Background

On Tuesday, March 2, 2021, members of the Chantilly Neighborhood Association participated in the virtual Neighborhood Board Retreat facilitated by the City of Charlotte online. The following board members and/or community members participated in the retreat:

- Lauren Layne
- Eric Layne
- Rick Winiker
- Tyler Zoda
- Jonathan Story

The City of Charlotte values citizen leadership and its ability to make an impact in the communities, in which we all live, work, play and shop. With this in mind, the board retreat process was initiated to help neighborhood-based organizations develop strategic plans to improve quality of life in their communities.

Purpose

The purpose of the board retreat was to

- Generate meaningful conversations around improving quality of life in our community
- Set clear goals and priorities for the upcoming year(s)
- Develop a vision and strategic priorities for our community

Process

Our board retreat was conducted by trained facilitators tasked to keep our conversations on-task, productive, and focused on achievable objectives. The process was designed to help capture the best of the past, the best of the present, and how we can add to our strengths to build a better future. The focus was:

- Developing a vision to guide our decision making and activities
- Developing strategic priorities that aligned with our vision
- Developing project ideas

The agenda for the day was as follows:

Introductions

- Where Have We Been? Where Are We Going? Arrow Activity
- Seeing the Forest through the Trees: Developing Strategic Priorities
- Idea Development – Time for participants for develop an action plan for goal achievement
Where Are We Going, Where Have We Been?

We began our day with group discussion using the “Where Are We Going, Where Have We Been?” activity. The activity was intended to help us reflect on:

- What we value
- What are the best things about our community and the people who live here
- What are our past successes
- Where are the potentials and possibilities

Our discussion helped us to find commonalities in our conversations.

Strategic Priorities

After committing to a shared vision, the board began to brainstorm on strategic priorities. This is where we began to define what is most important to us in order to achieve our vision. Strategic priorities are initiatives that will help us move closer to our vision of our community. The idea is to focus on a few things and do them very well as opposed to many things and missing the mark.

We started out thinking big and then narrowed down our focus. This activity led us to the following priorities/action items being identified as important within our community:

- More engagement from residences
- Beautification of entrance
- Entrance signage
- More walkability in areas with no sidewalk

The three priorities receiving the most votes are the strategic priorities that are most important for us to begin working on to achieve our vision. Within these three categories, there were three activities selected as most impactful toward achieving our strategic priorities.

The strategic priorities and activities are summarized on the following page.
