Pat Sharkey, City Clerk
RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHARLOTTE
CONCERNING PROCUREMENT OF ARCHITECTURAL AND/OR ENGINEERING SERVICES
FOR TWO-COMPANY FIRE STATION PROJECTS

WHEREAS, the 1987 General Assembly enacted House Bill 277 (Ch.102) which establishes a general public policy that procurement of engineering and architectural services for state and local construction projects should normally be based upon a merit selection process with later negotiation on the fee, rather than through a competitive bidding process based primarily on the fee; and

WHEREAS, the act allows a governing body to deviate from the general public policy and use estimated costs as a factor in the selection process, if the particular project is exempted in the sole discretion of the local governing body; and

WHEREAS, the City Council of the City of Charlotte has determined that it is desirable and in the best interests of the City of Charlotte to exempt two-company fire station projects from the requirements of the act.
NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Charlotte that:

(1) For the following reasons, the City Council of the City of Charlotte hereby finds that two-company fire station projects shall be exempt from the general public policy requirements concerning the selection of architectural and engineering services:

* The two-company fire stations are unique projects where the basic building layout, components, and building specifications are furnished to the Architect.

* The City builds a two-company fire station on the average of one each year.

(2) The City Council hereby authorizes the City Manager to use whatever method or procedure is most manageable and likely to result in the acquisition of competent, professional architectural or engineering services at a reasonable cost for said projects.
The decision to exempt a particular project is "in the sole discretion" of the governing body, but the act does require that the governing body state the reasons and the circumstances for the exemption.
