Browne’s Ferry

Hosted by City of Charlotte Neighborhood & Business Services at UNC Charlotte Center City
Background

On Saturday, July 16th, 2016, the board members of the Browne’s Ferry HOA participated in the Neighborhood Board Retreat facilitated by the City of Charlotte, hosted at UNC Charlotte Center City. The following board members participated in the retreat:

- Jessica Norman
- Donnee Bailey
- Adela Henry
- Peggy Ward
- LaWanda Bailey
- Mario Colosi

The City of Charlotte values citizen leadership and its ability to make an impact in the communities, in which we all live, work, play and shop. With this in mind, the board retreat process was initiated to help neighborhood based organizations develop strategic plans to improve quality of life in their communities.

Purpose

The purpose of the board retreat was to

- Generate meaningful conversations around improving quality of life in our community
- Set clear goals and priorities for the upcoming year(s)
- Develop a vision and strategic priorities for our community

By participating in the retreat, our board earned a $1,500 match credit toward a Neighborhood Matching Grant (NMG) to help execute one of the projects we identified.

To receive this credit we’ll submit our completed Vision to Action Idea Development Plan Workbook with our NMG request. This credit will expire following the September 1, 2017 NMG application deadline.

Process

Our board retreat was conducted by trained facilitators tasked to keep our conversations on-task, productive, and focused on achievable objectives. The process was designed to help capture the best of the past, the best of the present, and how we can add to our strengths to build a better future. The focus was:

- Developing a vision to guide our decision making and activities
- Developing strategic priorities that aligned with our vision
- Developing project ideas

The agenda for the day was as follows:
Where Are We Going, Where Have We Been?

We began our day with paired interviews, using the “Where Are We Going, Where Have We Been?” activity. The activity was intended to help us reflect on:

- What we value
- What are the best things about our community and the people who live here
- What are our past successes
- Where are the potentials and possibilities

After interviewing our partners we shared our discussion with the group, finding commonalities in our conversations.

Our Vision

Our vision is the unifying statement for our community that will guide our decision making and reminds us of what we are trying to reach. It is based on our shared values and preferences for our community’s future. It combines the best of what was, what is, and what could be.
OUR VISION:

Browne’s Ferry boasts a lively mix of residents, along tree-lined streets, who seek to nurture community pride and build relationships.

Strategic Priorities

After committing to a shared vision, the board began to brainstorm on strategic priorities. This is where we began to define what is most important to us in order to achieve our vision. Strategic priorities are initiatives that will help us move closer to our vision of our community. The idea is to focus on a few things and do them very well as opposed to many things and missing the mark.

We started out thinking big and then narrowed down our focus using the Affinity Mapping Process, detailed below:

- Grab some sticky notes from the table. Keeping the vision statement in mind, write down as many of the following as you can think of, one per sticky note:
  - Current action items getting you closer to our vision.
  - Possible priorities/actions items to get us closer to our vision.
- Place the sticky notes on the wall.
- Organize the ideas by natural categories, once everyone agrees on the groups, give each one a name.
This activity led us to the following categories and action items being identified as important within our community:

**Groups/Clubs:** Garden club; group for kids (all ages); pastoral care for babies, illness, death, life events

**Participation:** Sign up people to help with events; find donations to increase participation; committee volunteer drive; promote pride with yard of the month; get activities for kids to increase their involvement and their parents; create different interest groups

**Communication:** Increase communication among neighbors; each volunteer reach out to one person for additional assistance; keep residents informed; develop and agenda of activities for the year (calendar); keep up events and make people feel welcome

**Activities & Events:** Fitness groups; quarterly events/ethnic activities; DIY community workshops (ex: home repair); tailgating event; chili cook off; downtown sporting event; basketball tournament; volunteer to host community event; organize monthly block/street activities

Each participant was provided three (3) stickers to be used for voting. Stickers could be placed all on one or two items or shared amongst all of the ideas identified. The three categories receiving the most votes are the strategic priorities that are most important for us to begin working on to achieve our vision, these are:

1. Increase Activities & Events
2. Increase Activities & Events and Encourage Community Pride
3. Increase Communication & Participation

**Action Items for 2016-2017** The three activities selected as most impactful toward achieving our strategic priorities are activities in 2016-2017 are:

- Panthers tailgating event
- DIY workshops on home repair and maintenance
- Develop activity agenda & community calendar
