Councilmember [Mitchell] introduced the following resolution, a summary of which had been provided to each Councilmember, which was read by title:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHARLOTTE, NORTH CAROLINA, REAUTHORIZING THE CITY OF CHARLOTTE, NORTH CAROLINA WATER AND SEWER SYSTEM COMMERCIAL PAPER REVENUE BOND ANTICIPATION NOTES, SERIES 2004 AND AUTHORIZING CERTAIN ADDITIONAL DOCUMENTS RELATED THERETO.

WHEREAS, the City of Charlotte, North Carolina (the “City”) is authorized by The State and Local Government Revenue Bond Act, General Statutes of North Carolina, Section 159-80 et seq. (the “Act”), to issue, subject to the approval of the Local Government Commission of North Carolina, at one time or from time to time revenue bond anticipation notes of the City for the purposes as specified in the Act; and

WHEREAS, the City has previously issued its Water and Sewer System Commercial Paper Revenue Bond Anticipation Notes, Series 2004 (the “Bond Anticipation Notes”) in an aggregate principal amount not to exceed $400,000,000 under the terms of the General Trust Indenture dated as of November 1, 1996 between the City and First Union National Bank of North Carolina, the successor to which is U. S. Bank National Association, as trustee, (the “Trustee”), as amended (the “General Indenture”), Series Indenture, Number 7 dated as of August 1, 2004 (the “Series Indenture”) between the City and the Trustee and the bond order adopted by the City Council on July 26, 2004 (the “Bond Order”);

WHEREAS, the City has used the proceeds of the Bond Anticipation Notes to finance the capital costs of improvements to the water and sanitary sewer systems of the City (the “Water and Sewer System”), including, but not limited to, the extension of existing water and sewer lines and rehabilitation or replacement of others; construction of new water and sewer mains and outfalls;
rehabilitation and upgrades of water and wastewater treatment plants; and acquisition of land for the Water and Sewer System, all as described in the Bond Order;

WHEREAS, the City intends to refinance the outstanding principal amount of the Bond Anticipation Notes with the proceeds of long-term bonds (the "2008 Bonds") issued under the General Indenture and Series Indenture, Number 10 to be dated as of August 1, 2008 between the City and the Trustee; and

WHEREAS, the City has determined that after the issuance of the 2008 Bonds and discharge of the outstanding Bond Anticipation Notes, as permitted under the terms of the Series Indenture, the City desires to continue utilizing the Bond Anticipation Notes program and issue additional Bond Anticipation Notes in an aggregate principal amount not to exceed $400,000,000 to pay costs of improving the Water and Sewer System;

WHEREAS, the City will enter into a Commercial Paper Dealer Agreement dated as of August 1, 2008 (the "Dealer Agreement") with Wachovia Bank, National Association (the "Dealer"), and the North Carolina Local Government Commission (the "Commission"), under which the Dealer will place the Bond Anticipation Notes on behalf of the City and the Commission under the terms and conditions set forth therein and in the Series Indenture; and

WHEREAS, the City desires to enter into a Standby Note Purchase Agreement dated as of August 1, 2008 (the "Liquidity Facility") among the City, U. S. Bank National Association, as issuing and paying agent, and Wachovia Bank, National Association, as liquidity provider, to provide liquidity for the Bond Anticipation Notes;

WHEREAS, a copy of the form of the Liquidity Facility has been filed with the City;

WHEREAS, the City Council has considered and recognizes that variable interest rate debt instruments may subject the City to the risk of higher interest rates in the future and that in addition to the variable interest cost, the City must pay the fees of the provider of a Liquidity Facility and the Dealer, which fees will increase the variable interest cost to the City;

WHEREAS, the City Council believes that utilizing the commercial paper financing as an interim source of funding for improving the Water and Sewer System lowers the City's overall cost of capital and therefore is superior to issuing fixed rate bonds for such purpose at this time;

WHEREAS, the City Council directs the Director of Finance of the City to file with the Local Government Commission of North Carolina (the "Commission") an application for its reapproval of the Bond Anticipation Notes in an aggregate principal amount not to exceed $400,000,000, on a form prescribed by the Commission, and (1) request in such application that the Commission approve (A) the negotiation of the sale of the Bond Anticipation Notes to the Dealer in accordance with the Series Indenture and the Dealer Agreement, (B) the City's use of Parker Poe Adams & Bernstein LLP, as bond counsel for the City, (C) the Dealer's use of McGuireWoods LLP, as dealer's counsel, (D) the City's use of DEC Associates Inc. and Waters and Company, LLC, as financial advisors, (E) the City's use of U. S. Bank National Association, as issuing and paying agent for the Bond Anticipation Notes, and (F) the City's use of Wachovia Bank, National Association, as the liquidity provider for such Bond Anticipation Notes (collectively, the "Financing Team") and (2) state in such application such facts and to attach thereto such exhibits in regard to the Bond Anticipation Notes and to the City and its financial condition, as may be required by the Commission, and to take all other action necessary to the reauthorization of the Bond Anticipation Notes.
NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF CHARLOTTE, NORTH CAROLINA DOES RESOLVE AS FOLLOWS:

WHEREAS, the North Tract and the South Tract collectively, shall hereinafter be referred to as the “Property”, and the Property is divided by College Street; and

WHEREAS, Owner desires to encroach on the right-of-way of College Street, into the air space over and above College Street and in the set back lines on each side of College Street...
which adjoin the boundaries of the Property, for the purpose of constructing an overhead pedestrian crosswalk (hereinafter referred to as "Encroaching Structure” or “Encroachment”) between certain improvements located or to be located on the Property; and

WHEREAS, City is expressly authorized by North Carolina General Statutes §160A-273 to grant rights for encroachment over, through, under or across its property or the right-of-way of any public street or alley that is not part of the State Highway system; and

WHEREAS, the Encroaching Structure does not appear to be detrimental to the public interest and the Encroaching Structure does not appear to materially impair or hinder the use of any public right-of-way and/or College Street, and it is to the material advantage of Owner and City for City to permit the Encroaching Structure subject to the conditions of this Agreement.

NOW, THEREFORE, in consideration of the premises and other valuable considerations, the receipt and sufficiency of which are hereby acknowledged, City and Owner hereby covenant and agree as follows:

1. **GRANT.** City hereby grants and conveys to Owner, its successors and assigns, upon the terms and conditions herein set forth, easement rights and privileges to construct and maintain the Encroaching Structure, TO HAVE AND TO HOLD said rights and privileges unto Owner, its successors and assigns, for a term of years commencing on the date hereof and ending December 31, 2100, and thereafter for successive ten (10) year periods commencing January 1, 2101 unless the easements, rights, privileges and obligations created hereunder (the “Easement Rights”) are sooner terminated as follows:

   (a) Owner may terminate the Easement Rights at any time.

   (b) The Easement Rights shall terminate automatically if either the Encroaching Structure, or either the improvements connected thereby is completely destroyed or demolished and not restored or reconstructed within five (5) years thereafter.

   (c) The City may terminate the Easement Rights as of the end of the initial term or as of the end of any ten-year renewal term by written notice to Owner at least one (1) year prior to the termination date.

   (d) The City may terminate the Easement Rights if Owner is in default of any of its obligations hereunder and such default is not cured within thirty (30) days after receipt of written notice thereof by Owner, or after such additional period of time as may be reasonably necessary to cure the default if the default is of such a nature that it cannot reasonably be cured within said 30-day period and if Owner commences a cure within said 30-day period and thereafter proceeds diligently to completion.

In the event of termination of the Easement Rights, upon written demand by City to Owner given within thirty (30) days after the effective date of termination, Owner shall within a reasonable time and at its expense remove the Encroaching Structure.
The rights and privileges hereby granted and conveyed are appurtenant to and run with the Property and are subject to the conditions hereof.

2. GRANT AND TERMS OF ENCROACHING STRUCTURE. The Encroaching Structure that is the subject of this Agreement shall be constructed over the right-of-way of College Street, in the air rights over and above the right-of-way of College Street and over and into the setback lines on each side of College Street to be located as described on Exhibit B-1 and as depicted on Exhibit B-2, which are attached hereto and incorporated herein by reference. Owner binds and obligates itself to erect and maintain the Encroaching Structure in such reasonably safe and proper condition that will not interfere with or endanger travel upon College Street, nor obstruct, nor interfere with the proper maintenance thereof. Owner binds and obligates itself, its successors and assigns to secure and comply with all necessary and required permits and approvals for the erection, maintenance, and modification of such Encroaching Structure. The Encroaching Structure shall be the private property of Owner, its successors and assigns to be used by Owner, and Owner's employees, agents, licensees, tenants and invitees as Owner, in its discretion, deems appropriate. Owner agrees that if, at any time, the Encroaching Structure deteriorates or weakens so as to constitute a safety hazard, as determined by either the Owner or City, the Owner agrees to promptly repair or replace same to the extent necessary to eliminate any such safety hazard. Owner binds and obligates itself, its successors and assigns to have an annual inspection of the Encroaching Structure and its supports completed by a registered professional engineer. Said report shall be sealed by the professional engineer and furnished to the Director of the Charlotte Department of Transportation by March 1 of each year. The report shall be of sufficient detail to the reasonable satisfaction of City and include a description of any identified deficiencies and recommendations for corrective action. Further, the report must identify those deficiencies as being "critical" or "non-critical." Critical deficiencies are those that have the potential to adversely affect public safety. The Charlotte Department of Transportation retains the right and privilege in its sole discretion to make the final determination for classification of "critical" deficiencies. The report and any periodic monitoring schedules/reports must be submitted with a cover letter from Owner, its successors, or assigns, outlining a schedule to correct "critical" deficiencies within forty-five (45) days and construction plans/details for City's review and approval. Plans for the correction of "critical" deficiencies must be approved by City prior to the beginning of work and must include traffic control plans, as necessary. The City's approval of the plans for the correction of "critical" deficiencies shall not be unreasonably withheld or delayed, and, if there is no response from the City within sixty (60) days after the plans have been submitted to the City, the plans shall be deemed to be approved. Corrective action for all deficiencies must be completed within ninety (90) days of the approval of same in writing by the Director of the Charlotte Department of Transportation or from the deemed approved date. The Charlotte Department of Transportation shall be notified in writing of the completion/acceptance date for all corrective actions and will be furnished copies of final inspection reports or other certifications of work performed. Any deficiency/default not corrected within these time limits will result in a default to be resolved as set forth in paragraph 1(d) of this Agreement. The Owner further agrees that the Director of the Charlotte Department of Transportation shall, at all reasonable times, have the right to inspect the Encroaching Structure for repairs in order to determine the extent, if any, that the Encroaching Structure may have deteriorated or weakened. All maintenance and operational costs associated with the Encroaching Structure shall be the responsibility of Owner and not of City.
3. **RELOCATION OF UTILITIES.** Should construction of the Encroaching Structure require relocation of any telephone, electric, water, sewage or other utility lines, mains or other facilities, Owner shall bear the total cost of relocation, including the relocation of City-owned facilities. The City agrees to cooperate fully with the Owner in connection with the relocation of any City-owned facilities.

4. **TRAFFIC.** Before beginning construction or maintenance work on the Encroaching Structure, Owner, its employees, agents or assigns shall obtain from the Director of the Charlotte Department of Transportation written approval of a traffic control plan detailing the traffic control devices to be used during construction or maintenance of the Encroaching Structure. This plan shall be developed in accordance with the City’s Work Area Traffic Control Handbook and shall include all relevant provisions contained therein. Owner agrees that it shall be responsible for compliance with all other fees and procedures pertaining to work in the right-of-way of College Street. Owner, its employees, agents or assigns, further agrees to obtain written approval executed by the Charlotte Department of Transportation for any construction or maintenance activities in the right-of-way of College Street which require the closure of any sidewalk(s), travel lane(s) or street(s), and such written approval shall contain a provision whereby Owner agrees to hold the City harmless in connection with such activities.

5. **INDEMNIFICATION AND INSURANCE.** Owner, on behalf of itself and its successors and assigns, agrees to indemnify and hold harmless, except for the negligence or willful misconduct of, the City, its officers and employees, from and against damages resulting from injury to persons or damage to property and expenses or other liability which result from or arise out of the Encroaching Structure that is the subject of this Agreement. Owner, on behalf of itself and its successors and assigns, further agrees to pay such claims or defend any lawsuits which may be brought against the City, its officers and employees, by reason of the construction or maintenance of the Encroaching Structure that is the subject of this Agreement in such manner that the City, its officers and employees, will suffer no liability or expense by reason of any such claims or legal actions. Owner, at its expense, shall purchase and maintain for the duration of this Agreement, comprehensive general liability insurance, including coverages for collapsed and underground property damage ("C" and "U") and contractual liability assumed under this Agreement. Such policy or policies of insurance shall be for limits of not less than Seven Million and No/100 Dollars ($7,000,000.00) bodily injury and property damage liability, and will be subject to future review and reasonable adjustment from time to time by and at the request of the City. Certificates of insurance shall be furnished to the Charlotte Department of Transportation containing the provision that thirty (30) days written notice will be given to the City prior to cancellation or change in the required coverages. The City shall be named on the policies as a named additional insured.

6. **WARRANTIES.** Owner covenants and warrants to City that it owns the Property in fee simple and that it has the right and authority to accept the rights and privileges granted and conveyed by City hereunder and to make the covenants and agreements herein contained. City covenants and warrants that the Encroaching Structure as depicted in Exhibit C attached hereto and incorporated herein by reference, is located within the right-of-way of College Street or other property of City, and that City has the right and authority to convey to Owner the rights and privileges herein set forth.
7. BINDING AGREEMENT. This Agreement, and the covenants, terms and conditions herein set forth, shall be binding upon and inure to the benefit of the parties hereto and their successors and assigns. This Agreement may be modified from time to time by written instrument duly recorded in the Office of the Register of Deeds, Mecklenburg County, North Carolina, duly executed and acknowledged by City and Owner, their respective successors and assigns, without the joinder of any other person.

If Owner should sell or otherwise transfer title to its interest in the Property, Owner shall notify the Charlotte Department of Transportation of the transfer and provide such evidence that its successor or assign has obtained the insurance required under the provisions of this Agreement and has otherwise agreed to assume the liabilities and obligations set forth herein. Upon the giving of such notice and the proof of such insurance and assumption of the liabilities and obligations set forth herein, Owner shall be released from all liabilities and obligations arising under this Agreement by reason of any act or omission occurring after the giving of such notice and the proof of such insurance and assumption of the liabilities and obligations set forth herein.

Should a portion of the Property be sold, conveyed or otherwise transferred such that the improvements connected by the Encroaching Structure shall have separate ownership, the rights and obligations of Owner hereunder may be divided and/or assigned to one or more of such separate owners as they may agree in a writing duly recorded in the Mecklenburg County Public Registry. In the absence of such a writing, the easements created herein shall run with the land for the benefit of, and the obligations and rights of Owner hereunder shall be the rights and obligations of, the owner of the improvements located on each parcel as tenants in common.

8. NOTICES. City agrees not to file a notice of termination of this Agreement until the passage of thirty (30) days after it has given written notice to Owner by certified mail, return receipt requested, of its intent to file such notice and such notice and any other notices provided for under the terms hereof shall be provided by mailing such notice to the parties at the following addresses:
