(a) Freight Terminals and Truck Terminals may be permitted as a conditional use in the I-1 District subject to the following requirements:

(1) Vehicular access to the terminal will be provided from major thoroughfares and will not require the use of minor residential access streets."
(2) No portion of the terminal shall be located in such a manner as to create a hardship on adjacent property in residential zoning districts.

(b) As a prerequisite to approval of an application for this conditional use, the Council shall find that the use of the proposed site for terminal purposes shall be in keeping with the general character of the development of neighboring industrial properties, is located in such a manner as to provide protection to adjacent residential areas from noise, night-time illumination and fumes and will not be detrimental to additional future development in the vicinity."
