The City of Charlotte values citizen leadership and its ability to make an impact in the communities in which we all live, work, play and shop. With this in mind, the board retreat process was initiated to help neighborhood based organizations develop strategic plans to improve quality of life in their communities.

Purpose

The purpose of the board retreat was to

- Generate meaningful conversations around improving quality of life in our community
- Set clear goals and priorities for the upcoming year(s)
- Develop a vision and strategic priorities for our community

Our board identified the following outcomes for the retreat:

- Define a common goal
- Determine geographical boundaries
- Generate means to establish cohesiveness
- Communicate shared direction(s)

By participating in the retreat, our board earned a $1,500 Neighborhood Matching Grant credit to help execute one of the projects we identified.
**Process**

Our board retreat was conducted by an external facilitator, tasked to keep our conversations on-task, productive, and focused on achievable objectives. The process was designed to help us capture what was the best of the past, what is the best of the present, and how we can add to our strengths to build a better future. The focus was:

- Developing a vision to guide our decision making and activities
- Developing strategic priorities that aligned with our vision
- Developing project ideas

The agenda for the day was as follows:

- Introductions
- Where Have We Been? Where Are We Going?: Arrow Activity
- Where We Want to Be: Vision Statement Exercise
- Seeing the Forest through the Trees: Developing Strategic Priorities
- Working Lunch – The Year Ahead
- Where’s the Energy – Energygram Exercise
- Project Planning Worksheet Review

**Where Are We Going, Where Have We Been?**

We began our day with paired interviews, using the “Where Are We Going, Where Have We Been?” activity. The activity was intended to help us reflect on:

- What we value
- What are the best things about our community and the people who live here
- What are our past successes
- Where are the potentials and possibilities

After interviewing out partners we shared our discussion with the group, finding commonalities in our conversations.

Our Vision

Our vision is the unifying statement for our community that will guide our decision making and reminds us of what we are trying to reach. It is based on our shared values and preferences for our community’s future. It combines the best of what was, what is, and what could be.

OUR VISION:

BRIDLEWOOD IS THE PLACE TO BE WITH
SPACIOUS LIVING, TUCKED AWAY IN A
SHADY, QUIET AND SAFE NEIGHBORHOOD

Strategic Priorities

After committing to a shared vision, the board began to brainstorm on strategic priorities. This is where we began to define what is most important to us in order to achieve our vision. Strategic priorities are initiatives that will help us move us closer to our community’s vision. The idea is to focus on a few things and do them very well as opposed to many things and missing the mark.

We started out thinking big and then narrowed down our focus. We utilized the Affinity Mapping Process, detailed below:

- Grab some sticky notes from the table. Keeping the vision statement in mind, write down as many of the following as you can think of, one per sticky note:
  - Current action items getting you closer to our vision.
  - Current realities keeping you from our vision.
  - Possible priorities/actions items to get us closer to our vision.
- Place the sticky notes on the chart paper.
- Organize the ideas by natural categories. Which ideas go together? Feel free to move any post-it note to another place. Move yours, move those of others, and feel free to do this. Do not be offended if someone moves yours to place where you feel it does not belong, just move it where you believe it goes.
- Once everyone agrees on the groups, give each one a name.

This activity led us to the following categories:
Community Involvement
- Get more residents involved in planning
- Seek grants from the city
- Seek participation from neighboring businesses
- Team with surrounding communities

Programs for Youth
- Neighborhood team is to get others involved in the planning; acquire a building and space for community youth programs
- Team with surrounding communities and support each other’s plans for youth activities
- Team to seek community grants; get Park & Recreation to offer activities especially at the time the youth need them

Improve Community Image
- Get president and other community members to network and team with surrounding communities to market a positive community image

The board the identified the three priorities that were most important for us to begin working on to achieve our vision:

**Potential Projects**

The board then began to brainstorm on possible projects or activities that aligned with their strategic priorities:

Community Involvement
- Welcome packages, coupons, gifts
- Clean-ups
- Christmas party

Youth Programs and Activities
- Seek vacant building for youth activities

Elevating the Community’s Image
- Work with East Charlotte community for positive imaging
Action Items for 2012-2014

After identifying potential projects, the board voted on one project to pursue for each strategic priority in 2012-2014:

1. Welcome packages, gifts, clean-up, Christmas party
2. Vacant building for youth activities
3. Work with East Charlotte community to improve image (branding project)
To help us reach our vision; we will focus on three strategic priorities:
