

Renewable Energy and Energy Efficiency Workforce Training Program (RENEW)

- Paid skilled training for Charlotte residents to prepare them for careers in HVAC and electrical occupations
- Currently, 39 participants enrolled in training classes with training partners, Urban League and Goodwill
- Strong corporate partnership from Trane Technologies, MSS Solutions and others in the industry; goal is full-time placement within industry
- Currently reviewing applicants for January cohort.
- Will feature success stories on O4B website.

RENEW Program Update

- Sat for EAP Universal Certification; 90% Pass Rate
- Participated in Resume Building and Mock Interview Session
- Dec 3: Career Day hosted by Trane Technologies and 8 Vendor Companies

- Dec 17: Graduation Ceremony

ULCC RENEW Roster

RENEW Program Update

- RENEW is an Award Winning Program!
- RENEW recently received statewide recognition by the Research Triangle Cleantech Cluster at the 2020 Cleantech Innovation Award as the “Diversity Program of the Year”
