Ordinance Amending Chapter 19 of the Charlotte City Code Entitled "Streets and Sidewalks."

ORDINANCE NO. 596

AN ORDINANCE REGULATING DECORATIVE SIGNS WITHIN PUBLIC RIGHTS-OF-WAY IN MUNICIPAL SERVICE DISTRICTS 1, 2, AND 3, AND TO EXEMPT SUCH SIGNS FROM THE PROVISIONS CONTAINED IN THE ZONING ORDINANCE, CHAPTER 13.

BE IT ORDAINED by the City Council of the City of Charlotte, North Carolina, that:

Section 1 That Chapter 19 of the Charlotte City Code be amended by adding Article VII, "Decorative signs and municipal service districts 1, 2 and 3."

Section 2 Section 19-151 through 160 Reserved.

Section 3 Section 19-161 to read as follows:

(a) Decorative signs. These provisions are established to regulate temporary decorative signs within public rights-of-way in municipal service districts 1, 2, and 3 and to exempt such signs from the provisions contained in the Zoning Ordinance, Chapter 13, of the City Code. Decorative signs are regulated in accordance with these standards in order to accomplish the following:

(1) To provide standards and guidelines regarding the display of banners, flags, pennants and other decorative and informative signs on public rights-of-way or public property in municipal service districts 1, 2, and 3.

(2) To restrict the display of decorative signs which overloads the public's capacity to receive information, which violates privacy or which increases the probability of accidents by distracting attention or obstructing vision.

(3) To provide opportunities for sponsors to promote events sanctioned through its contract with the Central Charlotte Division of the Charlotte Chamber of Commerce (hereinafter "CCD") by the city council or by the city manager or his designee.

(4) To provide an opportunity for the general business district to display decorative, seasonal banners on the Tryon Street Mall, Trade Street, and other streets within the central business district;
June 24, 1996
Ordinance Book 47, Page 448

(5) To establish guidelines which include, but are not limited to, size, materials, location, erection and removal of decorative signs within municipal service districts 1, 2, and 3; and

(6) To delegate an administrative procedure to the CCD for application, issuance of approval and display of decorative signs within the municipal service districts 1, 2, and 3.

For purposes of these provisions, a "decorative sign" shall be defined as a pictorial representation (including illustrations, words, numbers, or decorations), emblem, flag, banner, or pennant.

(b) Prohibited sign devices. No decorative sign may be lighted, flash, or make noise.

(c) Location, size, and placement of sign. Decorative signs are permitted to be displayed upon public street frontages in Municipal Service Districts 1, 2, and 3; provided signs do not impede vehicular visibility, do not obstruct regular building signs, do not interfere with the display of windows on private property and otherwise comply with the provisions of City Code Section and provisions contained in this policy. When signs are placed on, in, or above public rights-of-way, written consent of the City's Director of the Department of Transportation, or his designee, shall be required. Such consent shall be based on a review that will include, but not be limited to, sign location, placement, and safety. Decorative signs placed on property other than the City's (e.g. utility poles, pedestrian and railroad bridges) shall require the written consent of the property owner.

(d) Erection and removal of decorative signs. Erection and removal of a sign is the responsibility of the exhibitor, and all costs must be borne by the exhibitor or charged to the exhibitor by the city, if the decorative sign is not removed within the prescribed time, and the city itself must remove the sign. The erection or removal of decorative signs that require the closure of any street, travel lane, or sidewalk area requires prior approval by the City's Transportation Engineering Division, Department of Transportation. All such closures must conform to the current edition of the Department of Transportation's Work Area Traffic Control Handbook (WATCH).

(e) Liability. The CCD or any person or organization installing, displaying, or dismantling decorative signs shall save and hold harmless the city from any and all liability or damage to any person or property caused or occasioned by such process. CCD or those installing, displaying, or dismantling signs must obtain and provide evidence to the City's Risk Management Division, Finance Department, of comprehensive general liability insurance with limits of no less than two million dollars ($2,000,000.00) per occurrence, annual aggregate on bodily injury and property damage to insure their liability. The amount of insurance will be subject to future review and reasonable adjustment at the request of the City. Such policy shall
indemnify the city as provided above. A certificate of insurance shall be issued prior to the beginning of any work. The certificate of insurance shall be furnished to the City containing the provision that 30 days written notice will be given to the City prior to cancellation or change to the required coverages and that failure to provide such notice shall impose an obligation and liability upon the issuing company, its agents, or representatives.

The CCD, in its administration of this ordinance, may require any person or organization installing, displaying, or dismantling decorative signs to also save and hold harmless the CCD and any other person or organization, including but not limited to, the Charlotte Chamber of Commerce, Norfolk Southern Corporation, Duke Power, that CCD requires to be held harmless as a condition of the installation, display or dismantling of decorative signs. The CCD also may require those installing, displaying, or dismantling decorative signs to obtain and provide evidence of comprehensive general liability insurance with limits no less than Two Million Dollars ($2,000,000.00) per occurrence, annual aggregate on bodily injury and property damage, to insure their liability to CCD. The amount of insurance will be subject to future review and reasonable adjustment at the request of the City.

(f) Administration. Upon careful review and consideration of an application, a recommendation regarding approval shall be forwarded by the CCD to the City of Charlotte's Uptown Project Coordinator or his or her designee. Final responsibility and authority for approval rests with the City of Charlotte's Uptown Project Coordinator or his or her designee in accordance with the City of Charlotte Code Chapter and policies and guidelines issued pursuant thereto. On review, the City's Uptown Project Coordinator shall uphold, reject, or modify CCD's recommendation. CCD shall issue, deny, or modify the application consistent with the City's Uptown Project Coordinator's directive.

CCD, as administrator, shall establish policies and guidelines for the administration of this section. Prior to their adoption, such policies and guidelines or amendments thereto shall be submitted to the city manager or his designee for approval. Pursuant to this process, CCD may establish policies or guidelines which are more restrictive than the provisions contained in this section. CCD shall make available policies and guidelines for the display and approval of decorative signs in municipal service districts 1, 2, and 3 to the general public.

(g) Unlawful act. It shall be unlawful for anyone to place or cause to be placed a decorative sign within public rights-of-way in municipal service districts 1, 2, and 3 without complying with the provisions of this section, the policies and guidelines for the display and approval of decorative signs in municipal service districts as adopted by the CCD and any other requirements or conditions stated in a written approval for a decorative sign.

(Ord. No. 2205, §1, 6-8-87; Ord. No. 3510, §§1-8, 2-8-93)
Section 4  This ordinance shall become effective immediately upon its adoption.
