Up Report.pdf

### **Semi-annual Report on Disposal of Surplus Personal Property**

Staff Resource: Robert Campbell, MFS, 704-336-7905, [rcampbell@charlottenc.gov](mailto:rcampbell@charlottenc.gov)

Kay Elmore, MFS, 704-336-2524, [kemore@charlottenc.gov](mailto:kemore@charlottenc.gov)

Rex Dye, MFS, 704-432-5285, [rdye@charlottenc.gov](mailto:rdye@charlottenc.gov)

Management and Financial Services, Finance - Procurement Management manages the disposal of the City's end-of-life surplus property through the Asset Recovery & Disposal (ARD) program. The ARD program seeks to maximize the value of end-of-life property by employing different disposal strategies that may vary depending upon the asset type and condition. One of the disposal tools includes allowing the declaration of single items or groups of personal property items valued at \$30,000 or less as surplus with disposal through a competitive process (Resolution Book 40, page 14 - Resolution of the Charlotte City Council Prescribing Procedures for Disposal of Surplus Personal Property Valued at less than \$30,000.00). This authority was granted by City Council and requires semi-annual reporting of all property sold under this authority. Per requirements of the resolution and in compliance with North Carolina General Statute 160A-266 (c), the report details the property sold or exchanged, to whom it was sold, or with whom it was exchanged, and the amount of money or other consideration received for each sale or exchange. Property disposed of by this method for the period 1/1/2017 through 6/30/2017 is detailed on pages 2 – 6.

Semi-annual Report  
on Disposal of Surplus

### **Solid Waste Services Ribbon-Cutting Ceremony for New Compressed Natural Gas Station on July 21**

Staff Resource: Victoria O. Johnson, Solid Waste Services, 704-336-3410, [vjohnson@charlottenc.gov](mailto:vjohnson@charlottenc.gov)

On Friday, July 21, at 10:00 a.m., a ribbon-cutting ceremony for the new compressed natural gas station (CNG) will take place at Solid Waste Services, 1105 Otts St. The station will fuel the CNG trucks in the Solid Waste Services fleet. The new CNG fueling station will save miles driven daily as drivers currently travel more than 15 minutes away to fuel. CNG trucks reduce greenhouse gas emissions from the garbage trucks.

Piedmont Natural Gas is the service provider for the station that is able to fill 25 trucks at a time. SWS currently has 20 CNG trucks, with eight more on order.

### **HousingCLT and Apartment Association Event**

*Staff Resource: Mary Gaertner, HNS, 704-432-5495, [mgaertner@charlottenc.gov](mailto:mgaertner@charlottenc.gov)*

*Pamela Wideman, HNS, 704-336-3488, [pwideman@charlottenc.gov](mailto:pwideman@charlottenc.gov)*

HousingCLT and the Greater Charlotte Apartment Association are hosting an [event](#) for Charlotte area apartment providers to learn how they can be an effective part of the plan to address homelessness and the need for affordable housing. The event will be held at 9:00 a.m. on Wednesday, July 26 at Covenant Presbyterian Church, 1000 East Morehead St. Seating is limited to 200 registrants.

The guest speaker will be Kirby Davis, the Chief Operating Officer for Freeman Webb, a Nashville based property management firm and a former member of Nashville's Metropolitan Homelessness Commission. Davis made a commitment in early 2013 for a percentage of Freeman Webb's multifamily inventory to be available to increase the supply of affordable housing in the city.

By closely collaborating with social service providers and using alternative housing screening criteria for clients, Freeman Webb and nearly a dozen other property management firms have helped provide housing for an average of 54 people per month since June 2013.

HousingCLT, a recommendation of the Charlotte-Mecklenburg Opportunity Task Force, is a new landlord liaison initiative launched by the City to create collaboration among private for-profit housing providers and social services agencies to increase housing opportunities.

### **2017 Neighborhood Leadership Awards**

*Staff Resource: Keith Richardson, HNS, 704-336-2753, [kmrichardson@charlottenc.gov](mailto:kmrichardson@charlottenc.gov)*

Nominations for the 2017 Neighborhood Leadership Awards are now being accepted. The awards honor neighborhood groups, non-profits and businesses that are strengthening Charlotte's neighborhoods. This year's winners will be recognized at a luncheon, part of the [2017 Neighborhood Exchange & Leadership Awards](#) (NEXLA) on Saturday, Sept. 23 at the Charlotte Convention Center.

As part of continuing public engagement in support of the Community Letter, the event will host a series of breakout groups for NEXLA attendees to discuss ways to improve Charlotte neighborhoods. Discussion topics will be selected by participants and feedback from the groups will be compiled and used as ideas for programming and initiatives by area neighborhoods, the City and its partners.

The public can submit award nominations and register to attend NEXLA at [charlottenc.gov/nex](http://charlottenc.gov/nex). Award nominations are due by **Friday, August 18**, while event registration closes on **Monday, September 11**.

### **Public Art Program**

*Staff Resource: Alicia Dasch, Strategy and Budget, 704-336-5018, [adasch@charlottenc.gov](mailto:adasch@charlottenc.gov)*

During the May 22 Dinner Briefing presentation on the FY 2018 Public Art Work Plan, City Council requested a listing of local artists who have been awarded City of Charlotte public art projects. The General and Aviation Community Investment Plan Public Art Program has several in-progress and completed pieces of art in the City's Public Art Collection that have been skillfully crafted by local artists. To date, approximately \$972,117 has been budgeted for commissioned pieces by artists who reside in Charlotte. An additional \$682,000 has been budgeted for art created by artists who reside throughout the State of North Carolina and in neighboring Rock Hill, South Carolina. For further reference, attached

is the listing of the art projects, artist, artist location, project status, art location, and commission fee budgeted for each project.

In addition, the Arts & Science Council (ASC), administrator of the City's Public Art Program, is working with local artists to promote the creation and awareness of public art. The ASC has created a database of local artists with their specialty as a quick and easy reference guide for artist selections. ASC is also hosting a public art workshop to educate local artists on the process for responding to calls for artists and working with the Public Art Commission on art design and installation.

## 2017

**CHARLOTTE**<sup>™</sup>

**City Council  
Follow-Up Report**

**July 13, 2017**

---

**June 12, 2017 – City Council Business Meeting**

**Protected Bike Lane Impacts**

*Staff Resource: Vivian Coleman, Transportation, 704-336-4725, [vcoleman@charlottenc.gov](mailto:vcoleman@charlottenc.gov)*

During the dinner briefing presentation concerning the Uptown Connects Study, Council requested more information on the costs of displacement and overlay when bike lanes are removed or added.

The Uptown Connects Study identified the 5th/6th Street corridor as the top corridor for implementation of a protected bike lane. This corridor operates as a two-lane street most of the day primarily due to on-street parking. Installation of this two-way protected bike lane would eliminate parking on the west side of 6th Street and east side of 5th Street--sixty-two (62) spaces would be eliminated. On-street parking on the east side of 6th Street would remain, but would be monitored after installation to review traffic flow during peak hours.

**June 26, 2017 – City Council Business Meeting**

**Fountains on CMGC Plaza**

*Staff Resources: Gina Shell, Engineering & Property Management, 704-336-4648, [gshell@charlottenc.gov](mailto:gshell@charlottenc.gov)  
William Haas, Engineering & Property Management, 704-336-4625, [whaas@charlottenc.gov](mailto:whaas@charlottenc.gov)*

During the dinner briefing, Council member Kinsey requested the status of operations of the fountains located on the Plaza of the Charlotte-Mecklenburg Government Center (CMGC).

The public art on the CMGC plaza, “The Wet Quintet,” was installed as part of the building’s 1987 construction. The five water features include pools, fountains and metallic sculpture, and was commissioned with artist Alfredo Halegua for \$159,000. The fountains were turned off and pools emptied in the early 2000s when the region was under severe drought conditions. When turned back on, significant water leaks occurred in the underground parking area used by elected officials and senior City, County and CMS staff.

In 2010, the City had Georgia Fountain Company analyze the pools and offer recommendations. The company worked with Mr. Halegua during design and installation to create the pools and fountains and then provided maintenance in ensuing years. The analysis determined that the fountain’s pumps and filters had exceeded their 20-year life expectancy and were failing. The pumps had been operating in overload mode, and deterioration and rust would allowed flooding in the pump vault and led to electrical problems. To partially mitigate the severe leaks, pipes and hoses were capped and rendered useless. Underground flooding around

the structures will continue to worsen until the fountain structures are renovated and waterproofed or permanently removed.

In 2011, City and Arts & Science Council staff reached out to Mr. Halegua, and he expressed openness to re-imagining the artwork. The contract with him gives the City recourse to remove, destroy, or alter the artwork in consultation with the artist and after giving him an opportunity to retrieve the work if he desires.

During the current GovPorch project, the fountain areas have been treated temporarily as decorative planters and as a covered sitting area, while retaining the metal artwork elements.

The cost to renovate and restore the fountains, or to remove and re-imagine the space, is estimated at approximately \$1.5 million. If restored, annual operating and maintenance costs are estimated at approximately \$50,000.

## Semi-annual Report on Disposal of Surplus Personal Property valued at less than \$30,000.00
