The purpose of the R-20HF Multi-family District is to provide for low-density apartment development in areas which would be unsuited for multi-family use on a higher density, less restricted basis. By having high dimensional standards and requiring site plan approval, maximum control of development can be achieved through this District. The following procedures and requirements are established for the development of R-20HF Multi-Family Districts.

   (b) An application for rezoning to R-20HF Multi-Family District shall be accompanied by schematic plans showing:

      (1) Proposed locations of buildings and their general exterior dimensions.

      (2) Proposed use of all land within the area requested for rezoning.

      (3) Dimensions between all buildings and from buildings to property lines.

      (4) Traffic, parking and circulation plan, showing proposed locations and arrangement of parking spaces and ingress and egress to and from adjacent streets.

      (5) Proposed location and material of any screening walls, fences, or plantings.

      (6) Proposed exterior design of buildings.

      (7) Schedule of number and size of apartments within the project.

      (8) Proposed time schedule and staging, if any, for construction of the project.

   (c) Development requirements within the R-20HF Multi-Family District shall be as specified below:

      (1) The minimum area requirement shall be 20,000 sq. ft. for the first dwelling unit in the project and 5,000 sq. ft. for each additional dwelling unit.

      (2) The minimum setback from street, and minimum side and rear yards shall be 40 feet.

      (3) The minimum unobstructed open space shall be 70% of total lot area.

      (4) The maximum height of structures shall be 40 feet except that principal buildings may be erected to a height in excess of 40 feet provided minimum side and rear yards at exterior property lines shall be increased by one foot for every two feet of building height in excess of forty feet.
(5) Every building shall be separated on every side, from any other building within the building group by a distance of at least 25 feet.

(6) Parking of motor vehicles shall not be permitted within the required setback.

(d) Permitted uses within the R-20MF Multi-Family Districts shall be limited to Multi-Family use only.

(e) In approving an application for R-20MF Multi-Family Districts, the City Council shall find that the proposed development will be compatible with general neighborhood development plans, will not place excessive traffic load on local streets and that the site can be developed according to a site plan that will minimize adverse effects on any adjacent single-family residential areas.

(f) Site development within the R-20MF Multi-Family District shall conform to the schematic plan and associated requirements approved by the City Council. Modification of the development plan and associated requirements may be made by the City Council subsequent to their initial approval upon application thereof by the owner of the property.

(g) Following City Council approval of an R-20MF Multi-Family District, the property for which approval was granted shall be labeled "R-20MF M.F. on the Official Zoning Map."

Section 2. That, this ordinance shall be some effective upon its adoption.
