Reid Meadows Subdivision

2021 Board Retreat

Background

On Tuesday, February 17 the members of the Reid Meadows Subdivision participated in the virtual Neighborhood Board Retreat facilitated by the City of Charlotte online. The following board members and/or community members participated in the retreat:

- Stephanie Lomax
- Shelia Moore
- Don Brothers
- Cheryl Dover
- Officer John
- Officer Kent

The City of Charlotte values citizen leadership and its ability to make an impact in the communities, in which we all live, work, play and shop. With this in mind, the board retreat process was initiated to help neighborhood-based organizations develop strategic plans to improve quality of life in their communities.

Purpose

The purpose of the board retreat was to

- Generate meaningful conversations around improving quality of life in our community
- Set clear goals and priorities for the upcoming year(s)
- Develop a vision and strategic priorities for our community

By participating in the retreat, our board earned a \$1,500 match credit toward a Neighborhood Matching Grant (NMG) to help execute one of the projects we identified.

To receive this credit, we'll submit a copy of the Developing Your Ideas worksheet with our NMG request. This credit will expire following the June 1, 2022 NMG application deadline.

Process

Our board retreat was conducted by trained facilitators tasked to keep our conversations on-task, productive, and focused on achievable objectives. The process was designed to help capture the best of the past, the best of the present, and how we can add to our strengths to build a better future. The focus was:

- Developing a vision to guide our decision making and activities
- Developing strategic priorities that aligned with our vision
- Developing project ideas

The agenda for the day was as follows:

Introductions

- Where Have We Been? Where Are We Going? Arrow Activity
- Seeing the Forest through the Trees: Developing Strategic Priorities
- Idea Development – Time for participants for develop an action plan for goal achievement

Where Are We Going, Where Have We Been?

We began our day with group discussion using the “Where Are We Going, Where Have We Been?” activity. The activity was intended to help us reflect on:

- What we value
- What are the best things about our community and the people who live here
- What are our past successes
- Where are the potentials and possibilities

Our discussion helped us to find commonalities in our conversations.

Where We Were: Reflecting on our past, what were some of the best/worst moments?	Where We Are: Why would or wouldn't a person/business want to move into our community?	Where We Want to Be: If you could make 3 wishes to make our community flourish, what would they be?

Strategic Priorities

After committing to a shared vision, the board began to brainstorm on strategic priorities. This is where we began to define what is most important to us in order to achieve our vision. Strategic priorities are initiatives that will help us move closer to our vision of our community. The idea is to focus on a few things and do them very well as opposed to many things and missing the mark.

We started out thinking big and then narrowed down our focus. This activity led us to the following priorities/action items being identified as important within our community:

- Start bi-monthly newsletter
- Install sign toppers on street signs
- Start a community garden
- Play area for children
- Speed bumps
- Increase HOA board membership
- Landscaping and beautification at entrances
- Larger Reid Meadows sign
- Common area for people to meet
- Improve landscaping
- Install no parking signs
- Neighborhood Watch
- Survey residents to see what they would like to see in the community

The three priorities receiving the most votes are the strategic priorities that are most important for us to begin working on to achieve our vision. Within these three categories, there were three activities selected as most impactful toward achieving our strategic priorities.

The strategic priorities and activities are summarized on the following page.
