INFORMATION:

Saturday, January 7 – CityLYNX Gold Line Phase 2 Groundbreaking

Staff Resource: Olaf Kinard, CATS, 704-258-0059, kkinard@charlottenc.gov

The Charlotte Area Transit System (CATS) will celebrate the groundbreaking of the CityLYNX Gold Line Phase 2 project with a ceremony on Saturday, Jan. 7, 2017. U.S. Department of Transportation Secretary Anthony Foxx will give remarks along with other dignitaries.

Event details are below. If there is inclement weather, the City and USDOT will jointly determine whether to hold the event. Mayor and Council may call Olaf Kinard on Saturday with questions about the status of the event.

WHAT: CityLYNX Gold Line Phase 2 Groundbreaking Ceremony

WHEN: Saturday, Jan. 7, 2017, at 3 p.m.
WHERE: Mosaic Village
1635 West Trade Street
First Floor Multipurpose Room 102
Charlotte, NC 28216

Update on Community Action Plan Engagement Opportunities

*Staff Resources: Willie Ratchford, CRC, 704-336-2195, wratchford@charlottenc.gov
Debra Campbell, City Manager's Office, 704-336-2671, dcampbell@charlottenc.gov*

In the December 22, 2016 Council-Manager Memo staff informed Council that a community engagement meeting previously scheduled for January 5, 2017 was being rescheduled. Staff is resending this message to make sure Council was aware the meeting will not be held today and is being rescheduled for another date. The following provides the rationale for rescheduling the meeting that was also included in the December 22 Council-Manager Memo.

“The Charlotte-Mecklenburg Community Relations Committee (CRC), Community Building Initiative (CBI) and City staff recently announced that a Town Hall meeting was being scheduled for January 5 with a suggested topic being the Citizens Review Board. After further consideration, staff is rescheduling this meeting to a later date to better coordinate with the Community Safety Committee’s review of the Citizens Review Board and possibly with the Police Foundation efforts.

At staff’s request, Mayor and Charlotte City Council submitted names to staff of people who might be interested in helping test a proposed model for receiving community input on the action plan to address safety, housing, and jobs in our community. The recommended individuals participated in an initial engagement meeting on December 19 and walked through the feedback model developed by CRC and CBI. Staff had a very successful, well-attended meeting and received a significant amount of feedback that will help enhance the engagement model. Staff also distributed a follow-up survey to capture additional input from the participants. Staff will provide Mayor and Council with the results of the feedback as well as notify of future pop-up and district forum meetings to be scheduled in January.

For more information, please contact Willie Ratchford at 704-336-2195 or Debra Campbell at 704-336-2671.”

Removing High-Risk Trees in City Cemeteries

*Staff Resources: Tim Porter, E&PM, 704-336-3459, tporter@charlottenc.gov
Bill Bibby, E&PM, 704-336-2123, wbibby@charlottenc.gov*

Landscape Management staff is completing an inventory and risk assessment of trees in the City’s seven cemeteries, with the City Arborist so far identifying approximately 50 high-risk trees to be removed. In Uptown’s Settlers Cemetery there are six trees, including three 80- to

100-year-old oaks, to be removed due to significant decay, root rot, and structural stability issues. Six large trees are among those slated for removal from Elmwood. The removal work will begin this week and continue through spring 2017. Removals in Settlers may require lane and sidewalk closures on 5th and Church streets, with some areas of the cemetery closed to the public to accommodate large bucket trucks and cranes.

Many new trees were planted in Elmwood in spring 2016. Landscape Management staff has developed a re-planting plan for each cemetery affected by the tree removal project. Replacement trees are being installed this winter and during next planting season.

Many of Charlotte's signature trees are at or near the end of their life expectancy. The aging canopy issue affecting many of Charlotte's older neighborhoods also affects many older City properties. Seven large willow oak trees were removed in 2016 from the Federal Courthouse property at 401 West Trade Street due to significant decay and structural issues. The property is owned by the City of Charlotte and is leased to the General Services Administration (GSA), an independent agency of the United States Government. A re-planting plan has been developed for the courthouse and staff is currently working with GSA staff to implement the plan.

Semi-annual Report on Disposal of Surplus Personal Property Valued at Less Than \$30,000.00

Staff Resources: Robert Campbell, M&FS, 704-336-7905, rcampbell@charlottenc.gov

Kay Elmore, M&FS, 704-336-2524, [kelmore@charlottenc.gov](mailto:kelmor@charlottenc.gov)

Rex Dye, M&FS, 704-432-5285, rdye@charlottenc.gov

Finance - Procurement Management manages the disposal of the City's end-of-life surplus property through the Asset Recovery & Disposal (ARD) program. The ARD program seeks to maximize the value of end-of-life property by employing different disposal strategies that may vary depending upon the asset type and condition. One of the disposal tools includes allowing the declaration of single items or groups of personal property items valued at \$30,000 or less as surplus with disposal through a competitive process. This authority was granted by City Council and provides for a semi-annual reporting of all property sold under this authority. Per requirements of the resolution and in compliance with North Carolina General Statute 160A-266 (c), the attached report details the property sold or exchanged, to whom it was sold, or with whom it was exchanged, and the amount of money or other consideration received for each sale or exchange for the period 7/1/2016 through 12/31/2016.
