Final Inspection/Bond Release Request Form

Please note, form must be fully completed. Incomplete forms will not be accepted.

Bond Administration Surety Release Request

As the authorized agent, I hereby complete this section as my formal request for the release of the following surety associated with the subdivision/project/map below: **Please check only one Box**

Sidewalk ROW BMP Other _____

Subdivision N/A - If no bond is associated with this subdivision/project/map

Is this surety greater than four (4) years from the original effective date? No Yes

If yes, the \$650 bond administration fee must be submitted with this form. The request for release and final inspection will not be processed until payment is received. Please note, this request and fee are valid for 60 days. If the surety is not released within 60 days of the form submittal, another Final Inspection/Bond Release Request Form and applicable bond release fee will be required prior to surety release. Annual renewal fees are not waived by requesting a bond release. The release must occur before the surety's annual renewal date.

Payment Enclosed : Payment Method: Check (made payable to the City of Charlotte) Credit Card (Visa or MC)

Continuous Maintenance Request (Streets) – If subdivision or N/A box is checked, check only one box below:

I hereby request that the City of Charlotte accept these streets for public maintenance. The streets are located within the limits of the City of Charlotte and are contiguous to streets currently maintained by the City or State.

I hereby acknowledge that the streets are located within the extra territorial jurisdiction (ETJ) outside of the limits of the City of Charlotte and are not eligible for maintenance by the City of Charlotte. Upon completion of all punch list items, I must directly petition the State of North Carolina to accept the streets for public maintenance.

As a prerequisite to Subdivision or BMP requests for Final Inspection, Storm Drainage and/or BMP as-built drawings for this subdivision/project/map must be approved by Engineering and Property Management.
