Petition #: 98-09
Petitioner: LandCraft Properties, Inc.
Hearing Date: January 20, 1998
Zoning Classification (Existing): R-3
Zoning Classification (Requested): R-8 (CD)
Location: Approximately 16.51 acres located on the west side of Mallard Creek Road between Garrison Drive and Mallard Park Drive.
This is a parallel conditional use permit approved by the Charlotte City Council to Landcraft Properties, Inc. and successors-in-interest of the property described as tax parcel 043-013-05 and described in detail further in the ordinance, identified below, approved by the City Council.

In approving this parallel conditional use permit, the Charlotte City Council amended Chapter 6: Part 2 of the City of Charlotte Zoning Ordinance and the official zoning map. The property now has a parallel conditional use district zoning classification of R-8(CD) on the official zoning map.

This parallel conditional use permit is subject to and incorporates by reference all of the following: the schematic plan, the supporting text, all attached conditions, and Chapter 6: Part 1 and 2 of the City of Charlotte Zoning Ordinance, all of which preceding are binding upon the property and all subsequent development and use of the property. A failure to comply with any of the above may result in revocation of the parallel conditional use permit in accordance with the authority of the City Council under Chapter 6: Part 1 of the City of Charlotte Zoning Ordinance.

Three years from the date of approval of this parallel conditional use permit, the Planning Commission shall determine if active efforts to develop in accordance with approved plans have occurred. If active efforts to develop have not occurred, then a report shall be forwarded to the City Council which may recommend that action be initiated to remove the parallel conditional use district in accordance with Chapter 6: Part 1.

ORDINANCE NO. 1071 SPRINKLER ORDINANCE

AN ORDINANCE AMENDING THE CODE OF THE CITY OF CHARLOTTE TO REQUIRE THE INSTALLATION OF AUTOMATIC FIRE SPRINKLER SYSTEMS IN FRATERNITY AND SORORITY HOUSES.

WHEREAS, the City Council believes and hereby finds that it is sound public policy and in the best interest of the citizens of the City of Charlotte to require fraternity and sorority houses to install automatic fire sprinkler systems; and

WHEREAS, the General Assembly has ratified a local act allowing City Council to adopt an ordinance which requires the installation of sprinkler systems in fraternity and sorority houses in the City of Charlotte; and

WHEREAS, the City Council now desires to enact this ordinance to require the installation of automatic sprinkler systems in fraternity and sorority houses in the City of Charlotte.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Charlotte as follows:

Section 1. Chapter 8, Article I of the City Code is hereby amended by adding a new section to read as follows:

"Sec. 8-9. Fraternity and Sorority Houses

(a) Application and definition. This section shall apply to every fraternity and sorority house within the corporate limits of the City of Charlotte. "Fraternity and Sorority House" under the terms of this article shall mean any building used as a dwelling and occupied by and maintained exclusively or primarily for college, university, or professional school students who are affiliated with a social, honorary, or professional organization recognized currently or in the past by a college, university, or professional school.

(b) Automatic fire sprinklers in fraternity and sorority houses. An automatic fire sprinkler system meeting the requirements of National Fire Protection Association standard #13 or #13R is required to be installed in each fraternity and sorority house in accordance with the compliance deadlines set forth in this section. All connections shall be located on the street side of each building, and activation of the sprinkler system shall activate both an internal evacuation alarm and a supervisory alarm at a twenty-four (24) hour certified and licensed alarm monitoring service.

(c) Compliance Period. Existing fraternity and sorority houses shall come into compliance with this section within five years of its effective date. If an existing structure is proposed to be converted to use as a fraternity or sorority house, compliance with this section shall be required prior to issuance of a certificate of occupancy for use as a fraternity or sorority.
If an existing structure is being used as a fraternity or sorority house and renovations at a cost exceeding 50% of structure's taxable value are proposed prior to the date on which compliance with this section would otherwise be required, compliance with this section shall be required prior to a new certificate of occupancy being issued following such renovations. New structures shall be required to comply with the terms of this article before a certificate of occupancy is issued for use as a fraternity or sorority house.

(d) Exemption for certain detached, secondary buildings. Existing fraternities and sorority buildings are exempt from this section if they meet the following conditions:

1. Have no more than 1,000 square feet of floor area and are not directly connected to the main building used for sleeping; and
2. Have no facilities used for sleeping.

(e) Automatic Sprinkler System Not to be Disabled. Upon the occupancy of any new structure as a fraternity or sorority house or upon the completion of the installation of an automatic fire sprinkler system in an existing fraternity or sorority house, no person shall shut off or disable such automatic fire sprinkler system and no owner or resident of such house shall allow or fail to prevent the shutting off or disabling of such a system. Provided, however, that a sprinkler system may be shut off in order to perform maintenance work on the system during the time that qualified maintenance personnel are on the premises performing necessary maintenance work. Such maintenance work shall only be conducted after notice to and approval by the Charlotte Fire Department.

(f) This ordinance shall be in addition to any other requirements for sprinkler systems or other fire protection systems required by law or City ordinance. Where this ordinance and any other law apply, the more restrictive provisions shall be enforced.

Section 2. This ordinance shall become effective upon its adoption.

Adopted this the 22nd day of June, 1998.
