Villa Heights Community Organization

Hosted by City of Charlotte Housing & Neighborhood Services at

Goodwill Opportunity Campus
Background

On Saturday, February 24, 2018, the board members of the Villa Heights Neighborhood Association participated in the Neighborhood Board Retreat facilitated by the City of Charlotte, hosted at the Goodwill Opportunity Campus. The following board members and/or community members participated in the retreat:

- Andrew Dankbar
- Cara Dankbar
- Anne Monsted
- Devyn Brown
- Max Carroll

The City of Charlotte values citizen leadership and its ability to make an impact in the communities, in which we all live, work, play and shop. With this in mind, the board retreat process was initiated to help neighborhood based organizations develop strategic plans to improve quality of life in their communities.

Purpose

The purpose of the board retreat was to

- Generate meaningful conversations around improving quality of life in our community
- Set clear goals and priorities for the upcoming year(s)
- Develop a vision and strategic priorities for our community

By participating in the retreat, our board earned a $1,500 match credit toward a Neighborhood Matching Grant (NMG) to help execute one of the projects we identified. More information on the grant program can be found online at http://charlottenc.gov/nmg.

To receive this credit we’ll submit our completed Vision to Action Idea Development Plan Workbook with our NMG request. This credit will expire following the June 1, 2019 NMG application deadline.

Process

Our board retreat was conducted by trained facilitators tasked to keep our conversations on-task, productive, and focused on achievable objectives. The process was designed to help capture the best of the past, the best of the present, and how we can add to our strengths to build a better future. The focus was:

- Developing a vision to guide our decision making and activities
- Developing strategic priorities that aligned with our vision
- Developing project ideas
The agenda for the day was as follows:

- Introductions
- Where Have We Been? Where Are We Going?: Arrow Activity
- Where We Want to Be: Vision Statement Exercise
- Seeing the Forest through the Trees: Developing Strategic Priorities
- Working Lunch – The Year Ahead
- Idea Development – Time for participants for develop an action plan for goal achievement

**Where Are We Going, Where Have We Been?**

We began our day with paired interviews using the “Where Are We Going, Where Have We Been?” activity. The activity was intended to help us reflect on:

- What we value
- What are the best things about our community and the people who live here
- What are our past successes
- Where are the potentials and possibilities

After interviewing our partners we shared our discussion with the group, finding commonalities in our conversations.

Our Vision

Our vision is the unifying statement for our community that will guide our decision making and reminds us of what we are trying to reach. It is based on our shared values and preferences for our community’s future. It combines the best of what was, what is, and what could be.

OUR VISION:

The Village on the hill, where diverse neighbors work together to foster a vibrant, welcoming community.

Strategic Priorities

After committing to a shared vision, the board began to brainstorm on strategic priorities. This is where we began to define what is most important to us in order to achieve our vision. Strategic priorities are initiatives that will help us move closer to our vision of our community. The idea is to focus on a few things and do them very well as opposed to many things and missing the mark.

We started out thinking big and then narrowed down our focus using the Affinity Mapping Process, detailed below:

- Grab some sticky notes from the table. Keeping the vision statement in mind, write down as many of the following as you can think of, one per sticky note:
  - Current action items getting you closer to our vision.
  - Possible priorities/actions items to get us closer to our vision.
- Place the sticky notes on the wall.
- Organize the ideas by natural categories, once everyone agrees on the groups, give each one a name.
This activity led us to the following categories and action items being identified as important within our community:

- **Building Community**
  - Community history project/interviews – talk with new & old residents about what’s important
  - Start neighborhood meetings with something to connect attendees
  - “pay it forward” about your neighbor
  - Door prizes at neighborhood meetings
  - Find methods of recognizing neighbors for successes
  - Create initiative to welcome new neighbors
  - Welcome visits/kits for new neighbors
  - Create welcome committee
  - Make neighbors easy to access
  - Grow neighborhood participation
  - Get volunteers to work on talking to neighbors

- **Special/Social Events**
  - “Adopt a senior” program
  - Community landscape day
  - Socials to involve all neighbors
  - Annual yard sale day
  - Find ways to help neighbors in need

- **Partnerships**
  - Relationship with Villa Heights Elementary School
  - Get more sidewalks - CDOT
  - Partner with credible brands to build our own
  - Strategic partnerships with North Davidson corridor
  - Church liaison from the board
  - Get more businesses in the VH area to be part of the organization
  - Solicit new businesses/restaurants to the neighborhood
  - Liaison to the diverse annual black picnic

- **Organizational Development**
  - Promote and build neighborhood internally
  - Clearly define what VHCO is and what it is not
  - Have outside world recognize & understand Villa Heights
  - Do less but do it well

- **Neighborhood Pride**
  - Give people a reason to stay in Villa Heights
  - Build neighborhood pride
  - Build value street by street

- **Signage & Communication**
  - Neighborhood monuments and signs
  - Raise money to put into neighborhood information signs
  - Communication to reach all neighbors – Next Door, newsletter, website e-mail etc.
Each participant was provided three (3) stickers to be used for voting. Stickers could be placed all on one or two items or shared amongst all of the ideas identified. The three categories receiving the most votes are the strategic priorities that are most important for us to begin working on to achieve our vision. Within these three categories, there were three activities selected as most impactful toward achieving our strategic priorities.

The strategic priorities and activities are summarized on the following page.
