

ITB#FY18-ITB-05

WASTE WATER AND WATER TREATMENT CHEMICALS

Addendum No. 1

January 31, 2018

It is necessary to acknowledge receipt of this addendum on Required Form 2.

a. If you have submitted your proposal already and the addendum does not result in your needing to alter the proposal, you may email a revised Form Two to alewis@ci.charlotte.nc.us or fax it to 704-632-8512.

The Response Packets are due March 26, 2018 no later than 2:00 PM 5100 Brookshire Boulevard Charlotte, NC 28216.

Please note the following questions concerning the above-referenced ITB.

Questions:

- 1. On page 4, Step 2-it states if we plan on bidding to fax or email Form 1 Section 4 but this is the bid submission form, is the correct form? There is no need to send in this form prior to when the bid submission packet is due. Step 2 has been revised.**
- 2. On page 19, section 2.6 Prices are Firm, should it state Form 3 instead of Form 5? Yes, Form 3.**
- 3. Jar Sample-it is only for chemicals on page 31 &32 or for all products, if so please provide delivery location for each sample product? Jar samples are for chemicals listed on page 31 & 32 only.**
- 4. Is the pre-bid meeting mandatory? No. The pre-bid meeting is non-mandatory.**
- 5. Can a copy of the bidders list be provided? Yes, it is posted at <http://charlottenc.gov/DoingBusiness/Pages/SolicitationDetails.aspx?ID=619>**
- 6. When are bid packets due? March 26, 2018.**
- 7. When are questions due? February 1, 2018 at 11:00 AM prior to pre-bid meeting. Deadline for all questions is March 12, 2018 at 11:00 AM EST.**
- 8. Page 26, item 2.19 (subcontracting)-the requirement outlined in Section 3.15 is missing. Please clarify. The subcontracting requirements are outlined in Section 2.16.**

Changes:

- 1. The following bullets have been removed from the Calcium Hydroxide (Lime Slurry) (#14) specifications**
 - Supplier upon request shall be able to document the sale of CAL~FLO[®] OEM feed pump tubes, cater tubes, and seats for annual service and incidental repairs for the term of the contract.
 - Supplier shall stock OEM spare parts for the CAL~FLO[®] system such as caters, pinch valves, level indicators, circuit boards, feed tubing, mixer motors, etc.

2. Revised ITB (January 31, 2018) has been posted to <http://charlottenc.gov/DoingBusiness/Pages/SolicitationDetails.aspx?ID=619>
